referred to incidentally by the Hon'ble Babu Ambika Charan Mazumdar and with greater emphasis by the Hon'ble Babu Jogendra Nath Mukerjee and the Hon'ble Mr. Syed Shurfuddin. I may remind Hon'ble Members that the Subordinate Judicial Service was reorganized in respect of its grading so recently as the year 1902, and that additions to the staff of Subordinate Judges and Munsifs, both temporary and permanent, have from time to time been made as necessity arose, at the instance of the High Court. It has not always been possible for the Government to meet every requisition for an increase in the staff with an easy affirmative, but proposals made by the High Court have always been carefully, respectfully and sympathetically examined and what could be done has been done. I do not quite follow the Hon'ble Babu Ambika Charan Mazumdar when he speaks of the 'promised increase of Munsifs.' I do not think any promise was held out last year. In view of the concessions made in 1902, at an annual cost of about one lakh of rupees, it has been considered that the time is not ripe to approach the Government of India in regard to the pay to which Munsifs in the different grades are entitled, but as I intimated in answer to a question which was put at the last meeting of this Council the Government has under its consideration certain proposals for improving the conditions of service as regards the rules, regulating leave and pension. Enough has been said to show that the interests of the Subordinate Judicial Service have not been forgotten. I cannot admit that the body of Munsifs are dejected, or that if there is any feeling of dejection among individuals the feeling is justified. I may add that a Munsif who shows ability and capacity in the discharge of his duties has now the prospect not only of being appointed in due course a Subordinate Judge but of entering the ranks of the Provincial Civil Service and holding a district charge in a capacity to which as I conceive very important and responsible duties are attached.

"In regard to the Hon'ble Mr. Shurfuddin's suggestion that the system of trial by jury should be extended to other districts in Bihar besides Patna, I am not prepared on behalf of the Government to give any pledge. The proposal is one which would require mature consideration before it was adopted, and as at present advised the Government do not think that it would be advisable further to extend the jury system in Bihar.

"The cry that the Judicial Branch of the Civil Service to which I belong has been subordinated to the Executive Branch is in my humble opinion a factious one which has grown stale by much repetition. Till recently I was a District Judge and speaking in that capacity, I have never felt that my independence of mind and judgment was fettered or interfered with in any way. Outside the sphere of their judicial duties, Judges in India as in other countries must necessarily be very much in the same position as their fellow citizens. They can hardly claim to be above the law and the constitution. Nothing to my knowledge has been done which encroaches on the powers, privileges and immunities of judicial officers as such under the law.

"The same Hon'ble Member, and I think others, have tracked the Executive monster of their imagination into the Education Department. I should have thought that a closer connection with education and educational aims and ideals would tend to soften the harsh and rugged features of the District Officer as he has been depicted.

"Before leaving the judicial aspects of administration I should like briefly to refer to the creation during the year of the Darbhanga Judgeship, and to the provision now annually made in the Budget for residences for Munsifs (Rs. 50,000 last year and Rs. 40,000 this year). The provision of houses for the District Judges of Gaya and Darbhanga was, in the opinion of the Government, justified by the necessities of the situation in those districts. The investments as the Hon'ble Mr. Chaudhuri is aware are not unprofitable.

"The allotment in the Budget for Civil Works for the current year includes a lakh of rupees for the extension of the High Court.

"Turning to education, it is a source of gratification that the provision made in the Budget for Educational purposes has been so well received. The generosity of the provision cannot be denied. The revised estimates show an expenditure of Rs. 31,17,000 from Provincial revenues and Rs. 12,20,000 from District Funds, or a total of Rs. 43,37,000 on Education in the past year. The Budget for the current year is 53 lakhs, including 12 lakhs, from

District Boards, but not including the special grant of Rs. 6,35,000 for the construction of a Model and Engineering College at Ranchi.

"Exception has been taken to the reduction which the figures seem to show in the amount allotted for grants-in-aid. But in point of fact there is no reduction. The provision of Rs. 8,20,000 made in the Budget for 1905-06 was for undivided Bengal. The sanctioned estimate for Bengal proper was Rs. 7,27,548. The revised estimate appears to include expenditure which has been met from other sources, including a grant of Rs. 30,000 from Imperial funds for Colleges. The budget provision for the current year may be taken to represent the normal provision under this head (seven lakhs) together with a grant from Imperial Funds for Colleges amounting to Rs. 80,000.

"There is also some misapprehension as to the savings effected last year in respect of funds marked for Education. The figures appear to show, as one Hon'ble Member has said, that the savings aggregate 9½ lakhs. But the figures are misleading, for the reason that a considerable portion of the ten lakhs grant for primary education has been expended through the medium of the District Boards on grants for primary school buildings. For account purposes this expenditure has not been shown as provincial but as local.

"The reduction in the corresponding grant for the current year, as shown in the budget (from ten lakhs to Rs. 2,97,000) is again only apparent. A new settlement has been made with the Government of India. A portion of the original grant (Rs. 3,33,000) has been transferred to the new Province. As to the balance, that has been included in the total assignment for education under the new settlement. The grant in other words has been incorporated in the settlement.

"As to the expenditure of these grants or a portion of them on school buildings, I think that the Hon'ble Mr. Chaudhuri has failed to appreciate the many advantages, moral and physical, social and sanitary, which substantial and well-ventilated schools are likely to confer.

"It is a pleasure to find that the scheme for establishing a Weaving School at Serampore for the furtherance of technical education has been welcomed with a chorus of approval The Government of India have agreed subject to the consent of the Secretary of State to bear the recurring charges for this institution amounting roughly to Rs. 35,000 per annum, and the Local Government has been able to provide the lakh of rupees required for non-recurring expenditure. The Government originally contemplated that the money required for the latter purpose should be raised by public subscriptions, but endeavours to obtain funds in this way proved infructuous. An Hon'ble Member has compared the grant from Imperial funds for the current year with the grants made from the same source to certain institutions in Bombay. But in the first place, so far as I am aware, the Bombay grants are lump sums and not recurring grants, and in the second place Hon'ble Members must bear in mind that the Weaving Institution about to be started is a new departure on experimental lines. It is hoped that it will receive sufficient support and encouragement from the public to make it a success and that it will lead to greater things. But I do not think that the Government can do more than act as a pioneer in this matter. Much remains for private liberality and I was glad to hear of the scheme foreshadowed by the Hon'ble Mr. Chaudhuri. I may refer to the fact that during the year a new scheme of Commercial Education has been introduced into the Presidency College, Calcutta.

"Important questions affecting rural and primary education will, it is anticipated, shortly come before the Government. The Hon'ble Mr. Shurfuddin may rest assured that the report of the Committee of which he was a Member has not been lost sight of.

"The Hon'ble Babu Jogendra Nath Mukherjee has drawn attention to the large grants for College education, general and technical. The grants include one lakh for the Patna College scheme and Rs. 75,000 for establishing a Training College at Bhagalpur. In connection with his general remarks, while I sympathise with them so far as I can follow their drift, I can only say that I think it will be for the people of this country to use the educational facilities placed at their disposal to the best advantage. The spirit of self-help and the capacity of combining for commercial purposes are products of time and it is

unwise to attempt to force the pace too much. The question is one of moral and material progress.

"I agree so far with the Hon'ble Mr. Shurfuddin that education is, if not the most important, at any rate one of the most important functions of a modern Government, following close behind such functions as the defence of the country from external enemies and the maintenance of law and order within its borders, so that life and property shall be secure. But it is well not to lose sight of the prime necessity for that security. We are all of us so much accustomed to peace and order that they are sometimes taken for granted.

"I think that much has been done in the cause of education since the British came to the country. Large schemes like free primary education which come easily from the lips, are at present impracticable. They cannot be introduced without increasing taxation to an extent for which the country in the present stage of its industrial growth would not be prepared.

"As regards the agency by which education is conducted, I think the Hon'ble Babu Bhupendra Nath Basu could hardly deny the necessity under existing conditions for a European staff, and that being so, as a question of business, you must arrange for terms which Europeans will accept. After all their number is not large, and after all education in this country has been nursed and fostered into vitality by Europeans. The question of the Sanskrit chair in the Presidency College with which I dealt in answer to a question, has been referred to again, and I understand dissatisfaction has been expressed at the possibility of a scholar coming out from Europe. But I thought I heard something said about the Republic of Letters, and the cosmopolite character of the scholars profession.

"The interests of the Provincial and Subordinate Educational Services have not been forgotten. The scheme for improving those services has been sanctioned by His Majesty's Secretary of State and will involve an additional annual cost of about two lakhs of rupees. This Government is now in correspondence with the Government of Eastern Bengal and Assam in reference to certain details. It is hoped that it will be found possible to introduce the scheme at an early date. The question of the date from which the scheme should take effect, is under consideration. While on the subject of establishment, I may mention that proposals to strengthen the inspecting staff, superior and subordinate, are being considered, and that Sub-inspectors of Schools have been transferred from the control of District Boards to the Education Department.

"A proposal to restore the value of senior and junior scholarships to the amounts at which they previously stood, was last considered in 1904. The proposal was vetoed for want of funds but the matter will no doubt receive the attention of the Director of Public Instruction, though on the materials before me I can make no promise on behalf of the Government.

"Attention has been paid during the year to the condition of Students' hostels and messes and a new plan is being tried in Calcutta. A number of houses have been hired and placed under the supervision of an Inspector of Messes. The Government is doing what it can to encourage the growth of the residential or hostel system.

"As to the Oriental Library at Bankipore, a grant for the cost of printing the first volume of the catalogues of Arabic and Persian manuscripts, estimated at Rs. 2,500, has been met from the educational budget for last year. Scholarships have also been given to the Muhamadan scholars who are engaged in compiling the catalogue.

"I have nothing more to say except that I hope that as much progress will be made in the year just opened, as in the year which has just closed."

The Hon'ble Mr. INGLIS said:—"Your Honour—I wish to offer only a few remarks on some of the questions and arguments which have been brought forward in this debate relating to the departments which I have the honour to represent.

"The Hon'ble Babu Jogendra Nath Mukerjee has put to us the question whether, *if* irrigation brings certain evils in its train and *if* the Railways and raised roads all over the country restrict the waterways and interfere with

the drainage, is it not the plain duty of Government to work out a scheme which will remedy these evils. Well, Sir, here of course everything hinges on that little word "if." With respect to irrigation, in my opinion it is undoubtedly the case that where, as on the Sone Canals, rice has taken the place of other crops requiring less water or not requiring irrigation at all, there is some increase in sickness which we call in a general way malarial fever. This may be due to a rise in the level of the sub-soil water or to other causes, but whatever the cause I believe it to be a fact that you cannot have a purely artificial cultivation of rice on a large scale without some bad effect on health. This question has been fully dealt with in Italy, where canal irrigation has been practised for centuries. Legislation restricting rice cultivation goes back to 1575, when it was altogether prohibited within certain distances of inhabited places. There has been much further legislation, an account of which is given in Colonel Baird Smith's work on Italian Irrigation. It seems hopeless to find any hard-and-fast solution. Colonel Baird Smith wrote:—"The agricultural proprietors are in direct opposition to the Government. Means are invariably found first to evade all the rules the latter may issue and in the end to compel the regulating authority to recognise such evasions by sanctioning what it has proved incompetent to prevent. The cultivators of rice have, with every new law, secured the occupation, as it were, of a new province; and the whole history of the progress of the sanitary legislation of irrigation in Northern Italy has been a record of successful encroachment on one side and vain efforts at repression on the other." As far as I can judge, if we were to try to restrict by law the extent of artificial rice cultivation in Bihar, our experience would be much that of Italy. The cultivation is valuable and certain, and the desire for gain, which we all share, is stronger than the desire for health when coupled with want. In Orissa, where there has been no material change in the nature of the cultivation, irrigation does not appear to have had any bad effect on health. The matter of percolation from the canals is one which has received attention, but which perhaps deserves more, and it may be practicable by a system of open drains to reduce the water-logging, of which there is in places a certain danger. I do not mean to say that I think that the irrigated tract on the Sone Canals is particularly unhealthy, but it is right that we should keep in mind the dangers to health which must attend an artificial wet cultivation. On the other hand, the canals give a good supply of drinking water, and by some this is held to be of more importance than drainage in combating malaria. Turning to the question of railway and road banks, I here challenge the "if" by a direct negative. I say that there is no general interference with the drainage by roads or railways. I do not say that there may not be in some cases local interference. Where there is, it is not a difficult matter to put right if specific facts are brought forward; but a sweeping indictment that the works of irrigation and railways constructed by the State divert and interfere with the natural drainage of the country and the outflow of its waters generally, can only be met by contradiction and does little to help to do what we all desire, which is to put right such isolated cases as there may be of interference with drainage.

The Hon'ble Member is pleased to describe the Magra Hât drainage scheme as a comparatively small project. Well, Sir, as it provides for the drainage of 290 square miles of country and will cost about 20 lakhs, I cannot, while welcoming this large-minded view of local works and local responsibilities, but wonder what sort of drainage scheme would satisfy the Hon'ble Member on the score of extent and cost.

The Honourable Mr. Chaudhuri has said that in last year's debate on the financial statement, I advocated a policy of inaction in dealing with the Rivers of Bengal. He expresses his astonishment, but he is however good enough to say that, as I no doubt said what I did in a moment of temporary aberration, he will not deal too severely with me. Well, Sir, this is very kind of the Honourable Member, and I am much obliged to him, but at the same time I am afraid I must state that I adhere to the views I expressed last year, which were not formed in a moment of indiscretion or aberration, but deliberately and after much consideration. With your permission, Sir, I will repeat the brief remarks I made on this subject last year. I said: "the Honourable Mr. Chaudhuri has drawn attention to the necessity for works of sanitary drainage. He has particularly

drawn attention to the necessity for removing shoals at the heads of dead or dying rivers, so as to cause the flow from the parent stream to again enter on them. I think, Sir, we are all agreed that this is an ideal to be desired. I am, however, afraid that in the vast majority of cases it must remain an ideal. In dealing with rivers, such as the Ganges and the Brahmaputra, we are dealing with forces of nature on a vast scale. The beds and banks of these rivers are of an extremely changeable nature. It is almost impossible, except at an enormous outlay, to hold permanently any fixed position. If, owing to the action of natural forces which are beyond our control, a parent river chokes up the head of one of its branches and opens out another in a different part of the country, we may endeavour to remove the shoal at the head, but we have, I think, no guarantee that we shall be able to prevent that shoal reforming almost at once."

"Now this deals only with one phase of the treatment of the rivers, viz., with attempts to alter the course of nature. Speaking very generally, the position, as I conceive it, is much as follows: The Ganges having done a certain work in the formation of that part of its delta in which Calcutta is situated, by means of the Bhagirathi or other similar channels, moved further east, and in conjunction with the Brahmaputra is now performing a similar work in the direction of Chittagong. The consequence is that the original outlet channels from the Ganges to the sea situated to the west of the Gorai have more or less closed up and only now carry water in the flood season. In the course of time, when sufficient work has been done in the formation of land at the east of the delta, outlet channels in the west will doubtless again open. What I said last year and what I say now is that, if we try to alter the course of nature, we have very little idea what the result of our operations may be. Take the case of the Bhagirathi. It is of course quite possible to excavate a channel in its bed by means of large and expensive dredging plant. But what will be the result? Will this channel remain as we make it? Will it at once close up again and leave us to reopen it every year, or will nature accept our lead and, taking matters out of our hands, enlarge the channel we have started to an extent we never contemplated? Such things have, I believe, happened in other places. If it does and if the accumulated sand in the bed of the Bhagirathi comes into the Hooghly and into the Port of Calcutta, and if the Bhagirathi brings down more water than that the Hooghly at Calcutta can carry, I ask what will then happen? I think it is only a very bold or a very rash person who will venture on any prediction. I therefore say that great caution is necessary in attempting such a scheme. It is fairly safe to assume that, when problems, such as the relief from devastation by flood of the country between the Damoodar and the Roopnarain, and such as the reopening of the Bhagirathi, which have been considered time after time for many years, remain unsolved, it is because they are very difficult if not incapable of satisfactory solution. I do not say, and I never have said, that we should do nothing, but I do say that before we start operations we require to know with some precision what it is we hope to effect. I am not usually by any means a pessimist, but I think that the question of the improvement of our natural waterways is more difficult than is generally assumed. It is a common place to talk of the magnificent waterways of Bengal, but this always seems to me to be the language of exaggeration. The Ganges is a river with numerous shoals with a moving bed and with unstable banks, and for nearly the whole of its course without a stone or pebble to build with. Still there is doubtless much that can be done if money is spent. The canal from the Bidyadharee to the Hooghly must, I think, come Here we know exactly what we want to do, and it is a mere question of £ *s.* *d.* Again it is comparatively simple to dredge through the shoals of the low water channel of the main Ganges, and we may have a moderate hope of being able to maintain a channel in the dry season for inland vessels either in the Bhagirathi or the Jellinghee. Such measures will be useful for navigation. I do not think that they can have the good effect on sanitation, which the Honourable Mr. Chaudhuri seems to expect. I speak subject to correction, but I imagine that at present there is always sufficient water in the beds of the Nadia rivers to provide a supply for drinking to the people on their banks, and the drainage of the country will not be affected in any way.

"The Honourable Mr. Nimmo urges the importance of cheap transport. I may say that on the Orissa Canals and on the Orissa Coast Canal we have, in the last few years, materially reduced the rates of toll with satisfactory results on the volume of traffic. We are just about to reduce the rates on the Nadia rivers, and I hope before long to ask the Lieutenant-Governor to sanction a reduction on the Midnapore Canal. Personally I should like to free the Nadia rivers of tolls altogether, but financial considerations require that this should be done gradually. The question whether waterways generally should be maintained at the cost of the general tax-payer instead of at the cost of that section of the community which makes direct use of them is one which is fast coming to the front. It is an Imperial question, and there will no doubt be a good fight over it. The Railway interest in India is strong and will oppose, and if the general tax-payer realizes that he is asked to pay for facilities of transport to be used by others, he will, I have no doubt, object also.

"The Honourable Mr. Nimmo has suggested that it may be desirable to have a special department for the control and improvement of the rivers. I am entirely in agreement with the suggestion. I think that there should be a special corps for this work under the Government of India. The question both in its engineering and financial aspects should be viewed from an Imperial rather than from a Provincial standpoint. It is quite impossible for the local staff employed on the ordinary duties of the Irrigation Department to give proper attention to the rivers, and our present cadre is too small to admit of our detaching officers to make the special inquiries, which are the essential preliminaries of any practical scheme. If I may add a small suggestion on my own account, it is that the river development should come under the Department of Commerce and Industry. I take it that the Department of Revenue and Agriculture is the right one to deal with irrigation, which is an adjunct to Agriculture, and that the Department of Commerce and Industry should deal with all transport problems, whether by land or water.

"The Honourable Member has referred to two matters connected with the Port of Calcutta, with respect to which I have a few words to say. The first is with reference to the Hospital Port dues. I am authorised to say that this due has been reduced, with effect from the 1st of the present month, from 9 pies per ton to 6 pies per ton, or by one-third. This will give relief to the shipping to the extent of from Rs. 45,000 to Rs. 50,000 a year, and will bring the receipts approximately into equilibrium with the expenditure.

"The other point is the desirability of a second steam Pilot cruiser. I have only to say that in the Marine Department we consider that the need for this has been fully established in order to improve the efficiency of the service. At the same time financial considerations may not permit us to order the construction of the second cruiser for a little time."

The Hon'ble MR. CARLYLE said:—"Your Honour, attention has been drawn by some Members of this Council to the savings under the head of Police, and it has been assumed that the whole of these savings come out of the provision of 12 lakhs for reforms recommended by the Police Commission. As a matter of fact, this is not the case. In the first place, nearly 3 out of the 12 lakhs properly belonged to districts transferred to the other province but were not taken away by the Government of India. A saving of just over a lakh is due to the fact that no increase of pay has yet been been sanctioned by the Secretary of State for the superior cadres consistng of District Superintendents and Assistant Superintendents of Police. A little over Rs. 75,000 could not be spent owing to increments of pay not being given so soon as was estimated in our original forecast. We proposed to recruit 226 Sub-Inspectors, but we were obliged to do so in two batches, and these batches drew only Rs. 25 against Rs. 50 in our estimate. Finally, there was an average of somewhat over 600 vacancies all the year round in the rank of constables. This gave a saving of Rs. 46,800. The savings out of the special grant were unavoidable as we did not receive sanction during the year to proposals which would have enabled us to spend the greater part of the balance. The money that was granted has not lapsed but has been added to the balance at the close of the year and will be available for police buildings or other purposes connected with the police. The Government of India

has, in addition to 9 lakhs, the allotment due to this province as now constituted exclusive of the districts transferred to the Government of Eastern Bengal and Assam, alloted this year an additional 4 lakhs, or a total of 13 lakhs. It is proposed this year to increase the cadre of constables by 1,000 at a net cost of Rs. 66,000. It is proposed to add 200 head constables to the cadre at Rs. 15 a month each. The total cost comes to Rs. 36,000. We also propose to increase the cadre of Sub-Inspectors by 100. This will cost Rs. 60,000. We propose to add 20 to the cadre of Inspectors. This will cost approxmately Rs. 36,000. The pay of sergeants has been revised, and the cost of the revision of their pay will come to a little over Rs. 7,500. All constables will get an increase of Re. 1 to their pay in first class districts, 1,941 men have already got it and the balance are to get it this year. In the Criminal Intelligence Department, Inspectors, Sub-Inspectors, head constables and constables are to receive an allowance of Rs. 50, 30, 7, and Rs. 3 respectively. The cost is Rs. 16,920. A number of officers are to receive grade promotion at a cost of Rs. 21,600. It is proposed to add 4 officers to the cadre of District Superintendents, to create a grade on Rs. 1,200, and to abolish the Rs 600 grade, making the minimum pay of the District Superintendents Rs. 700. This will cost Rs. 91,800. A grade on Rs. 500 will be created for Assistant Superintendents. This, with the re-distribution among other grades, will cost nearly Rs. 34,500.

"I am glad to be able to inform the Council that we have just received sanction from the Government of India to one of perhaps the most important recommended by the Police Commission, viz., the appointment of Deputy Superintendents of Police. We have got sanction for the immediate appointment of 8 Deputy Superintendents; 4 of these men will be recruited from the ranks of Inspectors, while 4 men will be appointed from outsiders, either from the ranks of men now in Government service as Sub-Deputy Collectors and Deputy Collectors, or from men who have as yet held no Government appointment. This will cost about Rs. 22,500.

"In Calcutta, the changes made in connection with the recommendations of the Police Commission have been as follows:—

"The minimum pay of all Indian constables has been raised from Rs. 8 to Rs. 10, and an increment of Re. 1 has been allowed to all men who have drawn salaries not exceeding Rs. 11 for three years. The minimum pay of head-constables has been raised from Rs 12 to Rs. 17-8. Inspectors and Sub-Inspectors are now given a conveyance allowance.

"Under Bengal Act VI of 1905, the Superannuation Funds have been closed and no cuttings are now made from the pay of police-officers towards their pensions.

"Some additions have been made to the Suburban thana force and to the Detective Department, and the number of European Sergeants has been largely increased. A good many new head constables are also to be appointed. An Inspector from another province has been brought into the Detective Department. This a matter of some importance in consequence of the number of foreigners in this city; and in course of time other Inspectors will be added to the Detective Department to enable us to deal more readily with criminals coming from other parts of India.

"During 1905-06, over Rs. 13,000 was added to recurring expenditure under the above heads. The increase of recurring expenditure will come this year to about Rs. 1,12,000, as the expenditure will have to be incurred for the whole year and not for a few months only.

"I desire to draw the special attention of the Council to the development during 1905-06, of the Provincial Criminal Investigation Department, the establishment of Constables' Training Schools, and the very successful results of the new system of appointing Sub-Inspectors. As regards the Criminal Investigation Department, it has been in existence in embryo for some time past, but there has been a great development during the past year. As a third Deputy Inspector-General has not yet been sanctioned, Mr. Knyvett, Deputy Inspector General of Police, was placed on special duty in connection with the Department. It has dealt with gangs which are

known to have committed 327 dacoities, 2 robberies, and 211 cases of housebreaking with theft not traced until these gangs were run down. In addition to these, it has dealt with a gang of buglars, a robbery with murder by up-country Banpars, and a very important forgery case. It is probably the most important and most successful prosecution in the case of forgery of promissory notes that has yet taken place in Bengal.

"The development of this department has been extraordinarily rapid and every day brings forward additional evidence that the limits of its activity are not likely to be reached for many years to come. We have at last met the organised efforts of criminals by organised police methods, and I hope that organised crime will now cease to make headway.

"As regards constables' schools, it is the first serious attempt that has been made to give the rank and file of the police some training in their duties before they are turned loose on the public. The results this year have been very successful and give great promise for the future. The schools turned out a well set up and well drilled body of men who appeared to know something of the work expected from them. Ultimately, it is proposed to have threee such schools, one for Bengalee speaking districts, one for Hindi speaking districts, and a third at Ranchi which will also be attended by Uriya speaking recruits.

"As regards the system of selecting Sub-Inspectors, the result so far has been completely to justify the departure from the old system. The last batch of recruits included one M.A. and B.L., 27 B.A.'s, 3 of whom were B.L.'s, 86 F.A.'s, and 108 men who have passed the Entrance examination. At the final examination only 12 cadets out of 263 failed to qualify.

"It appears to me that the results already obtained show that we may expect in future very much better educated candidates of higher social position for the appointment of Sub-Inspectors.

"As regards the Agricultural Department, the first point to notice is that the Secretary of State has sanctioned the separation of this Department from that of Land Records by the appointment of a separate Director. Mr. Oldham, who was for several months on special duty in connection with the Department, has been appointed Director since the 3rd of April.

"The expenditure during the year comes to over Rs. 4,69,000, or Rs. 20,000 more than the revised estimate. About 2 lakhs of this sum has been spent on acquiring land for the Agricultural College and Farm near Bhagalpur and for the Experimental Farms at Ranchi and Bankipore. At present, there are 4 Experimontal Farms of some importance in Bengal, viz., those at Burdwan, Hatwa, Dumraon, and Cuttack. The three former are maintained at the expense of the Burdwan, Hatwa, and Dumraon Estates respectively. The Burdwan Farm has made very successful experiments with bone meal and it is also experimenting in cotton and jute. The Hatwa Farm will devote great attention to trying to improve the local breed of cattle. In Dumraon some of the most important experiments relate to wheat. Experiments so far not very successful have also been made with cotton. This Government has given Rs. 50,000 for experiments in indigo carried on at Sirsa. These experiments appear to demonstrate the great superiority of Java indigo over all other kinds and to give prospects of the successful competition of natural indigo against the synthetic article. This Government has also given grants for jute and for silk experiments. The grant to the Silk Committee has been raised this year from Rs. 6,000 to Rs. 15,000, and over Rs. 10,000 is being spent also on tussor experiments.

"Another important departure is the despatch of students to foreign countries. The actual expenditure for the year, 1905-06 is Rs. 14,925, on account of four students. Two more students are to be sent this year and the expenditure will be considerably higher.

"Every effort will be made this year to push on the building of the Agricultural College near Bhagalpur to develop the farm in connection with the Agricultural College and to start the experimental farms at Ranchi and Bankipore. Rupees 25,000 has been allotted for assistance to agricultural associations which should at present do some of the work, later on to be done by demonstrative farms. The Secretary of State has so far only sanctioned the

appointment of three experts to the Agricultural College, but it is hoped that before the year is over, he will sanction the appointment of other experts.

"The Hon'ble Mr. Syed Shurf-ud-din refers to Mr. Baker's Financial Statement, in which he remarks:—

'The arrangement at which we desire to aim that no local cesses should be imposed on land supplemental to the land-revenue proper except such as are left by or on behalf of local authorities for expenditure by them on genuine local objects.'

"The Hon'ble Member seems to think that, on the principles thus laid down, the abolition of the chaukidari tax is shortly to be hoped for. Here I must join issue. I should be glad to see the day on which the Government of India could supplement our funds to such an extent as to permit the abolition of the chaukidari tax, but it appears to me to be strictly a local cess levied by local authorities for expenditure on genuinely local objects.

"The Hon'ble Member also asks Government to consider the advisability of introducing the provisions of a summary procedure for the recovery of rents. The Hon'ble Member is no doubt aware that the question of amending the Tenancy Act is under consideration and that the Bill to amend the Act has been submitted to the Government of India. I cannot now state the provisions of the Bill, but if it is passed, I hope it will facilitate the collection by zamindars of undisputed rents.

"As regards the separation of the Patna Division, it is proposed to form one Commissionership north of the river with its head-quarters at Muzaffarpur. The other Division will consist of the Patna, Gaya, and Shahabad districts, with its head-quarters at Bankipore.

"The Hon'ble Babu Bhupendra Nath Basu in the course of his speech has again pressed on our attention the claims of the Sub-Deputy Magistrates to higher initial pay. One of his arguments is that Inspectors of Police and Excise who prosecute criminal cases before them, sometimes draw higher pay than the Magistrates who are trying the cases. I notice that another gentleman, the Hon'ble Mr. Sharfuddin has spoken in the same strain of the unduly low pay of Munsifs as well as of Sub-Deputy Collectors. It does not appear to be generally known that so far from the scale of pay of gazetted officers of the Provincial Services and Subordinate Executive Services being extraordinarily low in this country, it is on the contrary high, as compared with most countries. This is well known, however, to all who are acquainted with the pay of Government officials in such countries as France and Italy. Unfortunately, I have only been able to get a few figures, but those that I have been able to obtain are suggestive. An Inspector-General in the office of the Ministry for Foreign Affairs in Italy gets Rs. 5,400 a year, a Director of Division of the first class gets Rs. 4,200 a year, a Director of the 2nd class gets Rs. 3,600 a year. A Secretary of the 1st class gets Rs. 2,400 a year; one of the second class, gets Rs. 2,100 a year; one of the third class, gets Rs. 1,800. A Vice-Secretary gets Rs. 1,500 a year. Now, Italy is not an expensive country to live in but it certainly cannot be contended that it is less expensive than India for an Indian. I have given in the above figures a statement for officials in the first class in the Foreign Office. In the third class, salaries go down as low as Rs. 900 a year, or Rs. 75 a month. These officials are not men who are "failed Entrance" or "failed F. A" or "failed B. A." They have mostly gone through a very long and a very severe University course and have passed a stiff examination at the end of it. The Hon'ble Babu Bhupendra Nath Basu places his appeal on the ground that higher pay is necessary to prevent corruption. I think better of the service than he does. All members of the service have now the prospect of rising to at least Rs. 250, and any who do well may expect promotion to the Provincial Service. It is only in their earliest years they draw the minimum pay of Rs. 100.

"As regards the Hon'ble Mr. Nimmo's speech, the question of River Police is still under consideration. The officer who was on special duty in this connection last year had to be recalled to work in the United Provinces before he could complete his scheme. His services have again been asked for, and I hope it will be possible soon to deal with the matter. The final report on this subject may indicate the possibility of doing something immediately in the way of dealing with traffic on the water-routes. I agree with the Hon'ble Mr. Inglis

that probably the control of waterways should be under a special, possibly an Imperial, authority.

"I am gratfied to find that the Hon'ble Member attaches such importance, to the reorganisation of the Agricultural Department. I agree with him that here we may hope, in time, for improvements of the greatest consequence to the prosperity of the province and the well being of the poorer classes.

"As regards jute, the question of adulteration is one of great importance, but also one of great complexity, and this Government is awaiting the report of the Bengal Chamber of Commerce before taking any steps in the matter.

"The Hon'ble Member also suggests that we should take action with regard to our fisheries on the same lines as those adopted in Madras. I may explain that this matter has not been lost sight of; it was at first proposed to await the result of the investigations now being carried on in Madras. As, however, it may be some years before a final report is submitted, it has been decided not to await this but to make independent inquries.

"The question of establishing an aquariam in connection with the Zoological Gardens will be considered.

"I congratulate the Hon'ble Babu Jogendra Nath Mukerjee on the moderation with which he has addressed the Council. His speech is one evidently intended for consideration by the Council and by Government, and not merely for the outside public. I have already explained the failure to spend the full police grant, and I have dealt with the question of the pay of Sub-Deputy Collectors in connection with the speech of the Hon'ble Babu Bhupendra Nath Basu.

"Turning now to the speech of the Hon'ble Raja Ban Behari Kapur, I would notice a suggestion he makes as to the disposal of undrawn sums of money, the accumulation of landlords' fees under sections 13 and 15 of the Bengal Tenancy Act. I have no doubt that after the Bengal Tenancy Act Bill has become law, it will be possible and right for the Board of Revenue to issue a notice to landlords requiring them to withdraw the deposits within a certain time, but Government cannot at present bind itself as to the disposal of the money which may thereafter lapse to its possession.

As regards the Hon'ble Members suggestion that the number of Government khas mahals be increased by a larger area being brought under cultivation in the Sundarbans and in other districts, money at present is being allotted for this purpose, but the whole matter will have to be very carefully considered. Progress must, in the first instance, be slow, as a great many very difficult questions will arise in connection with this settlement. One, not the least serious, is the question of the effect of bunding up reclaimed lands on the course of rivers flowing past them.

"As regards his remarks on the failure of crops, they have not, on the whole, been very satisfactory, but there has been no such failure as to warrant any expectation that there will be any necessity for other districts to provide for distress from local funds. The situation will, of course, be carefully watched, but at present, I see no reason for alarm.

"With regard to the speech of the Hon'ble Asif Kadr Saiyid Wasif Ali Mirza, the only point I need notice is his reference to the chaukidari tax. I have dealt with this before. I would only remark here that the reduction of the tax cannot be effected by Government very easily. The pay of chaukidars for the province come to about Rs. 50,00,000 a year.

"The Hon'ble Mr. J. Chaudhuri objects to Government paying for the housing of its officials. His criticisms are to a certain extent based on imperfect information as to the scheme before Government. It is only proposed to build residences for officials who live permanently in Calcutta, and officials drawing over a certain pay, such as myself, are not included in the scheme. I believe that there can be no more legitimate way of spending money than in ensuring that its officials are properly housed at reasonable rates. Government has to pay heavily for its officers, and it is very expensive economy if they are unable to live in healthy houses. At present Calcutta rates, this is impossible for any except men on high pay.

"As regards the division of Midnapore, the project is one which I consider to be of great urgency. No Collector, however good an officer, can really do there all the work that a Collector should do. The difficulty has existed for

many years, and, with the growing complexity of Administration in Bengal, it is getting more and more impossible for one officer to manage the whole district.

"With reference to the Hon'ble Member's remarks regarding Police Reform, I have no intention of following him into the question of the separation of the Judicial and the Executive; this is not the time and place; I have merely to say this, that even if the separation were to be effected, I do not think a pice could or ought to be saved from the expenditure it is now proposed to incur on the police. We want better constables, we want better head-constables, we want better Sub-Inspectors, and we want more men for the ever-growing task of coping with the improved methods of criminal organisation which have come in with our railways.

"The Hon'ble Babu Ambika Charan Mazumdar has entered into a long criticism of the budget. His remarks would be interesting, and might be valuable if he had grasped the figures he was dealing with. I do not propose to discuss these criticisms, as they mainly concern my Hon'ble colleague, the Financial Secretary. I will only deal with one point which does concern me as the Revenue Secretary dealing with the administration of the Land-revenue of this Province. The Hon'ble Member tells us that, in land-revenue, there is an increase in the estimate of 53 lakhs, and this he describes as an over-estimate. I think it is a pity that, before offering such remarks to the Council, the Hon'ble Member did not seek for some assistance in the elementary principles of reading a budget. Apparently, he has overlooked the fact that, except where figures are expressly shown as pertaining to Eastern Bengal, the figures in Appendix A include only the figures of the districts belonging to this Province. The gross land-revenue has thus risen only from Rs. 2,87,82,000 in 1904-05 to Rs. 2,93,61,000 in 1906-07, an increase of less than Rs. 6,00,000. It is quite true that the share of the districts constituting this Province has increased from Rs. 1,23,10,000 to Rs. 1,70,51,000, but this is due to the fact that the whole of the collections from Government estates have now been made Provincial, and that, of the remainder, this Province gets a half instead of a quarter as before the new settlement.

"Another extraordinary misconception on the part of the Hon'ble Babu Ambika Charan Mazumdar is the idea that high Budget estimates involve an increased demand upon those entrusted with the levying and collecting of revenues in districts. Most District Officers, and, I think, 99 per cent. of Deputy Collectors, never even look at the Budget and if they did so, would gain no knowledge from it as to their own districts, as the Budget figures show estimates for the whole province, not district by district. All that the District Officer or Deputy Collector has as a rule in his hands is the average of three years' actual receipts and expenditure under various heads. This he submits at intervals to the Accountant-General, with an estimate of probable receipts and expenditure, but it has nothing to do with the Budget.

"I sympathise with the Hon'ble Member in his disappointment at the failure to spend the full sums for various repairs allotted. As regards the Police, I explained the failure to spend the 7 lakhs when dealing with that department. As regards Deputy Collectors, our proposals for an increase of the cadre went up to the Government of India sometime ago and have now been sent to the Secretary of State so that we may expect early orders.

"As regards agricultural improvements, the Hon'ble Babu Ambika Charan Mazumdar has shown his usual inability to understand the Budget. I have dealt before with the work of the Agricultural Department. All I would notice here is that, under the head of Scientific and Mining Departments, the Hon'ble Member will find that 4 lakhs has been provided for experimental cultivation.

"The Hon'ble Member refers to a circular, generally known by my name, which he alleges takes away the independence of Judges, and subordinates the Judicial to the Executive Officers. I doubt whether the Hon'ble Member has read it from the terms in which he describes it. If he will again read it through, he will see that there is no subordination of the Judicial to the Executive as regards judicial work and the circular only lays down that the senior officer of a division is where such difficulties occur to try to settle matters

which must otherwise be brought to the notice of the Lieutenant-Governor of the Province.

"The last suggestion of the Hon'ble Babu Ambika Charan Mazumdar which I will notice is the reduction of a Secretary in the Bengal Secretariat. He suggests that the Revenue Department should be amalgamated with the Board of Revenue or the Board of Revenue with the Secretariat—I am not quite sure which—and a saving effected in the interest of economy. It is impossible at present to tell exactly the effect of the Partition in diminishing work. Besides diminution of work owing to the Partition new methods of work have also been introduced by which a great deal of the former duplication of work between the Board of Revenue and the Secretariat is avoided. On the other hand, there are great developments in various directions. The Agricultural Department will soon add much to the work, Agricultural Banks will, I hope, develop rapidly, the Settlement Department is now doing some of the work formerly done by the Survey Department, and last, but not least, proposals for legislation regarding the continuous maintenance of records in Orissa will shortly be submitted for consideration by the Government of India. All these items, and especially the last, will add greatly to revenue work. I think it is quite possible that it may prove ultimately unnecessary to have three Secretaries, viz., one in the Revenue Department of this Government and two in the Board of Revenue, but the amalgamation, when it takes place, cannot, I think, take the direction of abolishing a Secretary to the Revenue Department. The possibility, however, of reducing establishment in this connection will not be lost sight of.

"YOUR HONOUR—Some of the Hon'ble Members who have addressed the Council to-day have travelled considerably outside the Budget. Government has no ground to object to this as the Budget Debate is the one great opportunity for non-official Members of the Council to state grievances and to make suggestions. Whether some of the Members of this Council have not travelled somewhat beyond the legitimate bounds of discussion to-day is not for me to say.

"I do not propose to follow the Hon'ble gentlemen who have spoken at some length about the Partition. I believe that the Partition was desirable and that in the end both provinces will gain from it. The Hon'ble Members who are so strongly against the Partition are of a different opinion, and we would not come to an agreement, however long we discussed the matter. There are, however, some points in their peeches which should not, I think, be left uunoticed. The Hon'ble Babu Bhupendra Nath Basu and the Hon'ble Mr. J. Chaudhuri have suggested that the Government of this Province proposes to submit the education of this country to police control. We are told that a circular lately issued by the Director of Public Instruction places the control of the education of the country practically in the hands of the District Magistrate. We are told by the Hon'ble Babu Bhupendra Nath Basu that so closely is the District Magistrate connected with the Police that he is looked upon with the same loathing, he also suggests that the District Magistrate will rely on the District Superintendent, that the District Superintendent will rely on the daroga—the Hon'ble Member does not complete the chain, but I presume he wishes to suggest that the village chaukidar will be the foundation of our authority over the schools, and that the result will be that people will remove their children from all State or aided schools, and that the education of their children in the primary stages at least will be entirely in their own hands. Your Honour, I do not share the apprehensions of the Hon'ble Babu Bhupendra Nath Basu. I can scarcely believe he has read the circular he refers to. I have for many years been a District Magistrate and it was not my experience that people looked upon me as merely a glorified police-officer, who, if approached at all, was merely to be approached with a view to propitiation. It is absurd to contend that there are no matters in connection with school education in which District Magistrates cannot be of help.

"As I am dealing with this matter, I will go on to touch on the statement of the Hon'ble Mr. Chaudhuri that there has been altogether too much meddling of the Police with boys. Gentlemen who, I suppose, consider themselves patriots, have made cowardly and mischievous use of school-boys and raw

young men by using them as their agency to prevent by illegal means harmless citizens from buying what they please. These mischievous agitators have done the talking, the action which might embroil them with the law, they have left to young men of tender years or even to school-boys, encouraged in too many cases by their teachers who should have been the last to permit lawlessness among the boys entrusted to their care. So far is it from being the case that Government has dealt hardly with these youthful culprits, it was only when reports from many districts showed the wide extent of the mischief that was occurring and the harassment and oppression to innocent purchasers that Government took any action, and I would challenge the Hon'ble gentlemen to point to any other country where action when taken, would have been so mild and unoppressive. The total number of persons so far sentenced to imprisonment in cases arising out of the Partition agitation comes to exactly two, and the sentences of imprisonment were one day and one month respectively.

"I cannot also leave unnoticed the remarks made by the Hon'ble Babu Bhupendra Nath Basu regarding the closing of the College Square to the public on the occasion of the visit of His Royal Highness the Prince of Wales to the Senate House. Any person not present on the occasion would imagine from the Hon'ble Member's remarks that not only College Square but all the streets leading to it were the silent and desolate aspect of an African desert. Members of the Council know how far this is from being the truth. The streets were crowded and Government desired that the streets should be crowded. Police were posted in the streets, but is there any country in the world where it is unnecessary to post police on the occasion of an enormous congress of people? As regards College Square, surely the Hon'ble Babu Bhupendra Nath Basu knows that it was with the greatest reluctance that it was closed to the public, and that the decision to close it has finally arrived at because an influential and prominent instigator of the more objectionable features of the boycotting movement had suggested that the place should be filled with a crowd of school-boys and young men shouting *Bande Mataram*. Government was not entitled to expose His Royal Highness to the risk of insult by a crowd of callow youths collected and posted in College Square under such guidance.

"And now leaving aside questions connected with the Partition and the agitation, it is the duty of all Government officers to do what they can to promote a healthier state of feeling in future, and I would ask the Indian Members of this Council who have attacked the Partition with so much bitterness to ask themselves whether the three appointments lately gazetted affecting the Bench, the Bar, and the University indicate a hostile or unsympathetic position towards the educated Indians on the part of the rulers of this province or of the Government of India. Does any one doubt in his heart of hearts that true *Swadeshi* has a warm friend in the Provincial and Imperial Governments? For one I look forward with great hope to the future. As regards industries, hand-looms may prove a success, I somewhat doubt it, but there appears to me to be the promise, in a few years, of a great development of the mineral resources and, therefore, of the at present latent wealth of Bengal. I also trust that, before many years are over, the Agricultural Department will have become one of the most important in this country and will have contributed in large measure to the well-being of the population whose interests should be and, I believe, are close to the hearts of all the Members of this Council even if we do not always agree as to the best means of securing their happiness."

The Hon'ble MR. SLACKE said:—"I will now, Sir, make some comments with regard to certain remarks that have been made regarding excise, income-tax and ministerial officers.

"The Hon'ble Babu Jagendra Nath Mukherjee maintains that as regards Excise, Government should not raise from that source any revenue which has the result of directly or indirectly encouraging the consumption of stimulants.

"This, so far as I understand the matter, is one of the principles by which Government has for long been guided.

"From the experience I have had of the Excise Department, I cannot see justification for assuming, as the Hon'ble Member appears to be inclined

to do, that the increase in the Excise-revenue arises from action stimulating the consumption of intoxicants.

"The main causes for the increase in the revenue are the greater prosperity of the wage-earning portion of the community, the more effective control of the liquor trade under the contract system and the increase in the duty levied on *ganja*.

"The Hon'ble Babu Ambika Charan Mazumdar has, when commenting on excise, remarked that an excess provision of nearly 3 lakhs over the estimate of the last Budget for undivided Bengal has been provided, and he complains about the overassessment of the excise-revenue.

"As regards the first of these two matters, the Hon'ble Member appears to have overlooked the fact that in 1905-06 but seven-sixteenths was the Provincial share instead of eight-sixteenths as in the current year. Had the Provincial share been in 1905-06 what it is now, the sanctioned estimate under Excise then would have been nearly eleven lakhs higher than it was and the estimate for the present year instead of being nearly 3 lakhs higher than that for the whole Province for 1905-06, would have been slightly over 8 lakhs less.

"As to what the Hon'ble Member has said about the overassessment of the excise-revenue, it appears to me that he has not made allowance for the fact that it is not compulsory on licensees to take out licenses, and consequently there can be no question of overassessment injurious to the real interest of the public.

"In so far as the comments of the Hon'ble Member refer to the estimates being excessive, I would mention that the results of the excise settlements just concluded give no support to that view.

"The same Hon'ble Member has asked to be informed how the contract distillery system, which was introduced last year, has worked and how far it has proved to be an improvement upon the central distillery system.

"The contract distillery system has worked well save in what was the out-still area of the Midnapore district, where much illicit manufacture of *pachwa* has been going on since the illicit liquor supplied is not so much appreciated by the people as that which they formerly obtained and which was the product of the native pot still. The people like the system as they know exactly what they are entitled to get, but the bulk of the consumers prefer the old kind of spirit.

"As to how far the system has proved to be an improvement upon the central distillery system, the following are the facts which have been noticed. As already mentioned, the people like the system better than what formerly prevailed. The system enables Government to regulate the quality of the liquor supplied, and by cheapening the initial cost of production it affords Government a means for levying a higher rate of duty, as the wholesale price is fixed, and thereby diverting to the public revenues what previously had been intercepted by middlemen.

"I cannot agree with the Hon'ble Mr. Shurfuddin that amongst the Excise staff any general laxity of the rules laid down by the Board prevails. As to the settlements being effected without regard to the provision that revenue is always to be subject to public welfare, it may be that in the past some Deputy Collectors had been overzealous, but this is not likely to occur in the future since Collectors now personally conduct such settlements.

"The Hon'ble Babu Jogendra Nath Mookerjee in connection with the Income-tax appears to consider that the framers of the Budget should ignore the growth of trade, lest overzealous officers should be induced to overlook the real facts in their anxiety to increase the revenue up to the expectations of Government.

"The principle thus advocated is not one which could commend itself, I imagine, to any Government, the solution being found in the checks imposed on assessing officers. This is a matter which the Board has always in view; and apart from the safeguard provided by the system of appeals, District Officers have been required to submit certain statistics with their periodical reports to enable the Board to keep a check on the inclusion of those who were in the exempted grades.

"The suggestion of the Hon'ble Mr. Sharifuddin that in assessing the professions a margin for cost of establishment should be allowed will be considered, and I would be glad if the Hon'ble Member would give me his views on this matter more fully.

"I would now, Sir, refer to the remarks made by the Hon'ble Babu Ambika Charan Mazumdar with reference to the salaries of Ministerial officers. The Hon'ble Member complains that the subject yet suffers from indefinite postponement, and that the provision made in the Budget for the purpose has dwindled from 4 lakhs to Rs. 1,50,000. Both these assertions are not in accord with the facts. The Hon'ble Member has either forgotten or is in ignorance of the fact that last year His Honour appointed a Committee to deal with the matter. That Committee, of which I am the President, hopes to submit its report very shortly, and it will indicate how the sum provided by Government should be distributed.

"Pending the issue of orders on this report and in order to lessen the inconvenience which the Ministerial staff were experiecing, His Honour was pleased in November last to sanction certain temporary increases of pay which will, it is estimated, amount to 1½ lakhs for the past year.

"I was much astonished to hear the Hon'ble Member assert that the sum provided for the purpose in the current Budget has dwindled to Rs. 1,50,000, as I verbally, before the business of this council began, pointed out to him the error into which he had fallen. The Hon'ble Member has omitted to notice that for this purpose a sum of Rs. 2,30 000 has been provided under Land-revenue and Rs. 2,17,000 under Courts of Law, so that in all, Rs. 4,67,000 have been allotted in the Budget for 1906-07 for increasing the salaries of ministerial officers, and I am at a loss to understnd the system of arithmetic by which this amount can be called 1½ lakhs."

The Hon'ble MR. SHIRRIES said:—"YOUR HONOUR—I must give my sincere thanks to the Members of the Council for the courteous manner in which they have referred to whatever personal share I had in the preparation of the Financial Statement and the Budget which we are now discussing. The best return I can make is to endeavour to clear away the difficulties which some of the Hon'ble Members have experienced in understanding our financial position. That position is, as I pointed out when laying the Budget on the table, an unusual one, and it is not surprising that misconceptions have arisen; while on the other hand the very fact that the position was unusual made it difficult for me to foresee the points on which explanation would be required.

"The most strenuous financial criticism of the Budget has come from the Hon'ble Babu Ambika Charan Mazumdar. He has, however, misconceived the nature of the new financial settlement which is the basis of the Budget before us. That settlement was not made by dividing between Bengal and Eastern Bengal, the revenue previously common to both. It might have been, but was not, so made. What the Government of India did was to make an entirely fresh estimate of the necessary expenditure of the districts retained under the Lieutenant-Governor of Bengal; and they then made over revenues equal to that expenditure. As the calculation was made in a liberal spirit and as a larger share of expanding revenue was given to us the new settlement is, as I stated in my opening speech, much more favourable to us than the old one, and it has not, therefore, been a source of financial embarrassment to this Government. Moreover, there has been no adjustment between Bengal and East Bengal, of the financial liabilities of the two Provinces: and, therefore, no attempt has been made in the Financial statement to explain any such adjustment.

"The Hon'ble Member next proceeds to compare our present revenue and expenditure with the revenue and expenditure which we had before the separation of East Bengal, and is astonished at the result. The figures he gives are correctly quoted and perhaps his astonishment at our finances being so little affected is excusable. The explanation is that the new settlement is a very liberal one, that the year has been a prosperous one, so that there has been a considerable expansion of revenue, and that the revenue from, and the expenditure on, East Bengal have hitherto been both comparatively small. Under the new settlement we get one-half instead of one-fourth

of land-revenue, and this change accounts for the increase under that head So we now get one-half instead of one-fourth of assessed taxes. The explanation of the conundrum about the Excise-revenue which has puzzled the Hon'ble Member is that the Excise-revenue of East Bengal was not one-third, but rather less than one-sixth of the Excise revenue of the undivided Province.

"The hon'ble gentleman professes himself unable to understand why there should be any normal expansion of revenue, and repeatedly refers to what he calls over-assessments. He says that an over-estimate of its revenues by Government necessarily implies an increased demand upon those who are entrusted with the levying and collection of such revenues, and that experience has shown that such over-estimates have invariably been followed by over-assessments. These statements imply a grave reflection upon the Government and its officers, but I need scarcely say that there is no foundation for them whatsoever. In legal language they have been made without due care and caution. The Hon'ble Member cites the expansion of the Excise-revenue, but a little knowledge of the actual working of the administration would have shown him that there is no opening for such malign influence as he imagines. The revenue is derived partly from license fees and partly from duty such as still-head duty, or *ganja* duty, which is exactly proportionate to the consumption. The license fees, however, are fixed by auction in the months of February and March before the estimates of the following year are known to the local officers, and it is not in the power of those officers to affect the remainder of the revenue which is in exact proportion to consumption.

"The Hon'ble Babu Jogendra Nath Mukerjee has made a similar allegation with special reference to assessed taxes. He is equally mistaken. The local officers in the ordinary course of their work never consider and do not even know what the Government estimates for their district are. The first consolidated estimate under any head for the whole Province is repeatedly altered before the close of the year in the light of later information, and the figure finally adopted may be much greater or less than the original. But no attempt is made to split up the total finally adopted into figures for each district, and the local officers do not know whether the estimates sent in by them have been accepted or enhanced or reduced. If they use a standard at all to know how their work is getting on, they compare their work with that which they themselves did in the previous year. As a matter of fact, the estimates being cautiously framed are usually considerably less than the receipts, so that if Government officers were influenced by the budget estimates at all, the influence would be in the direction of making them keep down rather than of making them enhance the receipts.

"I now come to deal with the ever-recurring question of water-supply. During the last ten years the matter has been so frequently inquired into and has been so frequently reported on, that no reasonable doubt exists as to what the actual facts are. Throughout nearly the whole of the Province there is a fairly good supply of good drinking water: although no doubt in most places the supply is capable of improvement. In most of the remaining areas there is a supply of water, but it is not good water. There is no doubt also that the remedy chiefly required is the reservation for the purpose of drinking only of selected sources of water-supply. New tanks or wells are rarely necessary and not much expenditure is called for. These being the facts the question is whose duty is it to take action in the matter? The Government has done its part by issuing innumerable circulars on the subject, by offering to contribute towards any expenditure and by placing resources at the disposal of District Boards. The District Boards, however, do not appear to regard the matter as one of urgency and importance and are not keenly interested in it. In these circumstances it seems to me that the Hon'ble Members who wish to agitate on this subject should do so not in this Chamber, but in the villages concerned and in the District Boards with whom the power lies That, however, is not their opinion. They wish that Government should take a big stick and should go and make those District Boards spend their money on water-supply. Now I would ask the Hon'ble gentlemen themselves, is not their idea of Local Self-Government a very strange one?

"The case of malaria stands on a different footing, for in regard to it there can be no doubt of the reality and magnitude of the evil. The subject is one that has always engaged the attention of Government. A Commission was appointed to inquire into it in 1864, and another in 1881. A third Commission under the presidency of Sir Henry Cotton, inquired into the prevalence of malaria in Shahabad in 1888; and inquiries have also been made by special officers, the most recent being by Major Rogers in Dinajpur. Nor is it fair to say that the sole amount provided in the Budget is the special sum of Rs. 20,000. The whole medical department is maintained for the purpose of combating disease, and malaria is the principal disease to be combated. Moreover, large sums have been and are being spent in the improvement of drainage. Account should also be taken of the expenditure in the quinine factory, the output of which is being largely increased in order to carry out schemes for the wider distribution of quinine.

"The law under which schemes for the Sanitary improvement of drainage have at present to be carried out is the Bengal Sanitary Drainage Act, 1895, but it is impossible to be satisfied with the slow progress of the schemes which have been undertaken under that Act. The matter has been under the consideration of the Lieutenant-Governor who consulted Commissioners of Divisions regarding it. His Honour has now appointed a Committee to further consider the subject with special reference to drainage schemes for the Presidency Division. His Honour's Resolution on the subject was published in a recent issue of the Calcutta Gazette, and has no doubt been seen by Hon'ble Members.

"The Hon'ble Raja Ban Behari Kapur has referred at some length to the proposal for a paying patients' ward for middle class Indian gentlemen at the Medical College Hospital. He suggests that the landlords' fees lying unappropriated at the different treasuries of the Province should be made available for this project. The Hon'ble Babu Ambika Churn Mazumdar at the meeting of this Council on Saturday, the 7th January, 1905, suggested that these lapsed deposits should be made over to District Boards for the purposes of water-supply. That proposal was negatived and the same objections would apply to the present one. The Lieutenant-Governor is, however, entirely in sympathy with the scheme advocated by my Hon'ble friend, and although he is not prepared to adopt the financial expedient suggested, he will find whatever additional funds are necessary for the first experimental introduction of the scheme from other provincial resources.

"In the course of his speech my honble friend Raja Ban Bihari Kapur also threw out the suggestion that Government should set aside annually, a certain sum for the digging and re-excavation of large *dighees* and tanks not only for drinking water but also as a means of irrigation. This subject was considered by the Irrigation Commission of 1901-1903, in paragraphs 147 to 149 of Part I of their report and they made certain recommendations as to the forms in which the assistance of Government could best be given. Recently, orders have been received from the Government of India accepting and adopting the recommendations in this respect made by the Irrigation Commission.

"The Hon'ble Mr. Chaudhuri refers to the locking up of money in the improvement of Dalhousie Square and in the purchase of land near the Presidency General Hospital. The money for improving Dalhousie Square was, however, paid by the Government of India, and if it had not been spent in that way the saving would not have gone into our pockets. The land in the neighbourhood of the Presidency General Hospital included much besides the site of the Tramway Company's depôt, and the primary purpose of the acquisition of the land was the removal of a very insanitary bustee. What use will ultimately be made of the land I do not know, but meanwhile we lose nothing by our capital being locked up, because if the money were in the Treasury we should not get any interest on it, and for several years to come we must carry forward excess balances in order to provide for the final completion of schemes to which we are already committed.

"The Hon'ble Babu Bhupendra Nath Basu has referred to the subject of septic tanks and has put forward certain suggestions. If, however, he will

refer to the Government Resolution on the subject he will find that all the points referred to by him have already received full and careful consideration.

"The Hon'ble Babu Bhupendra Nath Basu has also suggested that an Indian gentleman possessing expert knowledge should be associated with the recently appointed drainage committee, and he suggests the name of Colonel K. P Gupta. The Committee was kept as small as possible because it will have to move about a good deal at an unhealthy period of the year, but if Colonel K. P. Gupta is willing to give his services for this inquiry the Lieutenant-Governor will be very glad to avail himself of them.

"I think I have now noticed practically all the questions with which I am specially concerned and have only again to thank the Hon'ble Members of this Council for the manner in which they have received the Financial Statement and Budget which I have had the honour to lay before them"

The Hon'ble, THE PRESIDENT, said:—"GENTLEMEN,—I desire first of all to congratulate my friend Mr. Shirres on the manner in which his Budget and his presentation of it have been received. There is no one, even among those who may be regarded as somewhat unfavourable critics of the Government and its policy, who has not shown appreciation of the work of my Hon'ble friend.

"I shall endeavour not to detain the Council very long It is desirable that there should be as little restriction as possible put upon the speeches of Hon'ble Members in the Budget debate. It is desirable that they should have the opportunity of placing clearly before Government and the public, anything that they wish to say in the way of criticism, suggestion or advice, in regard to the income, expenditure and general administration of the province. But while it is most desirable that any difficulties or misunderstandings on any subject relevant to the budget should be dealt with by the responsible officers of Government, it does not seem to me to be necessary that the Government should follow Hon'ble Members on every question to which they choose to refer. I do not propose, therefore, to reply on every question raised.

"One question which I consider it quite unnecessary to discuss is partition. It was not unnatural that some Hon'ble members, opposed to partition, should desire to give expression once more to their views in regard to that question; and while I may regret the "ring of the unreal in the discussion" to which the Hon'ble Babu Bhupendra Nath Basu referred, and the exaggeration of language and misapprehension of certain points into which Hon'ble members have sometimes fallen, it has certainly been very far from my mind to desire to silence them. I do not, however, intend to trouble the Council with my own views on this subject. They are perfectly well known, having been fully set forth in the Blue Book which has been published on the subject. I will only say that I thoroughly believe, and earnestly hope, that time will show this measure to have been a wise one, in the improved administration of both provinces, and especially in the development of the new province, as indicated by my Hon'ble friend Mr. Nimmo this morning.

"There are a number of questions to which reference has been made in regard to each of which it is only necessary that I should say one or two words. They have for the most part been dealt with by the Hon'ble members in charge of the different departments of work under this Government, and hardly require further notice. The matters of malaria, rural water-supply and drainage are receiving attention, and after what has been said to-day I do not think that it will be contended that they are being treated in an inadequate manner. As has been stated by the Hon'ble Mr. Nimmo, whose suggestions are well worthy of attention, the development of railways and of waterways and the improvement of the Port are now receiving earnest attention at the hands of Government and of the Port Commissioners. I sympathise fully with the Hon'ble Member's views about the Sara bridge and railway communication with the tracts north of the Ganges. In the matter of Port dues, to which that Hon'ble Member also referred, action has already been taken. On the question of railway rates I am not prepared at present to enter. But the importance of the question to the interests of Calcutta can hardly be overstated. The Commercial community and the Government are alike concerned; and I thank the Hon'ble Member for drawing my attention to it. It is not a question

of which the decision will lie with us; but we ought to be heard on our own behalf, and exercise our due influence on the decision.

"As to the fishery question, the state of the case is this, that the Government of Bengal proposed to make an inquiry in this province, but was deterred from doing so by the fact that a special inquiry was just then started, under the orders of the Madras Government, by Sir Fredrick Nicholson in that province. As it does not appear now, however, that the Madras inquiry will throw any special light on the question as it affects Bengal, this Government has determined to take up the question for itself.

"The Hon'ble Mr. Shurfuddin has urged that the existence of the record-of-rights may seem to justify some simplification of the legal proceedings to be taken for the realisation of rents. This subject has already attracted the attention of the Government; and I hope that it may be found possible to take some such step as has been indicated. For the record-of-rights is an advantage to landlord and tenant alike.

"The urgent necessity for legislation in regard to the adulteration of jute has also been referred to by the Hon'ble Mr. Nimmo. The case has been strongly put before the Government. We sympathise fully with the effort to prevent the dishonesty of middlemen from destroying the cultivation of jute in Bengal, as it may do. We await a final expression of the views of the Bengal Chamber of Commerce on the proposed legislation, which will receive our most earnest and sympathetic attention. It is not an easy matter to deal with; but we shall be glad to assist in framing any practicable measure, and in carrying it through, if possible.

"One other question may be briefly referred to, namely, the appointment of an Additional Judge for purposes of inspection of the mufassal Courts during the cold weather. This could not be very well included in the budget inasmuch as it has not been formally approved by the High Court, nor sanctioned by the Government of India and the Secretary of State; but it is undoubtedly the intention of this Government to press for the appointment; and it is my hope that the arrangement will become a permanent cold weather arrangement. I believe that in this I have the concurrence of the Hon'ble Judges of the High Court. The cost, if the arrangement is sanctioned, will be easily met from savings; and the scheme is one which has been proved by experience to be of very real advantage.

"I should like now to say something on the subject of education. I shall first of all deal with the appointment of Mr. Earle as Director of Public Instruction in succession to Sir Alexander Pedler. I do not consider this to be a matter of high political principle, nor of great importance, in the precise manner in which some Hon'ble Members seem to regard it. But I think it right to state briefly my views on the matter. In the first place, I desire to say that it has been laid down as a principle, which Government cannot for a moment regard as one to be questioned, that the right rests with the Government, after full consideration of all the circumstances of the case, to appoint as the head of any department the man whose appointment will be most in the interests of the public service. It has been distinctly laid down that while it is desirable, other things being equal, to appoint an educational officer to be Director of Public Instruction, the Educational Department has no right to claim the appointment. The discretion lies with the Government in view of all the circumstances of the case. I can assure the Hon'ble Babu Bhupendra Nath Basu that there is not a single officer of the Department whose claims have been overlooked. They have been carefully and anxiously weighed; and the decision has been made in the interest of the cause of education alone. It has been stated that Mr. Earle was appointed to be Director of Public Instruction because it was desired to get rid of him from the Secretariat. If this assertion concerned me alone, I should pass it by in silence. As it concerns Mr. Earle also, I desire to say most emphatically that it is absolutely untrue. Mr. Earle was a most efficient Secretary. It was because he was so efficient, and had devoted himself with so much capacity and zeal and success to dealing with the great administrative questions connected with the Education Department, that I appointed him to be Director of Public Instruction. I do not believe that there are no men in the Educational Department fit for the appointment of Director. I have never believed that, and from the first I have said so. But there was no man on

whom I could lay my hand with confidence that, by his training and experience, he had acquired and shown capacity for administering the department as Mr. Earle undoubtedly had. Their experience had been limited to educational work with which the Director has now comparatively little concern; they knew nothing practically of the most pressing problems; and they had had no opportunity of showing capacity for administration. It was otherwise with Mr. Earle. I am glad to hear the testimony borne by the Hon'ble Babu Bhupendra Nath Basu to the experience and resourcefulness and largehearted sympathy of the present Director, of whom "individually" the Hon'ble Member says that "no choice could have been happier." I trust that the officers of the department will not be misled by the mischievous comments that have been made on Mr. Earle's selection into any belief that the department, as a whole, has been slighted, or that its officers will be permanently excluded from what they may well regard as one of its prizes. I anticipate their loyal co-operation with Mr. Earle and marked progress in the work of education in which we are all so deeply interested.

"Another subject connected with education to which, I regret, I must refer, is Sir Alexander Pedler's Circular of the 12th of January last. Unfavourable comments on this Circular have been made by three Indian members of the Council. I cannot understand what I hope I may be permitted without offence to call the grosteque parody of the Circular made by the Hon'ble Babu Bhupendra Nath Basu. He describes it as placing the whole control of education in the hands of the District Magistrate; and then he describes the District Magistrate as looking upon every part of his work as part of his police work. I have been a District Magistrate; and I have known scores of District Magistrates; and I cannot conjure before my imagination any more perfectly inaccurate picture of a District Magistrate than the Hon'ble Member has drawn. There is undoubtedly a great deal more in the mufassal than the ordinary Calcutta man knows; and the life of the District Magistrate among his people, the influence that he has over them, the habit they have of looking to an accessible and sympathetic District Magistrate for guidance in regard to most matters, and the way in which sometimes they are apt to stand aloof from anything of which by his aloofness he seems to indicate disapproval, are well known features of a life which is, in the whole course of a Civilian's career in India, the most interesting and in some respects the most useful. If we turn to Sir Alexander Pedler's Circular, we find that he urges educational officers to take advantage of the local knowledge and influence of executive officers (and also of judicial officers) so as to push forward the cause of education. In no way are the officers of the educational department subordinated to the executive officers, though they are certainly urged to go to them for advice and help. The purely educational work is left entirely in the hands of the educational officers; but they are called upon to take advantage of the local knowledge and experience of the District Officers in deciding about the educational claims or necessities of different localities, and also to take advantage of the influence of the same officers in seeking to make the cause more popular. Sir Alexander Pedler sent me a copy of his Circular; and far from disapproving of it, I circulated it to all Commissioners and District Officers with a request that they would give their heartiest co-operation to the officers of the Educational department in their work.

"It is only because I do not wish to be misunderstood that I go on to refer briefly to two other Circulars which have been referred to by the Hon'ble members. The one is Mr. Carlyle's Circular of the 24th February 1905, a Circular which originated in certain references made to me about social matters, which I thought might well have been disposed of on the spot. The Circular points out that the Commissioner of Division, as senior officer and as an officer selected from amongst his fellows on account of his special capacity for high office, should himself deal with social questions, such as cases of personal misconduct, quarrels between officers, improper treatment of the people and the like, and that such questions should only be referred to the head of the Government when, owing to recalcitrancy of one of the parties, it was impossible to settle it on the spot. It was distinctly pointed out that the greatest care must be taken in the case of judicial officers that no sort of interference should take place in regard to their judicial work. The

Circular aimed at a suitable settlement of social questions by an officer of standing on the spot, which is surely a reasonable object. But distinct exception was made in respect of judicial officers in regard to their judicial work, lest there should be any appearance of interference with the judicial by the executive. The character of the Circular is the very opposite of what has been represented this morning Similarly the object of Mr. Carlyle's Circular of the 16th of October last, in regard to school boys and students, has been grossly misrepresented. These boys were being induced to leave their studies and betake themselves to political work, which in some cases had led to breach of the peace and to acts of violence. It was desired that they should not be dealt with by the police, so as to be carried to the jail or to the whipping triangle, but by the educational authorities themselves, who should exercise proper discipline in the institutions under their control. It is unnecessary for me to say more on this subject. It is as plain as possible. I did not feel, however, that I could pass without notice the remarks which have been made.

"The cause of education does seem to be at present receiving more attention in Bengal than it has done before. I do not claim to myself any credit for this change. There are many causes, some of which have been known to me for years, and some perhaps of which I may even till now be ignorant, which have co-operated to bring about this resut. The fact, however, remains: Education in all its branches is attracting more attention from the Government and from the public than in the past. University education is now entrusted to the University of Calcutta. The Syndicate and Senatus of that University must be held in the future to be mainly responsible for the efficiency of collegiate education. Government will give assistance. We have been doing so with no niggardly hand. The public are also assisting. I might give many instances of the improvement of certain colleges, of hostels established in connection with several colleges, of prizes offered for certain subjects, and of interest shown in the education of our young men. There are none more gratifying to me than the co-operation of the public in the establishment of the Ranchi College and hostels which I now expect, with confidence, to see in full working order before I finally leave the province; the interest displayed in the efficiency of the Presidency College; and the earnest efforts which are being made properly to equip the College at Patna also.

"Primary education is receiving very special attention; and I trust that the year upon which we are now entering will see very marked development in respect of it. As some Hon'ble Members are aware, a new departure is being made in regard to female education both in Behar and in Bengal. Technical education is being pushed forward not only in one or two special institutions to which reference has been made, but also over the whole country. The appointment of a special Director of Agriculture will certainly give great impulse to agricultural improvement and to agricultural education; and I am most fortunate in finding for that post an officer of the experience, energy and zeal of Mr. Oldham. To this officer I have also entrusted the inspection of technical schools of all kinds throughout the province; and I am adding to the new Engineering College a good technical school, co-operating in this respect with the Committee which has been established by the people themselves here in Calcutta. Secondary education is also receiving special attention. A model school will be established at Ranchi and every effort will be made, as funds permit, to make existing schools more efficient.

"I have been greatly cheered during the year just passed by the visit that I paid to the Police Training Schools for cadets and for constables at Bhagalpur. I am much gratified by the excellent results which have been secured at both schools. I took note also of the excellent appearance of the cadets, and of the interest with which they listened to an exhortation which I thought fit to address to them regarding their duties in their new career. I was glad to find that we are securing a better class of men as our recruits for the office of Sub-Inspectors. Men of higher education and of better social status are already being enlisted. I am just about to appoint eight Deputy Superintendents. The existence of this new class of officers will no doubt tend to improve the police just as the Provincial Judicial and Executive Services were improved.

"It will interest the Council to know that proposals for a considerable increase in the cadre of the Provincial Service are now before the Secretary of State. We trust soon to have men to carry out the increasing work of the province. I may add that it has been a great pleasure to me to receive from the present Vice-Chancellor of the University of Calcutta an excellent report regarding the educational qualifications and character of the young gentlemen who have been appointed to the Provincial Service under the new rules.

"There is one point to which the Hon'ble Babu Bhupendra Nath Basu referred which I think does demand our attention. I certainly do not accept all he said about the careers which are, or which should be, open to distinguished Indian students. But I sympathise with his suggestion that an Indian who distinguishes himself in his University career and goes abroad to devote himself to scientific pursuits should receive more recognition from the hands of the Government. This matter has attracted my attention and will be borne in mind.

"I do not think that there is anything more which requires special mention from me. There is, however, one remark of the Hon'ble Mr. Syed Shurfuddin to which I should like to refer briefly in conclusion. The Hon'ble Member quoted a remark by my predecessor, Sir John Woodburn, in which he invited suggestions from non-official Members in respect of the administration. The Hon'ble Member pointed out that he did not feel himself in a position to make such suggestions very usefully. He said, "We are in a hopeless minority and cannot vote for any matter connected with the budget. We are never asked anything when the estimates are being prepared. The budget is placed before us cut and dried; and we are asked to carry on a discussion on its merits. And our suggestions can at the very best be utilised in the following year's estimates." I do not think that it is necessary for the purpose of making valuable suggestions to be in a position to enforce them against opposition. It may be that the Government will be willing to accept a suggestion without compulsion. Then again, I do not quite agree with the Hon'ble member in saying that the Government in framing the budget estimates does not get advice. He must not think that the Government officers set to work to frame the budget with a clean sheet before them, and without any preparation except the special calling together of certain clerks with facts and figures. The budget which has been laid before you by the Hon'ble Mr. Shirres contains the results of the thought and experience of the whole of last year and even of years before. The schemes which are being taken up are schemes which have been well thought out, and in respect of some of which, as some of you know very well, a great deal of advice has been taken from people in all parts of the province. Again, the Hon'ble Raja Ban Behary Kapur could tell the Hon'ble member that criticisms and suggestions sometimes do affect the policy even of the year with which the budget under discussion is concerned. By reallotment of funds, suggestions made in the budget debate of to-day may become accomplished facts before next year. All the same, I think that there is something of truth underlying the statement made by the Hon'ble member; and I shall be very glad to endeavour to think out some measure which (with the approval of the Government of India, if necessary) may be introduced for securing the advice of the Councillors of the Government before the budget is presented by the Financial Secretary.

"And now gentlemen I have detained you longer than I have been willing to do. But the matters to which I have referred seemed to me to demand at least a word or two from the head of the Government. I shall now bid you good-bye. I hope earnestly to return to my duty in this province next October, strengthened for its more efficient discharge, and confident of receiving the loyal assistance which I have often received from you, and for which I tender you my hearty thanks. It is a great pleasure to me that His Excellency the Viceroy has appointed to be Lieutenant-Governor during my absence my esteemed friend and colleague, Mr. Hare, than whom, I am sure, there is no man who commands more the confidence of the officers and of the people of Bengal.

The Council was then adjourned *sine die*.

CALCUTTA;
The 16th April, 1906.

L. C. ADAMI,
Offg. Secretary to the Bengal Council.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, APRIL 18, 1906.

NOTICES TO MARINERS.

THE following Notices are published for general information.

W. A. INGLIS,
Secretary, Marine Department.

CALCUTTA, *the 12th April 1906.*

JAPAN, WEST COAST—SHIMONOSEKI STRAIT.

Lights marking wreck in western entrance.

No. 125 (first publication).—With reference to Notice to Mariners No. 78, dated 27th February 1906, issued by this office, the British Admiralty has given further notice (No. 239 of 1906) that, weather permitting, two *red fixed* lights will be exhibited from the mainmast of the wreck of the steamship which sank in the western entrance to Shimonoseki strait, in a position from which Wakura jima summit bears N. 59° W., distant 4$\frac{7}{8}$ cables, and Mutsure jima light N. 11° E. The wind may extinguish these lights.

Approximate position, lat. 33° 57½ N., long. 130° 51½′ E.

(*Variation 4° Westerly in 1906.*)

This Notice affects the following Admiralty Charts:—Shimonoseki strait, Nos. 532, 1578: Also, Sailing Directions for Japan, etc., 1904, page 514.

PACIFIC OCEAN—THE PHILIPPINE ISLANDS—MINDANAO, SOUTH COAST.

Little Santa Cruz island—Light established.

No. 126 (first publication).—The British Admiralty has given notice (No. 242 of 1906) that a *white fixed* light of the 6th order, elevated 64 feet above high water, and visible in clear weather from a distance of 12 miles, has been established on a white framework structure, erected on the summit of Little Santa Cruz island, opposite Samboanga; it is obscured between the bearings of N. 30° E., through north, and N. 60° W.

Approximate position, lat. 6° 53′ 0″ N., long. 122° 2′ 15″ E.

NOTE.—The character of this light will probably be altered to *occulting* during the present year.

(*Variation 1° Easterly in 1906.*)

This Notice affects the following Admiralty Charts:—Sulu archipelago, Nos. 2576 and 928; Molucca passage to Manila, No. 943; Basilan strait, No. 961: Also List of Lights, part VI., 1906, page 99; and Eastern Archipelago, part I, 1902, page 99.

JAPAN—Honshu, North-west coast—Wakasa wan.

Takahama—Rock in approach.

No. 127 (first publication).—The British Admiralty has given notice (No. 243 of 1906) of the existence of a rock, with depths of from 2¾ to 3¼ fathoms over it at low water, in the approach to Takahama, situated at a distance of about 1¾ cables S. 78° E. from Imato bana.

This danger which is named Tachi guri, is about 60 yards long in an easterly and westerly direction, and has depths of from 16 to 23 fathoms sandy bottom around it.

Approximate position, lat. 35° 33′ 10″ N., long. 135° 30′ 45″ E.

Note.—Imato bana is the point situated about three-quarters of a mile S. 77° E. from Oshimawashi zaki.

(Variation 5° Westerly in 1906.)

This Notice affects the following Admiralty Chart :—Aramube saki to Ando saki, No. 2174 : Also sailing Directions for Japan, etc., 1904, page 648.

EASTERN ARCHIPELAGO—Bouro island.

Lisatetu rock—Re-inserted on chart.

No. 128 (first publication).—With reference to Notice to Mariners No. 315, dated 7th December 1900, issued by this office, the British Admiralty has given further Notice (No. 246 of 1906) that the search for the Lisatetu rock, off the south-west coast of Bouro island, reported to be situated in lat. 3° 39′ S, long. 126° 7′ E., does not appear to be complete enough to make it certain that this danger does not exist; it has, therefore, been re-inserted on the charts in the above position and marked E. D. as before.

This Notice affects the following Chart :—Eastern Archipelago, No. 943a : Also Eastern Archipelago, part I, 1902, page 451.

EASTERN ARCHIPELAGO—Java, north coast—Batavia approach.

Bungin point—Wreck to the north-east has disappeared.

No. 129 (first publication).—With reference to Notice to Mariners No. 347, dated 13th October 1904, issued by this office, the British Admiralty has given further notice (No. 248 of 1906) that information has been received from Commander D. L. Dent, H.M.S. *Katoomba*, that, on 8th February 1906, his vessel passed the position of the wreck reported to the north-eastward of Bungin point, Java, in approximately lat. 5° 49′ 30″ S., long. 107° 11′ 30″ E, without seeing it.

In reply to inquiries made at Tanjong Priok, the pilots stated that the wreck was a water-logged derelict, which has since drifted away; it has therefore been expunged from the charts.

This notice affects the following Admiralty Charts :—Eastern archipelago, western portion, No. 941a; Java, western portion, No. 1653 : Also, Eastern Archipelago, part II, 1904, page 94.

CEYLON, WEST COAST—Colombo harbour.

Shoal in approach

No. 130 (first publication).—The British Admiralty has given notice (No. 251 of 1906) of the existence of a rocky ridge, named Onagalla, in the approach to Colombo harbour, with a least depth of 3¾ fathoms over its northern end, situated in a position $2\frac{2}{10}$ miles N. 13° W. from the red light on the south-west arm of the breakwater.

Approximate position on chart No. 813, lat. 7° 0′ N., long. 79° 50′ E.

This shoal, which extends about one mile in a S. 13° E. direction from the above head, is about 50 feet broad, and has four other heads with depths over them of from 4 to 4½ fathoms, with from 5 to 7 fathoms between them. To the eastward and westward of the ridge there are depths of from 7 to 8 fathoms, but the lead gives but slight warning of the approach to it.

Variation 1° Westerly in 1906

This notice affects the following Admiralty Charts —Palk strait, No. 68b, Ceylon, No. 813 : Also Bay of Bengal Pilot 1901, page 72, and Supplement, 1903, page 1.

CHINA NORTH—MANCHURIA—PECHILI STRAIT—KWANG TUNG PENINSULA.

Port Arthur—Mines removed in approach.

No. 131 (first publication).—With reference to Notice to Mariners No. 151, dated 8th May 1905, issued by this office the British Admiralty has given further notice (No. 264 of 1906) that the mines in the approach to Port Arthur have been cleared way within an area contained between lines drawn in a southerly direction from points situated (1) in approximately lat. 38° 48′ N., long. 121° 25½′ E., and (2) in lat. 38° 43′ N., long 121° 12′ E.; the southern limit being a line running in an East and West direction on the parallel of 38° 38′ N. Vessels, however, must still exercise due caution, as solitary mines may still exist in this locality, though it is believed that the sweeping operations carried out have been effective.

The cautionary note respecting mines will, for the present, be retained on the charts until it is known that the whole of the coast in this locality is free from these dangers.

This Notice affects the following Admiralty Charts:—Gulfs of Pechili and Liau tong, No. 1256; Kwang tung peninsula, No. 1798: Also, China Sea Directory, vol. III., 1904, pages 592, 594.

BAY OF BENGAL—CHITTAGONG COAST.

Karnafuli river—Depth of water found in the channels.

No. 119 (second publication).—The Port Officer, Chittagong, has given notice that the following depth of water was found in the channels by soundings taken on the 31st March 1906 and reduced to zero:—

	Ft.	In.
Track No. 1—Outer bar—		
Disc on diamond	13	0
Track No. 2—Inner bar—		
Disc on diamond	11	9
Batten beacon on pillar	12	6
Track No. 3—		
Triangle on cross and ball	18	0
Track No. 4—Guptakhally crossing—		
Tripod on diamond	20	0

EASTERN ARCHIPELAGO—MALACCA STRAIT—KARIMON ISLANDS.

Pulo Hiyu Kechil—Intended light.

No. 120 (second publication).—The British Admiralty has given notice (No. 221 of 1906) that, in or about the month of May 1906, a *white flashing* light *every twenty seconds*, thus:—light, *four seconds*, eclipse, *sixteen seconds*, and elevated 131 feet above high water, visible in clear weather from a distance of 17 miles, will be established on Pulo Hiju Kechil, the easternmost of the Brothers islands.

The lighthouse will be a white iron framework structure, 44 feet in height, with the keeper's dwelling, a white building with red tiles, standing below it.

Further Notice will be given as necessary.

Approximate position, lat. 1° 11½′ N., long. 103° 21½′ E.

This Notice affects the following Admiralty Charts:—Malacca strait, No. 1355; cape Rachado to Singapore, No. 795; Singapore strait, No. 2403: Also, List of Lights, part VI, 1906, page 71; China Sea Directory, vol. I, 1896, page 113; and Supplement, 1899, page 12.

EASTERN ARCHIPELAGO—FLORES, NORTH COAST.

Telok Baleh.—Rock in approach.

No. 121 (second publication).—The British Admiralty has given notice (No. 222 of 1906) of the existence of a reef, with a depth of 2 fathoms over it, situated in the approach to Telok Baleh, in a position from which the south extreme of Gili Bodo island bears S. 69° E., distant 4¼ miles, and the south point of Seraya Besar island S. 53° W.

Approximate position, lat. 8° 19¾′ S., long. 119° 56¼′ E.

(Variation 1° Easterly in 1906.)

This Notice affects the following Admiralty Chart:—Eastern archipelago, western position, No. 941b; Lombok to Flores, No. 1696: Also, Eastern Archipelago, part II, 1904, page 222.

EASTERN ARCHIPELAGO—Borneo, north-west coast.

Natuna islands—Shoals.

No. 122 (second publication).—The British Admiralty has given notice (No. 224 of 1906) of the existence of a reef, with a depth of 6 fathoms over it, situated to the north-eastward of Sirhassen island, South Natuna islands, in a position from which the north point of Ganting island bears S. 79° W., distant $1\frac{3}{10}$ miles.

Approximate position, lat. 2° 33′ N., long. 109° 10½′ E.

Also, that many reefs and shoals have been found to exist in the channels between the west coast of Great Natuna island and the islands Sedanau, Salaor, and Batu Bilis.

The navigation of these passages is therefore dangerous and should not be attempted.

Approximate position, Salaor island, lat. 3° 53½′ N, long. 107° 53½′ E.

(*Variation 2° Easterly in 1906.*)

This Notice affects the following Admiralty Charts :—South Natuna islands, No. 2104 Natuna islands, No. 1348. Also, China Sea Directory, vol. II, 1899, pages 82, 86.

EASTERN ARCHIPELAGO—Sumatra, east coast—Padang strait.

Bengkalis approach—Light-buoy established.

No. 123 (second publication).—With reference to Notice to Mariners No. 467, dated 30th November 1905, issued by this office, the British Admiralty has given further notice (No. 225 of 1906) that a light-buoy, painted white, and exhibiting a *white occulting* light *every twenty seconds* (light, *ten seconds*, eclipse, *ten seconds*), has been established in the fairway to Bengkalis, in approximately lat. 1° 13¾′ N., long. 102° 30¼′ E.

This buoy should be passed on its south-west side.

This Notice affects the following Admiralty Charts :—Malacca strait, No. 1355 ; cape Rachado to Singapore, No. 795 : Also, China Sea Directory, vol. I, 1896, page 109, and Supplement, 1899, page 8.

EASTERN ARCHIPELAGO—Celebes, north point.

Tagulanda and Ruang islands—Decreased depth on the shoal between.

No. 124 (second publication).—With reference to Notice to Mariners No. 20, dated 12th January 1906, issued by this office, the British Admiralty has given further notice (No. 229, of 1906), that an examination of the reef, existing nearly midway between Pehee point Tagulanda island and the reef extending from Batu Waleby point, Ruang island, shows that there is a least depth of 6 feet over it, and not 2 fathoms as formerly supposed.

Approximate position on chart No. 2193, lat. 2° 19′ N., long. 125° 22 E.

This Notice affects the following Admiralty Chart :—Plan of the channel between Tagulanda and Ruang on chart No. 2193 : Also, Eastern Archipelago, part I, 1902, page 414

BAY OF BENGAL—Burma coast.

Rangoon river approach—A shoal patch reported.

No. 112 (third publication).—The following notice to mariners (No. 27 of 1906), issued by the Bombay Government, is republished :—

From a recent survey by the Deputy Conservator of the Port of Rangoon, it would appear that there is a shoal with 3 to 6 feet of water about 8 cables in extent N. N. E. and S. S. W. and 2½ cables broad, the northern end of which bears from Centre Eastern buoy S. 73° E., distant 4 cables and the southern end S. 3° E., distant 9 cables.

All bearings are true.

This notice affects the following Admiralty Chart :—Rangoon River and Approaches, No. 833 ; also Bay of Bengal Pilot, 3rd edition, 1901, page 351.

AFRICA, NORTH-EAST—Red sea.

Shoal patch reported.

No. 113 (third publication).—The Bombay Government has given notice (No. 28 of 1906) that the Master of S.S. *Coromandel* states that his vessel drawing 20′ 8″ touched on a shoal patch which lies in a position from which Shermo Reef Beacon bears approximately N. 52° E. (T.), distant 2 miles.

Approximate position:—Latitude 24° 3′ N., longitude 37° 53′ E.

This notice affects the following Admiralty Chart:—Red Sea Sheet II, No. 8 b; and Red Sea and Gulf of Aden Pilot, 5th edition, 1900, page 260.

AUSTRALIA, SOUTH—Spencer gulf.

Preliminary Notices.

No. 114 (third publication).—The President of the Marine Board, Port Adelaide, calls the attention of Masters of vessels, pilots, and others to the undermentioned preliminary notices, which will be followed at an early date by notices giving more definite information:—

Middle Bank Lightship.

This vessel will be removed on or about the 1st March next for repairs and overhaul, during which period the light will be exhibited from a three-masted vessel painted black. The light will be shown from the foremast in a position under the forestay. During daylight a diamond-shaped object painted red will appear on her fore topmast stay

Shoalwater Point Obelisk.

It is proposed to place a white ball on the top of this obelisk during the next few days.

Port Victoria—Rocky island channel.

In the course of a few days this channel will be marked by two Cheese Buoys.

Ward Spit.

On or about the 2nd March 1906, a black beacon will be erected on Ward Spit, in lieu of the black buoy now there and the beacon which disappeared some time ago.

Tumby bay.

The north end of Tumby Reef has been marked by a Black Can Buoy surmounted by a square-shaped Cage Head. The buoy is moored in three and-a-half fathoms.

Jarrold Point.

It is intended to at once replace the Bell Buoy on this point, and remove the Red Buoy which has been there temporarily.

This notice affects Admiralty Chart No. 2389b.

COCHIN CHINA—Saigon river.

Saigon—Wreck in approach.

No. 115 (third publication).—The British Admiralty has given notice (No. 204 of 1906) that the wreck of the S.S. *Carlisle*, with a mast, funnel, and part of the forecastle above water, lies sunk across the Saigon, or Don nai river, near the entrance to the tributary On Gnai (Ong Mai), the bow, which is nearest the centre of the channel, being situated at a distance of 15½ cables S. 48° E. from the green fixed light near the mouth of the tributary Gioi or Doi.

Approximate position, lat. 10° 41½′ N., long. 106° 46½′ E.

The semaphore of Nha Bé (Nga be), and the mouth of the tributary On Gnai are reported to be incorrectly shown on the chart.

(Variation 2° Easterly in 1906.)

This Notice affects the following Admiralty Charts:—Saigon or Don nai river, Nos. 1369 and 1016: Also China Sea Directory, vol. II, 1899, page 384.

INDIAN OCEAN—Madagascar—Diego Suarez bay.

Cape Minè (Andranomodi) light—Intended alteration in.

No. 116 (third publication).—The British Admiralty has given notice (No. 206 of 1906) that it is intended to alter the character of cape Minè or Andranomodi light, Diego Suarez bay, from flashing to a *white group flashing* light, showing groups of three flashes *every fifteen seconds.* The new light may be exhibited for experiment, but further notice will be given when it is permanently established

Approximate position, lat. 12° 18¾′ S., long. 49° 22½′ E.

This Notice affects the following Admiralty Charts:—Delagoa bay to cape Guardafui, No. 597; Chagos Archipelago to Madagascar, No. 2899; Comoro islands, No. 2762; cape St. Andrew to Antongil bay, No. 758; Diego Suarez to Andranomodi bay, No. 1002: Diego Suarez bay, No. 1116; plan of Oronjia pass on chart No. 1064: Also List of lights, Part VI, 1906, No. 100; and Islands in the Southern Indian Ocean, 1904, page 61.

PACIFIC OCEAN, SOUTH—Tuamoto Archipelago—Fakarava island.

Rotoava—Light established.

No. 117 (third publication).—With reference to Notice to Mariners No. 302, dated 11th October 1901, issued by this Office, the British Admiralty has given further notice (No. 207 of 1906) that a *white fixed* light, elevated 29 feet above high water, and visible in clear weather from a distance of 10 miles from the bearing of S. 53° E., through east, to N. 8° W., has been established on an iron support erected near the root of the pier at Rotoava.

Approximate position, lat. 16° 2½′ S., long. 145° 38½′ W.

It is presumed that this light replaces the former red fixed light given in the above-mentioned notice.

(*Variation 8° Easterly in 1906.*)

This Notice affects the following Admiralty Chart:—Plan of Rotoava on chart No. 1175: Also List of Lights, Part VII, 1906, No. 616; Pacific Islands, vol. III, 1900, page 134, and Supplement, 1903, page 9.

JAPAN—Kiusiu, west coast—Hirado no seto Approach.

Fuku se—Buoy established.

No. 118 (third publication).—With reference to Notice to Mariners No. 21, dated 12th January 1906, issued by this office, the British Admiralty has given further notice (No. 212 of 1906, that a conical buoy, painted in red and black horizonal bands, and surmounted by a ball, has been moored in a depth of 7 fathoms, at a distance of three-quarters of a cable to the northward of the site of the former light beacon on Fuku se.

Approximate position, lat. 33° 4¾′ N., long. 129° 26¼′ E.

This notice affects the following Admiralty Charts:—Korean Archipelago, No. 104; western coasts of Kiu siu and Nipon, No. 358; Matsu sima to Atsusi no O sima, No. 140, Nagasaki to Karatsu, No. 359; Also Sailing Directions for Japan, &c., 1904, page 561.

WEATHER AND CROP REPORT.

For the week ending the 16th April 1906.

Burdwan.—No rain. Weather seasonable. Pressing of sugarcane almost over. Fodder and water sufficient. Cattle-disease in all the thanas of Kalna. Common rice sells as follows :—

	Srs.	ch.	
Sadar	10	8	per rupee.
Kalna	10	3	
Katwa	10	12	
Raniganj	11	8	

Birbhum.—Rainfall nil. Sugarcane-pressing over. Cuttings germinating. Ploughing and manuring going on. Weather seasonable. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	12	0	per rupee.
Rampur Hât	10	4	

Bankura.—No rain. Weather seasonable. Sugarcane-pressing over. No cattle-disease. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	12	8	per rupee.
Vishnupur	13	0	

Midnapore.—Rainfall nil. Condition of standing crops good. Prospects good. Cattle-disease in two thanas. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	10	0	per rupee.
Ghatal	11	0	
Tamluk	10	0	
Contai	12	0	

Hooghly.—No rain. Weather hot. Lands are being ploughed for *aus* and *aman*. Fodder and water sufficient. No cattle-disease. Common rice sells as follows :—

	Srs.	ch.	
Sadar	9	0	per rupee.
Serampore	9	0	
Arambagh	11	9	

Howrah.—No rain at Sadar. Weather seasonable. Pressing and planting of sugarcane nearly finished. Lands are being prepared for jute and *aman* paddy. Condition of *boro* paddy good. No cattle disease reported. Fodder and water sufficient. Common rice sells at 9½ seers per rupee.

24-Parganas.—Rainfall nil. Weather hot. Lands are being prepared for next crops. Sowing of *aus* and jute commenced in places. State of standing crops fair. Prospects good. *Rabi* crops have suffered to some extent at Barasat from constant rainfall. Condition of cattle good. Fodder and water sufficient. Common rice sells at 10 seers a rupee.

Nadia.—Rainfall nil. Weather seasonable. Lands are being ploughed for *bhadoi* paddy and jute. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	9	6	per rupee.
Ranaghat	9	8	
Kushtia	9	0	
Chuadanga	8	13	
Meherpur	8	10	

Murshidabad.—No rain. Weather seasonable. Prospects of standing crops fair. No cattle-disease. Fodder and water sufficient. Common rice sells as follows :—

	Srs	ch.	
Sadar	9	8	per rupee.
Lalbagh	9	13	
Kandi	11	0	
Jangipur	10	8	

Jessore.—Rainfall nil. Weather seasonable. Prospects of standing crops fair Cultivation of land for paddy retarded for want of rain. Fodder and water sufficient. Condition of cattle generally good. Common rice sells as follows :—

	Srs.	ch.	
Sadar	9	2	per rupee.
Jhenida	8	12	
Magura	8	12	
Narail	8	8	
Bangaon	9	2	

Khulna.—Rainfall nil. Weather seasonable. Ploughing for jute going on; sowing at Bagerhat is estimated at 65 per cent Cultivation of land for autumn rice continues. Summer rice maturing; its condition is fair. No cattle-disease. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch	
Sadar	8	0	per rupee.
Satkhira	8	0	
Bagerhat	9	0	

Patna.—Rainfall nil. Weather hot. Harvesting of *rabi* crops over. Planting of sugarcane going on. Fodder and water for cattle sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	11	12	per rupee,
Barh	11	0	
Bihar	11	0	

Gaya.—Rainfall nil. Weather hot with high west wind. Harvesting of *rabi* and planting of sugarcane almost finished. Fodder and water sufficient. Average price of common rice is 11¼ seers a rupee.

Shahabad.—Rainfall nil. Harvesting of *rabi* nearly finished. Sugarcane germinating. No cattle-disease. Fodder and water sufficient. Common rice sells at 12 seers a rupee.

Saran.—Rainfall nil. Weather seasonable. Threshing of *rabi* crops and sowing of *cheena* going on. Standing crops doing well. No cattle-disease. Fodder and water sufficient. Common rice and maize sell at 10½ and 14 seers a rupee, respectively, at Sadar.

Champaran.—No rain. Weather seasonable. Harvesting and threshing of *rabi* crops still continue. Sowing of *cheena* and *aus* paddy commenced in places. No cattle-disease. Fodder and water sufficient. Common rice and maize sell at 11 and 12 seers a rupee.

Muzaffarpur.—Rainfall nil. Prospects of crops good. Harvesting of *rabi* almost finished. No cattle-disease reported. Fodder and water sufficient. Common rice and maize sell at 10 and 12 seers a rupee, respectively, at Sadar.

Darbhanga.—Rainfall nil. Weather seasonable. Prospect of standing crops good. Harvesting of *rabi* crops still going on. Fodder and water sufficient. No cattle-disease reported. Common rice sells as follows:—

	Srs. ch.	
Sadar	11 8½	per rupee.
Samastipur	11 12	
Madhubani	10 6	

Monghyr.—No rain. Weather seasonable. Harvesting of *rabi* crops finished in some places. Planting and watering of sugarcane going on. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs. ch.	
Sadar	10 0	per rupee.
Begusarai	10 0	
Jamui	11 0	

Bhagalpur.—Rainfall nil. Weather seasonable. Harvesting of *rabi* continues. Fodder and water sufficient. No cattle-disease reported. Common rice sells at 10 seers and 12 chitaks a rupee at Sadar.

Purnea.—Rainfall nil. Wheather seasonable; days are hot and nights cool. Harvesting of tobacco going on. Sowing of jute and *aus* commenced. Sowing of *aghani* paddy in low lands in progress. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs. ch.	
Sadar	9 0	per rupee.
Araria	9 0	
Kishanganj	8 4	

Darjeeling.—No rain. Weather seasonable. Hills—Wheat and barley in fair state. Maize and potato progressing. Terai—Sowing of jute and *bhadoi* paddy begun. Common rice sells as follows:—

	Srs. ch.	
Hills	7 0	per rupee.
Terai	8 12	

Maize sells at 8½ and 9 seers a rupee respectively, at Darjeeling and Kalingpong, respectively.

Sonthal Parganas.—Rainfall nil. Weather seasonable. Sugarcane doing well. Prospects of *mahua* improving. Fodder and water sufficient. Common rice sells at 10 seers a rupee at Sadar.

Cuttack.—No rain. Tobacco, *arhar*, *mung* being harvested. Cotton, sugarcane and *dalua* growing. No cattle-disease. Fodder and water sufficient. Common rice sells at 12 seers 7 chitaks a rupee.

Balasore.—Rainfall at Sadar nil. Threshing of *saradh* and planting of sugarcane continue. Sporadic cases of cattle-disease reported from Bhadrak. Fodder and water available. Rice sells as follows :—

	Srs.	ch.	
Sadar	12	0	per rupee.
Bhadrak	14	0	

Angul.—No rain. Weather hot. Sugarcane doing well. Fodder and water available. Common rice sells at 12 seers per rupee at Sadar and Khondmahals.

Puri.—Rainfall nil. Weather seasonable. *Dalua* being reaped and threshed. *Mung* approaching maturity. Sugarcane being crushed. Cotton thriving well. Land being ploughed for the ensuing year. Miscellaneous crops doing well. Fodder and water-supply sufficient. Common rice sells at 11 seers and 13 chitaks per rupee.

Sambalpur.—No rain. Weather warm. Planting of sugarcane in progress. Cattle in healthy condition. Fodder and water-supply sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	14	8	per rupee.
Bargurh	16	14	

Hazaribagh.—Rainfall nil. Weather seasonable. Prospect of sugarcane favourable. Fodder and water sufficient. No cattle-disease reported. Common rice sells at 10 seers a rupee at Giridih. Prices at Sadar are as follow :—

	Srs.	ch.	
Common rice	11	4	per rupee.
Indian-corn	14	8	
Marua	18	8	

Ranchi.—Rainfall at Sadar nil. Weather seasonable. Ploughing and manuring in progress. Cattle-disease reported from one thana. Fodder and water sufficient. Common rice selling at Sadar at 11 seers per rupee.

Palamau.—No rain. Weather hot. *Rabi* harvesting nearly finished. Sugarcane being planted. Cattle-disease continues in places. Fodder and water sufficient. Rice sells at Sadar at 11 seers per rupee.

Manbhum.—Rainfall nil. Weather seasonable. Prospects of crops fair. Fodder and water sufficient. Cattle-disease reported from two thanas. Common rice sells as follows :—

	Srs.	ch.	
Sadar	12	0	per rupee.
Gobindpur	11	0	

Singhbhum.—Rainfall nil. Planting of sugarcane is progressing. *Mahua* flowers dropping. Fodder and water sufficient. Rice sells at 12 seers per rupee.

General Summary.—During the week under report there was no rain in the Province. Harvesting of the *rabi* crops is practically over. Sugarcane planting still continues in places. Preparation of the soil for the *kharif* crops is going on. Prospects are generally fair. Cattle-disease is reported from five districts. Fodder and water are sufficient. The price of common rice has risen in seven and has fallen in four districts. It continues high in the districts of the Presidency and Bhagalpur Divisions and also in Hooghly, Howrah and Muzaffarpur.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN EASTERN BENGAL AND ASSAM, FOR THE MONTH OF MARCH, 1906.

THERE was nothing at all remarkable about the weather of March 1906. It was just what ought to be expected in March—a certain amount of minor unsettledness—characteristic of the transitional period of the year. For about seven days in the middle of the month, there were numerous thunderstorms scattered all over the area giving very heavy downpours of rain. The barometer was constantly higher than usual over the land so that the feeble residual out-flow of air was not quite so feeble as usual and contributed to keeping things considerably cooler than usual by means of a succession of cold waves.

The abnormally vigorous anticyclonic distribution of the last few days of February rapidly flattened out with a steadily rising barometer over Burma and the Bay of Bengal, but the excessive cold associated with its strong northerly winds over the Province only attained its maximum (of 14° below normal) on 1st of March, and declined to —12° on the 2nd, and to —10° on the 3rd. On the 4th the pressure gradient had flattened out to the vanishing point with a barometer about $\frac{1}{10}$th of an inch above normal. This uniform distribution was only slightly disturbed by the development, during the next few days, of a couple of very shallow depressions. The first of these could be only just traced as it moved in a south-westerly direction over Orissa, surviving for three days only. It was, however, enough to bring about a very rapid rise of temperature over Bengal, to just above normal on the 5th. The second disappeared even more quickly outside the field of barometric record, but its survival in the Himalayas was evidenced in rainfall of the 6th and 7th which though fairly light was very general throughout Bihar, North Bengal and the adjacent parts of Assam. With the disappearance of this depression and the reestablishment of high pressure over Central India temperature fell again rapidly to 8° below normal on the 7th and 8th. But this began gradually to be restored as a large depression advanced from the west, making itself distinctly felt on the morning of the 11th, when the southerly winds had completely restored the temperature to its normal value. The depression gave general though light rain to Bihar on the 12th, and heavier to South-West Bengal and Assam on the 13th, and, after disappearing into the Himalayas, very general rain over all Bengal, Orissa and Assam, and locally very heavy, up to the 19th. During this period the occasions of very heavy rain caused very rapid reductions of the temperature, —10° on the 14th, —8° to —12° on the 16th, —8° on the 18th. On the 20th and 21st there was some more rain in Assam, and the temperature remained below normal all over Northern India, accompanying a state of generally disturbed weather, which was propagated from the north-west. This state of affairs continued up to the end of the month with a minor unsteadiness characteristic of the transition period from the cold to the hot weather.

Summary of pressure.—The barometer remained practically $\frac{1}{10}$th of an inch above normal from the 1st to the 6th and fell to normal on the 8th, only to rise again to $\frac{3}{10}$th of an inch higher on the 9th and 10th. The barometer then fell steadily until it was again normal on the 13th and 14th, rose again $\frac{1}{10}$th of an inch above normal on the 15th, 16th, and 17th, and fell back to normal on the 19th only to rise again immediately $\frac{1}{10}$th until the 22nd. It remained about $\frac{1}{10}$th above normal until the 27th and fell a little below normal over the greater part of Bengal and Assam for the first time on the 28th and recovered slowly until it was again $\frac{1}{10}$th above normal on the last two days of the month.

It will thus be seen that the variations from day to day were practically all on the upper side of the normal, so that the average for the month works out at about $\frac{2}{10}$ths of an inch above normal over the Province and about half as much over the Bay.

Summary of temperature.—Evidently associated in the ordinary way with this excess of pressure was the general defect of temperature, which varied from 2°·6 in Assam to 4°·5 in South-West Bengal and Chota Nagpur.

The highest temperature for the month was recorded at Cuttack, viz., 103°·4. The lowest temperature in the plains—41°·7—occurred at Motihari.

Summary of rainfall.—Rain was not quite double as much as usual in Chota Nagpur and South-West Bengal. It was in slight excess in Bihar and in large defect in Orissa.

The following table gives the summary of the temperature of each of the seven Meteorological Divisions of the Provinces of Bengal and of Eastern Bengal and Assam, and

rainfall data of each of the four Meteorological Divisions of the Province of Bengal for the month of March 1906:—

Meteorological Divisions.	Temperature.						Rainfall—

The total fall from 1st January to 14th April 1906		11·85
The average fall of the corresponding period for 24 years, Surveyor-General's Office		3 41

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

H, hot wind; D, dew.

No. 125T.R.—The 18th April 1906.—Under section 4 of the Bengal Survey Act, V (B.C.) of 1875, the Lieutenant-Governor of Bengal is pleased to appoint Babu Prasanna Kumar Banerjee, Deputy Collector, to be an Assistant Superintendent of Survey for the purpose of carrying out the survey of the chaukidari chakaran lands situated within the district of Burdwan.

Singhbhum.

No. 146T.R.—The 20th April 1906.—Under section 3 (17) of the Bengal Tenancy Act, VIII of 1885, as extended to the Chota Nagpur Division, except the district of Manbhum, by Notification No. 721L.R., dated the 9th February 1903, published at page 172 of the *Calcutta Gazette* of the 11th idem, Babu Rajani Kanta Sen, Sub-Deputy Collector, is authorized to discharge the functions of a Revenue officer, under the provisions of that Act so far as they relate to Revenue officers, for the purposes of the preparation of a record-of-rights in the Porahat estate and its allied tenures of Anandpur, Kera, Bandgaon and Chainpur, and also in villages Sitahaka, Sinmidiri, Samrai and Dalki, the property of the Chief of the Kharsawan State, in the district of Singhbhum.

He is also vested with the powers of an Assistant Settlement Officer under rule 1, Chapter II of the rules under the Bengal Tenancy Act for the Chota Nagpur Division, except the district of Manbhum, in respect of the said estate and its tenures and the villages.

R. W. CARLYLE,
Chief Secy. to the Govt. of Bengal.

No. 97T.R.—The 17th April 1906—In supersession of the schedule of normal rates of prices of food-grains for the quinquennial period ending December 1904, published with Notification No. 899T R, dated the 24th May 1905, the following schedule, with explanation sheet, prepared by the Director of Agriculture, is published for general information as directed in section 3 (3) of the Bengal Famine Code, revised edition of December 1895.

R. W. CARLYLE,
Chief Secy. to the Govt. of Bengal.

Explanation sheet attached to schedule of normal rates of prices prepared by the Department of Agriculture, Bengal.

[*N B.*—The schedule shows the retail prices of common rice in respect of all districts, of wheat in respect of the districts of the Patna Division, Murshidabad, Rajshahi, Monghyr, Bhagalpur and the Sonthal Parganas, and of maize in respect of the districts of the Patna Division, Darjeeling, Monghyr, Bhagalpur, the Sonthal Parganas, Hazaribagh, Palamau, Manbhum and Singhbhum.

No rates are shown in the schedule which are not the average of at least two quotations for the same month in different years]

Burdwan.—Prices of rice at Kalna are not reported for January and April 1902.

Birbhum.—Quotations of prices for rice at Rampurhât are not available for July 1901 and for October of 1903 and 1904.

Hooghly.—The price of rice at the Arambagh mart not being reported for April 1902, average of four years has been given in the schedule.

Murshidabad.—Prices of rice and wheat at Kandi are not reported for April and July quarters of 1901 and for July 1902.

Darjeeling —The price of rice at Siliguri for October 1901 and the prices of maize for October 1900 and July 1901 are not furnished.

Rangpur.—The price of rice for the Nilphamari mart is not given in the return of January 1902.

Dacca —The figures of the Munshirhat mart not being available those of the Mirkadim mart have been shown instead.

Chittagong.—The price of rice at Cox's Bazar is not available for January 1904.

Patna.—Prices of maize at Sadar for April and July 1901 are not furnished. The prices of rice and wheat at Bihar for April 1901 and those of maize for January, April and July of 1900 and for July 1903 are not available.

Gaya.—Prices of maize at Sadar for the first three quarters of 1900 are not furnished. Those of rice and wheat at Aurangabad for October 1900 and for April 1901 are not reported, while figures for maize for the latter mart are very incomplete. For January average of three years, and for October average of four years have been shown, while for April and July averages of two years only have been given in the schedule.

Shahabad —Prices of rice and wheat at Arrah are not reported for October 1900. Quotations of prices for maize are not regularly reported. The figures for January and October are forthcoming for the last four years For April they are available only for two years (1901 and 1902) while figures for July quarter are not available at all. The prices of maize at Arrah for April and July are available for two years only (1901 and 1902).

Champaran.—Prices of rice and wheat at Sadar are not reported for October 1901 ; those of maize are not available for July and October 1901 and October 1904 for the Sadar mart and for July 1900 for the Bettiah mart.

Darbhanga.—The price of maize at Sadar for July 1901 is not furnished. Prices of rice, wheat and maize at Madhubani are not available for January 1901 and for October 1900.

Monghyr.—The prices of maize at Sadar are not available for the first three quarters of 1900, and also for January 1903. The figures for maize for the Jamui mart are forthcoming for the last three years. The figures for October are, however, available for the last four years

Bhagalpur —The price of maize at Sadar is not reported for October 1900. The figures for the Supaul mart are not available for the whole of the quinquennial period 1900—1904

Purnea.—The price of rice at Kasba for October 1901 is not furnished.

Sonthal Parganas.—The price of maize at Sadar is not reported for April 1900. The prices of wheat at Deoghur are not forthcoming for the last three years, hence average of two years (1900-1901) only has been shown in the schedule

Cuttack.—Prices of rice at Jajpur are not available for April and July 1904.

Angul —Quotations of prices of rice are available for the last three years only (1902—1904).

Hazaribagh.—The Giridih mart has been omitted from the schedule, quotations thereof not being available for the whole of the quinquennial period of 1900 to 1904

Palamau —The price of maize at Sadar is not reported for July 1900.

Manbhum.—The prices of maize for July quarter of the quinquennial period 1900—1904 are not available for the Purulia mart.

Singhbhum.—The price of rice at Chaibassa for January 1902 is not furnished.

DEPARTMENT OF AGRICULTURE, BENGAL ;
The 24th March 1906.

DECLARATION.

No. 1949L.A.—The 19th April 1906.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the expense of the District Board, 24-Parganas, for a public purpose, viz., for Usti Nainan outfall channel in connection with the Magrahat drainage scheme, it is hereby declared that for the above purpose a strip of land about 6½ miles long with a width of from 225 to 325 feet, passing through or near the undermentioned villages in parganas Muragacha and Medanmalla, in the district of 24-Parganas, is required for the purpose. The total area of the strip is more or less 559 bighas 9 cottahs and 13 chitaks of standard measurement :—

E. A GAIT, *Commissioner*

COMMR.'S OFFICE, RANCHI, *the 22nd March 1906.*

MEDICAL DEPARTMENT.

CHARITABLE ENDOWMENTS ACT, 1890.

NOTIFICATION.

No. 160T.M.—The 20th April 1906.—Whereas application has been made to the Government of Bengal by the Midnapore Municipality as the persons prior to the date of the first publication of this notification in the *Calcutta Gazette* acting in the administration of the trust within the meaning of section 6 (1) of the said Charitable Endowments Act that the immoveable property of which the particulars are contained in the first Schedule hereunder written may be vested in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal

Midnapore.

upon the trusts for the purposes and subject to the conditions specified in the second Schedule hereunder written :

Notice is hereby given that an order is proposed to be made by the Government of Bengal, after the expiration of one calendar month to be computed from the first publication of this notice, vesting the said property in the said Treasurer upon the terms aforesaid.

Any objections to the proposed order or suggestions thereon may be transmitted in writing to the Secretary to the Government of Bengal, Municipal Department, before the 1st day of June 1906.

The First Schedule above referred to.

THE revenue free estate Nazzarganj (including Bag-Nazzarganj and Kangaliganj) situate in Pargana Midnapore in the district of Midnapore, and which was made over about the year 1783 by one Sadatulla to Mr. Pearce, the then Collector of Midnapore, and for which a Sanad No. 5226 was granted to the Collector of Midnapore for the time being by the Superintendent of Bazea Zamin daftar (or register of rent-free estates), which Sanad was confirmed by the order of the Committee of Revenue dated the 13th day of May 1784 and which estate was in September 1882 by order of the Government of Bengal placed under the management of the Chairman of the Midnapore Municipality.

The Second Schedule above referred to.

1. The Treasurer of Charitable Endowments for the territories subject to the Government of Bengal shall until otherwise ordered by the Lieutenant-Governor of Bengal permit the person for the time being acting in the administration of the trust to have the possession, management and control of the property described in the first Schedule hereto (hereinafter called "the said trust property") and the application of the income thereof as if the said trust property had been vested in him such income to be applied in manner hereinafter mentioned.

2 The person to administer the said trust and property under section 5(1) of the Charitable Endowments Act 1890 shall be the Collector for the time being of Midnapore or the other officer for the time being exercising the functions of such office.

3. The person for the time being acting in the administration of the trust while having the possession management and control of the property shall have full power to let out the said trust property or any part or parts thereof from time to time for such period and on such conditions as he shall think fit and to accept surrenders of leases and tenancies to collect and receive the rents cesses tolls income and profits of the said trust property and generally to do all such acts and things relating to the management and development of the said trust property as he shall in his discretion think fit.

4. The person for the time being acting in the administration of the trust shall pay and apply the rents income and profits derived from the said trust property and which may be received by or paid to him after paying thereout the collection charges and other charges and expenses incidental to the management thereof and the carrying out of the trusts hereby declared for or towards the maintenance use and benefit of the Alms House and Midnapore Charitable Dispensary the mode or application of the same to be in his absolute discretion and the person for the time being acting as aforesaid shall be at liberty if he so thinks fit to pay the net rents profit and income of the said trust property or any part thereof to the President for the time being of the Committee of Management of the Pearce Midnapore Charitable Dispensary for the purpose of the same being applied for or towards the maintenance use and benefit of the said Alms House and Midnapore Charitable Dispensary as aforesaid according to the directions in that behalf to be given by the person acting in the administration of the trust as aforesaid.

5. The person for the time being acting in the administration of the trust shall in books to be kept by him regularly enter or cause to be entered full and true accounts of all money from time to time received and paid by him under this scheme and shall submit to such public servant and in such form and at such times as the local Government may from time to time appoint and prescribe a copy or abstract of such accounts and such returns in regard to any matters connected with the management of the said trust property and the administration of the trust as the local Government may from time to time require.

6. The person for the time being acting in the administration of the trust may from time to time delegate all or any of the powers conferred on him by this scheme to any Deputy Collector or Assistant Collector subordinate to him but such Deputy Collector or Assistant Collector shall exercise such powers subject to the orders and control of the person for the time being acting in the administration of the trust as aforesaid.

T. W. RICHARDSON,
Offg. Secy. to the Govt. of Bengal.

DECLARATION.

No. 183J.D.—The 21st April 1906.—Whereas certain land was required by the Government of Bengal under the provisions of the Land Acquisition Act, 1894 (I of 1894), and the Land Acquisition (Mines) Act, 1885 (XVIII of 1885), for a public purpose, viz., for the Ikra Branch of the East Indian Railway; and whereas coal-mines are situate under the said land; and whereas Messrs. Apcar & Co. have been working or getting mines or minerals lying under the said land; and whereas the said mines have been inspected by an officer appointed by the Government of Bengal under section 11 of the said Land Acquisition (Mines) Act, 1885, and it appears to the Government of Bengal that the mines have been worked contrary to the provisions of the said Act and that the drivings made by or on behalf of the said Messrs. Apcar & Co. are such as to cause damage to the railway at some future time, and that additional precautions are necessary to secure the safety of the line:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to give notice, under section 13 of the said Land Acquisition (Mines) Act, 1885, to the said Messrs. Apcar & Co. to construct the following works within two months from the date of this notice for making safe the acquired land and the works thereon, and preventing injury thereto:—

The parts of the galleries, A, B, C, and D shown on the plan marked L. A. M. A. No. 55 under the acquired land to be solidly and tightly packed to the roof with incombustible material. Walls of sound masonry consisting of good bricks or stone set in good mortar, and not less than six feet thick at the bottom and not less than two feet thick at the top, to be built across the galleries to the roof to retain the packing.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties interested.

T. W. RICHARDSON,
Offg. Secy to the Govt. of Bengal.

POLITICAL (POLICE) DEPARTMENT.

NOTIFICATIONS.

No. 55P.D.—The 14th April 1906.—In exercise of the power vested in him by section 14, sub-section (1) of the Code of Criminal Procedure, 1898, the Lieutenant-Governor is pleased to confer upon each of the undermentioned Presidents of panchayats in the district of Muzaffarpur the powers of a Magistrate under sections 64, 127 and 128 of the same Code, and to declare that the said powers may be exercised by the said officers within the limits of the Unions noted against their respective names.

Muzaffarpur.

2. The Lieutenant-Governor is further pleased to declare, in pursuance of sub-section (2) of the said section 14, that the said powers are conferred and may be exercised by each of the said officers for a period of three years only, from the date of this notification :—

R. W. CARLYLE,
Chief Secy. to the Govt. of Bengal.

PROCLAMATION.

No. 112P.D.—The 21st April 1906.—Under section 15 of Act V of 1861 (as amended by Act VIII of 1895), the Lieutenant-Governor declares that the conduct of the inhabitants of villages Chharakmahala, Sankarpur, Nilkanthpur, Langhamahala, Dakchakimahala, Beka and Bankamahala, Mirjapur, Pathanmahala, Alalpur, Kajimahala, Purnabazar, Haldidihi, Sayadabad, Bhuyanmahala, Taliapata, Durgapur, Garadpur, Kuans, Isufpur, Baliorda, and Dhanatolla, within the jurisdiction of the Bhadrak police-station, in the district of Balasore, has rendered it expedient to increase the number of the police by the appointment of additional force to be quartered therein at the cost of the inhabitants of the aforesaid villages. This proclamation shall remain in force for a period of two years from the date of entertainment of the force.

Balasore.

R. W. CARLYLE,
Chief Secy. to the Govt. of Bengal.

PUBLIC WORKS DEPARTMENT.

ESTABLISHMENT.

The 23rd April 1906.

No. 80.—Mr. H. H. Green, Executive Engineer, first grade, is appointed to officiate as Superintendent of Works, *vice* Mr. M. H. Arnott, appointed to officiate as a Superintending Engineer, and is placed in charge of the Northern Circle, with effect from the 27th March 1906, and until further orders.

No. 81.—Mr. R. C. Hodgson, Assistant Engineer, is appointed to officiate as Executive Engineer of the Darjeeling Division, with effect from the 26th March 1906, *vice* Mr. H. H. Green and until further orders.

No. 82.—Rai Sahib Annoda Prosad Sarcar, Executive Engineer, is placed temporarily on special duty and is attached to the 2nd Calcutta Division until further orders.

No. 83.—Rai Sahib Beni Madhab Mitra, Executive Engineer, Northern Drainage and Embankment Division, is transferred to the 2nd Calcutta Division until further orders.

A. S. THOMSON,
Offg. Secy. to the Govt. of Bengal.

The 19th April 1906.

No. 79.—Mr. C. B. Bayley, Assistant Secretary to this Department, is granted privilege leave, under article 260 of the Civil Service Regulations, for one month and eighteen days, combined with leave on private affairs, under article 337 of the Civil Service Regulations, for four months and thirteen days, with effect from the 27th April 1906, or such subsequent date as he may avail himself of it.

The 23rd April 1906.

No. 84.—Mr. C. Addams-Williams, Executive Engineer, third grade, temporary rank, attached to the office of the Superintending Engineer, South-Western Circle, is appointed to hold charge of the Northern Drainage and Embankment Division until further orders.

No. 85.—The Lieutenant-Governor is pleased to make the following promotions in the Engineer Establishment with effect from the dates specified:—

NAMES.	From	To	With effect from	Nature of promotion.
Sarkar, Annoda Prosad ...	Executive Engineer, 2nd grade.	Executive Engineer, 1st grade.	18th April 1906 ..	Permanent.
Bremner, W. S.	Executive Engineer, 3rd grade.	Executive Engineer, 2nd grade.	1st April 1906 ...	Ditto.
Arundel Smith, E.	Ditto ditto ...	Ditto ditto ...	Ditto	Ditto.
Jolly, W. T. *	Assistant Engineer, 2nd grade (supernumerary).	Assistant Engineer, 1st grade (supernumerary).	8th April 1903 ..	Ditto.

* In supersession of the orders concerning him in Bengal Government Notification No. 144, dated 24th October 1903.

The 24th April 1906.

No. 86.—The following notification issued by the Government of India in the Public Works Department is republished for information:—

No. 58, dated the 19th April 1906.—Mr. R. E. Carter, Executive Engineer, first grade, Bengal, is appointed to officiate as a Superintending Engineer, with effect from the 3rd April 1906, and until further orders.

No. 87.—With reference to Public Works Department Notification No. 58, dated the 19th April 1906, Mr. R. E. Carter is appointed to officiate as Superintending Engineer of the South-Western Circle until further orders.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

MIS. PUB. IMPROVEMENTS.

The 23rd April 1906.

No. 3M.P I.—In exercise of the powers conferred by section 1, sub-section (2), of the Bengal Public Parks Act, II (B.C.) of 1904, the Lieutenant-Governor of Bengal is pleased to direct that, with effect from the date of this notification, the provisions of the said Act shall apply to the Dalhousie Square Park, Calcutta.

The 23rd April 1906.

No. 4M P I.—The following preliminary draft of rules which it is proposed to make under section 4 of the Bengal Public Parks Act, II (B.C.) of 1904, is hereby published for general information.

2. Any objection or suggestion which any person may desire to make with respect to the draft should be submitted to the Secretary to the Government of Bengal in the Public Works Department on or before the 10th June 1906 :—

Draft Rules under Section IV, Act II (B.C.) of 1904, for the management and preservation of the Dalhousie Square Park, Calcutta, and for regulating the use thereof by the public.

1. No person shall bring a carriage, motor-car or motor-cycle within the park.

2. No person shall ride on horse-back or on a bicycle or tricycle in the park. Children may ride on tricycles on the path.

3. No person shall bring a dog into the park.

4. The following acts are strictly prohibited :—

The plucking, gathering or digging up of anything growing in the park; the felling of trees; the breaking of branches or plants; the cutting of names or marks on trees or on the benches; the disfiguring of balustrades, ghats, fountains, furniture, monuments or statues; the removing or disfiguring of labels or marks attached to trees or plants; picnicing, shooting, bird's-nesting, or catching butterflies; the grazing of horses, ponies or cattle; boating in, bathing in or polluting the water of the tank; and standing or sitting on the balustrade surrounding the tank.

5. Fishing in the tank is prohibited except by rod and under a pass to be granted by the Commissioner of Police. No *machans* or platforms shall be erected for the purpose of fishing.

6. No person shall commit any nuisance in the park, or molest or annoy any person or persons resorting to it.

The Local Government, under section 4 (3) of Act II (B.C) of 1904, directs that a breach of any of the above rules shall be punishable with a fine not exceeding Rs. 20.

A. S. THOMSON,
Offg. Secy. to the Govt. of Bengal.

MARINE DEPARTMENT.

The 24th April 1906.

No. 42Marine.—It is notified for general information that this Department Notification No. 40, dated the 18th April 1906, published in page 873, Part I of the *Calcutta Gazette* of the 18th April 1906, imposing the regulations for the prevention of the introduction of plague by sea in the Ports of Orissa against vessels arriving from the Port of Penang, is hereby cancelled.

W. A. INGLIS,
Secy. to the Govt of Bengal.

The 24th April 1906.

No. 43Marine.—Mr. J. D. D. Kirkman, Branch Pilot, is granted, under article 676 (*b*), Civil Service Regulations, privilege leave from the 10th March to 3rd April 1906 (both days inclusive).

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 24th April 1906.

No. 44Marine—Mr. R. E. Carter, Superintending Engineer, South-Western Circle, is appointed a member of the Boiler Commission for the purpose of carrying out the provisions of Act III (B.C.) of 1879 (an Act to provide for the periodical inspection of steam-boilers and prime-movers attached thereto in the town and suburbs of Calcutta and in Howrah), *vice* Mr. O. C. Lees, resigned.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

No. 41Marine, the 19th April 1906.—Notification.—In exercise of the power conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to make the following rules to regulate the importation, possession, sale and transport of carbide of calcium in Bengal.

W. A INGLIS,

Secretary to the Government of Bengal.

Preliminary definitions.

In *the following* rules *and* forms, *the expression* "the town of Calcutta" means all places within the local limits of the Original Civil Jurisdiction of the High Court of Judicature at Fort William in Bengal; *and the expression "suburbs of Calcutta" means the area excluded under section 1 of the Calcutta Suburban Police Act, 1866 (Bengal Act II of 1866), from the general police district of Bengal.*

PART I.—OF IMPORTATION OF CARBIDE OF CALCIUM.

Ports of importation.

1. Carbide of calcium may be imported only at the port of Calcutta.

Duty of master or agent on arrival of ship.

2. The master or the agent of the owner of every ship arriving at any such port and carrying carbide of calcium shall, on entering the harbour and before landing any cargo, declare in writing to the Collector of Customs, and also to the port-officer or harbour master, the quantity and description of such carbide of calcium; and the master shall moor the ship in such place as the port-officer or harbour-master may direct, and, while any carbide of calcium remains on board, shall not, except for the purpose of proceeding to sea, remove the ship without the written permission of the port-officer or harbour-master.

Description of vessels to be used.

3. Carbide of calcium shall be brought into port only in substantial hermetically closed metal vessels each containing not more than two hundred and twenty-four pounds, having no copper in their construction, and bearing the label and caution hereinafter prescribed by rule 1 of Part V.

Opening of vessels within limits of port.

4. No vessel containing carbide of calcium shall be opened within the limits of the port.

Precautions for safety.

5. (1) Every reasonable precaution shall be taken to prevent the contact of water or moisture with any carbide of calcium brought into port, and where such contact may have occurred, to prevent the gas generated from being ignited.

(2) The hold of every ship bringing carbide of calcium into port shall, from the time of the vessel's entering the port until all the carbide of calcium on board has been discharged or until the ship has left the port, be efficiently ventilated.

Facilities to be afforded to inspecting officers.

6. The master or the agent of the owner of any ship in port with carbide of calcium on board shall, when so required by the Collector of Customs or by the port-officer or harbour-master, or by any police-officer of or above the rank of inspector appointed by the District Magistrate / Commissioner of Police* in this behalf by order in writing, show to such officer all carbide of calcium under his control or on board, and shall afford every reasonable facility to enable such officer to inspect and examine such carbide of calcium so as to ascertain whether these rules are duly observed.

Time and place of landing.

7. Carbide of calcium shall be landed only between sunrise and sunset and at such place or places as the Collector of Customs shall direct.

Permission for landing.

8. On receipt of the declaration referred to in rule 2, the Collector of Customs shall permit the carbide of calcium to be landed.

PART II.—OF POSSESSION AND SALE OF CARBIDE OF CALCIUM.

Carbide of calcium to be "commercially pure."

1. No carbide of calcium shall be kept at any place, with or without a license unless it is "commercially pure," *i.e.*, unless it contains no impurities liable to generate phosphoretted or siliciuretted hydrogen so as to render the gas evolved liable to ignite spontaneously.

Conditions of possession and sale without license.

2. No license shall be required for the possession or sale of carbide of calcium (i) in any quantity not exceeding five pounds if it is kept in separate vessels, each containing not more than one pound, of the nature described in, and labelled as required by rule 1 of part V; (ii) in any quantity exceeding five and not exceeding twenty-eight pounds wher

* In Calcutta.

the following conditions are observed and the vessels containing it are labelled as required by rule 1 of Part V :—

(*a*) The carbide shall be kept only in metal vessels hermetically closed at all times when the carbide is not actually being placed in or withdrawn from such vessels;

(*b*) The vessels containing carbide shall be kept in a dry and well ventilated place;

(*c*) due precautions shall be taken to prevent unauthorized person from having access to the carbide;

(*d*) notice shall be given of such keeping to the licensing authority referred to in rule 8 of this Part, and free access shall be afforded to any duly authorised inspector to inspect the portion of the premises where the carbide is kept and the generator, if any, is situated.

Where a fixed generator is used on the premises:—

(*e*) full and detailed instructions as to the care and use of the generator shall be kept constantly posted up in such place as to be conveniently referred to by the generator attendant.

Where it is desired to keep a greater quantity or where the above conditions cannot be complied with, application must be made to the licensing authority for a license.

Licenses for possession.

3. Carbide of calcium in any quantity exceeding twenty-eight pounds may be kept only under a license to possess carbide calcium granted under these rules. Every application for such a license shall be in form A in the schedule, and where the applicant proposes to engage in the manufacture of acetylene gas, the generating apparatus to be used by the licensee must, if manufactured in British India, have been examined by such competent authority as the Local Government or Administration of the province of manufacture may from time to time specially authorized in this behalf, and certified by it to be suitable; or if imported, must either have been so examined and certified, or be of a type approved by the Committee on Acetylene Generators appointed by the Department of His Majesty's Inspector of Explosives, London.

Storage of carbide of calcium.

4. Notwithstanding anything contained in rule 3 of this Part, carbide of calcium may, with the special permission of the Local Government, and on such conditions as may be fixed by it, be stored without license in premises provided for the purpose.

Note—This rule is intended to be applied only in the case of Port Trust and similar premises.

Situation of storage buildings.

5. Carbide of calcium shall be stored,—

(*1*) if in quantities aggregating not more than four hundred and fifty pounds—in a suitable uninhabited building at least twenty feet away from any other premises: provided that quantities not exceeding two hundred and twenty-five pounds may be stored in place connected with a shop at a distance of at lease ten feet from other premises;

(*2*) if in quantities aggregating more than four hundred and fifty pounds and not more than three thousand pounds—in a suitable uninhabited building at least forty feet away from any other premises;

(*3*) if in quantities aggregating more than three thousand pounds and not more than fifty tons—in an uninhabited building at least one hundred feet away from any other premises.

Not more than fifty tons of carbide of calcium shall be stored in any one building.

Construction of storage buildings.

6. Every building for the storage of carbide of calcium shall be—

(*a*) constructed with stone, brick or iron walls, with terraced, tiled or iron roofs, and with tiled, paved or cemented, or iron (or steel) floors raised at least a foot above the ground level; and

(*b*) well ventilated and water-tight to the satisfaction of the licensing officer.

Arrangements in storage buildings.

7. Carbide of calcium shall be stored only on racks or trestles standing at least one foot above the level of the ground, and no articles of an inflammable or combustible nature shall be kept in the same building.

Licenses for possession.

8. Licenses to possess carbide of calcium shall be in Form B in the schedule, and may be granted by the Commissioner of Police in the Town of Calcutta, and elsewhere by the District Magistrate or any Magistrate of the first class, or by such other officer as the Local Government may, from time to time, by an order in writing, appoint in this behalf.

Continuance of license.

9. Such licenses shall be in force for one year from the dates of issue:

Provided that the licensing officer may, at any time, for good and sufficient reasons, cancel any such license.

Fee for license.

10. The fee for a license to possess carbide of calcium shall be five rupees.

Renewal of license.

11. Every application for the renewal of a license to possess carbide of calcium shall be made in the same manner as an application for an original license.

Date of, and fee for, application for renewal.

12. Every such application shall be made at a date not less than fifteen days prior to the date on which the original license expires. The fee charged for the renewal of a license shall be three rupees.

Packing and marking on sale by retail vendor.

13. Every retail vendor of carbide of calcium, selling any quantity exceeding half a pound to a purchaser, shall deliver it to him in an air-tight tin or drum, packed and marked in accordance with these rules, and bearing the name of the vendor plainly printed on the package.

Packing and opening by retail vendor.

14. Every retail vendor shall keep his carbide of calcium in a receptacle which can be easily opened and closed again so as to be air-tight, and shall open for the purposes of sale, not more than one receptacle at a time.

PART III.—TRANSPORT OF CARBIDE OF CALCIUM.

Conditions of transport without license.

1. No license shall be required for the transport of carbide of calcium in any quantity not exceeding five pounds if it is packed in separate vessels, each containing not more than one pound, of the nature described in, and labelled as required by, rule 1 of Part V.

Conditions of transport under license.

2. Carbide of calcium in any quantity exceeding five pounds may be transported only under a license to transport carbide of calcium granted under these rules, and shall not be deposited at any time during transit in any building other than a building fulfilling the requirements of rules 5 and 6 of Part II, and shall not be stored in any such building except in accordance with the conditions as to storage prescribed by rule 7 of Part II.

Conditions of transport by railway.

3. Notwithstanding anything contained in rule 2 of this part, carbide of calcium while in the possession of a railway for transport, shall not be stored in any railway goods shed, but shall be stacked in the open under waterproof sheets and so placed as to prevent its getting wet.

Special precautions.

4. All lights shall be kept away from carbide of calcium stacked as provided in rule 3 of this Part.

Method of disposal if wetted in transit.

5. If any carbide of calcium is wetted while in the possession of a railway for transport, it shall be destroyed by immersion in at least twenty times its bulk of water.

NOTE—*The fact of carbide of calcium having become wet will be indicated by the outward appearance of the drum, and probably by a disagreeable odour, showing a leakage of gas.*

Condition of transport by passenger train.

6. (*1*) Where carbide of calcium is transported by passenger train, no quantity exceeding four hundred and fifty pounds shall be carried by any one train and the vehicles shall be well ventilated and as far as possible water-tight.

(*2*) In no circumstances shall a naked lamp or other unprotected artificial light be taken into a wagon, vessel or conveyance containing carbide of calcium.

Transport licenses.

7. Licenses to transport carbide of calcium shall be either general or special in Form C or Form D in the schedule, and may be granted by the Commissioner of Police in the Town of Calcutta, and elsewhere by the District Magistrate or any Magistrate of the first class, or by such other officer as the Local Government may, from time to time, by an order in writing, appoint in this behalf.

Grant of general transport license.

8. A general license to transport carbide of calcium may be granted only to a person who holds an annual license to possess a quantity exceeding four hundred and fifty pounds of carbide of calcium.

Grant of special transport license.

9. A special license to transport carbide of calcium may be granted to any person for a particular consignment at the discretion of the licensing officer.

Fee for general transport license.

10. The fee for a general license to transport carbide of calcium shall be three rupees.

Application for general transport license.

11. An application for a general license to transport carbide of calcium shall state—

(*a*) the number and date of the license to possess carbide of calcium held by the applicant; and

(*b*) the period of currency of that license.

Continuance of general transport license.

12. A general license to transport carbide of calcium shall be in force for not more than one year, and shall in no case remain in force after the date on which the license to possess carbide of calcium held by the applicant expires.

Application for special transport license

13. An application for special license to transport carbide of calcium shall state—

(*a*) the place from which the carbide of calcium is to be transported;
(*b*) the place to which it is to be transported;
(*c*) the number of drums or cases;
(*d*) the quantity in each drum or case;
(*e*) the name and address of the consignee;
(*f*) whether the consignee has a license to possess carbide of calcium sufficient to cover the amount transported; and
(*g*) the date on which it is proposed to despatch the consingment.

Continuance of special transport license.

14. A special license to transport carbide of calcium shall be in force for such period, not exceeding one month from the date of the grant of the license, as may be specified on the same.

Fee for special transport license.

15. The fee for a special license to transport carbide of calcium shall be one rupee.

Issue and contents of passes.

16. The holder of a general license to transport carbide of calcium shall, with each consignment conveyed under cover of his license, issue a pass in Form E in the schedule specifying—

(*a*) the places from and to which the carbide of calcium is to be transported;
(*b*) The quantity of carbide of calcium covered by the pass,
(*c*) the name and address of the consignee; and
(*d*) whether the consignee has a license to possess carbide of calcium sufficient to cover the amount transported.

Validity of license granted in another provinc .

17. Carbide of calcium may be transported within this province under cover of any license granted by the prescribed authority in any other province provided that the conditions of such license are observed throughout the period during which the carbide of calcium is in transit.

PART IV.—Of inspection.

Powers of Inspecting Officers.

1. The Commissioner, the Deputy Commissioner or an Assistant Commissioner of Police in the town of Calcutta, and elsewhere the District Magistrate, the Subdivisional Magistrate or any Magistrate subordinate to the District Magistrate appointed by him in this behalf by order in writing, or any police officer of or above the rank of Inspector appointed by the District Magistrate in this behalf by order in writing, or any other officer appointed by the Local Government in this behalf, may at any time enter any premises in respect of which a license to possess carbide of calcium has been granted, for the purpose of inspecting the same.

Requisition of samples.

2. Any officer so inspecting may require a sample or samples to be delivered to him from any drum or case of carbide of calcium stored in the premises inspected.

Facilities to be afforded to inspecting officers.

3. The licensee of any premises inspected shall personally or through a representative show to the officer so inspecting every place and every vessel in which carbide of calcium in his possession is kept, deliver any samples required, and give such assistance as that officer may require.

Inspection during transit.

4. Where a license to transport carbide of calcium has been granted, any officer authorized under rule 1 of this Part may, at any time and on or before the arrival of the carbide of calcium at its destination, board any ship or detain any conveyance, used for such transport, for the purpose of inspecting the license granted for the transport of the consignment or the pass issued by the licensee and seeing whether the provisions of these rules and the conditions of the license have been complied with.

PART V.—General.

Description and marking of vessels

1. Where carbide of calcium—

(*a*) is imported or kept at any place after seven days from the date of its importation,
or
(*b*) is transported, or
(*c*) is sold or exposed for sale,

it shall be contained in substantial hermetically closed metal vessels each containing not more than two hundred and twenty-four pounds, having no copper in their construction and having

attached to them labels stating in conspicuous characters the words—"Carbide of calcium—dangerous if not kept dry," together with the follwing caution :—

"*The contents of this package are liable, if brought into contrat with moisture, to give off a highly inflammable gas*",

and with the addition,—

(*d*) in the case of a vessel kept, of the name and address of the consignee or owner;
(*e*) in the case of a vessel transported, of the name and address of the sender; and
(*f*) in the case of a vessel sold or exposed for sale, of the name and address of the vendor.

Refusal of license.

(2) A licensing officer may, for reasons to be reported to the Local Government, refuse a license in any case, the reasons for refusal being communicated to the applicant if a request to that effect is preferred by him; and the Local Government, may on receipt of such report, and of any representation made to it by the applicant, pass such orders on the case as it thinks fit.

Report of accident.

3. Any explosion or accident occurring in connection with the importation, transport, possession or sale of carbide of calcium shall be reported by the person in charge of the same for the time being without delay at the nearest police station.

Procedure on death or disability of licensee.

4. Where a licensee dies or becomes insolvent or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Act or these rules for acting under the license during such time as may reasonably be necessary to allow him to make an application for a new license in his own name for the unexpired portion of the original license. Such new license shall be granted on payment of one rupee.

Loss of license.

5. Where a license granted under these rules is lost or accidentally destroyed, a duplicate may be granted on payment of a fee of eight annas.

Levy of license-fees.

6. The fees chargeable under these rules shall ordinarily be levied by means of impressed stamps. An application for the grant or the renewal of a license shall bear the proper stamp: provided that, if the application is refused, the value of the separate stamp (if any) which may have been already provided by the applicant for the desired license or renewed license, *minus* the deductions prescribed by section 54 of the Indian Stamp Act, 1899 (II of 1899), may be refunded to the applicant. An application should not be made on the stamped paper intended for the license or renewed license; but where this has been wrongly done, the value of the stamp may be refunded *minus*—

(*i*) the value of the stamp which should have been affixed to the application, and
(*ii*) the deductions prescribed as aforesaid.

Where the fees leviable under these rules have been made over to any Local body, the fees shall be paid in such manner as that Local authority may from time to time direct.

Production of license.

7. Any person holding a license or acting under a license granted under these rules shall be bound to produce the same when called upon to do so by any Magistrate or Police officer of or above the rank of an officer in charge of a police station.

THE SCHEDULE.

FORM A.

REGR. No.

Application to the *of* *for a license to possess*
Carbide of Calcium.

Name in full of applicant with particulars of his residence. If a firm or company, its name or that of its Agent or Secretary.	
Situation of building for which the license is required.	
Quantity to be covered by license.	
Is the carbide for use or for sale unopened in the vessels in which it is received, and, if not, what will be done with it?	
In what vessels will the carbide be kept, what is the capacity of the same, how are they closed against moisture, and of what material are they made?	
In what part of the building will the carbide be kept? How are the premises constructed? Are the premises used for other purposes, and, if so, for what purposes?	
Is the carbide to be used for the manufacture of acetylene gas? How is the generator constructed, and what is its capacity? Give sketch. Give particulars as to the building in which the generator will be placed, and state whether it is detached from other buildings, and whether it is used for other purposes. How is it proposed to dispose of the residue? Will the generator be in the sole charge of a person competent to manage it?	

Signature of applicant.

ENDORSEMENT ON FORM B.

RULES.

[Here enter rules 1, 2, 3, 5 to 14 of Part II, 1 to 3 of Part IV, and 1 to 7 of Part V]

CONDITIONS.

This license is given subject to the provisions of the Indian Petroleum Act 1899 (VIII of 1899) and the above-mentioned rules for the possession and sale of carbide of calcium made thereunder

2. If the licensing officer or any officer appointed under rule 1 of Part IV calls on the license-holder by notice in writing, to execute any repairs to the building licensed which may, in the opinion of such officer, be necessary for the safety thereof, the license-holder shall execute the repairs within such period, not being less than one week from the date of receipt of the notice, as may be fixed by the notice.

3. Subject to the provisions of rule 2 of Part II, the licensee shall not deliver any quantity of carbide of calcium exceeding twenty-eight pounds to any one who has not a license under section 5 or 6 of the Act, or any quantity of such carbide of calcium exceeding half a pound, except in accordance with the rules as to the manner in which carbide of calcium is to be packed.

4 Vessels containing carbide of calcium shall be opened only for the time necessary for the removal of any quantity of carbide of calcium or for the refilling of other vessels During such removal or refilling every reasonable precaution shall be adopted for preventing moisture being brought into contact with the carbide of calcium, as well as for guarding against the risk of ignition of any gas which may be liberated

5. Every storage vessel of a greater storage capacity than two pounds shall be secured with a lock or be kept in a locked receptacle, so as to prevent unauthorized persons having access to the contents.

6 Due precaution shall at all times be taken for the prevention of accidents from fire, and no smoking, light, or fire in any form shall be permitted at any time within or near the building in which the carbide of calcium is stored.

7. If carbide of calcium is used for the manufacture of acetylene gas, the following precautions for ensuring safety shall be adopted —

(*a*) The apparatus used must, if manufactured in India, have been examined by*——and certified by it to be suitable, or, if imported, either have been so examined and certified or be of a type approved by the Committee on Acetylene Generators appointed by the Department of His Majesty's Inspector of Explosives, London.

* *Vide* Rule 3 of Part II.

(*b*) Every apparatus for generating and storing acetylene gas other than a portable apparatus holding a charge of less than two pounds of carbide of calcium shall be placed in an outbuilding which shall be separated as far as may be practicable from any inhabited building and shall be well ventilated.

(*c*) No fire or such artificial light as would ignite inflammable gas shall be taken into or near the building, in which a gas-making apparatus is placed.

8. Every apparatus (including generator and gas-holder) used for the manufacture of acetylene gas shall as far as practicable, be constructed and used so as to provide against special risk, that is to say —

(*a*) Copper shall not be used in any part of the apparatus.
(*b*) The various parts shall be of adequate strength.
(*c*) The escape of gas from the apparatus shall be carefully guarded against.
(*d*) Satisfactory provision shall be made against the dangerous development of heat.
(*e*) Satisfactory provision against undue pressure shall be made by the employment of an adequate safety valve connected with a pipe discharging into the open air and a suitable pressure gauge shall be attached to the apparatus
(*f*) Provision shall be made for the residue of the carbide of calcium being mixed with at least ten times its bulk of water on being removed from the apparatus
(*g*) No person shall have charge of an apparatus unless he has been properly instructed in its management

CIVIL ENGINEERING COLLEGE, SIBPUR.

ENGINEER DEPARTMENT

SESSION 1906-1907.

CANDIDATES for admission to the Engineer Department should apply to the Principal in the prescribed form on or before the 15th May 1906. Each application must be accompanied by a registration fee of Re. 1, which will in no case be returned.

The session begins on Monday, the 4th June 1906.

Candidates must furnish proof that they have passed one of the following tests:—

(1) The B. Sc. or B. A. examination in the B course in Physics and Chemistry of the Calcutta University. The candidate's age must be under 23 years.
(2) The F. A. examination of the Calcutta and Madras Universities.
(3) The Intermediate examination of Allahabad and Punjab Universities.
(4) The Intermediate examination for the degree of B. A. of Bombay University.
(5) The High School examination for Europeans and Eurasians.

The candidate's age in (2), (3), (4) and (5) must be under 21 years.

In selecting candidates who have passed the F. A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of the F. A. examination.

The maximum number to be admitted is limited to 40. The position in the University examination and the age of the candidate will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students to the Engineer class is Rs. 10 a month for each month of the year, vacation included.

One junior scholarship of Rs. 20 a month, one of Rs. 15 a month, and six of Rs. 10 a month, tenable for two years, will be given to students who have been admitted to the College who do not hold University Scholarships.

The selection will be made in the following order:—

(*a*) B. Sc.'s,
(*b*) B. A.'s who have taken up the B course, and
(*c*) F. A. candidates (except those who passed in the third division).

There will be in addition one scholarship of Rs. 20 a month and one of Rs. 10 a month for Europeans or Eurasians who have been admitted to the College, tenable for two years. Should there be no suitable candidates for these scholarships, they will be awarded to the general candidates. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Form of application for admission and any further particulars will be supplied upon application to the Principal.

SIBPUR, B. HEATON,
The 5th April 1906. *Principal, Civil Engineering College.*

CIVIL ENGINEERING COLLEGE, SIBPUR.

APPRENTICE DEPARTMENT.

SESSION 1906—1907.

CANDIDATES for admission to the Apprentice Department should apply to the Principal in the prescribed form on or before the 6th May 1906. Each application must be accompanied by a registration fee of Re. 1, which will in no case be returned.

The session begins on Monday, the 4th June 1906. Candidates must furnish proof that they have passed one of the following tests :—

(1) Standard VII or Middle School Examination of the Code of European Schools.
(2) University Entrance Examination.

The candidate's age must be at least fifteen and not more than seventeen years.

There are twenty-eight vacancies for natives and twelve for Europeans and Eurasians. The selection of candidates for admission will be made by the Principal.

There will be four vacancies on the free list for Christian Apprentices in June next and eight on the reduced fee list. For natives there will be eight vacancies on the reduced fee list, available during the month of June. Election to those lists will be made by the Board of Visitors. Forms to be filled up for the consideration of the Board can be had on application to the Principal.

The tuition fee to students of the Apprentice Department is Rs. 3 monthly for each month of the year, vacation included, except for students on the Free and Reduced fee lists.

Every applicant before admission to the College will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Before an applicant is admitted to the College his parent or guardian must sign an agreement in the prescribed form.

All applications from Christian candidates for admission to the free or reduced free lists must reach the Principal not later than the 6th May, so as to enable the elections to be made by the Board of Visitors before the opening of the session.

The vacancies on the native list will be filled up after the opening of the session from those apprentices who have joined the College after admission. Forms of application for admission and further particulars will be supplied on application to the Principal.

SIBPUR, B. HEATON,
The 6th April 1906. *Principal, Civil Engineering College.*

NOTIFICATION.

IT is hereby notified for general information that the first Half-yearly Departmental Examination in 1906 of Assistant and Deputy Magistrates and Sub-Deputy Collectors of Regulation and non-Regulation districts, of Cantonment Magistrates and of officers employed in the Police, Forest and Public Works Departments in the districts of the Patna and the Bhagalpur Divisions except Darjeeling will be held at Bankipore in the Patna College hall on Wednesday, the 2nd May 1906, and the two following days.

The officers employed in the district of Darjeeling will be examined in Calcutta at the office of the Commissioner of the Presidency Division.

The examination will begin at 11 A. M. on each day.

BHAGALPUR,
The 20th April 1906.

W. BOOTH,
Inspector of Schools, Bhagalpur Division.

BIHAR SCHOOL OF ENGINEERING.

PROSPECTUS FOR ADMISSION.

THIS school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihari applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis..

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

(1) A sound study of elementary mathematics.
(2) Careful training in survey work.
(3) Drawing both free-hand and engineering.
(4) Elements of road making and the construction of simple buildings.
(5) Workshop practice, with hand tools and machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next session will commence on 2nd July 1906.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 8. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable for one year, are awarded each year on the results of the annual examinations, *eight* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the school, 75 per cent. of them are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below :—

(1) The entrance examination of an Indian University in English and mathematics.

(2) Standard VII of the Code of European schools.

(3) Sudents who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and mathematics (of about the same standard as the Entrance examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 4th and 5th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars :—

(*a*) Name, address, and occupation of father or guardian.

(*b*) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family have taken up their residence in Bihar.)

(*c*) A certificate of good moral character from last head-master.

(*d*) An attested certificate of age (showing that he is under 20 years of age).

(*e*) A medical certificate showing him to be fit for employment in the public service.

(*f*) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin-student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for Amin class, who have not passed the middle English or middle vernacular examination will be examined at the school on the 4th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 3rd July 1906, unless application for admission is made before 30th June 1906.

10. All candidates for admission to the school should present themselves personally at the school on the 2nd July.

11. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians whose homes are near enough to enable them to attend the school at the required times. The Principal of the College will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

BANKIPORE,
The 29th August 1905.

H. R. JAMES,
Offg. Principal, Patna College.

NOTIFICATIONS OF THE BOARD OF REVENUE.

No. 2016B.

NOTICE is hereby given that the Fifth Sale of Opium, the provision of 1903-04, will be held at the Government Opium Sale-room, No. 2 Bankshall Street, on Tuesday, the 1st May 1906, at 11 A.M., and will comprise 4,400 chests, viz.—

		Chests.
Opium manufactured at the Patna Factory consisting of	...	2,200
Ditto at the Ghazipur Factory consisting of	...	2,200
Total	...	4,400

2nd.—The general conditions of the sale now advertised will be the same as usual. They may be ascertained by reference to the Notification issued on the 28th November 1905, and published in the *Government* and *Exchange Gazettes*, or on personal application at the office of the Board of Revenue.

3rd.—The latest dates for deposit and clearance will be the 8th and 16th May 1906, respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes or other Public Securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the sale-room will be received after 3-30 P.M. of Tuesday, the 8th May 1906, and no Bank of Bengal Receipts in full payment of lots will be accepted after 3-30 P.M. of Wednesday, the 16th May 1906.

4th.—In addition to the quantity above advertised for sale, the following quantities, more or less, of the Opium manufactured at the Patna and Ghazipur Factories will be brought to sale between the sale now advertised and December next on or about the dates specified below. The Board of Revenue, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so:—

DATE.				Manufactured at the Patna Factory; about chests.	Manufactured at the Ghazipur Factory; about chests.	Total; about chests.

On or about Tuesday,	4th September	,,	...	2,200	2,200	4,400
On or about Monday,	8th October	,,	...	2,200	2,200	4,400
On or about Tuesday,	6th November	,,	...	2,200	2,200	4,400
On or about Tuesday,	4th December	,,	...	2,200	2,200	4,400
	Total		...	15,400	15,400	30,800

By order of the Board of Revenue, L. P.,
S. M. NASIRUDDIN, *Offg. Secretary.*

BOARD OF REVENUE, L. P., CALCUTTA, *the 26th March 1906.*

NOTIFICATION—No. 2475B.

IN exercise of the powers conferred on them by section 19A of Act VII (B.C.) of 1878, as amended by section 6 of Act I (B.C.) of 1883, and with the sanction of the Lieutenant-Governor of Bengal, the Board of Revenue, Lower Provinces, are pleased to make the following rules to regulate the importation into Bengal under bond of rum and other spirits manufactured at the Cawnpore Sugar Works Company's Distillery at Cawnpore. These rules will have effect from the 1st May 1906:—

Importation.

1. Any person may import rum and other spirits manufactured at the Cawnpore Sugar Works Company's Distillery at Cawnpore to the Lower Provinces of Bengal in bond under a pass granted as provided in the following rules.

Application for a pass.

2. When any person desires to export rum or other spirits manufactured at the Cawnpore Sugar Works Company's Distillery at Cawnpore to the Lower Provinces of Bengal, he shall present a written application for a pass to the Collector of Cawnpore.

The application must specify—

(*i*) the name of the consignor;
(*ii*) the name of the consignee;
(*iii*) the description, quantity and strength of the spirits to be exported.

License authorising the import of the spirits and bond.

3. Every application must be accompanied by—

(*i*) a license from the Collector or Deputy Commissioner of the district to which the spirits are to be exported authorising the import of the spirits, and

(*ii*) a duly executed bond in the prescribed form.

NOTE.—The license referred to in clause (*i*) above may be a general license covering all consignments for one year. The bond referred to in clause (*ii*) may be a special bond in Form A, or a general bond in Form B covering all consignments to a particular warehouse or warehouses for a specific period to be mentioned in the bond.

Particulars in pass.

4. The pass granted by the Collector of Cawnpore shall be in triplicate, and shall specify—

(*i*) the name of the consignor;

(*ii*) the name of the consignee;

(*iii*) the number and description of casks or other vessels in which the spirits are to be exported;

(*iv*) the description, quantity and strength of the spirits contained in each cask or other vessel.

One copy of the pass shall be delivered to the exporter, a second forwarded to the Collector or Deputy Commissioner of the district to which the spirits are to be taken, and the third retained for record.

Within a reasonable time to be fixed by the Collector of Cawnpore and specified in the bond or pass, the importer shall produce to the Collector of Cawnpore his copy of the pass with a certificate on it signed by the Collector or Deputy Commissioner of the importing district as to the due arrival of the spirit at its destination.

Casks to be marked.

5. On each cask or other vessel containing spirit for export there shall be legibly cut or painted—

(*i*) the name and the mark of the Cawnpore Sugar Works Company's Distillery;

(*ii*) the number of the cask or other vessel;

(*iii*) the nature, quantity and strength of its contents.

These particulars shall correspond with those entered in the pass.

Time entered in the bond may be extended on application or on production of a certificate.

6. On a written application being made to the Collector of Cawnpore stating the causes, accidents, etc., which necessitate an extension of time, or on the production before him of a certificate from the Collector or Deputy Commissioner of the place of destination to the effect that there are good and sufficient reasons for extending the currency of the bond or pass, it shall be competent for the Collector of Cawnpore, if he thinks fit, to extend the time named in the bond or pass for the due arrival of the spirit at its destination.

Special bond to be discharged and duty on general bond to be written off on receipt of pass and certificate.

7. In the case of spirits exported under special bonds, the Collector of Cawnpore shall discharge the bond on receipt of the pass and certificate mentioned in rule 4, provided that none of the conditions of the bond have been infringed. The duty on consignments issued under a general bond shall be written off on receipt of the pass and certificate mentioned in rule 4, provided that none of the conditions of the bond have been infringed.

Recovery of penalty due under the bond.

8. If the certificate be not received within the time mentioned in the bond or pass, or if on receipt of the certificate it appears that any of the conditions of the bond have been infringed, the Collector of Cawnpore shall forthwith take the necessary steps to recover from the executant, or his surety, the penalty due under the bond.

Register of imports to be maintained.

9. The particulars given in each pass shall be entered in a register which shall be kept in form No. 54* in the office of the Collector of the district into which the spirits are imported.

Places for the reception, storage and examination of all spirits imported.

10. Collectors of districts in the Lower Provinces will fix places for the reception, storage and examination of all spirits imported under bond from Cawnpore, subject to the orders of the Commissioner of Excise passed in consultation with the Board of Revenue. The Commissioner of Excise is authorised to refuse, if necessary, permission to import such spirits into any place or district within the Lower Provinces.

Excise godowns to remain in charge of an Excise establishment.

11. Places fixed under the preceding clause for the reception and storage of spirits will, in all respects, be considered Excise godowns, and will remain in charge of an Excise establishment to be fixed by the Commissioner of Excise, in consultation with the Board of Revenue, and to be entertained at the expense of the bonder or owner of the spirits so long as any spirit remains there.

Spirits not to be removed without a pass.

12. No spirits shall be removed from such godowns except under a pass signed by the Collector or other officer duly authorised by the Commissioner of Excise and until full duty of excise has been paid. Any spirit removed from such godown except as above

* Page 93 of the Excise Manual, 1903, Volume II.

shall be liable under the terms of the importer's or bonder's license to confiscation, and the person removing the liquor to the penalties provided by the Excise law. It will always be competent to the Commissioner of Excise, subject to the approval of the Board, to permit the removal of non-duty-paid spirit from one warehouse to another under bond.

Owner to give intimation in writing to Collector.

13. The importer or his agents shall give intimation in writing to the Collector of the district of the arrival of each consignment, and shall convey it at his own expense direct to the place fixed for its reception under clause 10.

Liability of spirit to confiscation in certain cases.

14. If any spirit arriving from Cawnpore is not taken direct to the place appointed for its reception or is found out of the ordinary route of transit, it shall be liable to confiscation.

Spirit stored to be tested and gauged.

15. On spirit being stored in the place appointed under clause 10, it shall be tested and gauged by an officer appointed for the purpose by the Collector of the district, care being taken to allow sufficient time for the spirit to cool. Due notice of such examination shall be given to the owners thereof.

Grant of a certificate on arrival.

16. The Collector of the importing district shall, after examination of the spirit, certify on the importer's copy of the pass the arrival of the consignment, setting forth in detail for each cask any excess or deficiency found in quantity or quality, as the case may be.

Allowance in case of deficiency at the time of clearance.

17. In case of deficiency at the time of clearing the spirit, an allowance shall be made according to the following scale :—

For any time not exceeding 1 month							...	1	per cent.
For any time exceeding 1 month and not exceeding 3 months							...	2	,,
Ditto	ditto	3 months	,,	,,	6	,,	...	3	,,
Ditto	ditto	6 ,,	,,	,,	12	,,	...	4	,,
Ditto	ditto	12 ,,	,,	,,	2	years	.	6	,,
Ditto	ditto	2 years	,,	,,	3	,,	...	8	,,

Rent to be charged.

18. Rent is charged at the rate of one anna per day per quarter cask, and one anna six pies per hogshead remaining in the Excise godown after the fourth day.

Sale and transport.

19. Spirits manufactured at Cawnpore and imported into Bengal under the above rules may, after payment of full duty of excise in the district into which the spirit is imported, be sold by persons holding licenses for the sale of imported liquor or country spirit. Such spirits, whether issued from an excise godown or purchased from a licensed vendor, when intended for sale, shall be transported under a pass in the same manner as imported liquors.

Provisions of sections 61 and 75 shall apply to all Cawnpore spirits.

20. The provisions of sections 61 and 75 of Act VII (B.C.) of 1878 shall apply to all Cawnpore spirits imported into Lower Bengal in excess of the quantity shown in the bond or pass prescribed in clauses 3 and 4, respectively, or otherwise in contravention of these rules.

Exception.

21. These rules do not apply to spirits intended for exportation by sea, which, under section 145 of the Sea Customs Act, VIII of 1878, as amended by Act II of 1887, must be consigned direct from the distillery to the Collector of Customs under the bond prescribed by section 144 of the said Act.

FORM A.

Form of special bond for exportation to the Lower Provinces of Bengal of spirits manufactured at the Cawnpore Sugar Works Company's distillery without payment of duty.

KNOW ALL MEN by these presents that we of and of are jointly and severally held and firmly bound unto THE SECRETARY OF STATE FOR INDIA IN COUNCIL his successors in office or assigns in the sum of Rs. to be paid to the said Secretary of State for India in Council his successors in office or assigns for which payments well and truly to be made we jointly and severally bind ourselves and any two of us and each of us binds himself and each and every one of our respective heirs executors administrators and representative by these presents.

Sealed with our seals dated day of 190 .

WHEREAS the above bounden are justly and truly indebted to the Secretary of State for India in the sum of Rs. being the full amount of duty payable to

the Secretary of State for India at the rate of Rs. per gallon London-proof for gallons of spirits of the strength of per cent. London-proof manufactured at the Cawnpore Sugar Works Company's Distillery in Cawnpore which the said have been allowed to remove without prepayment of duty. AND WHEREAS the said have agreed to produce before the Collector of Cawnpore within days the pass granted to them with a certificate on it signed by the Collector or Deputy Commissioner of the due arrival at of the abovementioned gallons of spirit of the aforesaid strength or in default thereof to pay to the Secretary of State for India in Council at the treasury at Rs. being a sum equal to double the amount of duty payable on the said spirits. AND WHEREAS the said have also agreed to pay a further duty at the above-mentioned rate on any excess or deficiency in quantity or strength which may be found on examination of such spirits at an allowance of 5 per cent being made in case of deficiency for dryage wastage leakage or evaporation. AND WHEREAS the said has agreed to become a surety for the due performance by the said of the said agreement. Now the condition of the above-written obligation is such that if the above bounden their or his heirs executors administrators or representatives or some or one of them do and shall within days from the date of this obligation produce before the Collector of Cawnpore the said pass granted to them with a certificate on it signed by the Collector or Deputy Commissioner of and do and shall well and truly pay or cause to be paid to the said Secretary of State for India in Council all duty already due on the said spirit and all duty *already* agreed to be paid by the said to the Secretary of State then this bond shall be null and void otherwise it shall remain in full force and virture.

No. 86T.M.—The 18th April 1906.—In exercise of the powers conferred by section 8, sub-section (2), clause (*d*) of the Calcutta Municipal Act, III of 1899, the Lieutenant-Governor is pleased to appoint Rai Krishna Chandra Bandyopadhya, Bahadur, to be a Commissioner of the Corporation of Calcutta, *vice* Mr. W. Banks Gwyther, resigned.

Calcutta.

No. 88T.M.—The 18th April 1906.—In exercise of the powers conferred by section 9, sub-section 2, clause (*c*) of the Calcutta Municipal Act, III of 1899, the Lieutenant-Governor is pleased to appoint Rai Krishna Chandra Bandyopadhya, Bahadur, who is a Commissioner of Calcutta, to be a member of the General Committee of the Corporation of Calcutta, *vice* Mr. W. Banks Gwyther, resigned.

Calcutta.

No. 122T.M.—The 20th April 1906.—Whereas a notification No. 407M., dated the 26th January 1906, was published at page 12, Part IB of the *Calcutta Gazette* of the 31st January 1906, declaring the intention of the Lieutenant-Governor to extend the provisions of Parts VI, VII, IX and X of the Bengal Municipal Act, III of 1884, to the area recently added to the Garden Reach Municipality, in the district of the 24-Parganas, under Government Notification No. 2124T.M., dated the 19th August 1905, the boundaries of which are given below, and whereas no objection has been raised to the proposal within one month from the date of the publication of the above notification within the Municipality, it is hereby notified for general information that in the exercise of the power vested in the Local Government by section 221 of the Act, and in accordance with the recommendation of the Commissioners of the Garden Reach Municipality, made at a meeting, the Lieutenant-Governor sanctions the extension of the above provisions of the Municipal Act to the said area of the above Municipality :—

24-Parganas.

Boundaries.

On the North and West.—From the point where the north-east corner of the boundary of the Nadial village meets the southern bank of the river Hooghly west and southward along the south and east banks of the river Hooghly till it meets the Government embankment.

On the South.—Thence eastward along the northern boundary of the Government embankment on the north of the Akra village till it meets the northern boundary of the village Kismut Dum-Dum.

On the East.—Thence northward along the eastern boundary of Kadampur, Kismut Satghra and Nadial till it meets the southern bank of the river Hooghly.

No. 144T.M.—The 21st April 1906.—It is hereby notified that, under section 27 of the Bengal Municipal Act, III of 1884, the Lieutenant-Governor is pleased to appoint Babu Ram Kamal Mukerjee to be the Chairman of the Halishahar Municipality, in the district of the 24-Parganas, during the absence, on leave, of Surgeon-Colonel Kali Pado Gupta, I.M.S. (retired).

PART II.

Advertisements.

[N. B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette cannot be received after Noon on Monday.]

LAND SALE NOTICES.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Eastern branch, T. S. Railway, in the district of Darbhanga, will be put up to sale at 12 noon on the 26th day of April 1906, corresponding with the 17th Baisakh 1313 Fasli, at the Collectorate, Darbhanga.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway boundary, or to plough the land nearer than 3 feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidder.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

Cuttack Collectorate, the April 1906.

A. GARRETT, Collector.

Notification B.

NOTICE is hereby given, under sections 5 and 13, Act XI of 1859, that unless the arrears mentioned below are paid on or before the next latest date of payment, viz., the 28th April 1906, the undermentioned estates or shares of estates in the district of Balasore will be put up for sale at the office of the Collector of that district on the 19th July 1906 at 11 A.M. for the said arrears.

When in columns 5, 7 and 9 of the appended statement it is stated that only a share is to be sold, it is to be understood that a separate account is kept for that share.

Tauzi No.	Name of mahal and pargana.	Sadar jama of whole estate.	Whether the whole estate is to be sold.	If only a share is to be sold, specification of such share or shares.*	Names of proprietors of property to be sold.	If only a share is to be sold, the sadar jama of such share.	If the whole estate is to be sold, the arrears due from it.	If only a share is to be sold, the arrears due from it.	Nature and amount of demand for which to be sold.

* All other shares besides that s, edified will be excluded from the sale.

Balasore, the 2nd—5th April 1906.

A. SALAM, Offg. Collector.

Advertisement of Sale

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Midnapore-Jheriah Extension (diversion at the Damuda river), Bengal-Nagpur Railway, in the district of Manbhum, will be put up to sale at 11 30 o'clock on Friday, the 8th June 19 6, corresponding with the 25th Jaista 1313 B.S., in the Munsif's Court at Raghunathpur.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs 100, the whole amount must be paid down at once

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

GANGA CHARAN CHATTERJEE, Collector, under Act I of 1894, Burdwan and Manbhum.

Land Acquisition Office Burdwan and Manbhum, the 17th April 1906.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Burdwan, will be put up to sale at the Burdwan Collectorate on the 24th May 1906, corresponding with 10th Jaist 1313 (B.S.).

Conditions of Sale.

1st.—The estate to be sold to the highest bidders above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, with effect from 1st April 1906, as revenue free, or subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount to be paid at once.

4th.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale will be cancelled (the sum deposited being forfeited to Government), and the estate will be again put up for sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

Burdwan Collectorate, the 12th April 1906.

W. S. ADIE, Collector

No. 863R.C.

Government of Bengal.

PUBLIC WORKS DEPARTMENT.

ROAD CESS.

Dated Calcutta, the 23rd April 1906.

RESOLUTION.

Receipts and Expenditure of the District Road Funds in the districts of Darjeeling, Singhbhum, and Sonthal Parganas during 1904-1905.

READ—

Annual Reports and Accounts of the District Road Funds in the districts of Darjeeling, Singhbhum, and Sonthal Parganas for the year 1904-1905, received from the Commissioners of Divisions concerned.

Read again—

Annual Reports and Accounts of the District Road Funds in Bengal for the previous year and the review thereof.

REMARKS.—The Bengal Local Self-Government Act of 1885 was in force in 1904-1905 in all the districts of the Province except the following :—

Darjeeling. | Singhbhum.
Sonthal Parganas.

In the Darjeeling district and in the Dhalbhum and Porahat parganas of the Singhbhum district the Cess Act of 1880 was in force during the year under review. It was also in force in certain tracts of the Sonthal Parganas from 1st September 1901, while the other parganas of the Singhbhum district and other tracts of the Sonthal Parganas district were not under the operation of either of the above Acts.

RECEIPTS.

2. In the Darjeeling district, and in the Dhalbhum and Porahat parganas of the Singhbhum district in which the Cess Act was in force, the cess was levied at the maximum rate allowed by law. In the tracts of the Sonthal Parganas, however, in which the Cess Act was introduced, there were no cess collections during the year. For the portions of the Sonthal Parganas and Singhbhum districts which were not under the operation of the Act, and in

which therefore there were no cess collections, funds were provided by grants-in-aid. The receipts for the year 1904-1905, compared with those of the previous year, are shown below :—

	Darjeeling.		Singhbhum.		Sonthal Parganas.	
	1903-1904.	1904-1905.	1903-1904.	1904-1905.	1903-1904.	1904-1905.

3. In the Darjeeling district the increase under the head "VI Provincial Rates—" under "cess on lands" was due to the revaluation of certain estates. The decrease under the head "Grant from Government" was mainly due to the fact that the credit order for the quarter ending 31st December 1904 was not received during the year.

4. In the Sonthal Parganas the increase in the receipts under "Grant from Government" was mainly due to—

(1) Allotment of Rs. 2,000 for agricultural improvements in Government estates.

(2) Re-allotment of Rs. 7,022 which lapsed in the previous year.

The increase was, however, partially counterbalanced by less receipts under "Grant from Forest Revenue" and under "Ordinary grant for Miscellaneous Improvements." The net increase was only Rs. 6,040.

5. The following table shows the outlay incurred in 1904-1905, compared with that of the previous year :—

	Darjeeling.		Singhbhum.		Santhal Parganas.	
	1903-1904.	1904-1905.	1903-1904.	1904-1905.	1903-1904.	1904-1905.

6. In the Darjeeling district the decrease in expenditure under Communications—Repairs—was due to non-receipt of the account of expenditure incurred

on repairs to Road-cess bridges in charge of the Executive Engineer, Darjeeling Division, during the year. The sum of Rs. 139 shown in the accounts of the Committee under a separate head, "Signboards," under 45.—Civil Works, represents the amount spent for putting up signboards on some of the road-cess roads. It should have been shown under "Original Works—Communications." In this district the year opened with a balance of Rs. 22,472, but closed with a balance of Rs. 20,283. This closing balance was more than one quarter of the year's receipts of the Committee, that is, above the limit prescribed in paragraph 9 of the Resolution No. 4228R.C., dated 18th December 1885.

7. In the Sonthal Parganas district also the year opened with a cash balance of Rs. 54,727, but it closed with a balance of Rs. 69,940, which was excessive. The cause of this heavy closing balance was mainly due to—

(*a*) the delay in completing the Gumra bridge and in getting estimates prepared and sanctioned for two other bridges, and also to the gravel on certain roads not having been consolidated;

(*b*) accumulation of funds allotted for expenditure in the Damin-i-Koh Government estate owing to the regular executive staff under the District Engineer not being able to ascertain the actual needs of the Damin and to prepare projects for the execution of works to be undertaken in it.

8. Of the total expenditure incurred during the year, Rs. 92,110 was devoted to Civil Works, while the outlay under other sub-heads, exclusive of "Suspense Accounts" was Rs. 27,607 in the aggregate. The distribution of the outlay on Civil Works is as follows:—

District.	Original Works.				Repairs.				Total works and repair.	Establishment.	Tools and plant	Petty establishment.	Total Civil Works.
	Civil buildings.	Communications.	Miscellaneous Public Improvements.	Total.	Civil buildings.	Communications.	Miscellaneous Public Improvements.	Total.					
1	2	3	4	5	6	7	8	9	10	11	12	13	14
	Rs	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs
Darjeeling ...	...	139	..	139	..	11,782	...	11,782	11,921	1,043	...		12,964
Singhbhum ...	...	1,715	400	2,115	300	12,074	..	12,374	14,489	5,511	110	432	18,542
Sonthal Parganas	478	13,596		14,074	...	27,779	.	27,779	41,853	16,856	1,314	581	60,604
Total ...	478	15,450	400	16,328	300	51,635	.	51,935	68,263	21,410	1,424	1,013	92,110

9. *Original Works.*—No new works were carried out during the year in the district of Darjeeling. The principal works carried out in the two other districts during the year 1904-05 are as follows:—

Singhbhum district—

(1) Constructing 2nd Section of Koali-Kalimati Feeder Road.
(2) Constructing a well on the 28th mile of the Chaibassa Bend road.

Sonthal Parganas district—

From Local Funds—

(1) Constructing a steel joist bridge on Dhanbasa river.
(2) Gravelling Dumka-Pakour road from 7th mile to Brahmani Nadi.
(3) Construction of Dhoboi Bridge on road No. 1.
(4) Improving the wooden bridge on 3rd mile of Dumka-Pakour road.
(5) Improving Amrapara-Murarai road.
(6) Making approaches and other works for the Dhoboi Bridge.
(7) Gravelling Northern Circular road of Deoghur village road.

From Land Revenue—

(8) Constructing corrugated iron pipe culverts for Damin roads in Godda.
(9) Ditto Gumra Bridge.
(10) Improvement of Hirampur and Amrapara Bazar.
(11) Constructing three bridges on 12th mile of Katikund road.

10. *Repairs.*—The total expenditure under this head was Rs. 57,250 as detailed in the table below:—

District.	Civil buildings.	Communications.											Miscellaneous repairs.	Total repairs.
		District roads.			Village roads.			Roads in Government estates.			Other repairs.	Total communications.		
		Number of miles.	Outlay.	Outlay per mile.	Number of miles.	Outlay.	Outlay per mile.	Number of miles.	Outlay.	Outlay per mile.				
	Rs.		Rs.			Rs.			Rs.		Rs.	Rs.	Rs.	Rs.
Darjeeling	...	313	11,332	36·1	10	480	48·	...	...	...	...	11,782	...	11,782
Singhbhum	300	401	11,346	28·29	35	728	20·8	..	...	...	..	12,074	...	12,374
Sonthal Parganas	...	845½	27,007	31·8	34	524	15·4	...	5,315	...	248	33,094	...	33,094
Total ...	300	...	49,675	...	..	1,713	...	...	5,315	...	248	56,950	...	57,250

11. *Arboriculture.*—A sum of Rs. 1,102 was spent in planting and maintaining trees on roadsides, and in maintaining nursery gardens in the several districts, as shown below :—

	Rs.
In Darjeeling	...
„ Singhbhum	355
„ Sonthal Parganas	747
Total ...	1,102

12. *Establishment:*—The expenditure under this head amounted to Rs. 21,410, thus :—

District.	Outlay on works and repairs.	Outlay on Establishment.	Percentage.
1	2	3	4
	Rs.	Rs.	
Darjeeling ...	11,921	1,043	8·74
Singhbhum ...	14,489	3,511	24·23
Sonthal Parganas ...	58,425	16,856	28 85
Total ...	84,835	21,410	25·23

In the Darjeeling district the very low percentage is due to the fact that no Engineer was employed: all the works and repairs in the hills of the district and most of those in the Terai were executed by the members of the Committee and other private gentlemen to whom the thanks of: Government are due for their assistance. The sum of Rs. 1,043 spent under this head was for the Public Works establishment in the Terai subdivision only. The percentage in the district of Sonthal Parganas is high. In this district the charges for establishment during the year were Rs. 16,856, against Rs. 15,846 of the previous year.

ORDER.—Ordered that a copy of this Resolution, together with the Annual Accounts of the several District Road Funds, and abstracts from the reports of the Chairmen of the several District Road Committees be published in Part II of the *Calcutta Gazette.*

Ordered, also, that a copy of this Resolution be forwarded for information to the—

Commissioners of the Bhagalpur and Chota Nagpur Divisions;
Superintending Engineers of the Northern and Western Circles;
Accountant General, Bengal;
Board of Revenue, Lower Provinces;
Financial Department of this Government.

By order of the Lieutenant Governor of Bengal,

A. S. THOMSON,
Offg. Secy. to the Govt. of Bengal.

Abstract of the Report by the Chairman, District Road Committee of Darjeeling, on the operations of the District Road Fund of the District, for the year 1904-1905.

[*Vide* letter No. 111R.—F., dated 22nd July 1905, from J. H. E. Garrett, Esq., I.C.S., Chairman of the District Road Committee, Darjeeling, to the Commissioner of the Rajshahi Division.]

1. WORKING OF COMMITTEES.—(*a*). *District Road Committee.*—There were 18 members of the Committee—5 official and 13 non-official. Four meetings were held during the year. The average attendance was 9, or 50 per cent., at a meeting.

(*b*) *Kurseong Branch Committee.*—The total number of members was 8—3 official and 5 non-official. Six meetings were held, including one in which there was no quorum, during the year. The average attendance was 3·6, or 45 per cent., at a meeting.

(*c*) *Terai Branch Committee.*—There were 19 members of the Committee—6 official and 13 non-official. Seven meetings altogether were held during the year, in two of which there was no quorum. The average attendance was 4, or 21 per cent, at a meeting.

2. The year opened with a cash balance of Rs. 22,472-0-3 and an outstanding advance of Rs. 1,498-12-11. A sum of Rs. 54,137-7-1 was available for expenditure. The actual expenditure during the year was Rs. 24,070-6-9, excluding Rs. 9,784-3-11 of advance outstanding at the close of the year; the balance on the 31st March 1905 was Rs. 30,067-0-4, including the outstanding advances of Rs. 9,784-3-11. The closing balance was more than one quarter's *kist*. This is allowed by the Government as per No. 5106R.C., dated 26th September 1902.

RECEIPTS.

3. *Provincial Rates.*—The road cess was levied in the district at the maximum rate of 6 pies in the rupee during the year. The sum of Rs. 21,213-15-11 was collected during the year on account of cess on lands, against Rs. 20,754-0-1 of the preceding year. The increase was due to the re-valuation of certain estates.

4. CONTRIBUTIONS.—(*a*) *Grant from Government.*—Rs. 1,812-15-0 was received under this head, against Rs. 2,842-0-8 of the preceding year. The decrease was mainly due to the fact that the credit order for the quarter ending 31st December 1904 was not received during the year.

(*b*) *Contribution from Darjeeling Improvement Fund.*—Rs. 7,000 and Rs. 98 were received from the Darjeeling Improvement Fund, as in the preceding year, on account of contribution towards communications and its share of the cost of the joint cess and tauzi establishment, respectively.

5. *Miscellaneous.*—A sum of Rs. 41-11-0 was received during the year on account of sale-proceeds of certain old materials, etc.

EXPENDITURE.

6. ORIGINAL WORKS —*Communications.*—Though Rs. 6,284 were provided under this head for a bridge over Rongbong Jhora above Namsu and the amount was placed at the credit of the Executive Engineer, Darjeeling Division, as an advance for the work, no account of expenditure was received for adjustment during the year, hence expenditure under this head is *nil*.

7. *Repairs.*—The total expenditure under this head, as per details below, was Rs. 11,782-4-11, against Rs. 13,125-13-11 of the previous year, which

shows a decrease of Rs. 1,343-9-0. This was mainly due to non-receipt of the account of the expenditure incurred on repairs to road cess bridges in charge of the Executive Engineer, Darjeeling Division, during the year:—

Name of the Committee.	Particulars of expenditure.	Amount.	Total.
		Rs. A. P.	Rs. A. P.
1. District Road Committee, Darjeeling.	Roads ...	4,108 7 1	
	Bridges ...	108 0 0	
			4,216 7 1
2. Kurseong Branch Road Committee.	Roads ...	1,648 11 8	
	Bridges ...	70 1 0	
			1,718 12 8
3. Terai Branch Road Committee.	Roads and bridges	5,387 5 5	
			5,387 5 5
Total ...	...	...	11,322 9 2
Hills and Terai ...	Village roads ...	459 11 9	
			459 11 9
Total Repairs ...	...	...	11,782 4 11

8. Three hundred and thirteen miles of unmetalled roads, together with the bridges thereon, were repaired at a cost of Rs. 11,322-9-2, or Rs. 36·1 per mile, and 10 miles of village roads at a cost of Rs. 459-11-9, or Rs. 45·9 per mile. A sum of Rs. 178-1 0 only out of Rs. 11,322-9-2 was spent for the repairs of certain hill bridges under the Darjeeling District and Kurseong Branch Committees. The decrease in the cost per mile of the district roads was due to the circumstances explained in paragraph 7, and the increase in the cost per mile of the village roads was mainly due to the thorough repairs done to road No. 5 (Pulbazar below Dhuteria to Namsu through Dhojea) which was in a very bad state. A sum of Rs. 139 was spent for putting up sign-boards on some of the roads under Darjeeling and Kurseong Committees.

9. *List of Roads*.—The total number of roads under the District Road Committee was 49 and village roads 6.

10. *Water-supply*.—This is attended to by the Darjeeling Improvement Fund and Government, and therefore there was no expenditure under this head.

11. *Loan*.—No fresh loan was taken during the year. Rupees 3,842-3-3 and Rs. 3,468-14-5 were paid towards the principal and the interest, respectively, of the loans granted by Government in 1900 1901. The increase in principal and decrease in interest are due to the terms of payment fixed by Government.

12. *Public Works Establishment*.—No professional Engineer was entertained by the Committee during the year. All the works in the hills and most of those in the Terai were carried out by the Managers of tea-gardens, members of the Committees and other private gentlemen, to whom the thanks of the Committee are due for their assistance. The important bridges under the Committee were repaired by the Public Works Department at the cost of the Committee. An Overseer and a peon were entertained by the Terai Branch Road Committee at Siliguri, at a cost of Rs. 1,042-13-0. The pay of the Overseer was Rs. 80, including the house allowance of Rs. 20, and that of the peon was Rs. 7 per mensem.

13. *Audit of Accounts*.—The accounts for the whole year have been audited by the members of the Audit Sub-Committee and those up to May 1904 by the Examiner of Local Accounts, Bengal.

1904-1905.

No. 6—PART I.

DARJEELING DISTRICT ROAD FUND.

DISTRICT ROAD FUND OFFICE:

WM. SINCLAIR,
W. F. LLOYD,
Members of the Audit Sub-Committee.

HARI LAL GOSWAMI, JOHN D. GWILT, J. H. E. GARRETT,

Abstract of the Report by the Chairman, District Road Committee of Singhbhum, on the operations of the District Road Fund of the District for the year 1904-1905.

(*Vide* letter No. 36R.C., dated 31st May 1905, from A. N. MOSELY, Esq., I.C.S., Chairman, District Road Committee, Singhbhum, to the Commissioner of the Chota Nagpur Division)

1. *Working of the Committee*.—The Road Committee held six meetings during the year, in all of which quorums were obtained.

2. The accounts were as usual audited by the Finance Committee appointed under section 174 of the Act.

RECEIPTS.

3. The cess was levied at the maximum rate, and there was no difficulty in collecting it at head-quarters. The demand on account of cess on lands and mines, etc., during the year, including arrears of the previous year, amounted to Rs. 12,089. Of this Rs. 11,336 was collected within the year, leaving a balance of Rs. 753 only outstanding on 31st March 1905. Including a few small miscellaneous receipts, annual Government grants and an opening balance of Rs. 13,438-12-2, the income available for expenditure in the year was Rs 39,757-12.

EXPENDITURE.

4. *Original works*.—During the year a sum of Rs. 1,715-3-10 was spent for new works under head "Communications," and Rs. 399-13-2 for the construction of a well on the 28th mile of the Chaibassa-Bend road under the head "Miscellaneous Public Improvements."

5. *Repairs—Civil Buildings*.—The Road Cess building at Chaibassa was repaired at a cost of Rs. 299-13-8, against the sanctioned allotment of Rs. 300.

6. *Repairs.—Communications*. Twenty-nine roads were repaired during the year at a cost of Rs. 12,073-14-9. The works chiefly consisted of the annual maintenance of these roads, including repairs to road surfaces, bridges and culverts and easing down the steep approaches to beds of unbridged streams and rivers

7. *Village roads*.—There are altogether eight roads aggregating about 39 miles in length, of which 35 miles were repaired and made passable for cart traffic in fair weather.

8. The following statement shows the length of district roads (metalled and unmetalled) and village roads, the amount spent on the maintenance of roads and the cost per mile :—

	DISTRICT ROADS.											VILLAGE ROADS.						
	Metalled.					Unmetalled.												
		Cost.						Cost.						Cost.				REMARKS.
Number of roads.	Total length.	Original works.	Repair works.	Total.	Per mile of each road.	No. of roads.	Total length.	Original works.	Repair works.	Total	Per mile of each road.	No. of road.	Total length	Original works.	Repair works.	Total	Per mile of each road.	
2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	
						Miles.	Rs.	Rs.	Rs	Rs		Miles.	Rs.	Rs.	Rs.	Rs.		
...	...	...	...	...	...	22	401	1,715	11,346	13,061	32 57	7	35	...	728	728	20 8	There are no metalled roads under the management of the District Road Committee of the district

No roads are maintained by the District Road Committee from Public Works funds.

9. *Arboriculture.*—Three hundred and thirty-two new trees were planted during the year. These, together with unestablished plants of the previous year, were maintained at a cost of Rs. 354-9-6, the allotment being Rs. 350. The existing trees were reported to be in fair condition.

10. *Nursery.*—There are four nursery gardens—one at Chaibassa on the south bank of the Jubilee tank containing about 300 plants; one at Boea containing about 70 plants; one at Jorapoker containing 32 plants, and one at Gamaria containing 200 plants. The plants were reported to be flourishing.

11. The following statement compares the cost of maintenance during the year of the several classes of roads with that of the previous year and the average cost per mile:—

Classification of district roads.	Length.		Expenditure incurred.		Average cost per mile.	
	1903-04.	1904-05	1903-04.	1904-05	1903-04.	1904-05.
1	2	3	4	5	6	7
			Rs.	Rs.	Rs.	Rs.
Class IIB.—Unmetalled roads. Partially bridged and drained.	147	154	5,040	6,941	34·2	45·08
Class III.—Roads banked and surfaced with muram, &c.	20	21	618	779	30·9	38·5
Class IV.—Roads banked, but not surfaced, partially bridged and drained.	16	13	875	512	54·6	39·4
Class V.—Roads cleared, partially bridged and drained.	197	209	1,783	3,203	9·05	15·3
Village Roads—Roads cleared only	17	35	268	639	15·76	18·2

IIB.—The increase in average cost per mile is due to some urgent repairs to culverts, bridges and inspection bungalows being taken up during the year.
V.—The increase is due to repairing the damages done to the roads by the heavy rains during the year.

12. No famine relief operations were carried out during the year. A sum of Rs. 185-1, however, was spent in preparing projects for famine relief works.

13. The following table compares the revenue of the District Road Committee (excluding opening balance and suspense account), the expenditure incurred on original and repair works and the establishment employed on these works, as also the percentage of total expenditure on works and repairs, including establishment calculated on the revenue, with those of the two previous years:—

Year.	Revenue.	Amount spent on original works.	Amount spent on repair works.	Total expenditure on original and repair works.	Expenditure on account of establishment employed on works and repairs.	Total expenditure on works and repairs, including cost of establishment employed on them.	Percentage of establishment on amount spent on works and repairs. ASHU TOSH DE BISWAS,
Accountant & Head Clerk, Singhbhum R. C. Office.

MOHINI MOHAN GHOSE,
Vice-Chairman, D. R. C., Singhbhum.

A. N. MOBERLY,
Chairman, D. R. C., Singhbhum

Extract from letter No. 504L., dated the 12th August 1905, from D. J. MACPHERSON, ESQ., C.I.E., *Commissioner of the Bhagalpur Division and Sonthal Parganas, to the Secretary to the Government of Bengal, Public Works Department.*

I HAVE the honour to submit herewith a copy of the annual accounts and of the report on the administration of the District Road Committee of the Sonthal Parganas for the year 1904-05.

2. The Committee began the year with an opening balance of Rs. 54,727. Its income from all available sources during the year amounted to Rs. 1,10,091, and the expenditure to Rs. 94,878. There was thus at the close of the year a credit balance of Rs. 69,940, Rs. 2,839 which consisted of deposits which were not at the disposal of the Committee. The above closing balance includes only Rs 19,343 belonging to the general funds of the Committee : it was mainly due to delay in completing the Gumra Bridge and in getting estimates prepared and sanctioned for two other bridges : also to the gravel on certain roads not being consolidated. A sum of Rs. 47,758 represents accumulated funds allotted for expenditure in the Damin-i-Koh Government estate. * * * * *

3. * * * The Chairman explains that the works in the Pakour subdivision were actually completed before the close of the year, and that the payment vouchers have since been submitted by the Subdivisional Officer of Pakour for adjustment after proper check.

* * * * * * *

5. The principal undertakings were the construction of the Dhobai bridge and a steel joist bridge over the Dhanbhasa river. The actual expenditure on the former work up to the end of the year under review was Rs. 12,202 inclusive of the year's outlay of Rs. 2,640, though the estimated cost of it was Rs. 11,201 only. The estimated cost of the latter work, which was begun during the year, was Rs. 5,070, against which Rs 3,917 was spent during the year.

6. The expenditure on establishment rose from Rs. 15,846 to Rs. 16,856, owing to the entertainment of a Supervisor on Rs. 120 a month from April 1904 for the preparation of Damin projects which it is most desirable to push on. Owing to the small outlay on works and repairs, this represents a percentage of no less than 28·85 on the expenditure, against Rs 27·76 in the preceding year. As soon as estimates can be prepared and sanctioned, and a competent and energetic new District Engineer is obtained, the expenditure in this district should become very heavy, and thus reduce the percentage cost of establishment to a reasonable amount.

* * * * * * *

Abstract of the Report by the Chairman, District Road Committee of the Sonthal Parganas, on the operations of the District Road Fund of the District for the year 1904-1905.

[Vide *letter No. 237P.W., dated 8th June 1905, from* C. H. BOMPAS, ESQ., I.C.S., *Deputy Commissioner and Chairman of the District Road Committee of the Sonthal Parganas, to the Commissioner of the Bhagalpur Division and Sonthal Parganas.*]

1. The provisions of the Bengal Cess Act IX of 1880 were extended to certain selected portions of the district under Government Notification No. 4489R.P., dated the 20th August 1901. There were, however, no cess collections during the year owing to the valuation of the estates borne on the tauzi roll of other districts not having been completed.

2. The Committee consisted of nine members, besides the Chairman. Of these, three were *ex-officio* and the rest non-official. During the year, the Committee held 18 meetings, against 11 in the previous year. Of these, seven were special and 11 ordinary meetings. Only one meeting had to be adjourned for want of a quorum, against three in the year before. The average attendance of members was 3·55, against 4·00 in the previous year; and the percentage of average attendance 35·55 against 40·00. The percentage for the official members was 75·00 as compared with 9·26 of that of the non-official. It is not to be expected that non-officials will travel distances by road to Dumka to attend meetings which are often formal and in which they are not much interested. When road cess is realized from their estates and spent in those estates, they may take more interest in the matter.

RECEIPTS.

3. The year opened with a cash balance of Rs. 54,727, and the income of the fund from all available sources during the year amounted to Rs. 1,10,091 and the expenditure to

Rs. 94,878. There was thus left a closing balance of Rs. 69,940 at the end of the year, of which Rs. 2,839 represented the outstanding deposits not at the disposal of the Committee.

The cause of this heavy closing balance was mainly due to :—

(*a*) Delay in completing the Gumra bridge and in getting estimates prepared and sanctioned for two other bridges ; and also to the gravel on certain roads not being consolidated owing to rains cessing earliar.

(*b*) Accumulation of funds allotted for expenditure in the Damin-i-Koh Government estate owing to the regular executive staff under the District Engineer not being able to ascertain the actual needs of the Damin and to prepare the projects for the execution of the works to be undertaken in it.

(*c*) Ill health and death of the late District Engineer, in the middle of the year on account of which the works generally in the Sonthal Parganas suffered grievously.

4. There being no cess collections, the receipts of the year consisted mainly of the Government grants-in-aid. The following table compares the receipts under several heads of the year with those of the previous year :—

	1903-1904.	1904-1905.
	Rs.	Rs.
Balance on 1st April	43,969	54,727
XXV.—Miscellaneous—		
Fees, fines and forfeitures	35	83
Miscellaneous	11	5
XXXII.—Civil Works—		
Receipts from staging bungalows	553	570
Ferry tolls	13	15
Miscellaneous	464	439
Contribution from private persons	1,350	...
Grant from Government	85,707	95,747
Debt—		
Advances	6,230	6,982
Deposits	2,523	2,150
Earnest money on tenders	3,730	4,100
Total receipts ...	1,04,616	1,10,091
GRAND TOTAL, INCLUDING BALANCE ...	1,48,585	1,64,818

5. XXV.—*Miscellaneous.*—The income under "Fees, fines and forfeitures" rose from Rs. 35 to Rs. 83, and the increase is due to the unclaimed deposit of Rs. 65 having been credited to the fund and to the forfeiture of the Provident Fund contribution by the late Sub-Overseer of Godda.

6. There was no receipt under "Contribution from private persons" against Rs. 1,350 in the previous year.

7. The increase under "Grant from Government" is due to—

(*a*) The assignment of Rs. 2,000 for agricultural improvements in Government estates.

(*b*) The re-allotment of Rs 7,022 which lapsed in the previous year under Bengal Government No. 5514F. of 1st December 1904.

The increase was, however, partially counterbalanced by less receipts under "Grant from Forest Revenue" (from Rs. 15,656 to Rs. 14,860) and under "Ordinary Grant for Miscellaneous Improvements" (from Rs. 10,800 to Rs. 7,847), so that the net increase only amounted to Rs. 6,040.

8. The following table shows the outlay incurred in 1904-1905 compared with that of the previous year :—

	1903-1904	1904-1905.
	Rs.	Rs.
3. Land Revenue—		
New works	4,353	5,179

Debt—		
Advances	8,644	9,093
Deposits	3,015	1,364
Earnest money on tenders	3,480	4,850
Deposits for Imperial Civil Works ...	456	...
Do. for Provincial Civil Works ...	1,314	...
Total disbursement ...	93,858	94,878

9. The total expenditure, under "Land Revenue" was Rs. 16,572, against Rs. 20,573 in the previous year. The decrease is mainly under "Repairs" and "Miscellaneous" and is due in the former case to the lapsing of the allotment for Road repairs assigned to the Subdivisional Officer, Pakour, and in the latter to the bulk of the expenditure for the Damin bungalows under construction having been incurred in the previous year.

10. The following three classes of experiments were started in the Damin with the money sanctioned for agricultural improvements :—

(*i*) On orange plants imported from Assam in Rajmehal Damin,
(*ii*) On ground nuts in the Dumka Damin ; and
(*iii*) with certain seeds in the Godda Damin.

It is too early to pronounce any opinion on the experiments.

11. *Civil Buildings.*—Rupees 478 were spent in extending the store godown at Dumka, which was found necessary for storage of heavy tools lately purchased for bridge works. No repairs were done to the office buildings, as none required ; there was therefore no expenditure under "Repairs."

12. *Communications*—

(*a*) *New works* :—The expenditure had more than doubled that of the previous year, as several important works were carried through during the year, some of which are given in paragraph 15. The construction of new inspection bungalow at Chorekata in the Dumka-Madhupur road was started some time before the close of the year, and will it is hoped be finished ere long.

(*b*) *Repairs.*—The expenditure fell off from Rs. 30,375 to Rs. 27,779. The decrease is due to—

(*i*) Spreading and consolidating of metal not being carried out on the main roads owing to the lateness of the season.
(*ii*) The lapse of the allotments for certain roads in the Pakour subdivision, *vide* para. 9.

13. The expenditure on "Establishment" rose a little owing to the entertainment of a Supervisor on Rs. 120 per month from April 1904 for Damin projects.

14. The expenditure on tools and plant largely exceeded that of the previous year, as instruments and other tools had to be procured for the Damin Supervisor and Estimator for famine projects.

15. *Original Works.*—The principal works carried out during the year were—

Land Revenue.

(1) Construction of corrugated iron pipe culverts for Damin roads in Godda with an expenditure of Rs. 1,332.
(2) Construction of Gumro bridge with an expenditure of Rs. 558.
(3) Improvement of Hiranpur and Amrapara bazar with an expenditure of Rs. 930.
(4) Constructing three bridges on 12th mile of Katikund road with an expenditure of Rs. 1,165.

District Road Fund.

(5) Making approaches and other works for the Dhoboi bridge, at a cost of Rs. 531
(6) Gravelling northern circular road of Doeghur village road, at a cost of Rs. 628

(7) Improving the wooden bridge on 3rd mile of Dumka-Pakour road, at a cost of Rs. 543.

(8) Gravelling Dumka-Pakour road from 7th mile to Brahmani Nadi, at a cost of Rs. 1,439.

(9) Constructing Dhoboi bridge on road No. 1, at a cost of Rs. 2,640.

(10) Constructing a steel joist bridge on Dhanbasa river, at a cost of Rs. 3,917.

(11) Improving Amrapara-Murarai road, at a cost of Rs. 1,838.

16. *Repairs.* There were no changes in the classification or mileage of the scheduled roads; annual repairs were done to one and each of them, except Kumrabad road, which is maintained by a zamindar. Special repairs were done to three important bridges in miles 47, 61 and 95 of the Bhagalpur-Suri road.

17. The expenditure on repairs is classified in the following table:—

DISTRICT.	CIVIL BUILDINGS.			COMMUNICATION.																		
				District roads			Village roads			Government roads			Roads in Government estate.			Other roads.						
SONTHAL PARGANAS.	Government buildings	Other buildings	Total buildings.	Number of miles.	Outlay.	Outlay per mile	Number of miles.	Outlay	Outlay per mile	Number of miles	Outlay.	Outlay per mile	Number of miles.	Outlay	Outlay per mile.	Number of miles	Outlay.	Outlay per mile.	Other repairs	Total communication	Miscellaneous repairs	Total repairs
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23
					Rs.	Rs		Rs	Rs.		Rs.	Rs		Rs	Rs		Rs.	Rs.	Rs	Rs		Rs
1903-1904		133	133	848½	29,707	35 0	34	668	19·6		.			6,691						37,060		37 91
1904-1905		.	...	848½	27,007	31 8	34	524	15 4		..			5,315			.	..	246	33,094	...	33 094

18. During the year 42 scheduled roads, with a total length of 848½ miles, were maintained at a total cost of Rs. 27,007, against Rs. 29,707 in the previous year. Of the total length, 15½ miles were metalled and the rest unmetalled. The cost per mile of metalled roads was Rs. 91·87, and that of unmetalled roads Rs. 30·71 Of the total cost, Rs. 1,424 was spent on the former, and Rs 25,583 on the latter class of roads

19. The number of scheduled village roads was the same as in the previous years. Four roads, with a total mileage of 34, were maintained at a cost of Rs. 524, the cost per mile being Rs. 15·41. The sanction to gravel a portion of the Deoghur village roads was accorded at a cost of Rs. 900; the collection was finished before the close of the year, and the spreading and consolidation will be done during the next rains

20. *Railway Feeder Roads.*—The construction of new feeder roads was not taken up during the year. The existing ones were improved to a certain extent and maintained in passable condition throughout the year.

21. The receipts and expenditure of the three dâk bungalows under the District Road Committee are compared with those of the previous year in the following table:—

Names of Dâk bungalows.	Receipts		Expenditure		REMARKS
	1903-1904.	1904-1905	1903-1904	1904-1905	
Dumka ...	236	210	152	99	
Rajmahal ..	160	144	233	325	Rs 185 spent on repairs to the building.
Sahebgange	54	155	269	405	Rs 118 ditto ditto.

22. *Medical.*—There were no medical institutions under the Commitee, except two new ones proposed for Amrapara and Barhait, the cost of which was to be met out of Estates Improvement Fund grant There was, however, no expenditure on the above scheme during the year. The dispensary at Amrapara was started towards the close of the year, and the dispensary building and quarters for the hospital assistant for the Barhait Dispensary are under construction at a total estimated cost of Rs. 1,327.

23. *Sanitation.*—As usual Rs. 60 was paid to the Sanitation Committee at Rajmahal for sweeping Rajmahal town roads. Rupees 2,126 was spent in excavating tanks and bundhs and sinking wells in the Damin, against Rupees 2,510 in the preceding year. Rupees 72 was spent on vaccination during the year. Small-pox made its appearance in some of the villages in the Dumka Damin, and two paid vaccinators were employed for the space of three months to check the spread of the disease by revaccinating the people in the vicinity They performed 2,637 vaccinations in all, and the disease was successfully brought under.

24. *Village sanitation.*—The scheme promulgated by Government in Circular No. 10T.M., dated the 30th May 1903, for the improvement of sanitation of villages and rural towns was not tried in this district during 1904-1905.

25. *Arboriculture.*—Rupees 98 was spent, against Rs. 498 in the previous year, in planting and maintaining trees on road sides, besides Rs. 649 expended towards the wages of 13 malies entertained throughout the year. It is reported that 985 new plants were planted on road sides and within the compound of inspection bungalows during the year, against 1,511 in the preceding year.

26. *Water-supply.*—There was no outlay incurred on water-supply from the District Road Fund, and the amount spent for the purpose out of the grant for Estate Improvement was Rs. 2,066 in sinking wells and excavating tanks and bundhs in the Damin. It is reported that the supply of water was sufficient throughout the district, and that the existing sources were enough for ordinary purposes. The following statement shows the thâna totals of Form No. I prescribed in Government Circular No. 8T.M., dated the 15th May 1896, for several subdivisions:—

Dumka Subdivision.

Serial number of village.	Name of Village—		Population by last census.	Sources and character of Water-supply.									Ownership or control.						Is permanent supply adequate to population?	Remarks of Inspecting Officers.

27. *Establishment.*—The following table shows the amount spent on establishment and the percentage of its cost on expenditure in Civil Works:—

Year.	Outlay on works and repairs	Outlay on establishment.	Percentage.	Remarks.
1	2	3	4	5
	Rs.	Rs		Rs
1903-1904	57,071	15,846	27 76	(a) Consists of land revenue 16,672 Civil Buildings ... 478 Communications ... 41,376 58,426
1904-1905	(a) 58,425	16,856	28·85	

The percentage is high, as owing to heavy lapses on Civil Works the expenditure thereon had not been proportionately large enough to keep down the same. The total cost, however falls short of the limit laid down in the Cess Act, *i. e.*, one-fourth of the year's receipts excluding the opening balance thus:—

		Rs.
Administration	...	1,792
Civil Works	...	16,856
Total	...	18,648

which is less than one-fourth of Rs. 96,859 being the total receipts of the year.

[Passed at the Meeting held on the 5th June 1905.]

H. BANERJEE,
District Accountant, Sonthal Parganas.

A. N. GUPTA
for *Chairman, District Road Committee, Sonthal Parganas.*

Notification B

NOTICE is hereby given, under sections 5 and 13 of Act XI of 1859, that unless the arrears mentioned below are paid on or before the next latest date of payment, viz, the 28th April 1906, the undermentioned estates or shares of estates, in the district of Puri will be put up for sale at the office of the Collector of that district on the 9th July 1906, at 12 o'clock noon for the said arrears

When in columns 5, 7 and 9 of the appended statement it is stated that only a share is to be sold, it is to be understood that a separate account is kept for that share, and that the other share or shares in the estate not specifically mentioned in column 5 are excluded from the sale.

Tauzi No.	Name of mahal and pargana	Sadar jama of the whole estate	Whether the whole estate is to be sold.	If only a share is to be sold, specification of such share or shares.	Names of the proprietors of the property to be sold	If only a share is to be sold, the sadar jama of such share.	If the whole estate is to be sold, the arrears due from it.	If only a share is to be sold, the arrears due from it.	Nature of demand for which to be sold

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

PRICES.

FINANCE DEPARTMENT.

List of Officers appointed by the Government of India in the Finance Department, corrected to September and October 1905.

Report of the Administration of the Mints at Bombay and Calcutta for the year 1904-05. Foolscap. Paper cover. Re. 1 or 1s. 6d. (2a.)

Statistics compiled from the Finance and Revenue Accounts of the Government of India. Receipts and Disbursements of Home and Indian Accounts. From 1st April 1896 to 31st March 1904. Foolscap. Board. Re. 2 or 3s. (10a.)

List of Officers appointed by the Government of India in the Finance Department, corrected to January-February 1906. Royal 8vo. Paper cover. 4a. or 5d. (1a. each.)

Abstract of the Principal Civil Leave and Pension Rules, 1906 Edition. Paper cover. Royal 8vo. 4a. or 5d. (1a.)

COMPTROLLER-GENERAL.

Appropriation Report on the Accounts of the Government of India for 1904-05, by A. F. Cox, Esq. Foolscap. Board. 8a. or 9d. (6a.)

ACCOUNTANT-GENERAL.

History of Services of Gazetted and other Officers serving under the Government of Bengal, corrected to 1st July 1905, in 2 parts. Royal 8vo. Board. Part I, Rs. 3 or 4s. 6d. (7a.) Part II. Rs. 2 or 3s. (5a.) Complete. Rs. 5 or (12a.)

COMMERCE AND INDUSTRY.

Administration Report of the Indian Telegraph Department for 1904-05. Foolscap. Limp cover. 8a. or 9d. (2a.)

Variations in India Price Levels since 1861 expressed in Index numbers. Foolscap. Board. As. 12 or 1s. (3a.)

COMMERCIAL INTELLIGENCE DEPARTMENT.

Judicial and Administrative Statistics of British India for 1903-04 and preceding years. Foolscap. Board. Re. 2 or 3s. (10a.)

Sea-borne Trade and Navigation Accounts of British India for the months of August to December 1905. Nos. 5 to 10 of 1905-06. Royal 8vo. Stitched. 8a. or 9d. (2a.) each.

Statistics of Cotton Spinning and Weaving in the Indian Mills in June 1905 and in the three months April to June 1905, compared with the corresponding period of 1903 and 1904. Royal 8vo. Stitched. 2a. or 2d. (1a.)

Accounts of the External Trade of British India for the months of June to October 1905. Nos. 3 to 7 of 1905-06. Royal 8vo. Stitched. 8a. or 9d. (2a.) each.

Accounts relating to the Trade carried by rail and river in India in the quarter ending June 1905, compared with the corresponding periods of the years 1903 and 1904. No. 1 of 1905-06. Foolscap. Paper cover. 8a. or 9d. (3a.)

Statistics of Cotton Spinning and Weaving in the Indian Mills in July to December 1905. Royal 8vo. Stitched. 2a. or 2d. (1a.) each.

Accounts of the Trade of the French Possessions in India in the year ending 31st March 1905 and the four preceding years. 2a. or 3d. (2a.)

Agricultural Statistics of India for the years 1899-1900 to 1903-04 in two Volumes. Rs. 3-8. or 5s. 3d. (12a).

Accounts of the Trade carried by rail and river in India in the official year 1904-05 and the four preceding years, 17th issue. Foolscap. Board. Re. 1 or 1s. 4d. (6a.)

Sea-borne Trade and Navigation of British India for November-December 1905 and February No 8, Nos. 9-10 and No. 11 of 1905-06. Royal 8vo. Stitched. 8a. or 9d. (2a. each.)

Accounts of the Trade of the Portuguese Possessions in India in the year 1903-04 and the four preceding years. Foolscap. Paper cover. 2a. or 3d. (1a.)

Tariff Schedules, 1906. Royal 8vo. Stitched. As. 6 or 7d. (1a.)

Report of the Committee on Indian Trade Statistics, 1905. Foolscap. Board. Re. 1 or 1s. 6d. (3a.)

Annual statement of the Coasting Trade and Navigation of British India in the year ending 31st March 1905. Super-Royal. Board. 39th issue. Rs. 2 or 3s. (8a.)

Accounts of the Trade of Aden in the year ending 31st March 1905 and the four preceding years. Foolscap. Paper cover. 10a. or 1s. (2a.)

Financial and Commercial Statistics of British India, 12th issue, 1906. Super-Royal. Board. Rs. 4 or 6s. (12a).

MILITARY DEPARTMENT.

Return of Wrecks and Casualties in Indian Waters for the year 1904. Re. 1 or 1s 6d. (8a.)

List of Light-houses and Light-vessels in British India, including those in the Gulf of Aden as existing on the 20th June 1905. Royal 8vo. Board. Re. 1 or 1s 6d. (2a.)

Hand-books for the Indian Army—"Gurkhas." Super Royal 8vo. Board Re. 1-4 or 2s. 3d. (5a.)

Army Regulations, India, Vol. I, Pay and Allowances (Provisional issue). Royal 8vo. Limp cover, Re. 1-4 or 2s. (3a.)

Army Regulations, India, Vol. XII, Military Works. Royal 8vo. Full cloth. Re. 1-4 or 1s 11d. (4a.)

Classified List and Distribution Return of the Establishment of the Military Works Services, corrected up to 31st December 1905. Royal 8vo. Paper cover. 4a or 5d. (1a).

RAILWAY BOARD.

Railway Board Classified List of State Railway Establishment and Distribution Return of Establishment of all Railways. Corrected up to 31st December 1905. Re. 1 or 1s. 6d. (2a)

Classified List of the Subordinate Establishment, corrected up to 31st December 1905. Royal 8vo. Paper cover. 4a. or 5d. (1a.)

PUBLIC WORKS DEPARTMENT.

Administration Report of the Telegraph Department for 1903 04. Foolscap. Paper cover. 8a. or 6d. (2a)

Classified List and Distribution Return of Establishment. Corrected up to 31st December 1905. Royal 8vo. Paper cover. Re. 1 or 1s. 6d. (2a.)

List of new books for sale at Thomason College, Roorkee, which were not advertised before.

Roorkee Treatise on "Railways," 4th Edition, revised by F. Wolly Dod, M.C.E. Price, Rs 3 per copy.

Roorkee Treatise on "Irrigation Work." By Lieutenant-Colonel J. Clibborn, I.S.C., B.A., R.C.E., C.I.E. Price, Rs. 9 per copy

Roorkee Treatise on "Sanitary Engineering." Compiled by Lieutenant-Colonel J. Clibborn, I.S.C., B.A., R.C.E., C.I.E. Price, Rs. 4-8 per copy

Roorkee Manual of "Applied Mechanics," Volume II. The stability of structures mostly by graphic methods. By Lieutenant-Colonel J. H. C. Harrison, R.E. Price, Rs. 8-2 per copy.

Roorkee Manual of Hydraulics. Price per copy, Rs. 4. (No. XIX, Elementary Treatise.) By E. F. Tipple, Esq., B.A.

Designs for Wooden Bridges, together with rules for calculating the area of waterway, etc., and Plates. By late Rai Bahadur Kunhya Lal. Price per set, Rs. 4-2.

Pamphlet on Examination for Acid Radicals: Tables giving Analysis of Acids. Price per copy, 8a.

Pamphlet on Examination for Acid Bases: Tables giving Analysis of Metallic Bases. Price, 8a. per copy.

List of New Books available for sale in the College Book Depôt.

Roorkee Treatise on Civil Engineering, Section XIII. Drawing for Engineer students, Part I. By Major E. H. deV. Atkinson, R.E., Principal, Thomason College, Roorkee. Price per copy, Rs. 3-2, including packing, postage, etc.

Hand-book of the Thomason Engineering College, Roorkee. Illustrated. Price, Re. 0-12 per copy, including packing, postage, etc.

A list of new books and periodicals for sale at the Library of the Asiatic Society of Bengal, 57 Park Street, Calcutta.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, APRIL 25, 1906.

NOTICES TO MARINERS.

THE following Notices are published for general information.

W. A. INGLIS,
Secretary, Marine Department.

CALCUTTA, *the 23rd April 1906.*

AFRICA, NORTH-EAST—GULF OF ADEN.

Visibility of Aden Cape (Ras Marshag) light.

No. 132 (first publication).—With reference to Notice to Mariners No. 397, dated 18th October 1905, issued by this Office, the Bombay Government has given further notice (No. 32 of 1906) that information has been received from the Officer in charge, Marine Survey of India, that Aden Cape (Ras Marshag) light is 244 feet above high water, and should therefore be visible in clear weather a distance of 22 miles.

This Notice affects the following Admiralty Charts:—Aden and Adjacent bays, No. 7; Gulf of Aden, Sheet II, western portion, No. 6 B; also sailing directions 'Red Sea and Gulf of Aden Pilot,' page 353; Admiralty List of Lights, Part VI, No. 129, page 21; and List of Light-houses and Light-vessels in British India, No. 129, page 10.

JAPAN—NAIKAI (INLAND) SEA.

Shimonoseki strait—Wrecks dispersed.

No. 133 (first publication).—With reference to Notice to Mariners No. 55, dated 10th February 1906, issued by this office, the British Admiralty has given further notice (No. 255 of 1906) that the wreck of the schooner which sank in Shimonoseki strait, at a distance of 4 cables S. 63° W. from Naru se beacon light, has been dispersed, and the spar marking the position withdrawn.

Approximate position, lat. 33° 54½′ N., long. 130° 54½′ E.

Also, with reference to Notice to Mariners No. 932 of 1905, that the wreck of S.S. *Ryōyō Maru*, which sank off Shimonoseki, at a distance of 13½ cables S. 78° W. from Moji hill, has been dispersed.

Approximate position, lat. 33° 57½′ N., long. 130° 56½′ E.

(Variation 4° Westerly in 1906.)

This Notice affects the following Admiralty Charts:—Shimonoseki strait, Nos. 538, 1578: Also, Sailing Directions for Japan, &c., 1904, pages 505, 503.

JAPAN—Naikai—Bingo Nada.

Takami shima—Wreck to the south-westward. Sanagi shima—Non-existence of wreck.

No. 134 (first publication).—The British Admiralty has given notice (No. 256 of 1906) that the wreck of a vessel lies sunk in Bingo Nada, in a position from which the southern extremity of Takami shima bears S. 83° E., distant 12 cables, and the northern extremity of the same island N. 30° E.

Approximate position, lat. 34° 18½′ N., long. 133° 38¾′ E.

Note.—This wreck is believed to be identical with the wreck reported in Notice to Mariners No. 114 of 1906 to have sunk at a distance of 1 1/16 miles S. 33° W. from the summit of Sanagi shima. The wreck given in the above notice has therefore been erased from the charts.

(Variation 4° Westerly in 1906.)

This Notice affects the following Admiralty Charts :—Naikai, No. 2875 ; Bingo nada to Ozuchi shima, No. 128 ; Also Sailing Directions for Japan, &c., 1904, page 450.

PACIFIC, SOUTH—Tuamoto Archipelago.

Fakarava atoll—Non-existence of bank in approach.

No. 135 (first publication).—The British Admiralty has given notice (No. 263 of 1906) that the Commander of the ship *Zélée* reports that on 24th December 1905, his vessel passed over the position of the bank shown on the charts at a distance of about 15 miles westward from Fakarava atoll, and marked E.D., without seeing any indication of it. As the authority for the existence of this bank is obscure, and as its reported position was passed over several times in 1886 without any sign of its existence being detected, it is considered that it may safely be erased from the charts.

Approximate position, lat. 16° 7′ S., long. 146° 3′ W.

Soundings of 71, 76, and 110 fathoms were obtained between Fakarava and the supposed position of this bank.

This Notice affects the following Admiralty Charts :—Pacific No. 783 ; Tuamoto Archipelago, No. 767 ; also, Pacific Islands, Vol. III, 1900, page 134 ; and Supplement, 1903, page 9.

PACIFIC OCEAN—Hawaii island.

Ka lae and Keahole points—Lights intended.

No. 136 (first publication).—The British Admiralty has given notice (No. 266 of 1906) that, on 18th April 1906, *white fixed* lantern lights will be established on lead-coloured masts having small white houses at their bases erected on the undermentioned points on Hawaii island as follows :—

(*a*) *Ka lae point.*—A light, elevated 75 feet above high water and 34 feet above the ground will be exhibited on Ka lae point, the southernmost point of the island.

Approximate position on chart No. 1510, lat. 18° 55′ N., long. 155° 43′ W.

(*b*) *Keahole point.*—A light, elevated 49 feet above high water, and 36 feet above the ground, will be exhibited on Keahole point, the westernmost point of the island.

Approximate position on chart No. 1510, lat 19° 44½′ N., long. 156° 5′ W.

This Notice affects the following Admiralty Charts :—Pacific, No. 782 ; Hawaii to 6° 15′ N., No. 3102 ; Sandwich islands, No. 1510 : Also List of Lights, Part VII., 1906, pages 95, 97 ; Pacific Islands, Vol. III, 1900, pages 208, 205 ; and Supplement, 1903, page 13.

CEYLON—West coast.

Colombo harbour—Onagalla ridge marked by a buoy.

No. 137 (first publication).—With reference to Notice to Mariners No. 130, dated 12th April 1906, issued by this office, the British Admiralty has given further notice that the rocky ridge, Onagalla, in the approach to Colombo harbour, has been marked by a red spherical buoy moored in a depth of 6¾ fathoms in a position situated at a distance of 2 miles N. 14° W. from the red light on the south-west arm of the breakwater.

Approximate position on Chart No. 813, lat. 6° 59′ N., long. 79° 50½′ E.

Further examination shows that the least depth on this ridge is 3½′ fathoms.

(Variation 1° Westerly in 1906.)

This Notice affects the following Admiralty Charts :—Palk strait, No. 68b; Ceylon, No. 813 : Also Bay of Bengal Pilot, 1901, page 72; and Supplement, 1903, page 1.

CHINA SEA—Gulf of Siam, eastern shore.

Koh Lan—Shoal to the eastward.

No. 138 (first publication).—The British Admiralty has given notice (No. 276 of 1906) of the existence of a shoal, with a depth of 2½ fathoms over it at low water, situated in a position from which the summit of East Lan bears N. 7° W., distant one mile, and the southern extremity of Koh Lan S. 64° W.

Approximate position, lat. 12° 54¾′ N., long. 100° 47½′ E.

(Variation 2° Easterly in 1906.)

This Notice affects the following Admiralty Charts :—Gulf of Siam, No. 2414; Koh Ta Kut to cape Liant, No. 2720 : Also China Sea Directory, Vol. II, 1899, page 363.

AFRICA—Cape Colony.

Table bay—Wreck no longer dangerous—Lights.

No. 139 (first publication).—The following Notice to Mariners (No. 278 of 1906) issued by the British Admiralty is republished. The following information respecting the wreck and lights in Table bay is taken from the Navigating Officer's Remark Book, H.M.S. *Forte*, 1905 :—

With reference to Notice to Mariners No. 663 of 1902 :—

(*a*) The wreck of the ship *Highfields*, which sank in a depth of about 10 fathoms, at a distance of 8 cables N. 40° E. from the end of the north breakwater, is not regarded by the local pilots as dangerous to navigation, as it is supposed to have become embedded in the sand.
The green wreck buoy and the tug have, in consequence, been withdrawn.
Vessels are, however, recommended to avoid anchoring over the wreck.

Approximate position, lat. 33° 53′ S., long. 18° 25½′ E.

With reference to Notice to Mariners No. 365 of 1904 :—

(*b*) A provisional *fixed green* light (oil lantern), visible over an arc of about 200°, is shown from the extremity of the breakwater in place of the light washed away.

(*c*) The three white fixed lights triangularly placed on the south pier have been discontinued.

(Variation 29° Westerly in 1906.)

This Notice affects the following Admiralty Charts :—Table bay, Nos. 1920 and 123; Also Africa Pilot, Part II, 1901, pages 329, 330; Supplement, 1905, page 19; and Africa Pilot, Part III, 1905. pages 67, 68.

INDIAN OCEAN—Comoro islands—Mayotta.

Bandéli passage—Depths in.

No. 140 (first publication).—The British Admiralty has given notice (No. 279 of 1906) that a recent survey shows that the depths in Bandéli passage, Mayotta island, are less than those shown on the chart. In the entrance three coral reefs exist, the northernmost of the three reefs is situated on the leading line, and has a depth of 3¾ fathoms.

The middle reef has a depth of 4 fathoms over it, and the southern reef depths of from 2 to 2¾ fathoms over it, but the latter is well clear of the leading line.

The general shape of the reefs which form the sides of this passage, however, does not differ very much from that shown on the chart.

Approximate position, lat. 12° 53′ S., long. 45° 17′ E.

A note that there is a depth of 3¾ fathoms in the passage has been placed on the charts, but a new edition of chart No. 2741 will be issued when the result of the new survey has been received.

The directions for using this passage given in Africa Pilot, Part III, 1905, page 561, still hold good for vessels of a suitable draught for entering.

This Notice affects the following Admiralty Chart :—Mayotta island, No. 2741 : Also, Africa Pilot, Part III, 1905, page 561.

AUSTRALIA, WEST COAST—Fremantle approach.

Direction bank—Depth over.

No. 141 (first publication).—The British Admiralty has given notice (No. 282 of 1906) that no sounding under 16 fathoms was obtained on Direction bank, in the approach to Fremantle, during an examination recently made by the Government of Western Australia. The depths over this bank agreed fairly well with those shown on the charts.

Approximate position, lat. 31° 33′ S., long. 115° 17′ E.

This Notice affects the following Admiralty Chart :—Champion bay to cape Naturaliste, No. 1033 : Also, Australia Directory, Vol. III, 1895, page 352.

AUSTRALIA—Victoria—Hobson bay.

Gellibrand point—Light-vessel withdrawn—Lighthouse constructing.

No. 142 (first publication).—The British Admiralty has given notice (No. 283 of 1906), that on the 12th February Gellibrand light-vessel, exhibiting a red fixed light and formerly situated at a distance of 8 cables south from the green light on the breakwater extending from Gellibrand point, Hobson bay, would be withdrawn, and the construction of a pile lighthouse commenced in that position. On the same date the undermentioned aids to navigation would be temporarily placed to mark the works in progress :—

(*a*) A light-buoy exhibiting a *red fixed* light would be moved 400 feet eastward of the lighthouse constructing.

(*b*) A vessel from which rockets will be fired, during thick or foggy weather, would be moored 400 feet southward of the light-buoy.

(*c*) A *white fixed* light would be exhibited from the eastern end of the works whilst the lighthouse is under construction.

(*d*) A red flag will be displayed when pile driving is in progress.

Vessels passing the works must proceed at a moderate speed and at a distance of at least half a cable to the eastward of the light-buoy and vessel.

Approximate position, lat. 37° 52¾′ S , long. 144° 55′ E.

(*Variation 8° Easterly in 1906.*)

This Notice affects the following Admiralty Chart :—Port Philip, No. 117 1b ; Hobson bay, No. 684 : Also, List of Lights, Part VI, 1906, No. 1320 ; Australia Directory, vol. I., 1897, page 459 : and Supplement, 1900, page 17.

RED SEA, EASTERN SHORE—YENBO APPROACH.

Yenbo and Jidda—Shoals in approach.

No. 143 (first publication).—The British Admiralty has given notice (No. 284 of 1906) that information, dated 28th February 1906, has been received from H.B.M. Consul, Jidda, that the S.S. *Coromondel* recently touched on a shoal in the approach to Yenbo, situated about 2 miles to the southward of Schermo beacon, in approximately lat. 24° 2½′ N., long 37° 50′ E.

Also, that Mr. T. A. Molony, Master of the S.S. *Mozaffari*, reports having passed close to a reef with an estimated depth of 3 fathoms over it in the southern approach to Jidda, situated in approximately lat. 20° 57½′ N., long. 39° 6¼′ E.

This Notice affects the following Admiralty Charts:—Red sea, Nos. 8b and 8c: Also Red Sea, &c., Pilot, 1900, pages 260, 283; and Supplement, 1904, page 24.

INDIA, EAST COAST—BAY OF BENGAL.

Caution—A submerged obstruction.

No. 144 (first publication).—The Master of the S. S. *Lunka* reports having on the 12th April struck a submerged obstruction in lat. 18° 49′ 45″ N., long. 84° 36′ 15″ E. supposed to be a rock with 16 feet of water over it in 11 fathoms and 1¾ miles off the coast, and 2¼ miles south of Baruva (Barwa). Mariners are accordingly warned.

JAPAN, WEST COAST—SHIMONOSEKI STRAIT.

Lights marking wreck in western entrance.

No. 125 (second publication)—With reference to Notice to Mariners No. 78, dated 27th February 1906, issued by this office, the British Admiralty has given further notice (No. 239 of 1906) that, weather permitting, two *red fixed* lights will be exhibited from the mainmast of the wreck of the steamship which sank in the western entrance to Shimonoseki strait, in a position from which Wakura jima summit bears N. 59° W., distant 4$_{1}^{7}$$_{8}$ cables, and Mutsure jima light N. 11° E. The wind may extinguish these lights.

Approximate position, lat. 33° 57¼ N., long. 130° 51½′ E.

(Variation 4° Westerly in 1906.)

This Notice affects the following Admiralty Charts:—Shimonoseki strait, Nos. 532, 1578: Also, Sailing Directions for Japan, etc., 1904, page 514.

PACIFIC OCEAN—THE PHILIPPINE ISLANDS—MINDANAO, SOUTH COAST.

Little Santa Cruz island—Light established.

No. 126 (second publication).—The British Admiralty has given notice (No. 242 of 1906) that a *white fixed* light of the 6th order, elevated 64 feet above high water, and visible in clear weather from a distance of 12 miles, has been established on a white framework structure, erected on the summit of Little Santa Cruz island, opposite Samboanga; it is obscured between the bearings of N. 30° E., through north, and N. 60° W.

Approximate position, lat. 6° 53′ 0″ N., long. 122° 2′ 15″ E.

NOTE.—The character of this light will probably be altered to *occulting* during the present year.

(Variation 1° Easterly in 1906.)

This Notice affects the following Admiralty Charts:—Sulu archipelago, Nos. 2576 and 928; Molucca passage to Manila, No. 943; Basilan strait, No. 961: Also List of Lights, part VI., 1906, page 99; and Eastern Archipelago, part I, 1902, page 99.

JAPAN—HONSHU, NORTH-WEST COAST—WAKASA WAN.

Takahama—Rock in approach.

No. 127 (second publication).—The British Admiralty has given notice (No. 243 of 1906) of the existence of a rock, with depths of from 2¾ to 3¼ fathoms over it at low water, in the approach to Takahama, situated at a distance of about 1¾ cables S. 78° E. from Imato bana.

This danger which is named Tachi guri, is about 60 yards long in an easterly and westerly direction, and has depths of from 16 to 23 fathoms sandy bottom around it.

Approximate position, lat. 35° 33′ 10″ N., long. 135° 30′ 45″ E.

NOTE.—Imato bana is the point situated about three-quarters of a mile S. 77° E. from Oshimawashi zaki.

(Variation 5° Westerly in 1906.)

This Notice affects the following Admiralty Chart :—Aramube zaki to Ando zaki, No. 2174 : Also sailing Directions for Japan, etc., 1904, page 648.

EASTERN ARCHIPELAGO—BOURO ISLAND.

Lisatetu rock—Re-inserted on chart.

No. 128 (second publication).—With reference to Notice to Mariners No. 315, dated 7th December 1900, issued by this office, the British Admiralty has given further Notice (No. 246 of 1906) that the search for the Lisatetu rock, off the south-west coast of Bouro island, reported to be situated in lat. 3° 39′ S, long. 126° 7′ E, does not appear to be complete enough to make it certain that this danger does not exist; it has, therefore, been re-inserted on the charts in the above position and marked E. D. as before.

This Notice affects the following Chart :—Eastern Archipelago, No. 943a : Also Eastern Archipelago, part I, 1902, page 451.

EASTERN ARCHIPELAGO—JAVA, NORTH COAST—BATAVIA APPROACH.

Bungin point—Wreck to the north-east has disappeared.

No. 129 (second publication).—With reference to Notice to Mariners No. 847, dated 13th October 1904, issued by this office, the British Admiralty has given further notice (No. 248 of 1906) that information has been received from Commander D. L. Dent, H.M.S. *Katoomba*, that, on 8th February 1906, his vessel passed the position of the wreck reported to the north-eastward of Bungin point, Java, in approximately lat. 5° 49′ 30″ S., long. 107° 11′ 30″ E, without seeing it.

In reply to inquiries made at Tanjong Priok, the pilots stated that the wreck was a water-logged dereliot, which has since drifted away; it has therefore been expunged from the charts.

This notice affects the following Admiralty Charts :—Eastern archipelago, western portion, No 941a; Java, western portion, No. 1653 : Also, Eastern Archipelago, part II, 1904, page 94.

CEYLON, WEST COAST—COLOMBO HARBOUR.

Shoal in approach.

No. 130 (second publication).—The British Admiralty has given notice (No. 251 of 1906 of the existence of a rocky ridge, named Onagalla, in the approach to Colombo harbour, with a least depth of $3\frac{3}{4}$ fathoms over its northern end, situated in a position $2\frac{8}{10}$ miles N. 13° W. from the red light on the south-west arm of the breakwater.

Approximate position on chart No. 813, lat. 7° 0′ N., long. 79° 50′ E.

This shoal, which extends about one mile in a S. 13° E. direction from the above head, is about 50 feet broad, and has four other heads with depths over them of from 4 to $4\frac{1}{2}$ fathoms, with from 5 to 7 fathoms between them. To the eastward and westward of the ridge there are depths of from 7 to 8 fathoms, but the lead gives but slight warning of the approach to it.

Variation 1° Westerly in 1906.

This notice affects the following Admiralty Charts :—Palk strait, No. 68b; Ceylon, No. 813 : Also Bay of Bengal Pilot 1901, page 72; and Supplement, 1903, page 1.

CHINA NORTH—MANCHURIA—PECHILI STRAIT—KWANG TUNG PENINSULA.

Port Arthur—Mines removed in approach.

No. 131 (second publication).—With reference to Notice to Mariners No. 151, dated 8th May 1905, issued by this office the British Admiralty has given further notice (No. 254 of 1906) that the mines in the approach to Port Arthur have been cleared way within an area

contained between lines drawn in a southerly direction from points situated (1) in approximately lat. 38° 48′ N., long. 121° 25½′ E., and (2) in lat. 38° 43′ N., long. 121° 12′ E.; the southern limit being a line running in an East and West direction on the parallel of 38° 38′ N. Vessels, however, must still exercise due caution, as solitary mines may still exist in this locality, though it is believed that the sweeping operations carried out have been effective.

The cautionary note respecting mines will, for the present, be retained on the charts until it is known that the whole of the coast in this locality is free from these dangers.

This Notice affects the following Admiralty Charts:—Gulfs of Pechili and Liau tong, No. 1256; Kwang tung peninsula, No. 1798: Also, China Sea Directory, vol. III., 1904, pages 592, 594.

BAY OF BENGAL—Chittagong coast.

Karnafuli river—Depth of water found in the channels.

No. 119 (third publication).—The Port Officer, Chittagong, has given notice that the following depth of water was found in the channels by soundings taken on the 31st March 1906 and reduced to zero:—

	Ft.	in.
Track No. 1—Outer bar—		
Disc on diamond	13	0
Track No. 2—Inner bar—		
Disc on diamond	11	9
Batten beacon on pillar	12	6
Track No. 3—		
Triangle on cross and ball	18	0
Track No. 4—Guptakhally crossing—		
Tripod on diamond	20	0

EASTERN ARCHIPELAGO—Malacca strait—Karimon islands.

Pulo Hiju Kechil—Intended light.

No. 120 (third publication).—The British Admiralty has given notice (No. 221 of 1906) that, in or about the month of May 1906, a *white flashing* light *every twenty seconds*, thus:—light, *four seconds;* eclipse, *sixteen seconds*, and elevated 131 feet above high water, visible in clear weather from a distance of 17 miles, will be established on Pulo Hiju Kechil, the easternmost of the Brothers islands.

The lighthouse will be a white iron framework structure, 44 feet in height, with the keeper's dwelling, a white building with red tiles, standing below it.

Further Notice will be given as necessary.

Approximate position, lat. 1° 11½′ N., long. 103° 21½′ E.

This Notice affects the following Admiralty Charts:—Malacca strait, No. 1355; cape Rachado to Singapore, No. 795; Singapore strait, No. 2403: Also, List of Lights, part VI, 1906, page 71; China Sea Directory, vol. I, 1896, page 113; and Supplement, 1899, page 12.

EASTERN ARCHIPELAGO—Flores, north coast.

Telok Baleh.—Rock in approach.

No. 121 (third publication).—The British Admiralty has given notice (No. 222 of 1906) of the existence of a reef, with a depth of 2 fathoms over it, situated in the approach to Telok Baleh, in a position from which the south extreme of Gili Bodo island bears S. 69° E., distant 4¾ miles, and the south point of Seraya Besar island S. 53° W.

Approximate position, lat. 8° 19¾′ S., long. 119° 56¾′ E.

(*Variation 1° Easterly in 1906.*)

This Notice affects the following Admiralty Chart:—Eastern archipelago, western position, No. 941b; Lombok to Flores, No. 1696: Also, Eastern Archipelago, part II, 1904, page 222.

EASTERN ARCHIPELAGO—Borneo, north-west coast.

Natuna islands—Shoals.

No. 122 (third publication).—The British Admiralty has given notice (No. 224 of 1906) of the existence of a reef, with a depth of 6 fathoms over it, situated to the north-eastward of Sirhassen island, South Natuna islands, in a position from which the north point of Ganting island bears S. 79° W., distant $1\frac{3}{10}$ miles.

Approximate position, lat. 2° 33′ N., long. 109° 10½′ E.

Also, that many reefs and shoals have been found to exist in the channels between the west coast of Great Natuna island and the islands Sedanau, Salaor, and Batu Bilis.

The navigation of these passages is therefore dangerous and should not be attempted.

Approximate position, Salaor island, lat. 3° 53½′ N., long. 107° 53½′ E.

(*Variation 2° Easterly in 1906.*)

This Notice affects the following Admiralty Charts:—South Natuna islands, No. 2104; Natuna islands, No. 1348: Also, China Sea Directory, vol. II, 1899, pages 82, 86.

EASTERN ARCHIPELAGO—Sumatra, east coast—Padang strait.

Bengkalis approach—Light-buoy established.

No. 123 (third publication).—With reference to Notice to Mariners No. 467, dated 30th November 1905, issued by this office, the British Admiralty has given further notice (No. 225 of 1906) that a light-buoy, painted white, and exhibiting a *white occulting* light *every twenty seconds* (light, *ten seconds;* eclipse, *ten seconds*), has been established in the fairway to Bengkalis, in approximately lat. 1° 13¾′ N., long. 102° 30¼′ E.

This buoy should be passed on its south-west side.

This Notice affects the following Admiralty Charts:—Malacca strait, No. 1355; cape Rachado to Singapore, No. 795: Also, China Sea Directory, vol. I, 1896, page 109, and Supplement, 1899, page 8.

EASTERN ARCHIPELAGO—Celebes, north point.

Tagulanda and Ruang islands—Decreased depth on the shoal between.

No. 124 (third publication).—With reference to Notice to Mariners No. 20, dated 12th January 1906, issued by this office, the British Admiralty has given further notice (No. 229 of 1906), that an examination of the reef, existing nearly midway between Pehee point, Tagulanda island, and the reef extending from Batu Waleby point, Ruang island, shows that there is a least depth of 6 feet over it, and not 2 fathoms as formerly supposed.

Approximate position on chart No. 2193, lat. 2° 19′ N., long. 125° 22 E.

This Notice affects the following Admiralty Chart:—Plan of the channel between Tagulanda and Ruang on chart No. 2193: Also, Eastern Archipelago, part I, 1902, page 414.

E. J. Beaumont, Comdr., R.I.M.,
Port Officer of Calcutta.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, APRIL 25th, 1906.

GENERAL JURY LIST.

LIST of Persons liable to serve on Common Juries in the High Court of Judicature at Fort William in Bengal, for the year ensuing from 1st May 1906, pursuant to Act V of 1898.

No.	Names.	Style or Calling.	Residence or place of business.	Religion.	Remarks.
	A				
**1	Abbey, F A	... Clerk, Foreign Office	... Esplanade, West	... Christian	Errors in name and description can be corrected on communication to the office of the Clerk of the Crown. Persons claiming exemption should communicate their claims and grounds thereof to the Clerk of the Crown as soon as possible after service of summons, and so also should any person summoned and unable to attend for any cause, stating the cause, so that, if sufficient cause is shown, the Sheriff may be directed to summon another jury man.
2	Abbey, W E.	... Assistant, Ashworth Taylor & Co	... 7, Council House Street	... ditto	
3	Abbey-Yates, R	... Superintendent of Ledgers, office of Reporter on Economic Products to the Government of India.	1 Sudder Street	... ditto

4. *Outturn.*—Only one district, namely Balasore, expects a normal crop, and only one other, Khulna, expects nearly a normal crop. Both these (especially Balasore) are unimportant districts so far as *rabi* cultivation is concerned. Ten districts estimate an outturn of 80 to 89 per cent. and ten more (including most of the Behar districts) estimate between 70 to 79 per cent.; 6 districts estimate only between 60 to 69 per cent., while the remaining 5 districts, *viz.*, Ranchi, Birbhum, Bankura, Palamau and Nadia estimate between 43 and 51 per cent. only.

According to the estimates of the District officers, the outturn of the crops covered by this forecast for the Province as a whole is 75 per cent. of the normal, against 71 per cent. of last year.

5. *Gross outturn of summer rice.*—The gross outturn of summer rice for the Province is estimated at 1,093,800 cwts. as compared with 1,123,200 cwts. in the preceding year.

CALCUTTA,
The 24th March 1906.

C. E. A. W. OLDHAM,
Officer on special duty in connection with the Agricultural Department, Bengal.

APPENDIX I.

Forecast of the Rabi *crops of 1905-1906.*

District.	Total area of district in acres.	Total area of district estimated to be under cultivation in acres.	Names of *rabi* crops.	Approximate normal area under each specified *rabi* crop in acres.	Approximate area last year under each specified *rabi* crop in acres (1904-1905).	Estimated area this year under each specified *rabi* crop in acres (1905-1906).	Taking 100 to represent the normal outturn, how much represented the outturn last year (1904-1905)?	Taking 100 to represent the normal outturn, how much will represent this year's outturn (1905-1906)?	Figures from Cadastral Survey.			Date at which the sowing of the crops was begun this year.	A brief statement regarding the weather and general condition of the crops, and whether the date of sowing was this year early, normal or late.
									Total area of the district which has been cadastrally surveyed.	Years during which the cadastral survey took place.	Area found under this crop during the cadastral survey		
1	2	3	4	5	6	7	8	9	10	11	12	13	14
Burdwan ...	1,720,960	1,264,960	Barley	9,700	7,500	7,000	68	73	Acres. 46,164	1892 to 1893 and 1903 to 1905.	Acres. 73	About the second week of November.	The date of sowing of the *rabi* crops was slightly late this year owing to late rainfall. The recent heavy rains are reported to have damaged the crops more or less throughout the district, with the exception of *boro* or summer rice. A poor outturn is consequently expected.
			Boro or summer rice ...	500	300	300	68	73			...		
			Gram	11,400	9,100	9,100	74	68			69

District.	Total area of district in acres.	Total area of district estimated to be under cultivation in acres.	Names of *rabi* crops.	Approximate normal area under each specified *rabi* crop in acres.	Approximate area last year under each specified *rabi* crop in acres (1905-1906).	Estimated area this year under each specified *rabi* crop in acres (1906-1907).	Taking 100 to represent the normal outturn, how much represented the outturn last year (1904-1905) ?	Taking 100 to represent the normal outturn, how much will represent (this year's outturn, (1906-1906) ?	Figures from Cadastral Survey. Total area of the district which has been cadastrally surveyed.	Figures from Cadastral Survey. Years during which the cadastral survey took place.	Figures from Cadastral Survey. Area found under this crop during the cadastral survey.	Date at which the sowing of the crops was begun this year.	A brief statement regarding the weather and general condition of the crops, and whether the date of sowing was this year early, normal or late.
1	2	3	4	5	6	7	8	9	10	11	12	13	14
Howrah ...	226,600	225,600	*Boro* or summer rice and Other *rabi* cereals and pulses ...	6,200	3,700	5,200	61	100	Acres. ...	...	Acres. ...	Middle of January.	Weather is unfavorable on account of untimely rainfall. The date of sowing was normal except in the case of summer rice which was early.
			Other *rabi* food-crops (not separately reported), *e.g.*, potatoes, yams, melons, and others ...	11,200	10,200	11,200	57	80	...	...	...	Early in November	
			Total food-crops ..	6,700	5,000	6,700	53	80	...	...	...	Early in December.	
				24 100	19,100	23,100	53	61	.	.	.		
24 Parganas ..	3,100,160	1,079,700	Barley	170	100	100	100	75	...	...	...	October and November.	The Subdivisional Officer of Barasat reports that the decrease in the area under summer rice is due to cultivation of *aman* rice on a larger scale. Heavy rain and hailstorms in February damaged the crops.
			Boro or summer rice	4,000	3,400	2,100	93	89	...	...	...		
			Gram	6,400	6,300	6,300	89	78	...	...	...		
			Other *rabi* cereals and pulses	32,600	27,500	23,300	100	79	...	...	...		
			Other *rabi* food-crops (not separately reported), *e.g.*, potatoes, yams, melons, and others ..	5,500	6,300	4,300	93	93	...	...	...		
			Total food-crops ...	48,600	43,600	41,600	93	81	..	...	...		

			Tobacco	3,000	3,000	3,000	99	82	...	...	...	September to October.	The date of sowing was in some places early and in other places late.
			Other *rabi* non-food crops (not separately reported), *e.g.*, spices, oats, &c.	1,600	1,200	1,200	100	80	...	...	...	October.	
			Total non-food crops ..	5,200	4,200	4,200	99	81					
			GRAND TOTAL ...	63,200	46,500	45,800	99	81					
			Barley	7,500	5,200	4,900	65	42				4th October to 17th November 18th February.	The dates of sowing were normal. The decrease in the area sown is due to want of rain during the sowing season. The recent rain has damaged the crop; hence the decrease in the estimated outturn.
Nadia ...	1,787,520	1,643,800	*Boro* or summer rice ...	400	1,900	500	61	50				6th October to 1st November.	
			Gram	86,000	80,000	77,900	54	36				Ditto.	
			Other *rabi* cereals and pulses	82,000	57,400	56,600	54	48					
			Other *rabi* food-crops (not separately reported) *e.g.*, potatoes, yams, melons, and others ...	1,000	11,000	9,600	69	49	Not cadastrally surveyed.			Ditto.

The date of sowing was normal but the recent foul weather has proved unfavourable and hence the low outturn.

The decrease in the outturn is due to want of sufficient rain at the sowing time and also to the damage caused by rain and flood in February 1906

WEATHER AND CROP REPORT.

For the week ending the 23rd April 1906.

Burdwan.—No rain. Weather hot. Fodder and water sufficient. Cattle-disease in Kalna and Manteswar thanas. Common rice sells as follows :—

	Srs.	ch.	
Sadar	10	0	per rupee.
Katwa	10	10	
Raniganj	11	0	
Kalna	10	3	

Birbhum.—Rainfall nil. Weather seasonable. Sugarcanecuttings germinating. Ploughing and sowing going on. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	12	0	per rupee.
Rampur Hât	10	0	

Bankura.—No rain. Weather seasonable. Ploughing of fields for sugarcane and *aus* paddy going on. Fodder and water sufficient. No cattle-disease. Common rice sells at 12 seers and 8 chitaks a rupee both at Sadar and Vishnupur.

Midnapore.—Rainfall nil. Weather seasonable. Standing crops thriving. Wheat, rape and mustard being harvested. Fodder and water sufficient. Cattle-disease in two thanas. Common rice sells as follows :—

	Srs.	ch.	
Sadar	11	0	per rupee.
Contai	12	0	
Tamluk	10	0	
Ghatal	10	8	

Hooghly.—No rainfall. Weather hot. Lands are being prepared for *aus aman* and jute. Fodder and water sufficient. No cattle-disease. Common rice sells as follows :—

	Srs.	ch.	
Sadar	8	0	per rupee.
Serampore	9	0	
Arambagh	10	14	

Howrah.—No rain at Sadar. Sugarcane doing well. Lands are being prepared for jute and paddy. *Boro* paddy doing well, but rain is wanted. No cattle-disease. Fodder and water sufficient. Common rice sells at 9½ seers per rupee both at Sadar and Ulubaria.

24-Parganas.—Rainfall nil. Weather hot. Lands are being prepared for next crops. State of standing crops fair. Prospects good. Condition of cattle is good. Fodder and water sufficient. Common rice sells at 10 seers a rupee.

Nadia.—Rainfall nil. Weather seasonable. Lands are being prepared for *bhadoi* paddy and jute. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	9	8	per rupee.
Ranaghat	9	8	
Chuadanga	8	14	
Meherpur	8	14	
Kushtia	9	0	

Murshidabad.—No rain. Weather hot. Planting of sugarcane going on. Rain is wanted to sow *bhadoi* paddy. No cattle-disease. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	9	8	per rupee.
Lalbagh	9	8	
Jangipur	10	0	
Kandi	10	0	

Jessore.—Rainfall nil. Weather sultry. Standing crops fair. Cultivation of lands for *aus* paddy retarded for want of rain. Fodder and water sufficient. Condition of cattle generally good. Common rice sells as follows:—

	Srs.	ch.	
Sadar	8	13	per rupee
Jhenida	8	12	
Magura	8	12	
Narail	8	0	
Bangaon	9	2	

Khulna.—Rainfall nil. Weather seasonable. Ploughing for jute going on. Extent of the sowing of jute at Bagerhat is 100 per cent. and at Sadar 10 per cent Cultivation of autumn rice continues Sowing at Sadar is estimated at 10 per cent. Condition of summer rice is fair. Outturn of tobacco is estimated at 86 per cent. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	7	8	per rupee
Satkhira	7	0	
Bagerhat	8	8	

Patna.—Rainfall nil. Weather hot with strong west winds. Threshing and winnowing of *rabi* going on. Sugarcane and *cheena* doing well. *Mahua* flowers being gathered. Fodder and water for cattle sufficient. Average price of common rice is as follows:—

	Srs.	ch.	
Sadar	12	0	per rupee.
Barh	11	0	
Bihar	11	0	
Dinapore	11	8	

Gaya.—Rainfall nil. Weather rather hot with west wind. Sugarcane and *cheena* doing well. Fodder and water for cattle sufficient. Average price of common rice is 11¾ seers a rupee.

Shahabad.—Rainfall nil. Harvesting of *rabi* finished. No cattle-disease. Fodder and water sufficient. Common rice sells at 11½ seers a rupee.

Saran.—Rainfall nil. Weather seasonable. Harvesting of *rabi* crops and sowing of *cheena* going on. Standing crops doing well. No cattle-disease. Fodder and water sufficient. Common rice and maize sell at 10 and 13½ seers a rupee, respectively, at Sadar.

Champaran.—No rain. Weather hot. Sowing of *cheena* and *bhadoi* paddy commenced. Harvesting of *rabi* still going on. Lands are being prepared. No cattle-disease. Fodder and water sufficient. Common rice and maize sell at 11 and 12 seers a rupee respectively

Muzaffarpur.—Rainfall nil. Prospects of crops good. *Rabi* almost harvested No cattle-disease reported. Fodder and water sufficient. Common rice and maize sell at 10 and 12 seers a rupee, respectively, at Sadar.

Darbhanga.—Rainfall nil. Weather seasonable. Prospect of standing crops good. Harvesting of *rabi* crops still going on. Fodder and water sufficient. No cattle-disease reported. Common rice sells as follows.—

	Srs.	ch.	
Sadar	11	0	per rupee.
Samastipur	11	0	
Madhubani	10	6	

Monghyr.—Rainfall nil. Weather seasonable. Threshing of *rabi* crops still continues in the Begusarai subdivision. Planting and watering of sugarcane going on. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	10	0	per rupee.
Begusarai	10	0	
Jamui	11	0	

Bhagalpur.—Rainfall nil. Weather hot with strong westerly wind. Harvesting of *rabi* nearly finished. Fodder and water sufficient. No cattle-disease reported. Common rice sells as follows:—

	Srs	ch	
Sadar	10	12	per rupee.
Banka	10	10	
Supaul	12	0	

Purnea.—Rainfall nil. Days very hot and nights cool. Sowing of *bhadoi* paddy and jute in progress *Aman* paddy is being sown in places. No cattle-disease reported. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	9	8	per rupee.
Araria	9	8	
Kishanganj	8	0	

Darjeeling.—Rainfall at Sadar 0·08 Weather seasonable. Hills:—Wheat, barley and linseed being harvested. Terai—Sowing of jute going on. Coarse rice sells as follows:—

	Srs.	ch.	
Hills	7	0	per rupee.
Terai	9	0	

Maize sells at 8 and 9 seers a rupee at Darjeeling and Kalimpong, respectively.

Sonthal Parganas.—Rainfall nil. Weather seasonable. Sugarcane doing well. Prospects of *mahua* little improved. Harvesting of wheat commenced. Fodder and water sufficient. Common rice sells at 10 seers a rupee at Sadar.

Cuttack.—No rain. *Dalua* and *mung* being harvested. Cotton growing Fodder and water sufficient. No cattle-disease. Common rice sells at 12 seers and 7 chitaks a rupee.

Balasore.—Rainfall at Sadar nil. Threshing of *saradh*, ploughing of fields and planting of sugarcane continue. Sporadic cases of cattle-disease reported from Bhadrak. Fodder and water available. Common rice sells as follows:—

	Srs.	ch.	
Sadar	11	8	per rupee.
Bhadrak	14	0	

Angul.—No rain. Weather hot. Fodder and water available. Common rice sells at 12 seers a rupee at Sadar and Khondmals.

Puri.—Rainfall nil. Weather seasonable. *Dalua* being reaped in some places and ripening at others. *Mung* being harvested. Sugarcane doing well. Cotton flowering. Lands are being ploughed for the ensuing *saradh* paddy. Miscellaneous crops doing well. Fodder and water sufficient. Common rice sells at 11 seers and 13 chitaks per rupee.

Sambalpur.—No rain. Weather clear and warm. Planting of sugarcane is completed. Cattle-disease prevalent in the Bargarh subdivision and in the interior of the Sadar subdivision. Fodder and water-supply sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	14	8	per rupee.
Bargarh	16	14	

Hazaribagh.—Rainfall nil. Weather seasonable. Prospect of sugarcane favourable. Fodder and water sufficient. Cattle-disease reported from five thanas. Prices at Sadar are as follow:—

	Srs.	ch.	
Common rice	10	12	per rupee.
Indian-corn	14	8	
Marua	18	8	

Ranchi.—Rainfall at Sadar nil. Weather seasonable. Ploughing continues. Dropping of *mahua* commenced in places. Cattle-disease reported from two thanas. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	11	0	per rupee.
Khunti	13	0	
Gumla	14	0	

Palamau.—No rain. Weather hot. *Rabi* being threshed. Fields being ploughed. A few cases of cattle-disease reported. Fodder and water sufficient. Common rice sells at 11½ seers a rupee at Sadar.

Manbhum.—Rainfall nil. Weather seasonable. Prospects of crops fair. Outturn of sugarcane estimated at 75 per cent. Fodder and water sufficient. Cattle-disease reported from two thanas. Common rice sells as follows :—

	Srs.	ch.	
Sadar	12	0	per rupee.
Gobindpur	11	0	

Singhbhum.—Rainfall nil. Lands are being prepared for cultivation. Planting of sugarcane progressing. Fodder and water sufficient. Common rice sells at 12 seers per rupee.

General Summary.—There was no rain in the Province except at Darjeeling from which a very light shower is reported. Planting of sugarcane is approaching completion Sowing of jute has commenced in Khulna and Purnea and preparation of land continues, but rain is wanted in some of the districts of the Presidency Division. Prospects are on the whole fair. Cattle-disease is reported from eight districts. Fodder and water are sufficient. The price of common rice has risen in nine and has fallen in six districts. It continues high in the districts of the Presidency and Bhagalpur Divisions and also in Hooghly, Howrah and Muzaffarpur.

Berhampore, the 30th April 1906

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad

PRICES.

THE terms of subscription, and the terms on which current issues and back numbers are sold, are as follows:—

	Without postage.	With Indian postage.	With Foreign postage.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, MAY 2, 1906.

NOTICES TO MARINERS.

THE following Notices are published for general information.

W. A. INGLIS,
Secretary, Marine Department.

CALCUTTA, *the 25th April 1906.*

EAST AFRICA—CAPE COLONY.

An uncharted shoal.

No. 145 (first publication).—The Master of the S. S. *Congella* reports the existence of an uncharted shoal, about 1¼ mile off the shore, with 15 feet on it, in latitude 31° 0′ 15″ S., longitude 30° 18′ 0″ E.

JAPAN—KIUSIU, EAST COAST.

Saiki bay—Depth on bank.

No. 146 (first publication).—The British Admiralty has given notice (No. 292 of 1906) that a recent examination shows that the least depth on the head of the shoal bank in Saiki bay, situated at a distance of 3½ miles S. 5° E. from Kamodo (Kamado) saki is 5½ fathoms, and not 10 fathoms as shown on the charts.

Approximate position, lat. 33° 0¼′ N., long. 132° 1¼′ E.

(*Variation 4° Westerly in 1906.*)

This notice affects the following Admiralty Charts:—Van Diemen strait to Oshima, No. 1648; Bungo channel, No. 651: Also Sailing Directions for Japan, &c., 1904, page 308.

PACIFIC OCEAN—PHILIPPINE ISLANDS—LUZON, WEST COAST.

Santa Cruz harbour—Shoal.

No. 147 (first publication).—The British Admiralty has given notice (No. 293 of 1904) of the existence of a shoal, with a depth of 17 feet over it, in Santa Cruz harbour, in a position from which Santa Cruz bell tower bears N. 86° E., distant 1½ miles, and the western extremity of Santa Cruz Point S. 32° W.

Approximate position, lat. 15° 45½′ N., long. 119° 52½′ E.

This shoal, which is situated about 175 yards to the northward of the track of vessels, is a small coral head 50 yards in extent and steep-to.

(*Variation 1° Easterly in 1906.*)

This notice affects the following Admiralty Charts:—Santa Cruz harbour, No. 3515: Also Eastern Archipelago, Part I, 1902, page 53; and China Sea Directory, vol. II, 1899, page 319.

PACIFIC OCEAN—PHILIPPINE ISLANDS—LUZON, WEST COAST.

Kurrimao, Salomague, Pandan and Kandon—Lights established.

No. 148 (first publication).—The British Admiralty has given notice (No. 294 of 1906) that the undermentioned lights have been established on the west coast of Luzon in the following positions:—

(*a*) PORT KURRIMAO.—A *red fixed* light, elevated 27 feet above high water, and visible in clear weather from a distance of 7 miles from the bearing N. 23° E., through east, to S. 50° E., is exhibited from an old fort half a mile to the southward of the village.

Approximate position, lat. 18° 0¾′ N., long. 120° 30′ E.

(*b*) SALOMAGUE HARBOUR.—A *red fixed* light of the 6th order, elevated 39 feet above high water, and visible in clear weather from a distance of 9 miles from the bearing of N. 57° E., through east, to S. 67° E., is exhibited from a white frame tower, 34 feet high, erected on the eastern side of the harbour, at a distance of one mile S. 55° E. from the tower on the northern side of the harbour.

Approximate position on chart No. 3283, lat. 17° 46¾′ N., long. 120° 25¾′ E.

(*c*) PANDAN.—A *red fixed* lantern light, elevated 50 feet above high water, and visible in clear weather from a distance of 7 miles from the bearing of N. 36° W., through north and east, to S. 61° E., is exhibited from a white frame tower, 34 feet high, erected in the village of Pandan.

Approximate position, lat. 17° 32′ N., long. 120° 23′ E.

(*d*) KANDON.—A *red fixed* lantern light, elevated 49 feet above high water, and visible from a distance of 7 miles from the bearing of N. 11° W., through north and east, to S. 58° E., is exhibited from a white frame tower, 34 feet high, erected at Kandon.

Approximate position, lat. 17° 12′ N., long. 120° 26′ E.

(*Variation 1° Easterly in 1906.*)

This notice affects the following Admiralty Charts:—China sea, No. 2661b; Luzon, No. 3454; Port Salomague on chart No. 3283; Also List of Lights, Part VI, 1906, page 111; Eastern Archipelago, Part I, 1902, pages 43, 44, 45, 46; and China Sea Directory, vol II, 1899, pages 326, 324, 325.

PACIFIC OCEAN—HAWAIIAN ISLANDS—MOLOKAI.

Lae o Kuihu (Kahiu) Point—Light established.

No. 149 (first publication).—The British Admiralty has given notice (No. 299 of 1906) that, on 1st March 1906, a *red fixed* lantern light, elevated 50 feet above high water, and visible in clear weather from a distance of 9 miles, would be established on a white mast about 34 feet high, having at its base a small white house with red roof, erected on the Lae o Kuihu or Kahiu, Molokai island.

Approximate position, lat. 21° 12¾′ N., long. 156° 58½′ W.

This notice affects the following Admiralty Chart:—Sandwich islands, No. 1510: Also List of Lights, Part VII, 1906, page 97; Pacific Islands, vol. III, 1900, page 219.

EASTERN ARCHIPELAGO—STRAITS OF SUNDA—JAVA.

Java head light—Replaced by temporary light.

No. 150 (first publication).—The British Admiralty has given notice (No. 304 of 1906) that the white flashing light on First Point, Java head, has temporarily been replaced by a provisional *white flashing* light *every thirty seconds*, the duration of each flash being *four seconds*, visible in clear weather from a distance of 18 miles; it is an acetylene light of the 3rd order, and shown from an iron framework support, 65 feet high, painted white, erected at a distance of 69 feet to the westward of the light-house.

The permanent light building will be partially or entirely taken down for reconstruction.

Approximate position, lat. 6° 45′ S., long. 105° 12¾′ E.

Further notice will be given when received.

This notice temporarily affects the following Admiralty Chart:—Sunda strait, No. 2056; Also List of Ligts, Part VI, 1906, No 468; and Eastern Archipelago, Part II, 1904, page 30; and China Sea Directory, vol. I, 1896, page 348.

AFRICA, NORTH-EAST—Gulf of Aden.

Visibility of Aden Cape (Ras Marshag) light.

No. 132 (second publication).—With reference to Notice to Mariners No. 397, dated 18th October 1905, issued by this Office, the Bombay Government has given further notice (No. 32 of 1906) that information has been received from the Officer in charge, Marine Survey of India, that Aden Cape (Ras Marshag) light is 244 feet above high water, and should therefore be visible in clear weather a distance of 22 miles.

This Notice affects the following Admiralty Charts:—Aden and Adjacent bays, No. 7, Gulf of Aden, Sheet II, western portion, No. 6 B, also sailing directions 'Red Sea and Gulf of Aden Pilot,' page 353, Admiralty List of Lights, Part VI, No. 129, page 21, and List of Light-houses and Light-vessels in British India, No. 129, page 10.

JAPAN—Naikai (Inland) sea.

Shimonoseki strait—Wrecks dispersed.

No. 133 (second publication).—With reference to Notice to Mariners No. 55, dated 10th February 1906, issued by this office, the British Admiralty has given further notice (No. 255 of 1906) that the wreck of the schooner which sank in Shimonoseki strait, at a distance of 4 cables S. 63° W. from Naru se beacon light, has been dispersed, and the spar marking the position withdrawn.

Approximate position, lat. 33° 54½′ N., long. 130° 54¾′ E.

Also, with reference to Notice to Mariners No. 932 of 1905, that the wreck of S.S. *Ryōyō Maru*, which sank off Shimonoseki, at a distance of 13½ cables S. 78° W. from Moji hill, has been dispersed.

Approximate position, lat. 33° 57¼′ N., long. 130° 56¼′ E.

(Variation 4° Westerly in 1906.)

This Notice affects the following Admiralty Charts:—Shimonoseki strait, Nos. 532, 1578: Also, Sailing Directions for Japan, &c., 1904, pages 505, 503.

JAPAN—Naikai—Bingo Nada.

Takami shima—Wreck to the south-westward. Sanagi shima—Non-existence of wreck.

No. 134 (second publication).—The British Admiralty has given notice (No. 256 of 1906) that the wreck of a vessel lies sunk in Bingo Nada, in a position from which the southern extremity of Takami shima bears S. 83° E, distant 12 cables, and the northern extremity of the same island N. 30° E.

Approximate position, lat. 34° 18½′ N., long. 133° 38¾′ E.

Note.—This wreck is believed to be identical with the wreck reported in Notice to Mariners No. 114 of 1906 to have sunk at a distance of 1 $\frac{4}{10}$ miles S. 33° W. from the summit of Sanagi shima. The wreck given in the above notice has therefore been erased from the charts.

(Variation 4° Westerly in 1906.)

This Notice affects the following Admiralty Charts:—Naikai, No. 2875; Bingo nada to Oguchi shima, No. 128, Also Sailing Directions for Japan, &c., 1904, page 450.

PACIFIC, SOUTH—Tuamoto Archipelago.

Fakarava atoll—Non existence of bank in approach.

No. 135 (second publication).—The British Admiralty has given notice (No. 263 of 1906) that the Commander of the ship *Zélée* reports that on 24th December 1905, his vessel passed over the position of the bank shown on the charts at a distance of about 15 miles westward from Fakarava atoll, and marked E.D., without seeing any indication of it. As the authority for the existence of this bank is obscure, and as its reported position was passed over several times in 1886 without any sign of its existence being detected, it is considered that it may safely be erased from the charts.

Approximate position, lat. 16° 7′ S., long. 146° 3′ W.

Soundings of 71, 76, and 110 fathoms were obtained between Fakarava and the supposed position of this bank.

This Notice affects the following Admiralty Charts:—Pacific No. 783; Tuamoto Archipelago, No. 767; also, Pacific Islands, Vol. III, 1900, page 134; and Supplement, 1903, page 9

PACIFIC OCEAN—HAWAII ISLAND

Ka lae and Keahole points—Lights intended.

No. 136 (second publication).—The British Admiralty has given notice (No. 266 of 1906) that, on 18th April 1906, *white fixed* lantern lights will be established on lead-coloured masts having small white houses at their bases erected on the undermentioned points on Hawaii island as follows :—

(*a*) *Ka lae point.*—A light, elevated 75 feet above high water and 34 feet above the ground will be exhibited on Ka lae point, the southernmost point of the island.

Approximate position on chart No. 1510, lat. 18° 55′ N., long. 155° 43′ W.

(*b*) *Keahole point.*—A light, elevated 49 feet above high water, and 36 feet above the ground, will be exhibited on Keahole point, the westernmost point of the island.

Approximate position on chart No. 1510, lat 19° 44¼′ N., long. 156° 5′ W.

This Notice affects the following Admiralty Charts :—Pacific, No. 782; Hawaii to 6° 15′ N., No. 3102; Sandwich islands, No. 1510. Also List of Lights, Part VII, 1906, pages 95, 97, Pacific Islands, Vol. III, 1900, pages 208, 205; and Supplement, 1903, page 13.

CEYLON—WEST COAST.

Colombo harbour—Onagalla ridge marked by a buoy.

No. 137 (second publication).—With reference to Notice to Mariners No. 130, dated 12th April 1906, issued by this office, the British Admiralty has given further notice that the rocky ridge, Onagalla, in the approach to Colombo harbour, has been marked by a red spherical buoy moored in a depth of 6¾ fathoms in a position situated at a distance of 2 miles N. 14° W. from the red light on the south-west arm of the breakwater.

Approximate position on Chart No. 813, lat. 6° 59′ N., long 79° 50¼′ E.

Further examination shows that the least depth on this ridge is 3½′ fathoms.

(*Variation 1° Westerly in 1906.*)

This Notice affects the following Admiralty Charts—Palk strait, No 686, Ceylon, No. 813. Also Bay of Bengal Pilot, 1901, page 72, and Supplement, 1903, page 1.

CHINA SEA—GULF OF SIAM, EASTERN SHORE.

Koh Lan—Shoal to the eastward

No. 138 (second publication).—The British Admiralty has given notice (No. 276 of 1906) of the existence of a shoal, with a depth of 2½ fathoms over it at low water, situated in a position from which the summit of East Lan bears N. 7° W., distant one mile, and the southern extremity of Koh Lan S. 64° W.

Approximate position, lat. 12° 54¾′ N., long 100° 47¼′ E.

(*Variation 2° Easterly in 1906.*)

This Notice affects the following Admiralty Charts.—Gulf of Siam, No. 2414; Koh Ta Kut to cape Liant, No 2720: Also China Sea Directory, Vol. II, 1899, page 363.

AFRICA—CAPE COLONY.

Table bay—Wreck no longer dangerous—Lights.

No. 139 (second publication).—The following Notice to Mariners (No. 278 of 1906) issued by the British Admiralty is republished The following information respecting the wreck and lights in Table bay is taken from the Navigating Officer's Remark Book, H.M.S. *Forte*, 1905 :—

With reference to Notice to Mariners No 663 of 1902 :—

(*a*) The wreck of the ship *Highfields*, which sank in a depth of about 10 fathoms, at a distance of 8 cables N. 40° E from the end of the north breakwater, is not regarded by the local pilots as dangerous to navigation, as it is supposed to have become embedded in the sand.

The green wreck buoy and the tug have, in consequence, been withdrawn.

Vessels are, however, recommended to avoid anchoring over the wreck.

Approximate position, lat. 33° 53′ S., long. 18° 25½′ E.

With reference to Notice to Mariners No. 365 of 1904:—

(*b*) A provisional *fixed green* light (oil lantern), visible over an arc of about 200°, is shown from the extremity of the breakwater in place of the light washed away.

(*c*) The three white fixed lights triangularly placed on the south pier have been discontinued.

(*Variation 22° Westerly in 1906.*)

This Notice affects the following Admiralty Charts:—Table bay, Nos. 1920 and 183; Also Africa Pilot, Part II, 1901, pages 329, 330; Supplement, 1905, page 19; and Africa Pilot, Part III, 1905, pages 67, 68.

INDIAN OCEAN—Comoro islands—Mayotta.

Bandéli passage—Depths in.

No. 140 (second publication).—The British Admiralty has given notice (No. 279 of 1906) that a recent survey shows that the depths in Bandéli passage, Mayotta island, are less than those shown on the chart. In the entrance three coral reefs exist, the northernmost of the three reefs is situated on the leading line, and has a depth of 3¾ fathoms.

The middle reef has a depth of 4 fathoms over it, and the southern reef depths of from 2 to 2¾ fathoms over it, but the latter is well clear of the leading line.

The general shape of the reefs which form the sides of this passage, however, does not differ very much from that shown on the chart.

Approximate position, lat. 12° 53′ S., long. 45° 17′ E.

A note that there is a depth of 3¾ fathoms in the passage has been placed on the charts, but a new edition of chart No. 2741 will be issued when the result of the new survey has been received.

The directions for using this passage given in Africa Pilot, Part III, 1905, page 561, still hold good for vessels of a suitable draught for entering.

This Notice affects the following Admiralty Chart:—Mayotta island, No. 2741: Also, Africa Pilot, Part III, 1905, page 561.

AUSTRALIA, WEST COAST—Fremantle approach.

Direction bank—Depth over.

No. 141 (second publication).—The British Admiralty has given notice (No. 282 of 1906) that no sounding under 16 fathoms was obtained on Direction bank, in the approach to Fremantle, during an examination recently made by the Government of Western Australia. The depths over this bank agreed fairly well with those shown on the charts.

Approximate position, lat 31° 33′ S., long. 115° 17′ E.

This Notice affects the following Admiralty Chart:—Champion bay to cape Naturaliste, No. 1033: Also, Australia Directory, Vol. III, 1895, page 352.

AUSTRALIA—Victoria—Hobson bay.

Gellibrand point—Light-vessel withdrawn—Lighthouse constructing.

No. 142 (second publication).—The British Admiralty has given notice (No. 283 of 1906), that on the 12th February Gellibrand light-vessel, exhibiting a red fixed light and formerly situated at a distance of 8 cables south from the green light on the breakwater extending from Gellibrand point, Hobson bay, would be withdrawn, and the construction of a pile lighthouse commenced in that position. On the same date the undermentioned aids to navigation would be temporarily placed to mark the works in progress:—

(*a*) A light-buoy exhibiting a *red fixed* light would be moved 400 feet eastward of the lighthouse constructing.

(*b*) A vessel from which rockets will be fired, during thick or foggy weather, would be moored 400 feet southward of the light-buoy.

(*c*) A *white fixed* light would be exhibited from the eastern end of the works whilst the lighthouse is under construction.

(*d*) A red flag will be displayed when pile driving is in progress.

Vessels passing the works must proceed at a moderate speed and at a distance of at least half a cable to the eastward of the light-buoy and vessel.

Approximate position, lat. 37° 52¾′ S, long. 144° 55′ E.

(*Variation 8° Easterly in 1906.*)

This Notice affects the following Admiralty Chart:—Port Philip, No. 1171b; Hobson bay, No. 634: Also, List of Lights, Part VI, 1906, No. 1320; Australia Directory, vol. I., 1897, page 459: and Supplement, 1900, page 17.

RED SEA, EASTERN SHORE—YENBO APPROACH.

Yenbo and Jidda—Shoals in approach.

No. 143 (second publication).—The British Admiralty has given notice (No. 284 of 1906) that information, dated 28th February 1906, has been received from H.B.M. Consul, Jidda, that the S S. *Coromondel* recently touched on a shoal in the approach to Yenbo, situated about 2 miles to the southward of Schermo beacon, in approximately lat. 24° 2½′ N., long 37° 50′ E.

Also, that Mr. T. A. Molony, Master of the S.S. *Mozaffari*, reports having passed close to a reef with an estimated depth of 3 fathoms over it in the southern approach to Jidda, situated in approximately lat. 20° 57½′ N., long. 39° 6¼′ E.

This Notice affects the following Admiralty Charts.—Red sea, Nos. 8b and 8c: Also Red Sea, &c., Pilot, 1900, pages 260, 283; and Supplement, 1904, page 24.

INDIA, EAST COAST—BAY OF BENGAL.

Caution—A submerged obstruction.

No. 144 (second publication).—The Master of the S S. *Lunka* reports having on the 12th April struck a submerged obstruction in lat. 18° 49′ 45″ N., long. 84° 36′ 15″ E. supposed to be a rock with 16 feet of water over it in 11 fathoms and 1¾ miles off the coast, and 2¼ miles south of Baruva (Barwa). Mariners are accordingly warned.

JAPAN, WEST COAST—SHIMONOSEKI STRAIT.

Lights marking wreck in western entrance.

No. 125 (third publication).—With reference to Notice to Mariners No. 78, dated 27th February 1906, issued by this office, the British Admiralty has given further notice (No. 239 of 1906) that, weather permitting, two *red fixed* lights will be exhibited from the mainmast of the wreck of the steamship which sank in the western entrance to Shimonoseki strait, in a position from which Wakura jima summit bears N. 59° W., distant 4 7/10 cables, and Mutsure jima light N. 11° E. The wind may extinguish these lights.

Approximate position, lat. 33° 57½ N., long. 130° 51½′ E.

(*Variation 4° Westerly in 1906.*)

This Notice affects the following Admiralty Charts:—Shimonoseki strait, Nos. 532, 1578: Also, Sailing Directions for Japan, etc., 1904, page 514.

PACIFIC OCEAN—THE PHILIPPINE ISLANDS—MINDANAO, SOUTH COAST.

Little Santa Cruz island—Light established.

No. 126 (third publication).—The British Admiralty has given notice (No 242 of 1906) that a *white fixed* light of the 6th order, elevated 64 feet above high water, and visible in clear weather from a distance of 12 miles, has been established on a white framework structure, erected on the summit of Little Santa Cruz island, opposite Samboanga; it is obscured between the bearings of N. 30° E., through north, and N. 60° W.

Approximate position, lat. 6° 53′ 0″ N., long. 122 2′ 15″ E.

NOTE.—The character of this light will probably be altered to *occulting* during the present year.

(*Variation 1° Easterly in 1906.*)

This Notice affects the following Admiralty Charts:—Sulu archipelago, Nos. 2576 and 928; Molucca passage to Manila, No. 943, Basilan strait, No. 961: Also List of Lights, part VI., 1906, page 99; and Eastern Archipelago, part I, 1902, page 99.

JAPAN—Honshu, North-west coast—Wakasa wan.

Takahama—Rock in approach.

No. 127 (third publication).—The British Admiralty has given notice (No. 243 of 1906) of the existence of a rock, with depths of from 2¾ to 3½ fathoms over it at low water, in the approach to Takahama, situated at a distance of about 1¾ cables S. 78° E. from Imato bana.

This danger which is named Tachi guri, is about 60 yards long in an easterly and westerly direction, and has depths of from 16 to 23 fathoms sandy bottom around it.

Approximate position, lat. 35° 33′ 10″ N., long. 135° 30′ 45″ E.

Note.—Imato bana is the point situated about three-quarters of a mile S. 77° E. from Oshimawashi zaki.

(Variation 5° Westerly in 1906.)

This Notice affects the following Admiralty Chart :—Aramube saki to Ando saki, No. 2174 : Also sailing Directions for Japan, etc., 1904, page 648.

EASTERN ARCHIPELAGO—Bouro island.

Lisatetu rock—Re-inserted on chart.

No. 128 (third publication).—With reference to Notice to Mariners No. 315, dated 7th December 1900, issued by this office, the British Admiralty has given further Notice (No. 246 of 1906) that the search for the Lisatetu rock, off the south-west coast of Bouro island, reported to be situated in lat. 3° 39′ S, long. 126° 7′ E., does not appear to be complete enough to make it certain that this danger does not exist; it has, therefore, been re-inserted on the charts in the above position and marked E. D. as before.

This Notice affects the following Chart :—Eastern Archipelago, No. 942a : Also Eastern Archipelago, part I, 1902, page 451.

EASTERN ARCHIPELAGO—Java, nort[illegible]tavia approach.

Bungin point—Wreck to the north-east[illegible]h d.

No. 129 (third publication).—With reference to Notice to Mariners No. 347, dated 13th October 1904, issued by this office, the British Admiralty has given further notice (No. 248 of 1906) that information has been received from Commander D. L. Dent, H.M.S. *Katoomba*, that, on 8th February 1906, his vessel passed the position of the wreck reported to the north-eastward of Bungin point, Java, in approximately lat. 5° 49′ 30″ S., long. 107° 11′ 30″ E, without seeing it.

In reply to inquiries made at Tanjong Priok, the pilots stated that the wreck was a water-logged derelict, which has since drifted away; it has therefore been expunged from the charts.

This notice affects the following Admiralty Charts :—Eastern archipelago, western portion, No 941a; Java, western portion, No. 1653 : Also, Eastern Archipelago, part II, 1904, page 94.

CEYLON, WEST COAST—Colombo harbour.

Shoal in approach.

No. 130 (third publication).—The British Admiralty has given notice (No. 251 of 1906 of the existence of a rocky ridge, named Onagalla, in the approach to Colombo harbour, with a least depth of 3¾ fathoms over its northern end, situated in a position $2\frac{9}{10}$ miles N. 13° W. from the red light on the south-west arm of the breakwater.

Approximate position on chart No. 813, lat. 7° 0′ N., long. 79° 50′ E.

This shoal, which extends about one mile in a S. 13° E. direction from the above head, is about 50 feet broad, and has four other heads with depths over them of from 4 to 4½ fathoms, with from 5 to 7 fathoms between them. To the eastward and westward of the ridge there are depths of from 7 to 8 fathoms, but the lead gives but slight warning of the approach to it.

Variation 1° Westerly in 1906.

This notice affects the following Admiralty Charts :—Palk strait, No. 68b; Ceylon, No. 813 : Also Bay of Bengal Pilot 1901, page 72; and Supplement, 1903, page 1.

CHINA NORTH—MANCHURIA—PECHILI STRAIT—KWANG TUNG PENINSULA.

Port Arthur—Mines removed in approach.

No. 131 (third publication).—With reference to Notice to Mariners No. 151, dated 8th May 1905, issued by this office the British Admiralty has given further notice (No. 254 of 1906) that the mines in the approach to Port Arthur have been cleared way within an area contained between lines drawn in a southerly direction from points situated (1) in approximately lat. 38° 48′ N., long. 121° 25½′ E., and (2) in lat. 38° 43′ N., long. 121° 12′ E.; the southern limit being a line running in an East and West direction on the parallel of 38° 38′ N. Vessels, however, must still exercise due caution, as solitary mines may still exist in this locality, though it is believed that the sweeping operations carried out have been effective.

The cautionary note respecting mines will, for the present, be retained on the charts until it is known that the whole of the coast in this locality is free from these dangers.

This Notice affects the following Admiralty Charts:—Gulfs of Pechili and Liau tong, No. 1256; Kwang tung peninsula, No. 1798: Also, China Sea Directory, vol. III., 1904, pages 592, 594.

RESOLUTION ON THE GENERAL ADMINISTRATION REPORT OF THE ORISSA DIVISION FOR THE QUINQUENNIAL PERIOD 1900-1901 TO 1904-1905.

REVENUE DEPARTMENT—MISCELLANEOUS.

Darjeeling, the 28th April 1906.

RESOLUTION—No. 261T.R.

READ—

The General Administration Report of the Orissa Division for the quinquennial period from 1900-01 to 1904-05.

THE Lieutenant-Governor has read with much interest the Administration Report of the Orissa Division for the past five years.

2. *Material condition of the people—Weather and Crops—Public Health.*—The population of the Division being mainly agricultural, its prosperity is very largely dependent upon the variability of the seasons and the consequent condition of the crops. The record of the five years under review is one of repeated alternations of flood and draught which, although fortunately never of a general character, seriously affected local areas. While in 1900-01 heavy floods in certain districts destroyed a large proportion of the crops, other portions of the Division in 1902-03 suffered to such an extent from scanty rainfall

that food supplies threatened to run short, and many persons were reported to be living on the margin of starvation. In spite, however, of these periods of temporary and local distress the material condition of the people, as a whole, has been well maintained. That it shows no very marked advance is largely due to the character of the people themselves. Almost entirely agricultural, they have shown little enterprise in the direction of trade and commerce, which, so far as they exist in the Division, are almost entirely in the hands of foreigners. It is to be regretted that the public health of the Division is reported to be less favourable than during the previous quinquennium, though it is pointed out that this apparently increased unhealthiness is probably, to some extent, due to better reporting. While the year 1901, however, was the most unhealthy during the past decade, the year 1904 was the healthiest on record during the same period. Fever, cholera and dysentery are responsible for the largest number of deaths. Small-pox has shown a marked decrease during the last two years of the quinquennium, while plague has fortunately not yet found a home in the Division, only a few imported cases having been recorded. The marked decrease in the annual death-rate in the town of Puri during recent years is evidence of the effect of sanitary works such as the Puri-Baradanda Drainage Scheme, and the generally improved sanitary conditions brought about by constant and assiduous attention to conservancy on the part of the local authorities.

3. *Manufactures and mines.*—There are no manufactures of great importance in the Division, although a large number of articles are manufactured locally to supply local wants, such as gold and silver ornaments, tassar and cotton cloth, and brass and bell-metal utensils and ornaments. The filigree work of Cuttack, although not largely exported, has a considerable reputation both within and without the province, and a local exhibitor secured a first prize with a silver medal at the Delhi Durbar Exhibition. Tassar and cotton cloths, once largely manufactured by hand-looms throughout the Division, are now failing to compete with imported machine-made goods, and the industry is consequently on the decline, many of the weavers deserting it for more profitable employment. There are no mines in the Division but laterite and sand-stone are quarried for building and road metalling purposes.

4. *Trade and Commerce.*—The sea-borne trade of the Division during the five years under review shows, on the whole, a steady recovery from the check which it received from the opening of the railway. The total value of the export trade from Cuttack shows a considerable increase, which is chiefly due to the larger quantities of rice and paddy despatched to foreign ports where there was a steady demand for food-grains. In Balasore, there was a large decrease in the import trade which the railway is gradually appropriating. In Puri, the export trade has been subject to variations owing to the fluctuations in the demand for rice in Colombo and Mauritius, the surplus produce being carried off by rail when there is no demand in those places.

5. *Crime—Criminal Justice—Police.*—The Lieutenant-Governor is glad to observe that crime in the Division has shown a steady decrease during the five years under review. At the commencement of the quinquennium it had reached the highest point which it has ever attained, having almost doubled during the years 1895—1900. This extraordinary rise was attributable partly to the numerous disputes arising out of the last settlement proceedings which disturbed the relations between landlords and tenants, and partly to the construction of the Cuttack-Calcutta extension of the Bengal-Nagpur Railway which brought a large number of foreigners into the province. The steady and continuous decrease of crime during the last five years would, however, tend to show that the province is once more returning to its normal condition, though criminal statistics for 1905 still show a considerable increase over those of ten years ago. But it is satisfactory to note that serious crime is rare throughout Orissa. The Uriyas are, in general, a peaceful and law-abiding people, and professional criminals are almost unknown in the Division. There has been a slight increase in the number of cases declared false during the quinquennium, and the result of prosecutions in them shows considerable improvement. All cases appear to have been disposed of promptly in Cuttack and Balasore, but in Puri there has again been much delay. The necessity for greater promptness was urged in last

year's Resolution and the attention of local officers must again be drawn to the subject. There has been a satisfactory decrease in the number of officers and men of the police force punished during the quinquennium, and the Lieutenant-Governor observes with pleasure that the general conduct and working of the force show considerable improvement throughout the Province. The village Chaukidari Act since its introduction into the Division at the close of the previous quinquennial period, has worked smoothly. The conduct of the chaukidars was generally good.

6. *Registration—Land Revenue—Attached and Wards Estates.*—The remarkable increase of 72 per cent. in the divisional average number of registrations during the quinquennium is attributed to the last settlement which has made every raiyat fully aware of the position and legal status of his holding. Although the validity of every transfer of land still depends upon the consent of the zamindar, the facilities for transfer afforded by the settlement have led to a very large increase in their number, with a corresponding increase in the receipts and a considerable surplus over expenditure. The total number of estates in the Division was 6,862 at the close of the quinquennium as compared with 6,585 at its commencement. The percentage of current collections on current demand has risen considerably during the period under review, standing at 99·2 in 1904-05. Taking into consideration the large enhancement of revenue at the last settlement, this high percentage of collections is extremely satisfactory and would seem to suggest the view that the settlement record has, in fact, facilitated the collection of rent. It is also satisfactory to note that the percentage of the gross collections on the gross demand of revenue due from estates under direct management, was higher in the last year of the quinquennium than in any previous year of the last decade.

The Kanika and Madhupur estates in the district of Cuttack, and the Rorang Estate in the Puri district, were under the management of the Court of Wards at the commencement of the quinquennium, but were all released on the minor proprietors attaining their majority during 1902-1903. Kanika, which is the premier zamindari of the Cuttack district, was under the management of the Court for nearly forty years, and during that time it has very largely increased in value and importance. Apparently hopelessly involved at the outset, it is now completely freed from debt, while over a lakh of rupees annually has been added to its rent-roll, and nearly a lakh-and-a-half has been handed over as cash balance on release together with Government Promissory notes of the full value of two lakhs and seventy thousand. The result is one which does credit to the management of the Court. Subsequently, the Dompara Estate in the Cuttack district, and the Parikud estate in Puri, came under the Court's management in 1904. There were no Attached Estates under the Court of Wards during the period under review.

7. *Railways—Public Works—Communications.*—The previous quinquennium was the period of rapid railway extension, and during the last five years the only addition has been a light railway connecting Baripada, the chief town of the Tributary State of Moharbhanj, with the Rupsa station of the Bengal-Nagpur Railway, constructed entirely by the Maharaja of Moharbhanj, though at present worked by the Bengal Nagpur Railway. It specially provides for the conveyance of pilgrims to Puri during the great religious festivals, thus preventing to a very large extent the outbreak and spread of epidemic diseases. In spite of the introduction of the railway, the canals of Orissa are still of great importance to the Division. As a means of navigation they have lost the position they once held and receipts have fallen by nearly 50 per cent. The important goods traffic between Cuttack and Calcutta which formerly passed by way of the canals to Chandbali, and thence to its destination by sea, has now been appropriated by the railway. But as a means of irrigation the canals still play a large part and by ensuring the country against famine and preventing a repetition of the terrible distress experienced in former times of scarcity, they are still of very real service to Orissa. With regard to roads much progress has not been made in Cuttack and Balasore which only have 34 and 37 miles of metalled roads respectively. In Puri, however, which is well supplied naturally with laterite, the mileage was increased by 56 per cent.

The construction and improvement of feeder roads received due attention, the Provincial Government contributing 90,000 rupees to this object.

7. *Education.*—The Lieutenant-Governor is gratified to note that remarkable progress has been made in education among girls during recent years. This has been particularly marked in Balasore. At the close of the last quinquennium the number of girls under instruction in that district was given as 2,005. In 1904-05 the number had risen to 7,462, or by almost 350 per cent. This large increase among the number of girls synchronises with a considerable decrease in the number of boys under instruction, which fell from 33,230 in 1899-1900 to 28,670 in 1904-05 partly owing to the somewhat injudicious diversion of expenditure from boys' to girls' schools. With larger funds it will now be possible not to stint expenditure on schools for either boys or girls. There were four training schools and ten industrial schools in the Division. The Lieutenant-Governor learns with pleasure that there has been a very noticeable increase in the number of pupils during the past quinquennium.

8. *Local Self-Government.*—There was no change in the number of District and Local Boards during the period under review. The Lieutenant-Governor notes with satisfaction that distinct progress has been made in Municipal efficiency. The Cuttack Municipality, which met with much adverse criticism during the previous quinquennium, has now established its solvency, and though it still falls short of the average standard of efficiency, hopeful advance has been made, and the Municipal Commissioners show signs of awakening more fully to a sense of their responsibility.

9. *Relations between landlords and tenants.*—The Lieutenant-Governor is pleased to observe that the relations between landlords and tenants have been, on the whole, satisfactory during the period under review. In certain localities, however, some friction has arisen and instances have been brought to light in which zamindars have endeavoured to realize rent at the old rates instead of at the reduced ones introduced by the new settlement. But these are isoluted cases, and systematic oppression of tenants by their zamindars is rare in Orissa. It is satisfactory to note that several of the zamindars of the Division have deserved special mention for their benefactions and humane conduct towards their tenants.

10. *Political.*—The distribution of the rainfall was very uneven in the district of Angul and the Khondmals, and the crops were considerably affected. The principal crops are paddy, millets, pulses, oilseeds, cotton, tobacco, sugarcane and turmeric. Owing to the variations in the rainfall, the quinquennial average of the rice crop did not exceed 75 per cent. of an average crop. The general health of the district was fairly good throughout the period under review. The number of vaccinations has very largely increased since the introduction of licensed vaccinators. The population consists almost entirely of cultivators and labourers. Such industries as exist are chiefly for local consumption and in most cases fail adequately to supply the local demand. The Agricultural and Industrial Exhibition recently opened at Angul has already produced a perceptible improvement in certain local industries such as pottery, bell-metal, and iron works. The local weavers have felt keenly the effects of competition with cheap imported cloth, and their industry needs every encouragement and support that can be given to it. The chief need of the district is the introduction of the railway without which its full development cannot be attained. At present the nearest railway stations are at Cuttack and Sambalpur, 64 and 106 miles distant from the head-quarters of Angul.

11. *Miscellaneous.*—There are eleven Co-operative Credit Societies in the Division, which have been started with the object of relieving the indebtedness of the raiyat. It is satisfactory to note that the people appear fully to understand the working of them and to appreciate the benefits they offer. An experimental farm has been started in Cuttack.

By order of the Lieutenant-Governor of Bengal,

R. W. CARLYLE,
Chief Secy. to the Govt. of Bengal.

WEATHER AND CROP REPORT.

For the week ending the 30th April 1906.

Burdwan.—No rainfall. Weather hot and sultry. Ploughing and manuring continues. Rain badly wanted. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	10	0	per rupee.
Katwa	10	10	
Kalna	9	3	
Raniganj	11	8	

Birbhum.—Rainfall nil. Weather hot. Sugarcane cuttings germinating. Ploughing and manuring going on. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	11	0	per rupee.
Rampur Hât	10	4	

Bankura.—No rain. Weather hot. Planting of sugarcane going on. No cattle-disease. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	12	0	per rupee.
Vishnupur	12	4	

Midnapore.—Rainfall nil. Weather hot and dry. Condition of standing crops good. *Boro* paddy being cut. Rain wanted for sowing *aus* paddy. Fodder and water sufficient. Cattle-disease in Midnapore thana and one outpost. Rice sells as follows :—

	Srs.	ch.	
Sadar	11	0	per rupee.
Contai	12	0	
Tamluk	10	0	
Ghatal	10	8	

Hooghly.—No rain. Weather hot. Lands being prepared for *aus*, *aman* and jute. Fodder and water sufficient. No cattle-disease. Common rice sells as follows :—

	Srs.	ch.	
Sadar	8	0	per rupee.
Serampore	9	0	
Arambagh	10	0	

Howrah.—Weather continues hot and dry. Sugarcane crop doing well. Ploughing for jute and rice is in progress. Some jute sown, but until we have some rain nothing will germinate. Reaping of *boro* has begun. Water in small tanks drying up; but no scarcity yet felt. No cattle-disease. Fodder sufficient. Rice sells at 9½ seers per rupee both at Sadar and Ulubaria.

24-Parganas.—Rainfall nil. Weather hot. Lands are being prepared for the ensuing crops. State of standing crops fair. Prospects good. Cattle in good condition. Fodder and water sufficient. Common rice sells at 10 seers a rupee.

Nadia.—Rainfall nil. Weather hot. Lands are being prepared for *bhadoi* paddy and jute, but sowing being delayed for want of rain. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	9	8	per rupee.
Ranaghat	9	8	
Kushtia	9	0	
Chuadanga	9	0	
Meherpur	8	12	

Murshidabad.—No rain. Weather hot. Planting of sugarcane is going on. Rain wanted to sow *bhadoi* paddy. No cattle-disease. Fodder and water sufficient. Common rice sells as follows :—

	Srs. ch.	
Sadar	9 8	per rupee.
Kandi	10 8	
Jangipur	10 0	
Lalbagh	9 6	

Jessore.—Rainfall at Magura 0·02 and at other stations nil. Character of weather is very sultry. Prospect of standing crops is not very favourable. Cultivation of summer rice and jute is retarded for want of rain. Fodder and water sufficient. Condition of cattle is generally good. Common rice sells as follows :—

	Srs. ch.	
Sadar	9 0	per rupee
Jhenida	8 12	
Magura	8 4	
Narail	8 0	
Bangaon	8 14	

Khulna.—Rainfall nil. Weather seasonable. The ploughing for jute going on. Sowing of jute at Bagerhat is 100 per cent. and at Sadar 10 per cent. Cultivation of autumn rice continues; sowing at Sadar 15 per cent. Condition of summer rice is fair. Outturn of tobacco at 95 per cent. Cattle-disease reported from Dacope police-station. Fodder and water sufficient. Common rice sells as follows :—

	Srs. ch.	
Sadar	7 8	per rupee
Bagerhat	9 0	
Satkhira	8 0	

Patna.—Rainfall nil. Weather hot. Threshing and winnowing of *rabi* crops and gathering of *mahua* flowers continue. Sugarcane and *cheena* promising so far. Fodder and water for cattle sufficient. Average price of common rice is as follows :—

	Srs. ch.	
Sadar	11 12	per rupee.
Barh	10 12	
Bihar	11 0	
Dinapore	11 8	

Gaya.—Rainfall nil. Weather hot with west wind. Sugarcane doing well. Fodder and water for cattle sufficient. Average price of common rice is 11¼ seers per rupee.

Shahabad.—Rainfall nil. Sugarcane doing well. Cattle-disease reported from Kharghar thana. Fodder and water sufficient. Rice sells at 11¼ seers a rupee.

Saran.—Rainfall nil. Weather seasonable. Threshing of the *rabi* crops and sowing of *cheena* going on. Standing crops doing well. Fields are being prepared for *bhadoi* crops. No cattle-disease. Fodder and water sufficient. Common rice and maize sell at 10 and 13 seers a rupee, respectively, at Sadar.

Champaran.—No rain. Weather hot. Sowing of *cheena* and *bhadoi* paddy going on. Harvesting of *rabi* nearly completed. No cattle-disease. Fodder and water sufficient. Common rice sells at 10½ and maize at 11½ seers a rupee.

Muzaffarpur.—Rainfall nil. Prospects of crops good. Harvesting of *rabi* almost completed, and threshing commenced. No cattle-disease reported. Fodder and water sufficient. Common rice and maize sell at 10 and 12 seers a rupee, respectively, at Sadar.

Darbhanga.—Rainfall nil. Weather seasonable. Prospect of standing crops good. Harvesting of *rabi* crops still going on. Fodder and water sufficient. No cattle-disease reported. Common rice sells as follows :—

	Srs. ch.	
Sadar	9 5	per rupee.
Samastipur	11 0	
Madhubani	9 12	

Monghyr.—No rain. Weather seasonable. Threshing of *rabi* crops continues in Begusarai. Planting and watering of sugarcane going on. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs. ch.	
Sadar	10 3	per rupee.
Begusarai	10 0	
Jamui	11 0	

Bhagalpur.—Rainfall nil. Weather hot. Harvesting of *rabi* nearly completed. Rain needed in North Bhagalpur for agricultural operations. Cattle-disease reported from only one village. Fodder and water sufficient. Common rice sells as follows:—

	Srs. ch	
Sadar	10 12	per rupee.
Banka	10 10	
Madhipura	11 8	
Supaul	11 0	

Purnea.—Rainfall nil. Days very hot with strong westerly wind. Harvesting of tobacco going on. Sowing of *aus* and jute commenced. Rain badly wanted. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs. ch.	
Sadar	8 8	per rupee.
Kishanganj	8 4	
Araria	9 8	

Darjeeling.—No rain. Weather seasonable. Hills—Wheat, and barley being harvested. Terai—jute seedlings doing well. Ploughing going on for other crops. Coarse rice sells as follows:—

	Srs. ch.	
Hills	7 0	per rupee.
Terai	9 0	

Maize sells at 8½ and 9 seers a rupee at Darjeeling and Kalimpong, respectively.

Sonthal Parganas.—Rainfall nil. Weather seasonable. *Boro* paddy and sugarcane doing well. Outturn of *mahua* not favourable. Fodder and water sufficient. Common rice sells at 10 seers a rupee at Sadar.

Cuttack.—No rain. *Dalua* and *mung* being harvested. Cotton flowering. Fodder and water sufficient. No cattle-disease. Common rice sells at 12 seers and 7 chitaks a rupee.

Balasore.—Rainfall at Sadar nil. Ploughing of fields and planting of sugarcane continue. Sporadic cases of cattle-disease reported from Bhadrak and Sadar Circles. Fodder and water available. Common rice sells as follows:—

	Srs. ch.	
Sadar	11 8	per rupee.
Bhadrak	14 0	

Angul.—No rain. Weather hot. Fodder and water available. Common rice sells as follows:—

	Srs. ch.	
Sadar	12 0	per rupee.
Khandmals	12 0	

Puri.—Rainfall nil. Weather seasonable. *Dalua* ripening and being reaped in places. *Mung* being harvested. Sugarcane plants growing well. Cotton flowering. Lands being ploughed for the ensuing *saradh* paddy. Miscellaneous crops doing well. Fodder and water-supply sufficient. Common rice sells at 11 seers and 13 chitaks per rupee.

Sambalpur.—No rain. Weather cloudy and warm. Cattle-disease is subsiding. Fodder and water-supply sufficient. Common rice sells as follows:—

	Srs. ch.	
Sadar	14 0	per rupee.
Bargarh	16 14	

Hazaribagh.—Rainfall nil. Weather seasonable. Prospect of sugarcane favourable. Fodder and water sufficient. Cattle-disease reported from one thana. Common rice sells at 9½ seers a rupee at Giridih. Prices at Sadar are as follow:—

	Srs.	ch.	
Common rice	10	8	per rupee.
Marua	18	0	
Indian-corn	14	0	

Ranchi.—Rainfall at Sadar nil. Weather seasonable. Ploughing and manuring in progress. State of mango and *mahua* unfavourable. Cattle-disease reported from seven thanas. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	10	0	per rupee.
Khunti	12	0	
Gumla	14	0	

Palamau.—No rain. Weather hot. Sugarcane doing well. Cattle-disease reported from places. Fodder and water sufficient. Common rice sells at 11 seers a rupee at Sadar.

Manbhum.—Rainfall nil. Weather very hot. Prospects of crops good. Fodder and water sufficient. Cattle-disease not reported. Common rice sells as follows:—

	Srs.	ch.	
Sadar	12	0	per rupee.
Gobindpur	11	0	

Singhbhum.—Rainfall nil. Lands are being prepared for cultivation. Planting of sugarcane in progress. Fodder and water sufficient. Rice sells at 12 seers a rupee.

General Summary.—The week was practically rainless; a very light shower is reported from Jessore only. Sowing of jute and other *bhadoi* crops has commenced in places, but its progress is being retarded for want of rain. Sugarcane plants are doing well. Prospects are on the whole fair. Cattle-disease is reported from nine districts. Fodder and water are sufficient. The price of common rice has risen in eleven and has fallen in two districts. It continues high in most of the districts of the Burdwan, Presidency and Bhagalpur Divisions, specially in Khulna, Hooghly and Purnea, where common rice is reported to sell at between 7½ and 8½ seers a rupee.

C. E. A. W. OLDHAM,

Director of Agriculture, Bengal.

The total fall from 1st January to 28th April 1906	11·85
The average fall of the corresponding period for 24 years, Surveyor-General's Office	4·63

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

C. W. PEAKE,
for Meteorological Reporter to the Govt. of India and Director-General of Indian Observatories.

METEOROLOGICAL OFFICE, GOVT. OF INDIA;

R. W. CARLYLE,
Chief Secy. to the Govt. of Bengal.

REVENUE DEPARTMENT.

NOTIFICATIONS.

No. 1976For.—The 7th May 1906.—Mr. R. Kirkpatrick, Assistant Conservator of Forests, attached to the Singhbhum Division, is transferred as an Attached Officer to the Darjeeling and Kurseong Divisions.

Singhbhum.
Darjeeling.

No. 205T.R.—The 30th April 1906.—The following amendment of Rule 5 of the rules published with the Notification of the Government of Bengal, No. 1899L.R., dated the 2nd May 1899, which the Board of Revenue, with the previous sanction of the Lieutenant-Governor, have made under the provisions of section 121 of the Estates Partition Act, 1897 (Bengal Act V of 1897), is published for general information :—

"*For* the words 'estimate made by him under section 37 (1).....Commissioner,' in the second sentence of Rule 5, Part II, page 49 of the Butwara Manual, 1902, *substitute* the words 'estate is declared to be under partition.'"

No. 302T.R.—The 2nd May 1906.—Under section 3 of the Bengal Survey Act, V (B.C.) of 1875, the Lieutenant-Governor is pleased to order that a survey shall be made of all lands comprised within the external boundaries of the estates named below, lying in pargana Nayabasan, thana Gopiballabpore, district Midnapore, and that the boundaries of estates, tenures, mauzas and fields be demarcated on the lands so to be surveyed :—

Midnapore.

Name of estate.				Tauzi No.
Boitalpara	...	...	...	... 1978
Damgram	...	...	...	... 1979

No. 303T.R.—The 2nd April 1906.—In exercise of the powers conferred upon him by section 101 (2) (*a*) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor of Bengal is pleased to order that a survey shall be made and a record-of-rights prepared in respect of all lands comprised in the estates named below lying in pargana Nayabasan, thana Gopiballabpore, district Midnapore.

Midnapore.

The particulars to be recorded in the survey and record-of-rights shall be the following :—

(*a*) the name of each tenant or occupant;

(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat or under-raiyat, and, if he is a tenure-holder, whether he is a permanent tenure-holder or not and whether his rent is liable to enhancement during the continuance of his tenure;

(*c*) the situation and quantity and one or more of the boundaries of the land held by each tenant or occupier;

(*d*) the name of each tenant's landlord;

(*e*) the money-rent payable at the time the record-of-rights is being prepared, or if a produce-rent, the fact that a produce-rent is paid and the customary terms according to which it is paid;

(*f*) the mode in which that rent has been fixed—whether by contract, by order of a Court or otherwise;

(*g*) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;

(*h*) the special conditions and incidents, if any, of the tenancy;

(*i*) if the land is claimed to be held rent-free, whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and if so entitled, under what authority;

(*j*) the name of each proprietor, with the character and extent of his interest, and the situation, quantity and one or more of the boundaries of each proprietor's private lands as defined in Chapter XI of the Act;

No. 334T.R.—The 4th May 1906.—It is hereby notified for general information that His Honour the Lieutenant-Governor of Bengal is pleased to transfer the following villages from thana Balagarh of the Sadar subdivision of the district of Hooghly to thana Kalna of the Kalna subdivision of the district of Burdwan with effect from 1st July 1906:—

Hooghly.
Burdwan.

Name of village.	Pargana.	Thakbust No.
Satapatee	Mandolghat	8
Bundebajee	Patmahal	9
Barasat	Mondolghat	10

In continuation of the above notification and in modification of the previous notification, the following shall be the revised zilla and thana boundaries of the districts of Hooghly and Burdwan:—

ZILLA HOOGHLY.

Northern Boundaries.

The same as defined by notification, dated 28th May 1880, published at page 439 Part I of the *Calcutta Gazette* of the 2nd June 1880, except that Dhamalee Beel is substituted for Satapatee, Bundebajee and Barasat transferred to the district of Burdwan.

The western, southern and eastern boundaries of the district of Hooghly remain the same as defined by Notification, dated the 28th May 1880, published at page 439, Part I of the *Calcutta Gazette* of 2nd June 1880, and Notification No 4701J., of the 30th November 1894, published at page 1211, Part I of the *Calcutta Gazette* of 5th December 1894.

Thana Boundaries.

Thana Balagarh.—On the north the boundary of the zilla between the villages of Kristobati and Dhamalee Beel, on the west, south and east the same as defined by notification, dated 28th May 1880.

The boundaries of other thanas are the same as defined by notification, dated 28th May 1880.

ZILLA BURDWAN.

Eastern Boundary.

The same as defined by notification, dated 17th May 1881, published at page 519, Part I of the *Calcutta Gazette* of 18th May 1881, except that Satapatee, Bundebajee and Barasat are substituted for Hanspookhooreah and Kuliaduho, which are no longer on the boundary of the district.

The northern, southern and western boundaries of the district remain the same as defined by notification, dated 17th May 1881, published at page 519, Part I of the *Calcutta Gazette* of 18th May 1881.

Thana Boundaries.

Thana Kalna.—On the east the boundary of the district as far south as the village of Kanibamooni as now revised.

The northern, southern and western boundaries remain the same as defined by notification of 1st September 1884, published at page 964, Part I of the *Calcutta Gazette* of the 17th September 1884.

The boundaries of other thanas remain the same as defined by the notification of 1st September 1884 and notification No. 1414T.R., dated the 21st June 1905.

No. 364T.R.—The 7th May 1906.—Mr. R. E. Jack, Subdivisional Officer of Serampore, is authorised, under section 3 (17) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, to discharge the functions of a Revenue Officer in respect of Lat Kamal Chak, comprised with tauzi No. 1 of the Burdwan Collectorate, in the Serampore subdivision of the district of Hooghly, under the provisions of that Act, so far as they relate to Revenue Officers.

Hooghly.

He is also vested with the powers of a Settlement Officer under Rule 1, Chapter VI of the Government Rules under the Bengal Tenancy Act.

MIS. PUB. IMPROVEMENTS.

The 23rd April 1906.

No. 3M.P.I.—In exercise of the powers conferred by section 1, sub-section (2), of the Bengal Public Parks Act, II (B.C.) of 1904, the Lieutenant-Governor of Bengal is pleased to direct that, with effect from the date of this notification, the provisions of the said Act shall apply to the Dalhousie Square Park, Calcutta.

The 23rd April 1906.

No. 4M.P.I.—The following preliminary draft of rules which it is proposed to make under section 4 of the Bengal Public Parks Act, II (B.C.) of 1904, is hereby published for general information.

2. Any objection or suggestion which any person may desire to make with respect to the draft should be submitted to the Secretary to the Government of Bengal in the Public Works Department on or before the 10th June 1906:—

Draft Rules under Section IV, Act II (B.C.) of 1904, for the management and preservation of the Dalhousie Square Park, Calcutta, and for regulating the use thereof by the public.

1. No person shall bring a carriage, motor-car or motor-cycle within the park.

2. No person shall ride on horse-back or on a bicycle or tricycle in the park. Children may ride on tricycles on the path.

3. No person shall bring a dog into the park.

4. The following acts are strictly prohibited:—

The plucking, gathering or digging up of anything growing in the park; the felling of trees; the breaking of branches or plants; the cutting of names or marks on trees or on the benches; the disfiguring of balustrades, ghats, fountains, furniture, monuments or statues; the removing or disfiguring of labels or marks attached to trees or plants; picnicing, shooting, bird's-nesting, or catching butterflies; the grazing of horses, ponies or cattle; boating in, bathing in or polluting the water of, the tank; and standing or sitting on the balustrade surrounding the tank.

5. Fishing in the tank is prohibited except by rod and under a pass to be granted by the Commissioner of Police. No *machans* or platforms shall be erected for the purpose of fishing.

6. No person shall commit any nuisance in the park, or molest or annoy any person or persons resorting to it.

The Local Government, under section 4 (3) of Act II (B.C.) of 1904, directs that a breach of any of the above rules shall be punishable with a fine not exceeding Rs. 20.

A. S. THOMSON,
Offg. Secy. to the Govt. of Bengal.

The 23rd April 1906.

NOTICE.

THE final Commercial class examination was held at the Presidency College on the 5th April 1906 and subsequent days. Five candidates appeared at the examination: no candidate came up to the standard required for a certificate.

A. EARLE,
Director of Public Instruction, Bengal.

The 30th April 1906.

[*Published under the authority of Government of Bengal conveyed in their order No. 54T.—G., dated the 18th April 1906.*]

NOTICE.

OFFICE OF DIRECTOR OF PUBLIC INSTRUCTION, UNITED PROVINCES.

Dated Allahabad, the 26th January 1906.

THE Local Government having, approved of an application made by the Hon'ble Munshi Madho Lall' of Chowkhamba, Benares, that a sum of Rs. 45,000 be vested under the designation of the "Sadho Lal Scholarship Endowment Trust, Benares," in the Treasurer of Charitable Endowments for the territories subject to the said Local Government to be applied in trust upon the terms that the interest accruing thereon be expended in the payment of scholarships for the higher study of Sanskrit at the Government Sanskrit College, Benares, on certain conditions, the following is published for general information :—

(1) that, save as hereinafter provided, three or a lesser number of scholarships, each of which shall be tenable for four years, be awarded every alternate year by a committee consisting of the Principal of the Government Sanskrit College, Benares, as Chairman, and one of the Professors of the Sanskrit College to be jointly nominated by the Hon'ble Munshi Madho Lal (or the head of his family) and the Principal of the Government Sanskrit College, and the head of the family of the founder (the Hon'ble Munshi Madho Lal), as members or by a majority thereof ;

(2) that the scholarships shall ordinarily be of the value of Rs. 20 per mensem each, tenable from such a date as the aforesaid committee or a majority thereof may decide, but that the committee or a majority thereof shall have power to raise or reduce the amount of the scholarships, or any of them, provided that no scholarship shall be less than Rs. 10 per mensem, nor more than Rs. 50 per mensem ;

(3) that one scholarship annually shall be given to a Vernagar Nagar Brahmin, or a Gujrati Punch Dravid Brahmin, provided that the applicant is a graduate of an Indian University or an Acharya or Teeratha or having equivalent qualifications who shall satisfy the committee that he has reached a sufficient degree of proficiency in Sanskrit and English to carry the study of Sanskrit higher, and that he intends to do so ; and to become acquainted with the methods of linguistic research followed by European scholars, and with the achievements and progress of European scholarship ;

(4) that the other scholarships, and if no qualified Vernagar Nagar Brahmin or Gujrati Punch Dravid Brahmin candidate be forthcoming, the aforesaid scholarship shall be given to Brahmin graduates of any Indian University or Brahmin Acharyas or Teerathas or persons having equivalent qualification who shall satisfy the committee that they have reached a sufficient degree of proficiency in Sanskrit and English to carry their studies of Sanskrit higher, and that they intend to do so, and to become acquainted with the methods of linguistic research followed by European scholars and with the achievements and progress of European scholarship ;

(5) that the holders of the scholarships shall in all matters obey the orders of the committee, or of a majority thereof, who shall have power to withdraw scholarships at any time ;

(6) that if the full number of scholarships be not awarded, or if from any other cause savings accrue, such savings shall be devoted to encouraging the study of Sanskrit in any manner which the committee may unanimously approve, or shall be added to the endowment ;

(7) that the holders of the scholarships shall be called "Sadho Lal Scholars," and that on the completion of the term of their scholarships to the satisfaction of the committee their names shall be forwarded to the Registrar of the Allahabad University.

2. Applications for these scholarships should be made in writing to the Principal, Government Sanskrit College, Benares.

T. C. LEWIS, M.A.,
Director of Public Instruction,
United Provinces.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 2nd and 3rd July 1906, at 10-30 A M., both days:—

SUBJECTS.	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.)	100	50
Arithmetic (the whole)	240	160
Mensuration (*a*) the whole	60	30
Book-keeping (*b*) mercantile	100	50
Total ...	600	...

Minimum required in all papers collectively, 400.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) "Book-keeping," by Ball and Hamilton.
"Book-keeping," by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed t an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or birth) not required if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's hand-writing.

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of application of candidates.

3. Examination papers that are issued for examination need not be returned.

4 Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of Rupees ten.

SIBPUR,
The 5th May 1906.

B. HEATON,
Principal, Civil Engineering College.

BIHAR SCHOOL OF ENGINEERING.

PROSPECTUS FOR ADMISSION.

THIS school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihari applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

(1) A sound study of elementary mathematics.
(2) Careful training in survey work.
(3) Drawing both free-hand and engineering.
(4) Elements of road-making and the construction of simple buildings.
(5) Workshop practice, with hand tools and machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next session will commence on 2nd July 1906.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable for one year, are awarded each year on the results of the annual examinations, *eight* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the school, 75 per cent. of them are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

(1) The entrance examination of an Indian University in English and mathematics.

(2) Standard VII of the Code of European schools.

(3) Sudents who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and mathematics (of about the same standard as the Entrance examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 4th and 5th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars :—

(*a*) Name, address, and occupation of father or guardian.

(*b*) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family have taken up their residence in Bihar.)

(*c*) A certificate of good moral character from last head-master.

(*d*) An attested certificate of age (showing that he is under 20 years of age).

(*e*) A medical certificate showing him to be fit for employment in the public service.

(*f*) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin-student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for Amin class, who have not passed the middle English or middle vernacular examination will be examined at the school on the 4th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 3rd July 1906, unless application for admission is made before 30th June 1906.

10. All candidates for admission to the school should present themselves personally at the school on the 2nd July.

11. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians whose homes are near enough to enable them to attend the school at the required times. The Principal of the College will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

BANKIPORE,
The 29th August 1905.

H. R. JAMES,
Offg. Principal, Patna College.

NOTIFICATIONS OF THE BOARD OF REVENUE.

No. 2732B.

NOTICE is hereby given that the Sixth Sale of Opium, the provision of 1903-04, will be held at the Government Opium Sale-room, No. 2 Bankshall Street, on Tuesday, the 5th June 1906, at 11 A.M., and will comprise 4,400 chests, viz.—

		Chests.
Opium manufactured at the Patna Factory consisting of	...	2,200
Ditto at the Ghazipur Factory consisting of	...	2,200
Total	...	4,400

2nd.—The general conditions of the sale now advertised will be the same as usual. They may be ascertained by reference to the Notification issued on the 28th November 1905, and published in the *Government* and *Exchange Gazettes*, or on personal application at the office of the Board of Revenue.

3rd.—The latest dates for deposit and clearance will be the 11th and 20th June 1906, respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes or other Public Securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the sale-room will be received after 3-30 P.M. of Monday, the 11th June 1906, and no Bank of Bengal Receipts in full payment of lots will be accepted after 3-30 P.M. of Wednesday, the 20th June 1906.

4th.—In addition to the quantity above advertised for sale, the following quantities, more or less, of the Opium manufactured at the Patna and Ghazipur Factories will be brought to sale between the sale now advertised and December next on or about the dates

specified below. The Board of Revenue, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so:—

DATE				Manufactured at the Patna Factory; about chests.	Manufactured at the Ghazipur Factory; about chests.	Total; about chests.

PART II.

Advertisements.

[N. B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette cannot be received after Noon on Monday.]

LAND SALE NOTICES.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Jamwadoba Loop, Siding No. 2, Bengal-Nagpur Railway, in the district of Manbhum, will be put up to sale at 11 o'clock on Monday, the 18th June 1906, corresponding with the 4th Ashar 1313 B.S. at Jheriah Rajbati.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

GANGA CHARAN CHATTERJEE, Collector, under Act I of 1894, Burdwan and Manbhum.

Land Acquisition Office, Burdwan and Manbhum, the 17th April 1906.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates and groups of plots of lands situate in the district of Khulna will be put up to sale at the Khulna Collectorate on the 27th June 1906, corresponding with 13th Assar 1313 (B.S.).

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force ; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Birbhum Collectorate, the 27th April 1906. H. FOSTER, Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Burdwan, will be put up to sale at the Burdwan Collectorate on the 24th May 1906, corresponding with 10th Jaist 1313 (B S.).

Conditions of Sale.

1st.—The estate to be sold to the highest bidders above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of those estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, with effect from 1st April 1906, as revenue free, or subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount to be paid at once.

4th.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale will be cancelled (the sum deposited being forfeited to Government), and the estate will be again put up for sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

PRICES.

THE terms of subscription, and the terms on which current issues and back numbers are sold, are as follows:—

	Without postage.	With Indian postage.	With Foreign postage.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, MAY 9, 1906.

NOTICES TO MARINERS.

THE following Notices are published for general information.

W. A. INGLIS,
Secretary, Marine Department.

CALCUTTA, *the 7th May 1906.*

EASTERN ARCHIPELAGO—MALACCA STRAIT—SUMATRA.

Brouwers (Brewed) strait, northern entrances—Buoyage of.

No. 151 (first publication).—The British Admiralty has given notice (No. 308 of 1906) that the undermentioned buoys have been established in the northern entrance to Brouwers strait in the following approximate positions on chart No. 795 :—

a. A white conical buoy surmounted by a ball situated in lat. 1° 52½′ 0″ N., long. 101° 49¾′ E.
b. A black can buoy situated in lat. 1° 46 N., long. 101° 53¼′ E.
c. A black can buoy surmounted by a conical topmark situated in lat. 1° 37¾′ N., long. 101° 55¼′ E.

This Notice affects the following Admiralty Charts :—Malacca strait, No. 1355; cape Rachado to Singapore, No. 795 : Also, China Sea Directory, vol. I, 1896, page 109.

INDIAN OCEAN.

Mauritious island—Shoal soundings to the north-eastward.

No. 152 (first publication).—The British Admiralty has given notice (No. 312 of 1906) that information, dated 25th February 1906, has been received from Mr. S. de B. Lockyer, Commanding the P. & O. Steam Navigation Company's S.S. *Soudan*, that he obtained on the previous day soundings of 34, 36, and 37 fathoms, coral and rock, about 100 miles to the north-eastward of Mauritious island ; the sounding of 36 fathoms being situated in approximately lat. 18° 30½′ S., long. 58° 42½′ E.

This Notice affects the following Admiralty Charts :—Indian ocean, No. 748a ; Chagos archipelago to Madagascar, No. 2899 ; Also, Islands in the Southern Indian Ocean, 1904, pages 299, 335.

AFRICA, EAST—Cape Colony, south-east coast.

Cape Morgan—Rock south-westward of—.

No. 153 (first publication).—The British Admiralty has given notice (No. 314 of 1906) of the existence of a sunken rock situated at a distance of about 3 miles S. 56° W. from cape Morgan, Kie river approach. No sounding was obtained on this rock, but a depth of 5 fathoms was found at a distance of 10 yards from it. The danger has, therefore, been placed on the chart in the above position, and marked P. D.

Approximate position, lat. 32° 45′ S., long. 28° 20¾′ E.

(*Variation 27° Westerly in 1906.*)

This Notice affects the following Admiralty Charts:—Hondeklip bay to port Natal, No. 2095; Waterloo bay to Bashee river, No. 2086: Also, Africa Pilot, part III, 1905, page 158.

AFRICA, EAST—Cape Colony, south coast.

Cape St. Francis light—Alteration in period of system.

No. 154 (first publication).—The British Admiralty has given notice (No. 315 of 1906) that about the middle of May the period of system of the light (*white flashing*), exhibited from cape St. Francis, will be altered from twenty seconds to *five seconds*, that is, it will give one *flash* every *five* seconds, and its power increased to 120,000 candles; in other respects it will remain as before.

During alterations a provisional light of the same character as the present light will be exhibited, its light power being 5,000 candles.

Approximate position, lat. 34° 12½′ S., long. 24° 50¼′ E.

This Notice affects the following Admiralty Charts:—Hondeklip bay to port Natal, No. 2095; Mossel bay to cape St. Francis, No. 2084; cape St. Francis to Waterloo bay, No. 2085: Also, List of Lights, part VI, 1906, No. 14; and Africa Pilot, part III, 1905, page 120.

EAST AFRICA—Cape Colony.

An uncharted shoal.

No. 145 (second publication).—The Master of the S. S. *Congella* reports the existence of an uncharted shoal, about 1¼ mile off the shore, with 15 feet on it, in latitude 31° 0′ 15″ S., longitude 30° 18′ 0″ E.

JAPAN—Kiusiu, east coast.

Saiki bay—Depth on bank.

No. 146 (second publication).—The British Admiralty has given notice (No. 292 of 1906) that a recent examination shows that the least depth on the head of the shoal bank in Saiki bay, situated at a distance of 3½ miles S. 5° E. from Kamodo (Kamado) saki is 5½ fathoms, and not 10 fathoms as shown on the charts.

Approximate position, lat. 33° 0¼′ N., long. 132° 1¾′ E.

(*Variation 4° Westerly in 1906.*)

This notice affects the following Admiralty Charts:—Van Diemen strait to Oshima, No. 1648; Bungo channel, No. 651: Also Sailing Directions for Japan, &c., 1904, page 308.

PACIFIC OCEAN—Philippine islands—Luzon, west coast.

Santa Cruz harbour—Shoal.

No. 147 (second publication).—The British Admiralty has given notice (No. 293 of 1904) of the existence of a shoal, with a depth of 17 feet over it, in Santa Cruz harbour, in a position from which Santa Cruz bell tower bears N. 86° E., distant 1¼ miles, and the western extremity of Santa Cruz Point S. 32° W.

Approximate position, lat. 15° 45½′ N., long. 119° 52½′ E.

This shoal, which is situated about 175 yards to the northward of the track of vessels, is a small coral head 50 yards in extent and steep-to.

(*Variation 1° Easterly in 1906.*)

This notice affects the following Admiralty Charts:—Santa Cruz harbour, No. 3515: Also Eastern Archipelago, Part I, 1902, page 53; and China Sea Directory, vol. II, 1899, page 319.

PACIFIC OCEAN—PHILIPPINE ISLANDS—LUZON, WEST COAST.

Kurrimao, Salomague, Pandan and Kandon—Lights established.

No. 148 (second publication).—The British Admiralty has given notice (No. 294 of 1906) that the undermentioned lights have been established on the west coast of Luzon in the following positions:—

(*a*) PORT KURRIMAO.—A *red fixed* light, elevated 27 feet above high water, and visible in clear weather from a distance of 7 miles from the bearing N. 23° E., through east, to S. 50° E., is exhibited from an old fort half a mile to the southward of the village.

Approximate position, lat. 18° 0¾′ N., long. 120° 30′ E.

(*b*) SALOMAGUE HARBOUR.—A *red fixed* light of the 6th order, elevated 39 feet above high water, and visible in clear weather from a distance of 9 miles from the bearing of N. 57° E., through east, to S. 67° E., is exhibited from a white frame tower, 34 feet high, erected on the eastern side of the harbour, at a distance of one mile S. 55° E. from the tower on the northern side of the harbour.

Approximate position on chart No. 3283, lat. 17° 46¾′ N., long. 120° 25¾′ E.

(*c*) PANDAN.—A *red fixed* lantern light, elevated 50 feet above high water, and visible in clear weather from a distance of 7 miles from the bearing of N. 36° W., through north and east, to S. 61° E., is exhibited from a white frame tower, 34 feet high, erected in the village of Pandan.

Approximate position, lat. 17° 32′ N., long. 120° 23′ E.

(*d*) KANDON.—A *red fixed* lantern light, elevated 49 feet above high water, and visible from a distance of 7 miles from the bearing of N. 11° W., through north and east, to S. 58° E., is exhibited from a white frame tower, 34 feet high, erected at Kandon.

Approximate position, lat. 17° 12′ N., long. 120° 26′ E.

(*Variation 1° Easterly in 1906.*)

This notice affects the following Admiralty Charts:—China sea, No. 2661b; Luzon, No. 2454; Port Salomague on chart No. 3283; Also List of Lights, Part VI, 1906, page 111; Eastern Archipelago, Part I, 1902, pages 43, 44, 45, 46; and China Sea Directory, vol. II, 1899, pages 326, 324, 325.

PACIFIC OCEAN—HAWAIIAN ISLANDS—MOLOKAI.

Lae o Kuihu (Kahiu) Point—Light established.

No. 149 (second publication).—The British Admiralty has given notice (No. 299 of 1906) that, on 1st March 1906, a *red fixed* lantern light, elevated 50 feet above high water, and visible in clear weather from a distance of 9 miles, would be established on a white mast about 34 feet high, having at its base a small white house with red roof, erected on the Lae o Kuihu or Kahiu, Molokai island.

Approximate position, lat. 21° 12¾′ N., long. 156° 58½′ W.

This notice affects the following Admiralty Chart:—Sandwich islands, No. 1510: Also List of Lights, Part VII, 1906, page 97; Pacific Islands, vol. III, 1900, page 219.

EASTERN ARCHIPELAGO—Straits of Sunda—Java.

Java head light—Replaced by temporary light.

No. 150 (second publication).—The British Admiralty has given notice (No. 304 of 1906) that the white flashing light on First Point, Java head, has temporarily been replaced by a provisional *white flashing* light *every thirty seconds*, the duration of each flash being *four seconds*, visible in clear weather from a distance of 18 miles; it is an acetylene light of the 3rd order, and shown from an iron framework support, 65 feet high, painted white, erected at a distance of 69 feet to the westward of the light-house.

The permanent light building will be partially or entirely taken down for reconstruction.

Approximate position, lat. 6° 45′ S., long. 105° 12¾′ E.

Further notice will be given when received.

This notice temporarily affects the following Admiralty Chart :—Sunda strait, No. 2056; Also List of Ligts, Part VI, 1906, No. 468; and Eastern Archipelago, Part II, 1904, page 30; and China Sea Directory, vol. I, 1896, page 348.

AFRICA, NORTH-EAST—Gulf of Aden.

Visibility of Aden Cape (Ras Marshag) light.

No. 132 (third publication).—With reference to Notice to Mariners No. 397, dated 18th October 1905, issued by this Office, the Bombay Government has given further notice (No. 32 of 1906) that information has been received from the Officer in charge, Marine Survey of India, that Aden Cape (Ras Marshag) light is 244 feet above high water, and should therefore be visible in clear weather a distance of 22 miles.

This Notice affects the following Admiralty Charts :—Aden and Adjacent bays, No. 7; Gulf of Aden, Sheet II, western portion, No. 6 B; also sailing directions 'Red Sea and Gulf of Aden Pilot,' page 353; Admiralty List of Lights, Part VI, No. 129, page 21; and List of Light-houses and Light-vessels in British India, No. 129, page 10.

JAPAN—Naikai (Inland) sea.

Shimonoseki strait—Wrecks dispersed.

No. 133 (third publication).—With reference to Notice to Mariners No. 55, dated 10th February 1906, issued by this office, the British Admiralty has given further notice (No. 255 of 1906) that the wreck of the schooner which sank in Shimonoseki strait, at a distance of 4 cables S. 63° W. from Naru se beacon light, has been dispersed, and the spar marking the position withdrawn.

Approximate position, lat. 33° 54½′ N., long. 130° 54¾′ E.

Also, with reference to Notice to Mariners No. 932 of 1905, that the wreck of S.S. *Ryōyō Maru*, which sank off Shimonoseki, at a distance of 13½ cables S. 78° W. from Moji hill, has been dispersed.

Approximate position, lat. 33° 57½′ N., long. 130° 56½′ E.

(Variation 4° Westerly in 1906.)

This Notice affects the following Admiralty Charts :—Shimonoseki strait, Nos. 532, 1578: Also, Sailing Directions for Japan, &c., 1904, pages 505, 503.

JAPAN—Naikai—Bingo Nada.

Takami shima—Wreck to the south-westward. Sanagi shima—Non-existence of wreck.

No. 134 (third publication).—The British Admiralty has given notice (No. 256 of 1906) that the wreck of a vessel lies sunk in Bingo Nada, in a position from which the southern extremity of Takami shima bears S. 83° E., distant 12 cables, and the northern extremity of the same island N. 30° E.

Approximate position, lat. 34° 18½′ N., long. 133° 38¾′ E.

Note.—This wreck is believed to be identical with the wreck reported in Notice to Mariners No. 114 of 1906 to have sunk at a distance of 1⅛ miles S. 33° W. from the summit of Sanagi shima. The wreck given in the above notice has therefore been erased from the charts.

(Variation 4° Westerly in 1906.)

This Notice affects the following Admiralty Charts :—Naikai, No. 2875; Bingo nada to Ozuchi shima, No. 128; Also Sailing Directions for Japan, &c., 1904, page 450.

PACIFIC, SOUTH—Tuamoto Archipelago.

Fakarava atoll—Non-existence of bank in approach.

No. 135 (third publication).—The British Admiralty has given notice (No. 263 of 1906) that the Commander of the ship *Zélée* reports that on 24th December 1905, his vessel passed over the position of the bank shown on the charts at a distance of about 15 miles westward from Fakarava atoll, and marked E.D., without seeing any indication of it. As the authority for the existence of this bank is obscure, and as its reported position was passed over several times in 1886 without any sign of its existence being detected, it is considered that it may safely be erased from the charts.

Approximate position, lat. 16° 7′ S., long. 146° 3′ W.

Soundings of 71, 76, and 110 fathoms were obtained between Fakarava and the supposed position of this bank.

This Notice affects the following Admiralty Charts :—Pacific No. 783; Tuamoto Archipelago, No. 767; also, Pacific Islands, Vol. III, 1900, page 134; and Supplement, 1903, page 9.

PACIFIC OCEAN—Hawaii island.

Ka lae and Keahole points—Lights intended.

No. 136 (third publication).—The British Admiralty has given notice (No. 266 of 1906) that, on 18th April 1906, *white fixed* lantern lights will be established on lead-coloured masts having small white houses at their bases erected on the undermentioned points on Hawaii island as follows :—

(*a*) *Ka lae point.*—A light, elevated 75 feet above high water and 34 feet above the ground will be exhibited on Ka lae point, the southernmost point of the island.

Approximate position on chart No. 1510, lat. 18° 55′ N., long. 155° 43′ W.

(*b*) *Keahole point.*—A light, elevated 49 feet above high water, and 36 feet above the ground, wlil be exhibited on Keahole point, the westernmost point of the island.

Approximate position on chart No. 1510, lat 19° 44¼′ N., long. 156° 5′ W.

This Notice affects the following Admiralty Charts :—Pacific, No. 782; Hawaii to 6° 15′ N., No. 3102; Sandwich islands, No. 1510 : Also List of Lights, Part VII., 1906, pages 95, 97; Pacific Islands, Vol. III, 1900, pages 208, 205 ; and Supplement, 1903, page 13.

CEYLON—West coast.

Colombo harbour—Onagalla ridge marked by a buoy.

No. 137 (third publication).—With reference to Notice to Mariners No. 130, dated 12th April 1906, issued by this office, the British Admiralty has given further notice that the rocky ridge, Onagalla, in the approach to Colombo harbour, has been marked by a red spherical buoy moored in a depth of 6¾ fathoms in a position situated at a distance of 2 miles N. 14° W. from the red light on the south-west arm of the breakwater.

Approximate position on Chart No. 813, lat. 6° 59′ N., long. 79° 50¼′ E.

Further examination shows that the least depth on this ridge is 3½′ fathoms.

(*Variation 1° Westerly in 1906.*)

This Notice affects the following Admiralty Charts :—Palk strait, No. 68b; Ceylon, No. 813 : Also Bay of Bengal Pilot, 1901, page 72 ; and Supplement, 1903, page 1.

CHINA SEA—Gulf of Siam, eastern shore.

Koh Lan—Shoal to the eastward.

No. 138 (third publication).—The British Admiralty has given notice (No. 276 of 1906) of the existence of a shoal, with a depth of 2½ fathoms over it at low water, situated in a position from which the summit of East Lan bears N. 7° W., distant one mile, and the southern extremity of Koh Lan S. 64° W.

Approximate position, lat. 12° 54¾′ N., long. 100° 47¼′ E.

(*Variation 2° Easterly in 1906.*)

This Notice affects the following Admiralty Charts :—Gulf of Siam, No. 2414; Koh Ta Kut to cape Liant, No. 2720 : Also China Sea Directory, Vol. II, 1899, page 363.

AFRICA—Cape Colony.

Table bay—Wreck no longer dangerous—Lights.

No. 139 (third publication).—The following Notice to Mariners (No. 278 of 1906) issued by the British Admiralty is republished. The following information respecting the wreck and lights in Table bay is taken from the Navigating Officer's Remark Book, H.M.S. *Forte*, 1905:—

With reference to Notice to Mariners No. 663 of 1902:—

(*a*) The wreck of the ship *Highfields*, which sank in a depth of about 10 fathoms, at a distance of 8 cables N. 40° E. from the end of the north breakwater, is not regarded by the local pilots as dangerous to navigation, as it is supposed to have become embedded in the sand.

The green wreck buoy and the tug have, in consequence, been withdrawn.

Vessels are, however, recommended to avoid anchoring over the wreck.

Approximate position, lat. 33° 53′ S., long. 18° 25½′ E.

With reference to Notice to Mariners No. 365 of 1904:—

(*b*) A provisional *fixed green* light (oil lantern), visible over an arc of about 200°, is shown from the extremity of the breakwater in place of the light washed away.

(*c*) The three white fixed lights triangularly placed on the south pier have been discontinued.

(*Variation 22° Westerly in 1906.*)

This Notice affects the following Admiralty Charts:—Table bay, Nos. 1920 and 123; Also Africa Pilot, Part II, 1901, pages 329, 330; Supplement, 1905, page 19; and Africa Pilot, Part III, 1905, pages 67, 68.

INDIAN OCEAN—Comoro islands—Mayotta.

Bandéli passage—Depths in.

No. 140 (third publication).—The British Admiralty has given notice (No. 279 of 1906) that a recent survey shows that the depths in Bandéli passage, Mayotta island, are less than those shown on the chart. In the entrance three coral reefs exist, the northernmost of the three reefs is situated on the leading line, and has a depth of 3¾ fathoms.

The middle reef has a depth of 4 fathoms over it, and the southern reef depths of from 2 to 2¾ fathoms over it, but the latter is well clear of the leading line.

The general shape of the reefs which form the sides of this passage, however, does not differ very much from that shown on the chart.

Approximate position, lat. 12° 53′ S., long. 45° 17′ E.

A note that there is a depth of 3¾ fathoms in the passage has been placed on the charts, but a new edition of chart No. 2741 will be issued when the result of the new survey has been received.

The directions for using this passage given in Africa Pilot, Part III, 1905, page 561, still hold good for vessels of a suitable draught for entering.

This Notice affects the following Admiralty Chart:—Mayotta island, No. 2741: Also, Africa Pilot, Part III, 1905, page 561.

AUSTRALIA, WEST COAST—Fremantle approach.

Direction bank—Depth over.

No. 141 (third publication).—The British Admiralty has given notice (No. 282 of 1906) that no sounding under 16 fathoms was obtained on Direction bank, in the approach to Fremantle, during an examination recently made by the Government of Western Australia. The depths over this bank agreed fairly well with those shown on the charts.

Approximate position, lat. 31° 33′ S., long. 115° 17′ E.

This Notice affects the following Admiralty Chart:—Champion bay to cape Naturaliste, No. 1033: Also, Australia Directory, Vol. III, 1895, page 352.

AUSTRALIA—Victoria—Hobson bay.

Gellibrand point—Light-vessel withdrawn—Lighthouse constructing.

No. 142 (third publication).—The British Admiralty has given notice (No. 283 of 1906), that on the 12th February Gellibrand light-vessel, exhibiting a red fixed light and formerly situated at a distance of 8 cables south from the green light on the breakwater extending

from Gellibrand point, Hobson bay, would be withdrawn, and the construction of a pile lighthouse commenced in that position. On the same date the undermentioned aids to navigation would be temporarily placed to mark the works in progress :—

(*a*) A light-buoy exhibiting a *red fixed* light would be moved 400 feet eastward of the lighthouse constructing.

(*b*) A vessel from which rockets will be fired, during thick or foggy weather, would be moored 400 feet southward of the light-buoy.

(*c*) A *white fixed* light would be exhibited from the eastern end of the works whilst the lighthouse is under construction.

(*d*) A red flag will be displayed when pile driving is in progress.

Vessels passing the works must proceed at a moderate speed and at a distance of at least half a cable to the eastward of the light-buoy and vessel.

Approximate position, lat. 37° 52¾′ S., long. 144° 55′ E.

(*Variation 8° Easterly in 1906.*)

This Notice affects the following Admiralty Chart :—Port Philip, No. 1171b ; Hobson bay, No. 624 : Also, List of Lights, Part VI, 1906, No. 1320; Australia Directory, vol. I, 1897, page 459 : and Supplement, 1900, page 17.

RED SEA, EASTERN SHORE—YENBO APPROACH.

Yenbo and Jidda—Shoals in approach.

No. 143 (third publication).—The British Admiralty has given notice (No. 284 of 1906) that information, dated 28th February 1906, has been received from H.B.M. Consul, Jidda, that the S.S. *Coromondel* recently touched on a shoal in the approach to Yenbo, situated about 2 miles to the southward of Schermo beacon, in approximately lat. 24° 2½′ N., long 37° 50′ E.

Also, that Mr. T. A. Molony, Master of the S.S. *Mozaffari*, reports having passed close to a reef with an estimated depth of 3 fathoms over it in the southern approach to Jidda, situated in approximately lat. 20° 57½′ N., long. 39° 6¼′ E.

This Notice affects the following Admiralty Charts :—Red sea, Nos. 8b and 8c : Also Red Sea, &c., Pilot, 1900, pages 260, 283 ; and Supplement, 1904, page 24.

INDIA, EAST COAST—BAY OF BENGAL.

Caution—A submerged obstruction.

No. 144(third publication).—The Master of the S. S. *Lunka* reports having on the 12th April struck a submerged obstruction in lat. 18° 49′ 45″ N., long. 84° 36′ 15″ E. supposed to be a rock with 16 feet of water over it in 11 fathoms and 1¾ miles off the coast, and 2¼ miles south of Baruva (Barwa). Mariners are accordingly warned.

LIBERALITY OF MUSAMMATS JHUNA KUER AND SATYABADI KUER, WIDOWS OF KHEDAN SAHU.

No. 353T.—M., dated Darjeeling, the 5th May 1906.

From—H. J. McINTOSH, Esq., Offg. Secy. to the Govt. of Bengal, Municipal Dept.,

To—The Commissioner of the Patna Division.

I AM directed to acknowledge the receipt of your letter No. G $\frac{17}{15}$ 06, dated the 12th April 1906, and enclosure, in which you report that Musammats Jhuna Kuer and Satyabadi Kuer, widows of Khedan Sahu, of village Siswan, in the Siwan subdivision of the district of Saran, have made a donation to the District Board of Saran of Rs. 11,000 (eleven thousand) for the construction of an iron bridge over the Daha river at Ramgarh.

2. In reply, I am to request that you will be so good as to convey to the donors an expression of the Lieutenant-Governor's appreciation of their liberality and public spirit.

WEATHER AND CROP REPORT.

For the week ending the 7th May 1906.

Burdwan.—Rainfall nil. Vegetables withering. Intense heat continues. Plantation of sugarcane almost over. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	10	6	per rupee.
Katwa	10	10	
Raniganj	11	0	
Kalna	9	11	

Birbhum.—Rainfall nil. Weather hot. Sugarcane cuttings germinating. Ploughing and manuring going on. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	11	0	per rupee.
Rampur Hât	10	4	

Bankura.—No rain. Weather hot. Planting of sugarcane continues. Rain urgently needed for standing crops. No cattle-disease. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	12	0	per rupee.
Vishnupur	11	4	

Midnapore.—Rainfall nil. Weather abnormally hot. Condition of standing crops good. *Boro* paddy and wheat being harvested. Cattle-disease is reported from thanas Midnapore, Keshpur and Sabang. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	11	0	per rupee.
Contai	11	8	
Tamluk	10	0	
Ghatal	9	0	

Hooghly.—Rainfall nil. Weather hot. Lands being ploughed for *aus*, *aman* and jute. No cattle-disease Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	8	0	per rupee.
Serampore	9	0	
Arambagh	11	0	

Howrah.—No rain. Weather seasonable. Harvesting of *boro* rice commenced. Sowing of autumn and winter rice being delayed for want of rain. Sugarcane doing well. Fodder and water sufficient. Common rice sells at 8½ seers a rupee.

24-Parganas.—Rainfall nil. Weather hot. Lands are being prepared for next crops. Rain wanted for sowing. Sowing of *aman* has commenced in Basirhat subdivision only. Condition of cattle good. Fodder and water sufficient. Common rice sells at 10 seers a rupee.

Nadia.—Rainfall at Sadar and subdivisions nil. Weather seasonable. Lands being prepared for *bhadoi* paddy and jute. Rain urgently wanted. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	9	8	per rupee.
Ranaghat	9	8	
Kushtia	9	0	
Meherpur	8	12	
Chuadanga	8	12	

Murshidabad.—No rain. Weather very hot. Planting of sugarcane is going on. Rain urgently wanted for sowing paddy. No cattle-disease. Fodder and water sufficient. Common rice sells as follows :—

	Srs. ch.	
Kandi	11 0	per rupee.
Jangipur	9 8	
Lalbagh	9 7	

Sadar figures not received.

Jessore.—Rainfall nil. Character of weather very sultry. Prospect of standing crops is not very hopeful. Cultivation of summer rice and jute is being retarded for want of rain. Fodder and water sufficient. Condition of cattle generally good. Common rice sells as follows :—

	Srs. ch.	
Sadar	8 9	per rupee.
Jhenida	8 12	
Magura	8 4	
Narail	8 0	
Bangaon	8 0	

Khulna.—Rainfall nil. Weather seasonable, but unusually hot. Ploughing for jute going on. Sowing of jute at Bagerhat is 100 per cent. and at Sadar 20 per cent. Cultivation of autumn rice continues; sowing at Sadar is 20 per cent. Condition of summer rice is fair. Cattle-disease reported from Dacope police-station. Fodder and water sufficient. Common rice sells as follows :—

	Srs. ch.	
Sadar	7 8 to 8 0	per rupee.
Bagerhat	9 0	
Satkhira	8 0	

Patna.—Rainfall nil. Weather hot. Threshing and winnowing of *rabi* continue. Sugarcane and *cheena* doing well. No cattle disease. Fodder and water for cattle sufficient. Average price of common rice is as follows :—

	Srs. ch.	
Sadar	11 12	per rupee.
Barh	8 8	
Bihar	11 0	
Dinapore	11 0	

Gaya.—No rain. Weather hot with west wind. Condition of sugarcane good. Fodder and water for cattle sufficient. Common rice sells at 11¼ seers a rupee.

Shahabad.—No rain. Fodder and water sufficient. Cattle-disease reported from Kharghar thana. Common rice sells at 11 seers a rupee.

Saran.—No rain. Weather hot with west wind. Threshing of *rabi* nearly completed. *Rabi* harvest estimated at 85 per cent. *Cheena* and sugarcane doing well. No cattle-disease. Fodder and water sufficient. Prospects of cotton good. Common rice and maize sell at 9½ and 13 seers a rupee, respectively, at Sadar.

Champaran.—No rain. Weather hot. Sowing of *autumn* rice satisfactory. Threshing of *rabi* approaching completion. Outturn fair. Prices high, but stationary. No cattle-disease. Fodder and water sufficient. Common rice sells at 10½ and maize at 11½ seers a rupee.

Muzaffarpur.—Rainfall nil. Harvesting of *rabi* crops finished. Threshing approaching completion. Fodder and water sufficient. No cattle-disease. Common rice and maize sell at 9 and 12 seers a rupee, respectively.

Darbhanga.—Rainfall nil. Weather seasonable. Prospect of standing crops good. Harvesting of *rabi* crops still going on. Fodder and water sufficient. No cattle-disease reported. Common rice sells as follows :—

	Srs. ch.	
Sadar	9 5	per rupee.
Samastipur	11 0	
Madhubani	9 11	

Monghyr.—Threshing of *rabi* crops nearly finished in Begusarai subdivision. Planting and watering of sugarcane going on. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs. ch.	
Sadar	10 3	per rupee.
Begusarai	9 8	
Jamui	11 0	

Bhagalpur.—Rainfall nil. Weather seasonable. Harvesting of *rabi* finished. Sowing of paddy *marua* continues. Rain urgently wanted in Supaul for these crops. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs. ch.	
Sadar	10 2	per rupee.
Banka	11 4	
Madhipura	11 8	
Supaul	11 0	

Purnea.—Rainfall nil. Days hot with strong wind. Sowing of *bhadoi* paddy and jute continues. Rain badly wanted all over the district. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs. ch.	
Sadar	8 8	per rupee.
Araria	9 0	

Darjeeling.—Rainfall 1·62. Weather seasonable. Hills—Barley and wheat are being harvested. Potatoes and maize in fair state. Terai—Crops suffering for want of rain, which is badly needed. Coarse rice sells as follows:—

	Srs. ch.	
Hills	7 0	per rupee.
Terai	8 0	

Maize sells at 8½ and 10 seers a rupee at Darjeeling and Kalimpong, respectively.

Sonthal Parganas.—Report not received.

Cuttack.—No rain. Sugarcane being planted. Cotton flowering. Fodder and water sufficient. No cattle-disease. Common rice sells at 11 seers and 13 chitaks a rupee.

Balasore.—Rainfall nil. Weather hot. Rain badly wanted throughout the district. Ploughing and manuring of fields and planting of sugarcane continue. Cattle-disease reported from Bhadrak and Kamarda Circles. Fodder and water available. Common rice sells as follows:—

	Srs. ch.	
Sadar	11 0	per rupee.
Bhadrak	14 0	

Angul.—No rain. Weather hot. Water getting scarce in the Khondmals. Rain wanted. Sugarcane doing well. Common rice sells at 12 seers a rupee.

Puri.—Rainfall at Sadar and Khurda nil. Weather seasonable. *Dalua* ripening and is being reaped at places. Harvesting of *mung* is nearly over. Cotton flowering. Land being ploughed for ensuing paddy crops. Miscellaneous crops doing well. Sugarcane growing well. Fodder and water-supply sufficient. Common rice sells at 11 seers and 13 chitaks per rupee.

Sambalpur.—No rain. Weather warm. Sugarcane is being manured. Fields are being ploughed for the ensuing crops. Cattle-disease is prevalent in a few villages. Water-supply sufficient. Common rice sells as follows:—

	Srs. ch.	
Sadar	14 0	per rupee.
Bargarh	16 14	

Hazaribagh.—Rainfall nil. Weather seasonable. Prospect of sugarcane favourable. Fodder and water sufficient. No cattle-disease reported. Common rice sells at Sadar as follows:—

	Srs.	ch.	
Common rice	10	8	per rupee.
Marua	18	0	
Indian-corn	14	8	

Ranchi.—Rainfall nil. Weather seasonable. Lands are being prepared for the ensuing crops. Summer rice doing well. Cattle-disease reported from one thana. Fodder and water sufficient. Common rice sells at 10 seers a rupee.

Palamau.—No rain. Weather hot. Sugarcane being irrigated; it is doing well. Yield of *mahua* not above ten annas. A few cases of cattle-disease reported. Fodder and water sufficient. Prices generally rising. Common rice sells at 10½ seers a rupee at Sadar.

Manbhum.—Rainfall nil. Weather very hot. Prospects of crops fair. Outturn of wheat estimated at 75 per cent. Fodder and water sufficient. Cattle-disease prevails in three districts. Common rice sells as follows :—

	Srs.	ch.	
Sadar	12	0	per rupee.
Gobindpur	11	0	

Singhbhum.—Rainfall nil. Lands are being prepared for cultivation. Fodder and water sufficient. Common rice sells at 12 seers a rupee.

General Summary.—There was no rain in the Province except at Darjeeling, where the fall was moderate. Rain is urgently needed for the standing crops as well as for the sowing of jute, paddy and other *kharif* crops, which is being retarded. Prospects on the whole continue fair. Cattle-disease is reported from eight districts. There is no want of fodder. Water-supply is generally sufficient. The price of common rice has risen in eight and has fallen in two districts. It continues high in most of the districts of the Province, especially in Hooghly, Howrah, Nadia, Jessore, Khulna, Saran, Muzaffarpur, Darbhanga, Purnea and Darjeeling.

The average temperature of the corresponding period for 24 years, Surveyor-General's Office	85·5
The extreme variation of temperature	27·1
The maximum temperature	105·8
	Miles.
The highest velocity of the wind in one hour	13
	%
The mean relative humidity	66
The average relative humidity of the corresponding period for 24 years, Surveyor-General's Office	72
	Inches.
The total fall of rain from 29th April to 5th May 1906	Nil
The average fall of the corresponding period for 24 years, Surveyor-General's Office	0·70
The total fall from 1st January to 5th May 1906	11·85
The average fall of the corresponding period for 24 years, Surveyor-General's Office	5·33

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

METEOROLOGICAL OFFICE, GOVT. OF INDIA;
Alipore (Calcutta), the 7th May 1906.

C. W. PEAKE,
for *Meteorological Reporter to the Govt. of India and Director-General of Indian Observatories.*

No. 454T.R.—The 12th May 1906.—Mr. L. E. B. Cobden-Ramsay, I.C.S., on special duty in connection with the Feudatory States in Orissa, is appointed to act as Registrar of Co-operative Credit Societies for Bengal, under section 5 of the Co-operative Credit Societies Act, 1904 (Act X of 1904), in addition to his own duties, during the absence, on leave, of Mr. W. R. Gourlay, I.C.S., or until further orders.

Orissa.

R. W. CARLYLE,
Chief Secy. to the Govt. of Bengal.

DECLARATION.

No. 457T.R.—The 12th May 1906.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the expense of the East Indian Railway Company for a public purpose, viz., for the construction of the Ondal-Sainthia-Chord Railway (slope of bank) in the village of Kajra, pargana Shergurh, zilla Burdwan, it is hereby declared that for the above purpose a piece of land measuring, more or less, 3 cottahs and 12 chitaks of standard measurement, bounded on the north, south and east by the land acquired for the Ondal-Sainthia-Chord Railway, and on the west by the sugarcane land of Protap Chandra Mondal and Kajra channel, is required within the aforesaid village of Kajra.

Burdwan.

Mines of coal, iron-stone, slate or other minerals lying under the land, or any particular portion of the land, except only such parts of the mines and minerals as it may be necessary to dig, or carry away, or use, in the construction of the work for the purpose of which the land is being acquired, are not needed.

This declaration is made, under the provisions of section 6, Act I of 1894, and section 3, clause (1), Act XVIII of 1885, to all whom it may concern.

The plan of the land may be inspected in the office of the Engineer-in-charge, Ondal-Sainthia-Chord Railway at Babuisole *vid* Raniganj.

R. W. CARLYLE,
Chief Secy. to the Govt. of Bengal.

GENERAL DEPARTMENT.

NOTIFICATION.

No. 1702.—The 11th May 1906.—The following notification issued by the Government of India in the Department of Commerce and Industry is republished for general information.

T. W. RICHARDSON,
Offg. Secy. to the Govt. of Bengal.

H. J. McINTOSH,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

CHARITABLE ENDOWMENTS ACT, 1890.

No. 434T.M.—The 11th May 1906.—Whereas application has been made to the Government of Bengal by Samanta Raj Narayan Das, Samanta Radha Chandra Das, and Samanta Radha Gobind Das, all of Balasore, zamindars, that the immoveable properties of which particulars are contained in the First Schedule hereunder written may be vested in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal upon the trusts, for the purposes, and subject to the conditions specified in the Second Schedule hereunder written.

Notice is hereby given that an order is proposed to be made by the Government of Bengal, after the expiration of one calendar month to be computed from the first publication of this notice, vesting the said properties in the said Treasurer of Charitable Endowments upon the terms aforesaid. Any objections to the proposed order or suggestions thereon may be submitted in writing to the Secretary to the Government of Bengal, Municipal (Medical) Department before the 15th day of June 1906.

The First Schedule above referred to.

Two-thirds (or ten annas eight pies) share of zamindari right in the estate named Purusotompur Kothmul, pargana Banchas, thana Gope, bearing tauzi No. 364 in the revenue-roll of the Puri district, the proportionate Government revenue now payable in respect whereof amounts to Rs. 275-5-4.

The Second Schedule above referred to.

1. The Endowment hereby created shall be called "Samanta Raj Narayan Das' Endowment for feeding the lepers in the Puri . . . . . Leper Asylum."

2. The Trustee to be appointed under section 5 (1) of the Charitable Endowments Act, 1890, to administer the said properties shall be the Collector for the time being of Puri (herinafter referred to as "the said Collector").

3. The Treasurer of Charitable Endowments for the territories subject to the Government of Bengal (hereinafter referred to as "the said Treasurer") shall stand possessed of the properties of which the particulars are contained in the First Schedule above written (hereinafter referred to as "the said properties") upon trust (subject to any special order which he may receive from the Government of Bengal) to permit the said Collector to have the possession, management, and control of the said properties, and the application of the income thereof, as if the said properties had been vested in the said Collector.

4. The person for the time being having the possession, management, and control of the said properties shall have full power to let the said properties or any part thereof from time to time, for such period, and on such terms, and conditions, and to make any

allowances to or arrangements with tenants, as he shall think fit, with liberty to accept surrenders of tenancies, and generally to do all acts and things necessary in connection with the management and development of the said properties as he in his discretion shall deem advisable, and as if he were the absolute owner thereof, without being responsible for any loss or damage that may happen thereby, and with power to delegate either expressly or by implication during such period or periods, and upon such terms, as he shall think fit the exercise of all or any of the powers herein contained to any Subdivisional Officer or Deputy Collector in the service of Government without being responsible for any loss occasioned thereby. The several powers hereinbefore contained may be exercised either in relation to the undivided share mentioned in the first schedule above written solely or in conjunction with the person or persons entitled to or having power in that behalf over the other undivided parts or shares of and in the said premises or in relation to the entirety of the said premises, and so that in the latter case any rents, expenses, outgoings, or other moneys may be apportioned in such manner as the person for the time being having the possession, management, and control of the said properties as aforesaid shall think fit.

5. The person for the time being having the possession, management and control of the said properties shall out of the rents, income, and profits thereof pay or cause to be paid all costs and expenses of and incidental to the collection of the same. and the management of the said properties, the Government revenue, cesses, taxes, and other outgoings payable in respect of the said properties, and any other costs and expenses duly incurred by him or the said Treasurer in carrying out the trust hereby declared, and any fees for the time being payable to Government under section 13 (*b*) of the Charitable Endowments Act. If the person for the time being having the possession, management, and control of the said properties shall be the said Collector, he shall apply the residue of the rents, income, and profits of the said properties in the manner mentioned in clause 6 hereof, but if not, he shall pay the said residue of the rents, income and profits to the said Collector, by whom the same shall be applied as mentioned in clause 6 hereof.

6. The said Collector shall apply the said residue of the rents, income, and profits of the said properties in or towards the cost of providing food for the lepers of the said Leper Asylum by the purchase of Mohaprasad Bhog from the temple of Jagannath or, if at any time such Mohaprosad Bhog or a sufficient quantity thereof shall not be procurable or for any other reason it shall not be possible to proceed in the manner mentioned, in such other way as to the said Collector in his absolute discretion shall seem best, provided always that it shall be lawful for the said Collector to pay the said residue of the rents, income, and profits of the said properties or any part thereof to the President for the time being of the Committee of the said Leper Asylum for the purpose of the same being applied for the purpose and according to the provisions of this clause.

7. The said Collector shall in books to be kept by him regularly enter or cause to be entered full and true accounts of all moneys received and paid by him as such trustee, and shall submit to such public servant, in such form, and at such times as the Local Government may from time to time appoint and prescribe, an abstract of such accounts, and such returns in regard to any matters connected with the administration of the trust as the Local Government may require.

Despatch to His Majesty's Secretary of State for India, No. 422, dated the 28th December 1905.

Despatch from his His Majesty's Secretary of State for India, No. 13 P. W., dated the 9th March 1906.

RESOLUTION.—The pay of the Administrative grades of the Engineer Establishment of the Public Works Department having been materially improved under the orders contained in the Resolution quoted in the preamble, it it considered that the grant of exchange compensation allowance, hitherto admissible to such officers, under Finance Department Resolution No. 2422 Ex., dated the 31st May 1897, should be discontinued. The Governor-General in Council has therefore decided, with the approval of His Majasty's Secretary of State for India, that the grant of exchange compensation allowance to the Engineer Establishment of the Public Works Department shall, in case of Civil Engineers

recruited in England, in and after the year 1907, be admissible only while serving in the Assistant and Executive grades.

The Governments of Madras, Bombay, Bengal, the United Provinces of Agra and Oudh, the Punjab, Burma, and Eastern Bengal and Assam, Public Works Department.
The Honourable the Chief Commissioner of the Central Provinces.
The Chief Commissioner of Coorg
The Honourable the Resident at Hyderabad.
The Honourable the Agents to the Governor-General for Central India, Rajputana and Beluchistan.
The Honourable the Agent to the Governor-General and Chief Commissioner, North-West Frontier Province.
The Accountant-General, Public Works Department.
The Secretary, Railway Board.

ORDER.—Ordered that the foregoing resolution be communicated to the Local Governments, Administrations, and officers noted in the margin, for information and guidance, and that it be published in Part I of the *Gazette of India*.

Ordered also that a copy be communicated to the Finance Department.

RAILWAY DEPARTMENT.

The 15th May 1906.

No. 15R.—Notification.—Whereas it appears to the Lieutenant-Governor of Bengal that land is likely to be required to be taken up by Government at the public expense for a public purpose, viz., for the construction of Dhulian-Azimganj-Katwa section of Barharwa-Azimganj-Katwa Railway in or near the undernoted villages in Murshidabad and Burdwan districts:

Notice is hereby given to all whom it may concern that, under the provisions of section 4 of Act I of 1894, the Lieutenant-Governor has authorized the East Indian Railway Company's Engineers for the time being engaged on this undertaking to enter upon and survey lands and do all other acts required for the proper execution of their work as provided for or specified in the said section of the Act:—

MARINE DEPARTMENT.

The 10th May 1906.

No. 50Marine.—Mr. H. A. Cooper, Mate Pilot, is granted, under article 676 (*a*) of the Civil Service Regulations, privilege leave for three months, with effect from the 2nd May 1906.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 10th May 1906.

No. 51Marine.—Mr. H. Ancell, Junior Master Pilot, is granted, under article 676 (*a*) of the Civil Service Regulations, privilege leave for six weeks, with effect from the 23rd April 1906.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 12th May 1906.

No. 52Marine.—It is hereby notified for general information that, under the provisions of section 15 of the Calcutta Port Act, III of 1890, Mr. H. C. Begg, of Messrs. Begg Dunlop and Co., has been elected by the Bengal Chamber of Commerce to be a Commissioner of the Port of Calcutta, *vice* Mr. H. S. Ashton, who has been permitted by the Commissioners to be absent from their meetings for six months from 1st February 1906.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 12th May 1906.

No. 53Marine.—It is hereby notified for general information that, under the provisions of section 15 of the Calcutta Port Act, 1890, Mr. H. R. Schuler, of Messrs. Ernsthausen, Limited, has been elected by the Bengal Chamber of Commerce to be a Commissioner of the Port of Calcutta, *vice* Mr. Wm. Bleek, who has been permitted by the Commissioners to be absent from their meetings from 12th April 1906 to 11th October 1906.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 14th May 1906.

No. 54Marine.—In exercise of the power conferred by section 10 of the Bengal Smoke Nuisance Act, 1905, the Lieutenant-Governor proposes to make the following rules for carrying out the purposes of the Act. The rules will be taken into consideration on the expiry of three months from this date, and the Lieutenant-Governor will be glad to consider any suggestions or observations which may be made by any person concerning them within that period.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

1. The Commission shall meet for the transaction of business ordinarily once in every month.

A fee of Rs. 32 shall be paid to each member of the Commission attending any meeting of the Commission.

2. Such meetings shall be held upon such day and at such hour as the Commission shall from time to time determine.

3. The President, or the member of the Commission to whom, in his absence, he may delegate his duties, may, whenever he thinks fit, and shall, upon request made in writing by not less than three members of the Commission, call a special meeting of the Commission.

4. At every meeting of the Commission four members shall constitute a quorum.

5. (*a*) At least five days' notice of all meetings shall be given to every member. Such notice shall be sent by post or by such other method as may be convenient:

Provided that the accidental failure of service of notice on any member shall not invalidate the proceedings of any meeting.

(*b*) The notice shall set forth the business to be transacted at the meeting, and no business other than that so stated shall be transacted, except with the consent of the majority of the members present.

6. The President shall preside at every such meeting. In his absence, the members present at any meeting may choose one of their number to preside.

7. The President of any meeting at which a quorum of the Commission shall be present, may, with the consent of the majority, adjourn the meeting from time to time and from place to place.

8. An adjourned meeting is not competent to transact any business save that which the original meeting left unfinished. An adjourned meeting, being merely a continuation of the original meeting, does not require any fresh notice

9. When a meeting is adjourned for want of a quorum, the adjourned meeting shall have power to dispose of all matters before such meeting, whether a quorum is present or not.

10. Minutes of the proceedings of all meetings of the Commission shall be drawn up and entered in a book to be kept for the purpose and shall be submitted at the next ordinary meeting and, when approved, shall be signed by the President of such meeting.

11. The President may, if he thinks fit, require that every motion and amendment be duly put in writing and be proposed and seconded, before it is considered by the Commission.

12. Unless not less than four members of the Commission consent by signing a requisition, no subject once disposed of can be reconsidered within six months.

13. (*a*) Whenever necessary, the votes of the members of the Commission present in meeting shall be taken by the President, and the resolution supported by the greater number of votes shall be deemed to be the resolution of the Commission at such meeting.

(*b*) The President shall have a second or casting vote in all cases of equality of votes:

Provided that when votes are taken, any member present may require that the votes given on each side shall be recorded.

14. The Commission shall have power to give leave of absence, to any nominated member, for a period of not more than three months. Absence for a longer period shall be reported to Government for filling up the vacancy.

15. A copy of the minutes of every meeting of the Commission shall, as soon as possible, be transmitted to the Local Government or to such officer as the Local Government may direct. They shall also be supplied to each member of the Commission.

16. The Commission may, from time to time, in accordance with a resolution passed at a meeting, appoint Committees of their members for carrying into effect any part of the provisions of the Act, with such powers, and under such instructions, directions or limitations, as by such resolution shall be defined; and on any such Committee two members shall be a quorum, and the Commission in meeting shall have power to alter or discontinue any such Committee.

17. (*a*) The Commission may, from time to time, prepare, and in meeting sanction a schedule of the staff of officers and servants whom they shall deem it necessary and proper to maintain for the purposes of the Act.

(*b*) Such schedule shall also set forth the amount and nature of the salaries, fees and allowances which the Commission in meeting sanction for each such officer or servant.

18. The pay and leave allowances of the officers and servants of the Commission shall be regulated by the Civil Service Regulations, so far as they apply:

Provided that the Commission may require such officers and servants to contribute to a Provident Fund to be established under such rules as may be approved by the Commission.

19. (*a*) The power of appointing, promoting, suspending, dismissing, fining, reducing or granting leave to the officers and servants of the Commission shall be exercised by the President of the Commission in the case of officers and servants whose monthly salary does not exceed Rs. 100; and in every other case by the Commission in meeting:

Provided that all orders passed by the President under this rule shall be reported to the Commission at its next meeting.

(*b*) Appeals against the order of the President of the Commission shall lie to the Commission.

20. For the purposes of section 9 of the Act, the authority of the Commission shall be exercised by the President or by any of the members to whom he may delegate his duties during illness or absence from Calcutta.

Provided that any action taken by the President under section 9, or by the member to whom his duties under section 9 are delegated, shall be reported to the Commission at their next ordinary meeting.

21. The Commission may submit reports, whenever necessary, to the Local Government, as to the specification of any areas within which certain trades and manufactures may be prohibited under section 6 of the Act.

22. The President of the Commission, or in his absence any member named by him, shall peruse the reports and diaries submitted by the Inspectors, and issue necessary orders in accordance with the provisions of the Act, and such reports and diaries shall be laid before the Commission at the monthly meetings.

23. The Inspectors shall—

(*a*) report, when necessary, to the Commission on the specification of the areas within which certain trades and manufactures may be prohibited under section 6 of the Act;

(*b*) draw up and submit to the Commission a list of furnaces to be inspected under section 9 (*a*) of the Act;

(*c*) keep records of the inspection of furnaces, and of the observations on the smoke emitted therefrom;

(*d*) submit diaries for the information of the Commission;

(*e*) carry out the orders of the Commission as to reporting offences against the Act and taking the authority of the Commission before prosecution; and

(*f*) carry out orders of the Commission in respect of the inspection of any particular furnaces and in other respects generally for the purposes of the Act.

24 The density of smoke emitted from a furnace shall be determined by reference to Ringelmann's Smoke Guage according to the scales described below:—

Ringelmann's Smoke Guage consists of six squares, corresponding to scales, upon a white back-ground—

Scale 1—Consists of a white square which has no black lines across it and which is all white

Scale 2—Consists of a white square with black lines drawn across the white back-ground, vertically and horizontally 1 mm. in width and 9 mm. apart.

Scale 3—Consists of a white square with black lines, similarly drawn, 2·3 mm. in width and 7·7 mm. apart.

Scale 4—Consists of a white square with black lines similarly drawn, 3·7 mm. in width and 6·3 mm. apart.

Scale 5—Consists of a white square with black lines similarly drawn, 5·5 mm. in width and 4·5 mm. apart.

Scale 6—This square is entirely black.

The squares described in this scale, if held at a distance of from 30 to 40 paces from the observer, present the appearance of blacks and greys of varying density, with which the colour of the smoke emitted from a furnace may be compared.

25. The smoke emitted from a furnace or furnaces shall be held to be the smoke emitted from the chimney connected therewith, and its density for the purpose of these rules shall be observed at its exit from the chimney.

26. The emission of smoke from a chimney in greater density and for a longer period than prescribed in the following table shall be an offence under section 8 of the Bengal Smoke Nuisance Act, 1905:—

	Scale 6.	Scale 5.	Scale 4.
	Per hour. Minutes.	Per hour. Minutes.	Per hour. Minutes.
For one furnace	1	2	3
For two furnaces	2	3	4
For three furnaces	3	4	5
For four or more furnaces	4	5	6

27. In lighting up fires in furnaces, double the amount of the time prescribed in the above scale is allowed during the first two hours from lighting the furnaces.

28. The furnaces of ocean-going steamers shall not be held to be furnaces within the meaning of the Bengal Smoke Nuisance Act for a period of two hours from their lighting up for the purpose of raising steam prior to leaving the port or to moving from one place to another thereof.

29. Smoke shall not be emitted from a furnace at a lower altitude than 100 feet:

Provided that this rule shall not apply in the following cases:—

(1) Furnaces in portable or travelling engines.

(2) Furnaces in engines installed for temporary purposes.

(3) Furnaces in steam-vessels.

(4) Any other furnaces specially exempted by the Commission.

30. When it appears to an Inspector that an offence has been committed under the Act in respect of any furnace, he may serve the owner of such furnace with a written warning by registered post. This warning shall inform the owner of the furnace of the time and date of such offence and shall be accompanied by a copy of the record of the observations taken, and it shall inform the owner that if the offence is again committed after the expiry of a period, which shall not be less than ten days, a prosecution under the Act will be instituted against him :

Provided that if in the opinion of the Inspector material alterations in the furnace are necessary, or appliances require to be fitted to the furnace, the period of warning may be extended to four months.

31. Records shall be kept of the observations of the smoke emitted from each furnace under the signature of the Inspector who has made the observations.

These records shall be open to inspection, free of charge, by the owner of any furnace during office hours.

32 A number shall be given to each chimney, and the number of each chimney, from which smoke is emitted in greater density or for longer periods than prescribed by the above rules, shall be reported to the Commission.

The 14th May 1906.

No. 55Marine.—It is hereby notified that the Lieutenant-Governor has been pleased, under section 16 of the Calcutta Port Act, 1890, to appoint Captain F. H. Elderton, D.S.O., R.I.M., to be a Commissioner of the Port of Calcutta, *vice* Captain W. Chandler, R.I.M., resigned.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

Babu Kesab Chandra Sarkar, Sub-Inspector of Schools, Calcutta (Class VI), is allowed leave of absence for one month and fifteen days, under article 260 of the Civil Service Regulations, with effect from the 16th May 1906, or such subsequent date as he may avail himself of it.

Maulvi Kamaruddin Ahmed, temporary Additional Sub-Inspector of Schools, Calcutta, is appointed to act as Sub-Inspector of Schools, Calcutta, and in Class VIII of the Subordinate Educational Service, during the absence, on leave, of Babu Kesab Chandra Sarkar, or until further orders.

A. EARLE,

Director of Public Instruction, Bengal.

NOTICE.

THE final Commercial class examination was held at the Presidency College on the 5th April 1906 and subsequent days. Five candidates appeared at the examination: no candidate came up to the standard required for a certificate.

A. EARLE,

The 30th April 1906. *Director of Public Instruction, Bengal.*

CALCUTTA UNIVERSITY.

NOTICE.

IN January 1902, Babu Jogendra Chandra Ghosh, Member of the Senate, offered to place at the disposal of the Calcutta University Government Securities of the nominal value of Rs. 10,000 of the Loan of 1865 for the encouragement of the study of Comparative Indian Law by persons belonging to what is called the Adhyapak class in Bengal, and for the purpose of establishing out of the annual income of the fund a prize to be awarded to the writer of the best essay on the subject under the following conditions:—

(i) By Comparative Indian Law shall be meant the Hindu Smriti Sastra, called *Vyabaharkhanda* and a comparison of the standard Sanskrit authorities on the subject with British Indian Law as contained in Parliamentary Statutes, Regulations and Acts of the Indian Legislative Councils, and the Law as laid down in Leading Cases. The study, which it shall be the object of the Prize to encourage, is the History of the Hindu Smriti Sastra as it existed at and from the time when India came under British rule and how and to what extent it has been altered under British influence, regard being had not only to the existing Statutes, Regulations and Acts, but also to those which, having been in operation for a time, have now been repealed or become obsolete, and regard being also had not only to the existing Leading Cases but to cases which were considered Leading at one time, but have now been overruled, and how and to what extent such alteration has affected Hindu Society.

(ii) The essay at the discretion of a Committee consisting of the Vice-Chancellor for the time being of the University, the President of the Faculty of Law and the Principal of the Government Sanskrit College in Calcutta, may deal with the whole of the Indian Comparative Law as before defined or with part or parts thereof; but in no case shall an essay be entitled to competition which in any way attacks the religious beliefs, usages or institutions of His Majesty's subjects. And it shall be in the province and discretion of the said Committee to (*a*) make a detailed programme of studies for the proposed prize, (*b*) name the subject of the essay for any one particular year, and (*c*) decide whether such prize shall be awarded every year or at longer intervals.

(iii) By *Adhyapak* shall be meant scholars of the Smriti Sastra, students of Smriti in the Government Sanskrit College in Calcutta, and in the tols or indigenous Brahmanical schools which send in candidates for the Title Examinations held in that College and students in other similar institutions in India.

(iv) The essay or essays shall be written either in English or in Bengali; but if any competitor sends in an essay in any vernacular language other than Bengali he shall be bound to furnish an English translation thereof.

(v) The adjudicators for the Prize shall be the Vice-Chancellor of the University, the Chief Justice of Bengal, the President of the Faculty of Law and the Principal of the Sanskrit College in Calcutta. They shall be entitled to consult experts of their own selection to assist them to (*a*) decide whether the essay or essays in competition is or are of sufficient merit to deserve the prize, (*b*) award such prize, (*c*) decide about the number of manuscript copies of each essay to be sent in by the successful competitors, and (*d*) consider the ways and means for the publication of any essay or essays.

(vi) The Prize shall be called the "Research Prize in Comparative Indian Law."

The offer was thankfully accepted by the Syndicate at their meeting held on the 8th February 1902.

The next prize will be awarded in January 1909.

The value of the prize will be Rs. 1,000.

The subject for the year 1909 will be—

Discuss the effect of unchastity on the status of a Hindu female, with special reference to the following points:—

(*a*) Does it affect her right of succession to her husband?

(*b*) Does it divest the state previously inherited by her from her husband?

Candidates are required to send their essays to the Registrar, Calcutta University, on or before the 1st day of July 1908, and to send four copies of their essay, type-written, whenever practicable.

SENATE HOUSE,
The 1st May 1906.

C. LITTLE,
Registrar.

NOTICE.

Presidency College Commercial Course.

EVENING courses of lectures on the following subjects will be delivered in the Presidency College during the session of 1906-1907:—

(1) Modern English.
(2) Book-keeping.
(3) Shorthand-writing.
(4) Type-writing.

Candidates for admission must send in their names to the Principal of the Presidency College on or before the 21st of June 1906.

On Monday, the 2nd of July 1906, at 6-30 P.M. the lecturer will select candidates for admission to the evening lectures on Modern English. Candidates are required to attend on this date.

On Wednesday, the 27th of June 1906, at 11 A.M. an examination in English will be held to test candidates for admission to the evening lectures on Book-keeping, Shorthand-writing and Type-writing. Candidates for admission to these lectures are required to appear at this examination.

Copies of the rules for the evening classes in Book-keeping, Shorthand-writing and Type-writing can be obtained on application to the Principal of the Presidency College.

O. LITTLE, *Professor in charge, Presidency College, Calcutta.*

[*Published under the authority of Government of Bengal conveyed in their order No. 54T.—G., dated the 18th April 1906.*]

NOTICE.

OFFICE OF DIRECTOR OF PUBLIC INSTRUCTION, UNITED PROVINCES.

Dated Allahabad, the 28th January 1906.

THE Local Government having, approved of an application made by the Hon'ble Munshi Madho Lall' of Chowkhamba, Benares, that a sum of Rs. 45,000 be vested under the designation of the "Sadho Lal Scholarship Endowment Trust, Benares," in the Treasurer of Charitable Endowments for the territories subject to the said Local Government to be applied in trust upon the terms that the interest accruing thereon be expended in the payment of scholarships for the higher study of Sanskrit at the Government Sanskrit College, Benares, on certain conditions, the following is published for general information :—

(1) that, save as hereinafter provided, three or a lesser number of scholarships, each of which shall be tenable for four years, be awarded every alternate year by a committee consisting of the Principal of the Government Sanskrit College, Benares, as Chairman, and one of the Professors of the Sanskrit College to be jointly nominated by the Hon'ble Munshi Madho Lal (or the head of his family) and the Principal of the Government Sanskrit College, and the head of the family of the founder (the Hon'ble Munshi Madho Lal), as members or by a majority thereof ;

(2) that the scholarships shall ordinarily be of the value of Rs. 20 per mensem each, tenable from such a date as the aforesaid committee or a majority thereof may decide, but that the committee or a majority thereof shall have power to raise or reduce the amount of the scholarships, or any of them, provided that no scholarship shall be less than Rs. 10 per mensem, nor more than Rs. 50 per mensem ;

(3) that one scholarship annually shall be given to a Vernagar Nagar Brahmin, or a Gujrati Punch Dravid Brahmin, provided that the applicant is a graduate of an Indian University or an Acharya or Teeratha or having equivalent qualifications who shall satisfy the committee that he has reached a sufficient degree of proficiency in Sanskrit and English to carry the study of Sanskrit higher, and that he intends to do so ; and to become acquainted with the methods of linguistic research followed by European scholars, and with the achievements and progress of European scholarship ;

(4) that the other scholarships, and if no qualified Vernagar Nagar Brahmin or Gujrati Punch Dravid Brahmin candidate be forthcoming, the aforesaid scholarship shall be given to Brahmin graduates of any Indian University or Brahmin Acharyas or Teerathas or persons having equivalent qualification who shall satisfy the committee that they have reached a sufficient degree of proficiency in Sanskrit and English to carry their studies of Sanskrit higher, and that they intend to do so, and to become acquainted with the methods of linguistic research followed by European scholars and with the achievements and progress of European scholarship ;

(5) that the holders of the scholarships shall in all matters obey the orders of the committee, or of a majority thereof, who shall have power to withdraw scholarships at any time;

(6) that if the full number of scholarships be not awarded, or if from any other cause savings accrue, such savings shall be devoted to encouraging the study of Sanskrit in any manner which the committee may unanimously approve, or shall be added to the endowment;

(7) that the holders of the scholarships shall be called "Sadho Lal Scholars," and that on the completion of the term of their scholarships to the satisfaction of the committee their names shall be forwarded to the Registrar of the Allahabad University.

2. Applications for these scholarships should be made in writing to the Principal, Government Sanskrit College, Benares.

T. C. LEWIS, M.A.,
Director of Public Instruction,
United Provinces.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 2nd and 3rd July 1906, at 10-30 A.M., both days:—

SUBJECTS.	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.)	100	50
Arithmetic (the whole)	240	160
Mensuration (*a*) the whole	60	30
Book-keeping (*b*) mercantile	100	50
Total ...	600	...

Minimum required in all papers collectively, 400.

(*a*) Todhunder's Mensuration for Beginners.
(*b*) "Book-keeping," by Ball and Hamilton.
"Book-keeping," by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate should have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or birth) not required if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's hand-writing.

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of application of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of Rupees ten.

SIBPUR,
The 5th May 1906.

B. HEATON,
Principal, Civil Engineering College.

NOTIFICATIONS OF THE BOARD OF REVENUE.

No. 2732B.

NOTICE is hereby given that the Sixth Sale of Opium, the provision of 1903-04, will be held at the Government Opium Sale-room, No. 2 Bankshall Street, on Tuesday, the 5th June 1906, at 11 A.M., and will comprise 4,400 chests, viz.—

		Chests.
Opium manufactured at the Patna Factory consisting of	...	2,200
Ditto at the Ghazipur Factory consisting of	...	2,200
Total	...	4,400

2nd.—The general conditions of the sale now advertised will be the same as usual. They may be ascertained by reference to the Notification issued on the 28th November 1905, and published in the *Government* and *Exchange Gazettes*, or on personal application at the office of the Board of Revenue.

3rd.—The latest dates for deposit and clearance will be the 11th and 20th June 1906, respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes or other Public Securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the sale-room will be received after 3-30 P.M. of Monday, the 11th June 1906, and no Bank of Bengal Receipts in full payment of lots will be accepted after 3-30 P.M. of Wednesday, the 20th June 1906.

4th.—In addition to the quantity above advertised for sale, the following quantities, more or less, of the Opium manufactured at the Patna and Ghazipur Factories will be brought to sale between the sale now advertised and December next on or about the dates

specified below. The Board of Revenue, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so:—

Date			Manufactured at the Patna Factory; about chests.	Manufactured at the Ghazipur Factory; about chests.	Total; about chests.
On or about Tuesday,	3rd July	1906 ...	2,200	2,200	4,400

THE following orders, issued by the Government of India in the Department of Commerce and Industry, are republished for general information.

R. W. CARLYLE,
Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

GEOLOGY AND MINERALS.

Simla, the 21st April 1906.

No. 2968—82.—In exercise of the powers conferred by section 20 of the Indian Mines Act, 1901 (VIII of 1901), the Governor-General in Council is pleased to make the following rules for application to all coal-mines in British India in continuation of Notification No. 864—68-20, dated the 10th March 1904:—

VIII.—Rules regarding certificates, the conditions on which they are granted, and the qualifications which the managers of the various classes of mines must possess.

Rule 27.—For the purposes of rules 28 to 54, every system of underground workings interconnected in such a manner that communication is practicable from any one part of the system to any other part by means of underground channels shall be deemed to constitute a mine. If access from one system of underground workings to another such system is not practicable without coming to the surface of the ground, each such system shall be deemed to constitute a separate mine.

Rule 28.—There shall be constituted a Board of Examiners for the purposes of these rules, which shall consist of the Chief Inspector of Mines for the time being, and of two other persons possessing technical qualifications fitting them to serve on the Board. One of these persons shall be the owner or manager of a mine, the other shall be a mining engineer. They shall be appointed by the Governor-General in Council for a term of three years:

Provided that on the expiry of any term for which he has been appointed, any such person shall be eligible for re-appointment. Each such person shall receive such remuneration as the Governor-General in Council may fix. The Chief Inspector of Mines shall be *ex-officio* President of the Board.

Rule 29.—Certificates under these rules shall be granted by the Board of Examiners, and their decision regarding the grant of such certificates shall be final. Certificates granted by the Board shall hold good throughout British India, and shall be of two kinds, namely, certificates of competency and certificates of service, and of two classes of each kind, namely, first and second class.

Rule 30.—Certificates of competency shall be granted to candidates after such examination as the Board of Examiners may from time to time prescribe. The examinations shall

be held at such times and at such centres as may from time to time be fixed by the Board, and shall be conducted by local examiners, who shall be appointed by the Board. The local examiners as appointed shall be subject to the orders of the Board in respect of all matters relative to the conduct of the examinations, and they shall receive such remuneration as the Board, with the sanction of the Governor-General in Council, may fix. The Board may from time to time make regulations as to the conduct of such examinations; and they shall, so far as this is practicable, take steps that the standard of knowledge which a candidate must attain before he obtains a certificate of competency of any particular class shall be uniform throughout British India. Every regulation made by the Board under this rule shall be published in the local official Gazette, and no such regulation shall take effect until six months from the date on which it was first so published.

Rule 31.—Full information regarding the date and place of each examination shall be published, under the orders of the Board of Examiners, in each issue of the local official Gazette, and in such other publications as the Board may consider desirable, for a period of not less than three months prior to the date fixed therefor.

Rule 32.—No person shall be admitted as a candidate at any examination for a first class certificate of competency unless he has attained the age of 23 years, and has satisfied the Board of Examiners that he has had practical experience in a coal-mine for a period of not less than five years:

Provided that this period may be reduced to three years, if the Board of Examiners think fit, in the case of a candidate who has received a diploma in scientific and mining training after a course of study of at least two years at an educational institution approved in this behalf by the Governor-General in Council, or who has taken a degree in scientific and mining subjects at a University approved in this behalf by the Governor-General in Council.

Rule 33.—No person shall be admitted as a candidate at any examination for a second class certificate of competency unless he has attained the age of 21 years, and has satisfied the Board of Examiners that he has had practical experience in a coal-mine for a period of not less than three years:

Provided that this period may be reduced to one year, if the Board of Examiners think fit, in the case of a candidate who has received a diploma in scientific and mining training after a course of study of at least two years at an educational institution approved in this behalf by the Governor-General in Council or who has taken a degree in scientific and mining subjects at a University approved in this behalf by the Governor-General in Council.

Rule 34.—A fee of Rs. 15 shall be paid by every candidate attending an examination for a first class certificate of competency and a fee of Rs. 8 shall be paid by every candidate attending an examination for a second class certificate of competency.

These fees shall be paid, not less than one month prior to the date of the examination, to the Chief Inspector of Mines at his office.*

Rule 35.—The Board of Examiners may grant without examination to any person holding a first or second class certificate granted under any Act for the regulation of mines for the time being in force in the United Kingdom, or in any British Colony, a certificate of a similar class under these rules. They may also grant to any person holding a certificate of proficiency in mining, if approved by them, a certificate under these rules of the first or second class, if they are satisfied that the applicant possesses sufficient knowledge and experience to warrant them in doing so:

Provided that the applicant has in every such case adduced proof to the satisfaction of the Board of his identity and good character.

A fee of Rs. 5 shall be charged in respect of all applications for certificates to be issued under this rule. The fee shall be paid to the Chief Inspector of Mines, and the application for the grant of a certificate shall not be considered by the Board until the Chief Inspector of Mines certifies that the fee chargeable has been paid.

Rule 36.—A first class certificate of service may be granted by the Board of Examiners to any person who satisfies them that he has acted for at least five years prior to the date fixed in rule 48 as the manager of a coal-mine in India, in which during the time he has so acted as manager more than 150 persons have on an average been employed below ground simultaneously, or the average output of which has exceeded 1,800 tons of coal a month:

Provided that the said period of five years may be reduced to three, at the discretion of the Board of Examiners in the case of any such certificate which may be applied for before the 21st day of April 1908.

Rule 37.—A second class certificate of service may be granted by the Board of Examiners to any person who satisfies them that he has acted for at least three years prior to the date fixed in rule 48 below as the manager of a coal-mine in India in which, during the time he has so acted as manager, more than 50 persons were on an average employed underground simultaneously or the average output of which exceeded 600 tons of coal a month.

Rule 38.—Notwithstanding anything in rule 36 or 37, a certificate of service of either class may be granted by the Board of Examiners at their sole discretion to any person who is, in their opinion, possessed of sufficient knowledge and experience to warrant them in granting such a certificate.

Rule 39.—All applications for certificates of service shall be addressed to the Chief Inspector of Mines, and shall state the name, age, place of birth, and place of employment of

* NOTE.—The fees may be remitted by money-order or paid in any other manner.

the applicant. The length and character of the mining experience possessed by the applicant shall also be detailed, and this statement shall be supported by the production of such documents as the applicant may be in a position to furnish.

Rule 40.—A fee of Rs. 5 shall be paid in respect of each application for a certificate of service of either class. This fee shall be paid to the Chief Inspector of Mines at his office.*

Rule 41.—Permits authorising particular persons to hold charge as managers of mines of the class described in rule 47 may be granted by the Chief Inspector of Mines at his sole discretion. Such permits shall be signed by the Chief Inspector of Mines, and shall remain in force for such period, not exceeding one year, as he may specify therein. A permit may be cancelled at any time by the Chief Inspector of Mines without assigning any reason for his action, and such order shall be final. The Chief Inspector of Mines may renew any permit for a further period not exceeding one year after the expiry of the period for which the permit was originally granted.

Rule 42.—A register, showing the names and addresses of all holders of certificates or permits issued under these rules, shall be maintained in the office of the Chief Inspector of Mines.

Rule 43.—If any person proves to the satisfaction of the Board of Examiners that he has, without any fault on his part, lost or been deprived of a certificate granted to him under these rules otherwise than in accordance with any order made under rule 44, the Board of Examiners may, upon such terms and conditions as they may determine, cause a copy of the certificate to which the applicant appears by the register to be entitled, to be delivered to him. The word "Duplicate" shall be stamped across every such copy, and a fee of Rs. 2, which shall be payable in advance, to the Chief Inspector of Mines at his office shall be charged for it.

Rule 44.—If at any time a representation is made by the Chief Inspector of Mines to the Local Government that the holder of a certificate granted under these rules has been guilty of misconduct or incompetency in the discharge of his duties, or has been convicted of an offence under the Indian Mines Act, 1901, or the rules made under that Act, punishable with fine which may extend to Rs. 500, or with imprisonment which may extend to three months, the Local Government may cause an inquiry to be made into the matter; and with respect to such inquiry the following provisions shall have effect, namely:—

(*a*) The inquiry shall be public, and shall be held at such place as the Local Government may appoint, and by such person or uneven number of persons as it may direct (hereinafter referred to as 'the Court'), either alone or with the assistance of any assessor or assessors named by the Local Government. Such assessors shall be practical mining engineers or persons with a knowledge of the practical working of mines. The functions of the assessors shall be purely advisory, and they shall not be regarded as members of the Court.

(*b*) The Local Government shall, before the commencement of the inquiry, furnish the person whose conduct is under inquiry with a copy of the representation on which the inquiry is instituted.

(*c*) The Local Government may appoint any person to undertake the management of the case.

(*d*) The person whose conduct is under inquiry may attend the inquiry, and may either conduct his case personally or be represented by any other person approved by the Court.

(*e*) If a majority of the persons constituting the Court thinks fit, the person whose conduct is under inquiry may be required to deliver up his certificate at any time before or during the inquiry, and such person shall be bound to comply with such requisition, unless he shows sufficient cause to the contrary.

(*f*) The Court shall, on the conclusion of the inquiry, send to the Local Government a report containing a full statement of the case together with its opinion thereon, and such account of or extracts from the evidence as it may think fit; and, if it considers that the certificate in question should be cancelled or suspended, it shall add a recommendation to that effect. In the event of the members of the Court disagreeing in their opinion or recommendations, the dissentient or dissentients from the opinion of the majority may forward a separate report to the Local Government with a statement of their recommendations.

(*g*) After considering the report or reports and recommendation or recommendations (if any) submitted under clause (*f*), the Local Government may cancel or suspend the certificate and, if it does so, the fact of such cancellation or suspension shall, if the certificate is produced, be endorsed upon it, and, if it is not produced or if at any time a duplicate has been granted under rule 43, be notified in the *Gazette of India* and in the local official Gazette.

Rule 45.—Save as provided in rules 49 and 50, no person shall act as manager of a mine in which more than 150 persons are on an average employed underground simultaneously, or the average output of which exceeds 1,800 tons a month, unless he holds a first class certificate granted under these rules.

* NOTE.—The fees may be remitted by money order or paid in any other manner.

Rule 46.—Save as provided in rules 49 and 50, no person shall act as manager of a mine in which more than 50 or less than 150 persons are on an average employed underground simultaneously, or the average output of which exceeds 600 tons and does not exceed 1,800 tons a month unless he holds a first or second class certificate granted under these rules.

Rule 47.—Save as provided in rules 49 and 50, no person shall act as the manager of a mine in which not more than 50 persons are on an average employed underground simultaneously, or the average output of which does not exceed 600 tons a month, unless he is the holder of a first or second class certificate, or of a permit, granted under these rules. If the Chief Inspector of Mines should by written order so require, no person shall act as the manager of such a mine unless he is the holder of a first or second class certificate granted under these rules.

Rule 48.—Rules 45 to 47 shall not come into force until the 21st October 1906.

Rule 49.—Notwithstanding anything in rules 45 to 47, the Chief Inspector of Mines may authorise any person, whom he may consider competent, to act as manager of any mine for a specified period, whether that person does or does not hold any certificate or permit under these rules. The Chief Inspector of Mines may revoke such an authority at any time, without giving any reason for his action and at his sole discretion, and such order shall be final.

Rule 50.—Notwithstanding anything in the preceding rules, the owner, agent, or manager of a mine may, in emergent cases, authorise any person whom he may consider competent to act as manager of the mine which he owns, or for which he is agent or manager:

Provided that no such authority shall extend for a period in excess of four weeks, and that the owner, agent or manager shall send to the Chief Inspector of Mines, with the least possible delay, a written notice intimating that such an appointment has been made, and stating the emergent nature of the circumstances. The Chief Inspector of Mines may revoke any authority so granted, and such order shall be final.

Rule 51.— Save as provided in Rule 52 no person shall act as manager of more than one mine.

Rule 52.—Managers holding first or second class certificates may, at the discretion of the Chief Inspector of Mines, be allowed to manage more than one mine, if the Chief Inspector is of opinion that the mines supervised by them are near enough to one another to permit of effective supervision being exercised, and that an adequate subordinate supervising staff is maintained at such mines.

Rule 53.—(*a*) The owner, agent, or manager of every mine shall supply the Chief Inspector of Mines, within one month from the date on which these rules come into force, with the following information, namely:—

(1) The full name and address of each manager; (2) the number and class of the certificates held by them; (3) the names of the mines or particulars sufficient to identify the portions of the mines in the charge of each such manager.

(*b*) All changes in the addresses of such managers, and all new appointments, shall be reported within one month to the Chief Inspector of Mines. The information referred to in sub-clause (*a*) above shall also be supplied in writing by the owner, agent, or manager to the Chief Inspector of Mines in respect of all new appointments which may subsequently be made.

Rule 54.—Save as provided in Rules 41, 49 and 50, an appeal may be referred to the Mining Board in respect of any order passed by the Chief Inspector of Mines in virtue of the powers conferred on him by these rules, and the order of the Mining Board thereon shall be final. If no Mining Board has been constituted in respect of the Province or Administration in which the appellant is employed, the appeal shall lie to the Local Government, and the order by the Local Government thereon shall be final.

NOTIFICATION.

EXPLOSIVES.

Dated Simla, the 25th April 1906.

No. 3081—17.—In accordance with the provisions of section 18, sub-section (1) of the Indian Explosives Act, 1884 (IV of 1884), and with the directions contained in the Notification of the Government of India in the Home Department, No. 1964, dated the 2nd September 1887, the Governor-General in Council is pleased to publish, for the information of persons likely to be affected thereby, the following amendments which it is proposed to make in the rules published with the Notification of the Government of India

in the Department of Commerce and Industry, No. 5484—4-10 (Explosives), dated the 2nd October 1905, namely:—

In section III for the word "exception" the word "exceptions" shall be substituted, and the following clause shall be added, namely:—

(*b*) Picric Acid thoroughly mixed with not less than three times its own weight of—

(i) anhydrous sulphate of soda,
(ii) crystallized sulphate of soda, when packed in hermetically closed packages, or
(iii) potash alum,

shall be exempt from being deemed to be an explosive within the meaning of the said Act.

The draft will be taken into consideration on or after the 1st June 1906.

PART II.

Advertisements.

[N. B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette cannot be received after Noon on Monday.]

LAND SALE NOTICES.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Jamwadoba Loop, Siding No. 2, Bengal-Nagpur Railway, in the district of Manbhum, will be put up to sale at 11 o'clock on Monday, the 18th June 1906, corresponding with the 4th Ashar 1313 B.S. at Jheriah Rajbati.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

Consecutive number of lot.	Name of district.	Pargana and mauza.	Number of mile on which land is situate.	Situated on which side of the railway.	Approximate area of lot in bighas and in acres.		Land excluded from sale from each lot.		Commencement and termination of lot.	Boundary of lot.

GANGA CHARAN CHATTERJEE, Collector, under Act I of 1894, Burdwan and Manbhum.

Land Acquisition Office, Burdwan and Manbhum, the 17th April 1906.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates and groups of plots of lands situate in the district of Khulna will be put up to sale at the Khulna Collectorate on the 27th June 1906, corresponding with 13th Assar 1313 (B.S.).

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Monghyr, the 3rd May 1906.

H. P. DUVAL, Collector.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Midnapore-Jheriah Extension (diversion at the Damuda river), Bengal-Nagpur Railway, in the district of Manbhum, will be put up to sale at 11-30 o'clock on Friday, the 8th June 1906, corresponding with the 25th Jaista 1313 B.S., in the Munsif's Court at Raghunathpur.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

Birbhum Collectorate, the 27th April 1906.

H. FOSTER, Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Burdwan, will be put up to sale at the Burdwan Collectorate on the 24th May 1906, corresponding with 10th Jaist 1313 (B.S.).

Conditions of Sale.

1st.—The estate to be sold to the highest bidders above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, with effect from 1st April 1906, as revenue free, or subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount to be paid at once.

4th.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale will be cancelled (the sum deposited being forfeited to Government), and the estate will be again put up for sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

(504—1—287)

Sheriff's Sale Proclamation.

TO be peremptorily sold pursuant to a decree and an order of the High Court of Judicature at Fort William in Bengal in its Ordinary Original Civil Jurisdiction, and in execution of the said decree made in suit No. 485 of 1902 (wherein Sreemati Annapurna Debi is the plaintiff and Noni Mohun Bannerjee and another are defendants), and dated, respectively, the 3rd day of September 1903 and the 11th day of July 1905, by the Sheriff of Calcutta in his sale-room on the ground-floor at the Court-house by public auction, on Thursday, the 31st day of May 1906, at the hour of 12 o'clock noon, the vested remainder of the defendant Noni Mohun Bannerjee, subject to the life-interest of his mother, the plaintiff Sreemati Annapurna Debi, in the following properties:—

(1) Premises No. 3 Chowringhee Lane, Calcutta, being a three-storied brick-built house with the land thereunto belonging and on part whereof the same is built, together with out-offices, stables, containing by estimation 2 bighas and 10 chitaks of land, more or less, and forming part of Block No. 17, Holding No. 7 in the south division of the town of Calcutta, and bounded on the east by Chowringhee Lane, on the south by the premises No. 4 Chowringhee Lane, and on the north and west by the premises No. 2 Chowringhee Lane,

Calcutta, and for which and the premises No. 2 Chowringhee Lane aforesaid an annual revenue of Rs. 17-5-8 is payable at the Calcutta Collectorate.

(2) Premises No. 65 Nimtollah Ghat Street, Calcutta, being a partly three and partly two-storied house with the land belonging thereto, and on part whereof the same is built, containing by estimation an area of 2½ bighas, more or less, and bounded on the north partly by Gour Laha's Street and partly by the dwelling-house of Panch Kory Bhattacharjee, on the south by Nimtollah Ghat Street, on the east by the house and premises No. 64 Nimtollah Ghat Street, and on the west by the tenanted house No. 66 Nimtollah Ghat Street, belonging to Bepin Behary Mullick.

So far as appears from a search made in the offices of the Registrar and the Joint Sub-Registrar of Assurances of Calcutta, there is no encumbrance affecting the interest of the defendant Noni Mohun Bannerjee, in the said properties save and except a mortgage, dated the 25th June 1901, from the plaintiff and the said defendant Noni Mohun Bannerjee, to the Revd. L. Hagenback and others of No. 3 Chowringhee Lane aforesaid, and other properties mentioned in the said mortgage deed, but not of No. 65 Nimtollah Ghat Street, aforesaid, which said mortgage was by an instrument, dated the 31st day of August 1904, assigned by the said Revd. L. Hagenback and others to one Rai Amrito Lall Mitter Bahadur, to whom the sum of Rs. 86,486-10-8 with interest thereon at 7 per cent. per annum from the 31st August 1904 with half-yearly rests is due; and (2) Agreement to mortgage, dated the 22nd June 1903, from the said defendant, Noni Mohun Bannerjee, to Kumar Norendra Nath Mitter Bahadur of the said premises No 3 Chowringhee Lane, Calcutta, subject to the hereinbefore-mentioned mortgage, dated the 25th June 1901, and of other properties mentioned in the said mortgage deed, but not the said premises No. 65 Nimtollah Ghat Street, and there is due to the said Kumar Norendra Nath Mitter, who instituted a suit in this Court against the said Noni Mohun Bannerjee, being suit No. 769 of 1904 on the said Agreement and obtained a decree on the 22nd December 1904, the sum of Rs. 35,083-8 for principal and interest calculated up to the 3rd July 1905, besides costs of suit on scale No. 1 not yet taxed.

The sum for the recovery of which the sale has been ordered is Rs. 973 with interest thereon at the rate of 6 per cent. per annum from the 10th day of December 1903, besides the costs of executing the said decree and the subsequent costs and the Sheriff's poundage and other charges.

The Conditions of Sale may be seen at the Office of the Sheriff of Calcutta on any day before the sale and will also be produced at the time of sale.

A. A. APCAR, Sheriff.

Morgan & Co., Attorneys for the defendant Raja Benoya Krishna Deb Bahadur.

High Court, Calcutta, Ordinary Original Civil Jurisdiction, Sheriff's Office, the 21st day of April 1906.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, MAY 16, 1906.

NOTICES TO MARINERS.

THE following Notices are published for general information.

W. A. INGLIS,
Secretary, Marine Department.

CALCUTTA, *the 12th May 1906.*

NEW ZEALAND—NORTH ISLAND, EAST COAST.

Auckland harbour—Beacon established in approach.

No. 155 (first publication).—The British Admiralty has given notice (No. 325 of 1906) that an iron beacon, 20 feet high, painted red, and surmounted by a globe, has been erected at a distance of $7\frac{9}{10}$ miles N. 27° W. from Mount Victoria flagstaff on the outer rock, which dries 3 feet, off Gull Point in the approach to Auckland harbour.

Approximate position on chart No. 1896, lat. 36° 42′ S., long. 174° 46′ E.

(Variation 14° Easterly in 1906.)

This Notice affects the following Admiralty Charts:—Tutukaka harbour to Mayor island, No. 2543; Auckland harbour entrance, No. 1896: Also, New Zealand Pilot, 1901, page 48; Supplement, 1903, page 4.

JAPAN, WEST COAST—SHIMONOSEKI STRAIT.

Light buoy marking wreck in western entrance.

No. 156 (first publication).—With reference to Notice to Mariners No. 125, dated 12th April 1906, issued by this office, the British Admiralty has given further notice (No. 328 of 1906) that a light-buoy, painted green from which a *green occulting* light is exhibited, has been secured to the deck of the wreck of the steamship which sank in the western entrance to Shimonoseki strait, in a position from which Wakura jima summit bears N. 59° W., distant $4\frac{1}{10}$ cables, and Mutsure jima light N. 11° E.

Approximate position, lat. 33° 57½′ N., long. 130° 51½′ E.

(Variation 4° Westerly in 1906.)

This Notice affects the following Admiralty Charts:—Simonoseki strait, Nos. 532, 1578: Also, Sailing Directions for Japan, etc., 1904, page 514.

EASTERN ARCHIPELAGO—Bali island.

Buleleng road—Intended alteration in light.

No. 157 (first publication).—The British Admiralty has given notice (No. 329 of 1906) that it is intended to alter the character of Buleleng road light from fixed to a quick *flashing* light produced by acetylene gas.

Approximate position, lat. 8° 5½′ S., long. 115° 5¾′ E.

Further notice will be given when received.

This Notice affects the following Admiralty Charts :—Eastern Archipelago, No. 941b; Java island, No. 1654; plan of Buleleng road on chart No. 934: Also, List of Lights, Part VI, 1906, No. 511; and Eastern Archipelago Part II, 1904, page 194.

EASTERN ARCHIPELAGO—Sumbawa.

Sabalana or Postillon islands—Reefs in the vicinity of—.

No. 158 (first publication).—The British Admiralty has given notice (No. 330 of 1906) of the existence of a reef, with a depth of less than 3 fathoms over it, in the vicinity of the Sabalana or Postillon islands, situated in a position from which Samberjaga bears S. 61° E., distant 2¼ miles, and Sapuka Kachil S. 40° W.

Approximate position, lat. 7° 4′ S., long. 118° 12′ E.

At a distance of 1¼ miles S. 58° E. from the above position a sounding of 18 fathoms was obtained, between which and the above reef discoloured water was observed, probably another reef with a depth of about 8 fathoms over it.

(*Variation 2° Easterly in 1906.*)

This Notice affects the following Admiralty Charts :—Eastern Archipelago, No. 941b; Makasar strait, No. 2637; Lombok to Flores, No. 1696: Also, Eastern Archipelago, Part II, 1904, page 219.

EASTERN ARCHIPELAGO—Java—Madura strait.

Meinderts reef light—Intended alteration in—

No. 159 (first publication).—The British Admiralty has given notice (No. 337 of 1906) that it is intended to alter Meinderts reef light from white fixed to *white occulting every twenty seconds*, thus:—light, *ten seconds;* eclipse, *ten seconds;* the new light being produced by acetylene gas.

Approximate position, lat. 7° 40½′ S., long. 114° 26′ E.

Further Notice will be given.

This Notice affects the following Admiralty Charts :—Eastern Archipelago, No. 941b; Java island, No. 1654: Also, List of Lights, Part VI, 1906, No. 506; and Eastern Archipelago, Part II, 1904, page 140.

EASTERN ARCHIPELAGO—Sumatra, east coast—Malacca strait.

Pagurawan river light—Intended alteration in—

No. 160 (first publication).—The British Admiralty has given notice (No. 338 of 1906) that it is intended to replace the two white fixed lights at Pagurawan river by a *white group occulting* light *every thirty seconds*, thus:—light, *three seconds;* eclipse, *three seconds;* light, *twelve seconds;* eclipse, *twelve seconds;* it will be elevated 49 feet above high water, and visible in clear weather from a distance of 12 miles. The light, which will be of the 4th order, will be exhibited from an iron lattice structure, 42 feet high, painted white, erected in the same position as the existing lights.

Approximate position, lat. 3° 25′ N., long. 99° 19′ E.

Further Notice will be given.

This Notice affects the following Admiralty Charts :—Acheh head to Tyingkok bay, No. 2760; Malacca strait, No. 1355; Diamond Point to Pulo Berhala, No. 1353: Also, List of Lights, Part VI, 1906, No. 406; and China Sea Directory, vol. I, 1896, page 87.

PACIFIC OCEAN—NEW GUINEA, NORTH COAST.

St. Mathias island—Amended position of—

No. 161 (first publication).—The following Notice to Mariners (No. 342 of 1906) issued by the British Admiralty is republished:—

Information, dated 2nd April 1906, has been received from the Board of Trade that Mr. F. W. Davies, Master of the S.S. *Oceano*, reports that St. Mathias island is shown on the chart considerably to the southward of its correct position. As this confirms previous information received on the subject, this island has been moved on the charts 11½ miles N. 26° W. from the position it has hitherto occupied, its northernmost point being placed in lat. 1° 17′ S., long. 149° 31½′ E.

(Variation 5° Easterly in 1906.)

This Notice affects the following Admiralty Charts:—Pacific, No. 780; Australia, No. 2759a; North-east coast of New Guinea, No. 2766: Also, Pacific islands, vol. I, 1900, page 369; and Supplement, 1903, page 32.

CHINA SEA—SOUTH NATUNA ISLANDS.

Seraia island—Non-existence of shoal.

No. 162 (first publication).—With reference to Notice to Mariners No. 48, dated 10th February 1900, issued by this office, the British Admiralty has given further notice (No. 343 of 1906) that a careful search was made for the 2½ fathoms shoal reported in 1900, and shown on the charts as situated at a distance of one mile N. 47° W. from the south point of Seraia island, South Natuna islands, but no sign of danger was discovered, the sounding being 20 to 25 fathoms in the locality; it has therefore been expunged from the Admiralty publications.

Approximate position, lat. 2° 40′ N., long. 108° 33′ E.

(Variation 2° Easterly in 1906.)

This Notice affects the following Admiralty Charts:—China Sea, No 2660a; South Natuna islands, No. 2104: Also, China Sea Directory, vol. II, 1899, page 83; and Supplement, 1901, page 4.

AFRICA, EAST COAST—PEMBA ISLAND.

Chaki Chaki bay—Flagstaff disappeared—Buoys withdrawn.

No. 163 (first publication).—The British Admiralty has given notice (No. 345 of 1906) that the flagstaff on Mesale island, Chaki Chaki bay, has fallen down, and will not be re-erected.

Approximate position, lat. 5° 14½′ S., long. 39° 36′ E.

Also, that the black can buoys formerly situated at distances 6½ cables N. 28° W. and 9½ cables N 43° W. respectively from Ras Tundauwa flagstaff have been withdrawn. There are some small buoys for local use only which do not appear on the chart, but all buoys in this port are coloured on a uniform system, the port-hand buoys being black and the starboard-hand buoys red when entering. The buoys are painted frequently, but, owing to the number of sea birds perching on them, often present a white top.

(Variation 7° Westerly in 1906.)

This Notice affects the following Admiralty Charts:—Chale point to Pangani, No. 1390; west coast of Pemba, No. 1812; Pemba island, south-east coast, No. 1310: Also, Africa Pilot, part III, 1905, pages 437, 438.

EASTERN ARCHIPELAGO—MALACCA STRAIT—SUMATRA.

Brouwers (Brewed) strait, northern entrances—Buoyage of.

No. 151 (second publication).—The British Admiralty has given notice (No. 308 of 1906) that the undermentioned buoys have been established in the northern entrance to Brouwers strait in the following approximate positions on chart No. 795:—

a. A white conical buoy surmounted by a ball situated in lat. 1° 52½′ 0″ N., long. 101° 49¼′ E.

b. A black can buoy situated in lat. 1° 46 N., long. 101° 53¼′ E.

c. A black can buoy surmounted by a conical topmark situated in lat. 1° 37¼′ N., long. 101° 55¼′ E.

This Notice affects the following Admiralty Charts:—Malacca strait, No. 1355; cape Rachado to Singapore, No. 795: Also, China Sea Directory, vol. I, 1896, page 109.

INDIAN OCEAN.

Mauritious island—Shoal soundings to the north-eastward.

No. 152 (second publication).—The British Admiralty has given notice (No. 312 of 1906) that information, dated 25th February 1906, has been received from Mr. S. de B. Lockyer, Commanding the P. & O. Steam Navigation Company's S.S. *Soudan*, that he obtained on the previous day soundings of 34, 36, and 37 fathoms, coral and rock, about 100 miles to the north-eastward of Mauritious island; the sounding of 36 fathoms being situated in approximately lat. 18° 30½′ S., long. 58° 43½′ E.

This Notice affects the following Admiralty Charts:—Indian ocean, No. 748a; Chagos archipelago to Madagascar, No. 2899; Also, Islands in the Southern Indian Ocean, 1904, pages 299, 335.

AFRICA, EAST—Cape Colony, south-east coast.

Cape Morgan—Rock south-westward of—.

No. 153 (second publication).—The British Admiralty has given notice (No. 314 of 1906) of the existence of a sunken rock situated at a distance of about 3 miles S. 56° W. from cape Morgan, Kie river approach. No sounding was obtained on this rock, but a depth of 5 fathoms was found at a distance of 10 yards from it. The danger has, therefore, been placed on the chart in the above position, and marked P. D.

Approximate position, lat. 32° 45′ S., long. 28° 20¾′ E.

(Variation 27° Westerly in 1906.)

This Notice affects the following Admiralty Charts:—Hondeklip bay to port Natal, No. 2095; Waterloo bay to Bashee river, No. 2086: Also, Africa Pilot, part III, 1905, page 158.

AFRICA, EAST—Cape Colony, south coast.

Cape St. Francis light—Alteration in period of system.

No. 154 (second publication).—The British Admiralty has given notice (No. 315 of 1906) that about the middle of May the period of system of the light (*white flashing*), exhibited from cape St. Francis, will be altered from twenty seconds to *five seconds*, that is, it will give one *flash* every *five* seconds, and its power increased to 120,000 candles; in other respects it will remain as before.

During alterations a provisional light of the same character as the present light will be exhibited, its light power being 5,000 candles.

Approximate position, lat. 34° 12½′ S., long. 24° 50¼′ E.

This Notice affects the following Admiralty Charts:—Hondeklip bay to port Natal, No. 2095; Mossel bay to cape St. Francis, No. 2084; cape St. Francis to Waterloo bay, No. 2085: Also, List of Lights, part VI, 1906, No. 14; and Africa Pilot, part III, 1905, page 120.

EAST AFRICA—Cape Colony.

An uncharted shoal.

No. 145 (third publication).—The Master of the S. S. *Congella* reports the existence of an uncharted shoal, about 1¼ mile off the shore, with 15 feet on it, in latitude 31° 0′ 15″ S., longitude 30° 18′ 0″ E.

JAPAN—Kiusiu, east coast.

Saiki bay—Depth on bank.

No. 146 (third publication).—The British Admiralty has given notice (No. 292 of 1906) that a recent examination shows that the least depth on the head of the shoal bank in Saiki bay, situated at a distance of 3½ miles S. 5° E. from Kamodo (Kamado) saki is 5½ fathoms, and not 10 fathoms as shown on the charts.

Approximate position, lat. 33° 0¼′ N., long. 132° 1¾′ E.

(Variation 4° Westerly in 1906.)

This notice affects the following Admiralty Charts:—Van Diemen strait to Oshima, No. 1648; Bungo channel, No. 651: Also Sailing Directions for Japan, &c., 1904, page 308.

PACIFIC OCEAN—PHILIPPINE ISLANDS—LUZON, WEST COAST.

Santa Cruz harbour—Shoal.

No. 147 (third publication).—The British Admiralty has given notice (No. 293 of 1904) of the existence of a shoal, with a depth of 17 feet over it, in Santa Cruz harbour, in a position from which Santa Cruz bell tower bears N. 86° E., distant 1¼ miles, and the western extremity of Santa Cruz Point S. 32° W.

Approximate position, lat. 15° 45½′ N., long. 119° 52½′ E.

This shoal, which is situated about 175 yards to the northward of the track of vessels, is a small coral head 50 yards in extent and steep-to.

(*Variation 1° Easterly in 1906.*)

This notice affects the following Admiralty Charts:—Santa Cruz harbour, No. 3515: Also Eastern Archipelago, Part I, 1902, page 53; and China Sea Directory, vol. II, 1899, page 319.

PACIFIC OCEAN—PHILIPPINE ISLANDS—LUZON, WEST COAST.

Kurrimao, Salomague, Pandan and Kandon—Lights established.

No. 148 (third publication).—The British Admiralty has given notice (No. 294 of 1906) that the undermentioned lights have been established on the west coast of Luzon in the following positions:—

(*a*) PORT KURRIMAO.—A *red fixed* light, elevated 27 feet above high water, and visible in clear weather from a distance of 7 miles from the bearing N. 23° E., through east, to S. 50° E., is exhibited from an old fort half a mile to the southward of the village.

Approximate position, lat. 18° 0¾′ N., long. 120° 30′ E.

(*b*) SALOMAGUE HARBOUR.—A *red fixed* light of the 6th order, elevated 39 feet above high water, and visible in clear weather from a distance of 9 miles from the bearing of N. 57° E., through east, to S. 67° E., is exhibited from a white frame tower, 34 feet high, erected on the eastern side of the harbour, at a distance of one mile S. 55° E. from the tower on the northern side of the harbour.

Approximate position on chart No. 3283, lat. 17° 46¾′ N., long. 120° 25¾′ E.

(*c*) PANDAN.—A *red fixed* lantern light, elevated 50 feet above high water, and visible in clear weather from a distance of 7 miles from the bearing of N. 36° W., through north and east, to S. 61° E., is exhibited from a white frame tower, 34 feet high, erected in the village of Pandan.

Approximate position, lat. 17° 32′ N., long. 120° 23′ E.

(*d*) KANDON.—A *red fixed* lantern light, elevated 49 feet above high water, and visible from a distance of 7 miles from the bearing of N. 11° W., through north and east, to S. 58° E., is exhibited from a white frame tower, 34 feet high, erected at Kandon.

Approximate position, lat. 17° 12′ N., long. 120° 26′ E.

(*Variation 1° Easterly in 1906.*)

This notice affects the following Admiralty Charts:—China sea, No. 2661b; Luzon, No. 2454; Port Salomague on chart No. 3283; Also List of Lights, Part VI, 1906, page 111; Eastern Archipelago, Part I, 1902, pages 43, 44, 45, 46; and China Sea Directory, vol. II, 1899, pages 326, 324, 325.

PACIFIC OCEAN—Hawaiian islands—Molokai.

Lae o Kuihu (Kahiu) Point—Light established.

No. 149 (third publication).—The British Admiralty has given notice (No. 299 of 1906) that, on 1st March 1906, a *red fixed* lantern light, elevated 50 feet above high water, and visible in clear weather from a distance of 9 miles, would be established on a white mast about 34 feet high, having at its base a small white house with red roof, erected on the Lae o Kuihu or Kahiu, Molokai island.

Approximate position, lat. 21° 12¾′ N., long. 156° 58½′ W.

This notice affects the following Admiralty Chart:—Sandwich islands, No. 1510·: Also List of Lights, Part VII, 1906, page 97; Pacific Islands, vol. III, 1900, page 219.

EASTERN ARCHIPELAGO—Straits of Sunda—Java.

Java head light—Replaced by temporary light.

No. 150 (third publication).—The British Admiralty has given notice (No. 304 of 1906) that the white flashing light on First Point, Java head, has temporarily been replaced by a provisional *white flashing* light *every thirty seconds*, the duration of each flash being *four seconds*, visible in clear weather from a distance of 18 miles; it is an acetylene light of the 3rd order, and shown from an iron framework support, 65 feet high, painted white, erected at a distance of 69 feet to the westward of the light-house.

The permanent light building will be partially or entirely taken down for reconstruction.

Approximate position, lat. 6° 45′ S., long. 105° 12¾′ E.

Further notice will be given when received.

This notice temporarily affects the following Admiralty Chart:—Sunda strait, No. 2056; Also List of Ligts, Part VI, 1906, No 468; and Eastern Archipelago, Part II, 1904, page 30; and China Sea Directory, vol. I, 1896, page 348.

DONATIONS AND ENDOWMENTS MADE BY PRIVATE INDIVIDUALS FOR PUBLIC PURPOSES DURING THE YEAR 1904.

MUNICIPAL DEPARTMENT—MUNICIPAL.

Darjeeling, the 9th May 1906.

RESOLUTION No. 489T.—M.

THE Lieutenant-Governor has much pleasure in publishing for general information the customary statement showing the donations made by private individuals for public purposes during the year 1904. The statement annexed, which shows all sums of over Rs. 1,000 contributed by private persons, has been compiled from information furnished to Government, and the Lieutenant-Governor avails himself of this opportunity to express his appreciation of the public spirit which the record of the year indicates.

2. The following are the most prominent gifts of the year:—

Raja Jogendra Narain Roy of Lalgola, in the district of Murshidabad, made a munificent donation of Rs. 50,000 for the sanitary improvement of the district as a memorial to his late wife Rani Manindra Mohini Debi, this endowment being treated as a supplement to the Raja's previous endowment of

one lakh for improving the supply of drinking-water in the different districts of Bengal. The Raja also made a gift of Rs 6,000 for the construction of an outdoor ward in the Berhampore Hospital. Samant Raj Narain Das and his nephews Samanta Radha Charan Das and Samanta Radha Gobind Das of Balasore made over certain landed properties valued at Rs. 30,000, the income from which is to be applied towards the maintenance of the Charitable Dispensary at Baliapal in the Balasore district and the ward for female patients in the Cuttack General Hospital, and also to the improvement of the supply of water in the Orissa Division. Donations amounting in the aggregate to Rs. 25,445 were made by the Hatwa Raj under the management of the Court of Wards, out of which a sum of Rs. 5,888-13-3 was spent on the construction of the Victoria Hospital at Hatwa and the balance was expended on miscellaneous works of utility in the district of Saran. Babu Bejoy Narain Kundu contributed Rs. 20,000 for a Charitable Dispensary and High English School at Itachona in the district of Hooghly. Babu Dhanapat Singh Nowlakha gave Rs. 16,000 for the erection and equipment of a new building for the Charitable Dispensary at Azimgunge, in the district of Murshidabad. The late Mrs. Khettermoni Dutt bequeathed a sum of Rs. 14,084 8-4 for the benefit of native convalescents at the Medical College and Sealdah Campbell Hospitals, the sum being allotted equally between the two hospitals. Babu Trailokya Nath Adhikari contributed Rs. 13,000 for the establishment of an Entrance School at Panchthupi, in the district of Murshidabad. Maharaja Manindra Chandra Nandi gave Rs. 12,000 for a Charitable Dispensary at Kasimbazar, and Rai Banamali Roy Bahadur made a similar donation for the excavation of a tank at Banwarinagar, in the district of Pabna. Babu Nanda Lal Gorain gave Rs. 10,207 for a school building at Chirkanda, in the district of Manbhum.

The Lieutenant-Governor also gladly acknowledges the further instances of liberality noted below:—Babus Radha Mohun Munshi and Chandra Kishore Munshi of Sherpur, in the district of Bogra, jointly gave Rs. 10,000 for a building for the local High School and a public library. A similar amount was contributed by Babu Kedar Nath Raunia for a Dharamsala at Dinapore. Babu Nemai Charan Das of Chittagong gave Rs. 5,500 for the construction of a male ward in connection with the Chittagong General Hospital. Babu Premanundo Gosain expended Rs. 5,000 on the excavation of a tank at Balugarh, in the district of Hooghly. Babu Ram Gopal Munshi of Nadia gave Rs. 5,000 for a tank at Santipur Garh. Babu Mahima Chandra Rai Chaudhuri of Faridpur gave a similar amount for the establishment of a Charitable Dispensary at Baishrashi, as also did Babu Jawala Prasad Marwari of Gaya for the erection of a Dharamsala and the excavation of a tank at Babhui Dhomar.

It has not been possible to notice individually in this Resolution the remaining donations which are mentioned in detail in the statement, but His Honour is glad to acknowledge the liberality and public spirit displayed by the donors.

ORDER.—Ordered that a copy of this Resolution and of the statement be forwarded to the Revenue, Political, Appointment, Judicial, General, Financial, Legislative, Marine and Public Works Departments of this Government for information.

ORDERED—Also that a copy of the Resolution and of the statement be forwarded to the Board of Revenue, the Inspector-General of Civil Hospitals, the Sanitary Board and to all Commissioners of Divisions for information.

ORDERED—Also that the Resolution and the statement be published in the Supplement to the *Calcutta Gazette* and also in the Government Vernacular Gazettes for general information.

By order of the Lieutenant-Governor of Bengal,

H. J. McINTOSH,

Offg. Secy. to the Govt. of Bengal.

Annual Statement of Works of public utility constructed by private individuals and of donations made during the year 1904.

Birbhum.—Rainfall at Sadar 1·07, Rampur Hât 0·75. Weather seasonable. Sugarcane planting commenced. Ploughing and manuring going on. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	10	8	per rupee.
Rampur Hât	10	4	

Bankura.—Rainfall at Sadar 0·39, Vishnupur 0·41. Weather hot. Plantation of sugarcane almost over. Condition of standing crops good. No cattle-disease. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	12	0	per rupee.
Vishnupur	11	4	

Midnapore.—Rainfall at Sadar 0·28, Contai 0·07, Tamluk 0·82, Ghatal 1·70. Weather excessively hot. *Boro* paddy and wheat being harvested. Prospects good. Fodder and water sufficient. Cattle-disease in thanas Dantan and Keshpur. Common rice sells as follows :—

	Srs.	ch.	
Sadar	11	0	per rupee.
Contai	11	0	
Ghatal	9	0	
Tamluk	10	0	

Hooghly.—Rainfall at Sadar 0·78, Serampore 0·80, Arambagh 1·14. Weather seasonable. Lands are being ploughed for *aus*, *amân* and jute. Fodder and water sufficient. No cattle-disease. Common rice sells as follows :—

	Srs.	ch.	
Sadar	8	0	per rupee.
Serampore	8	6	
Arambagh	10	6	

Howrah.—Rainfall at Sadar 1·95. Rain has fallen all over the district, which will prove beneficial to the preparation of lands for sowing jute and paddy. *Boro* paddy is being cut. Sugarcane doing well. Fodder and water for cattle sufficient. No cattle-disease reported. Common rice sells as follows :—

	Srs.	ch.	
Sadar	9	6	per rupee.
Uluberia	9	0	

24-Parganas.—Rainfall at Sadar 2·21, Barasat 0·78, Barrackpore 1·81, Basirhat 0·99, Diamond Harbour 0·85. Weather hot and cloudy with occasional showers. More rain wanted to begin sowing. Lands are being prepared for next crops. Sowing of jute and *aus* paddy has commenced in Basirhat subdivision only. Sugarcane is doing well. Prospects fair. The rainfall of the week has done some good to sugarcane. Condition of cattle good. Fodder and water sufficient. Common rice sells at 10 seers a rupee.

Nadia.—Rainfall at Sadar 4·17, Ranaghat 1·70, Kushtia 1·26, Meherpur 0·44, Chuadanga 1·63. Sowing of *bhadoi* crops just commenced. More rain wanted. No cattle-disease. Fodder and water sufficient. Common rice sells as follows :—

	Srs.	ch.	
Sadar	9	8	per rupee.
Ranaghat	9	0	
Kushtia	9	0	
Meherpur	8	12	
Chuadanga	8	0	

Murshidabad.—Rainfall at Sadar 0·56, Lalbagh 0·60, Kandi 0·29, Jangipur 0 1?. Weather seasonable. Prospects of crops improved owing to recent rainfall. Rain is still needed in some parts of the district for sowing of paddy and jute. Condition of cattle good. Fodder and water sufficient. Common rice sells as follows :—

	Srs. ch.	
Sadar	10 0	per rupee.
Lalbagh	9 3	
Kandi	11 0	
Jangipur	9 8	

Jessore.—Rainfall at Sadar 4·92, Bangaon 1·46, Narail 2·37, Jhenidah 2·39, Magura 2·76. Fall general. More rain wanted in the district except at Sadar. Weather cloudy and threatening. Prospect of the coming crop much improved by the recent rain. Sowing of jute and winter rice commenced, but delayed for want of rain. High prices threaten distress. Fodder and water sufficient. No cattle-disease. Common rice sells at 8 seers and 9 chitaks a rupee at Sadar.

Khulna.—Rainfall at Sadar 3·55, Bagerhat 2·23, Satkhira 1·53. Weather seasonable. Ploughing for jute going on. Sowing of jute at Bagerhat 100 per cent. and at Sadar 25 per cent. Cultivation of autumn rice continues; sowing at Sadar 30 per cent. and Satkhira 5 per cent. Condition of summer rice is fair. Cattle-disease reported from Dacope police-station. Fodder and water sufficient. Common rice sells as follows :—

	Srs. ch.	
Sadar	7 8 to 8 0	per rupee
Bagerhat	9 0	
Satkhira	8 0	

Patna.—Rainfall nil. Weather hot with strong east winds. Threshing and winnowing of the *rabi* continue. *Cheena* and sugarcane doing well. Fodder and water for cattle sufficient. Average price of common rice is as follows : —

	Srs. ch.	
Sadar	11 12	per rupee.
Dinapore	10 0	
Barh	8 8	
Bihar	10 0	

Gaya.—No rain. Weather hot with east wind. Condition of sugarcane and *cheena* good. No cattle-disease Fodder and water sufficient. Common rice sells at 11¼ seers a rupee. Prices generally stationary.

Shahabad.—No rain. Fodder and water sufficient. Cattle-disease reported from Kharghar thana. Common rice sells at 11 seers a rupee.

Saran.—No rain. Weather hot with high east wind. Threshing of *rabi* completed. Outturn slightly below average. Standing crops doing well. Fields being prepared for *bhadoi* sowing. Rain wanted. Prospects of cotton good. No cattle-disease. Fodder and water sufficient. Common rice and maize sell at 10½ and 13 seers a rupee, respectively, at Sadar, but very little maize is for sale.

Champaran.—Rainfall at Sadar 0 07, Bettiah nil. Weather hot and cloudy. Sowing of *autumn* rice continues satisfactorily. *Cheena* and *mung* suffering for rain. Threshing of *rabi* nearly completed. Outturn fair. Price of rice has a rising tendency. No cattle-disease. Fodder and water sufficient. Common rice sells at 10¼ and maize at 11½ seers a rupee.

Muzaffarpur.—Rainfall at Sitamarhi 0·96. Prospect of crops good. Harvesting of *rabi* crops finished. Threshing approaching completion. Fodder and water sufficient. No cattle-disease reported. Common rice and maize sell at 9 and 12 seers a rupee, respectively, at Sadar.

Darbhanga.—Rainfall at Sadar 0·51. Fall general. Weather cloudy. Cyclonic hailstorm caused damage to mango trees and fruits at Sadar and Samastipur subdivision. Prospect of paddy and *moong* improved by recent rain. Paddy sowings estimated at 25 per cent. Fodder and water sufficient. No cattle-disease. Prices stationary. Common rice sells at 9 seers and 5 chitaks a rupee.

Monghyr.—No rain. Weather cloudy and stormy at Sadar and Jamui. Sugarcane planting continues. Lands being ploughed for *bhadoi*. No cattle-disease reported. Fodder and water sufficient. Common rice sells as follows:—

	Srs. ch.	
Sadar	10 0	per rupee.
Begusarai	9 8	
Jamui	11 0	

Bhagalpur.—Rainfall at Sadar and Banka nil, Madhipura 0·43 and Supaul 0·68. Weather cloudy for the past three days. The rainfall in North Bhagalpur has benefited the standing crops. Rain urgently wanted in South Bhagalpur for preparation of lands for *bhadoi*. *Rabi* harvest is fair. Grain market rising Fodder and water sufficient. No cattle-disease reported. Common rice sells as follows:—

	Srs. ch.	
Sadar	10 2	per rupee.
Banka	11 4	
Madhipura	11 4	
Supaul	11 0	

Purnea.—Rainfall at Sadar 1·70, Kishanganj 3·29, and Araria 0·36. Friday night's storm has damaged manago crop, extent of damage is 50 per cent. Houses have fallen down and trees have been uprooted. Weather is cool. *Bhadoi* and jute sown 25 per cent. of the area. No cattle-disease reported. Fodder and water sufficient. Common rice sells as follows:—

	Srs. ch.	
Sadar	8 8	per rupee.
Kishanganj	8 0	
Araria	9 0	

Darjeeling.—Rainfall at Sadar 3·84. Weather seasonable. Hills—Barley and wheat are being harvested. Potatoes and maize in fair state. Terai—Jute crop improved by rain. *Bhadoi*-sowing about to begin. Coarse rice sells as follows:—

	Srs. ch.	
Hills	7 0	per rupee.
Terai	8 8	

Maize sells at 8½ and 9 seers a rupee at Darjeeling and Kalimpong, respectively.

Sonthal Parganas.—Rainfall at Deoghur 0·20, Godda 0·15, Jamtara 0·43, Rajmahal 0·94. Weather seasonable. Prospects of sugarcane favourable. Outturn of wheat and barley 76 and 60 per cent., respectively. Condition of cattle good. Fodder sufficient except in parts of Godda. Drinking-water sufficient. Prices of food-grains rising. Common rice in Sadar sells at 9½ seers a rupee.

Cuttack.—No rain. *Biali* and jute being sown. Cotton being planted and sugarcane growing. Fodder and water available. No cattle-disease. Common rice sells at 11 seers and 13 chitaks a rupee.

Balasore.—Rainfall at Sadar 0·45. Weather hot with strong southernly breeze. Ploughing and manuring of fields continue. Sugarcane is being planted. Cattle-disease reported from some circles. *Boro* is in ear. Fodder and water sufficient. Common rice sells as follows:—

	Srs. ch.	
Sadar	11 0	per rupee.
Bhadrak	14 0	

Angul.—Report not received.

Puri.—Report not received.

Sambalpur.—No rain. Weather warm and cloudy. Sugarcane which is the standing crop, is in good condition. Cattle-disease reported from a few villages of the Sadar subdivision. Fodder and water supply sufficient. Prices stationary.

Hazaribagh.—Rainfall at Sadar 0·14, Giridih 1·32. Weather seasonable. Prospects of sugarcane favourable. Fodder and water sufficient. Cattle-disease reported from one thana. Common rice sells at Giridih at 9½ seers a rupee. Prices are rising. At Sadar prices are as follows:—

	Srs.	ch.	
Common rice	10	8	per rupee.
Marua	18	8	
Indian-corn	14	0	

Ranchi.—Rainfall at Sadar 0·39. Weather seasonable. Ploughing and manuring in progress. Cattle-disease reported from three thanas. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	10	0	per rupee.
Khunti	12	0	
Gumla	14	0	

Palamau.—Rainfall at Sadar 0·03. Weather hot. Ploughing has commenced. Sugarcane in good condition. A few cases of cattle-disease reported. Fodder and water sufficient. Common rice sells at 10½ seers a rupee.

Manbhum.—Rainfall at Sadar 0·19, Gobindpur 0·30. Weather very hot. Prospects of crops fair. Fodder and water sufficient. Cattle-disease reported from three thanas. Common rice sells as follows:—

	Srs.	ch.	
Sadar	12	8	per rupee.
Gobindpur	11	0	

Singhbhum.—Rainfall 0·33. Lands are being prepared for cultivation. Sugarcane thriving. Fodder and water sufficient. Common rice sells at 12 seers a rupee.

General Summary.—During the week under report there was general and moderate rain in the Burdwan and Presidency Divisions, but the fall was light in the Bhagalpur and Chota Nagpur Divisions, while in the Patna and Orissa Divisions it was lighter and scattered. The rain of the week will help the sowing of jute and paddy. More rain is, however, needed in Bihar, Orissa and Chota Nagpur. Some damage to the mango crop by a violent storm is reported from Darbhanga and Purnea. Prospects are on the whole fair. Cattle-disease is reported from nine districts. Fodder and water-supply are sufficient. The price of common rice has risen in four and fallen in three districts. It continues high in most districts, especially in Hooghly, Howrah, Nadia, Jessore, Khulna, Muzaffarpur, Darbhanga, Purnea, Darjeeling and the Sonthal Parganas.
